

MANIPAL
ACADEMY of HIGHER EDUCATION
(Institution of Eminence Deemed to be University)

PROSPECTUS 2021

 apply.manipal.edu

www.manipal.edu

MANIPAL'S ILLUSTRIOUS FOUNDER

Manipal is a place born of one man's dream - Dr Tonse Madhav Ananth Pai. It is a testimony to the fact that no matter how big a dream, it can always turn into reality. The once barren hillock is now India's largest education township with more than 24 institutions of learning.

Manipal Academy of Higher Education is the result of the single-minded dedication of the founder Dr T M A Pai. It was his vision to see the bare hilltop of Manipal transformed into one of the premier centres of learning.

Manipal Academy of Higher Education was founded on one principle; one unshakeable belief - that it must make available the best of education to its students. The last six decades, have seen institutes at Manipal taking meticulous, small steps to build reservoirs of intellectual wealth and academic excellence.

In the process, Manipal Academy of Higher Education has created some of the country's best institutes across diverse streams like medicine, dentistry, engineering, pharmacy, hotel management and communication.

Each institution at Manipal Academy of Higher Education is geared to meet the same demanding standards to create great professionals and citizens by inspiring them in many ways.

“ The wealth of education is something which you cannot exhaust by giving ”

Padma Shri awardee **Dr T M A Pai**

MANIPAL

ACADEMY of HIGHER EDUCATION

(Institution of Eminence Deemed to be University)

VISION

Global leadership in human development,
excellence in education and healthcare

MISSION

Be the most preferred choice of students, faculty and industry.
Be in the top 10 in every discipline of education,
health sciences, engineering and management

VALUES

Integrity | Transparency | Quality | Team Work | Execution with passion | Humane touch

GRIEVANCE REDRESSAL

Institution of Ombudsman

The Manipal Academy of Higher Education has a robust Grievance Redressal Committee to cater to student grievances and allegations of unfair practices, if any. This committee mandatorily includes an Ombudsman. The members of the committee are nominated by the Chairperson of the committee depending on the type of grievance submitted.

The contact details of the Ombudsman are as follows:

Name:	Dr. P L N Rao
Designation:	Ombudsman, MAHE, Manipal
Landline:	0820 - 2570426

In case of any grievance, students can submit the same by going through this link

<https://sis.manipal.edu/studlogin.aspx>

OUR ADMINISTRATORS

Our role as one of the finest, most admired and sought after educational institutes in the world, is as much to help you spread your wings and soar, as it is to give you strong roots that nourish, strengthen and support.

Dr. Ramdas M Pai
President & Chancellor

Manipal Academy of Higher Education as a Deemed to be University, has been providing a variety of educational and professional skill enhancement courses at undergraduate and postgraduate levels keeping in view the need to equip its students with knowledge which will enable them to be shaped as efficient professionals to face the global challenges with confidence. My best wishes to the youth entering the portals of this University

Lt. Gen. Dr. M. D. Venkatesh, VSM (Retd)
Vice Chancellor

Manipal Academy of Higher Education (MAHE) has made significant progress in its quest for excellence and global rankings. The recognition as an “Institution of Eminence” (IOE) by Ministry of Education, Government of India, has been a land mark achievement for MAHE. NIRF ranking of 8 and QS ranking in the band of 751-800 is a true testimony to the quality of education offered by MAHE.

Students seeking admission to MAHE face a stiff competition. Those who succeed to get admission to MAHE derive benefit of Innovative teaching - learning experience, high quality infrastructure and resources, highly accomplished faculty, multicultural atmosphere, excellent opportunity for experiential learning and excellent placement record. Overall MAHE provides a world class student experience for holistic development to excel in the chosen discipline of its students. All these attributes make MAHE a preferred destination for Higher Education.

My best wishes to all the applicants for the various programs offered by MAHE.

Dr. P Giridhar Kini
Director, Admissions

Manipal Academy of Higher Education (MAHE) focusses on quality professional education and holistic development of its students. The vision of our Founder, Padmashree Dr. TMA Pai in 1953 to transform the society through delivery of affordable quality education, has led to 30 institutions / departments under MAHE umbrella, with over 33,000 students across 23 diverse disciplines. All institutions / departments under MAHE, have made a name for itself in the education domain through its various student friendly processes and systems. MAHE is home to top ranked institutions, all ranking agencies have placed MAHE and its various institutions in top 10 amongst private institutions in Health Sciences, Technology & Management, Arts, Humanities & Liberal Arts domains. With the state-of-the-art academic infrastructure, world class sports facilities and student support services, MAHE provides an excellent inside & outside the classroom life. Our alumni have grown in their professional career and made a name for themselves, thus adding a lot a value to the Manipal campus experience. We look forward to you taking the first step in joining the Manipal family, in the program of your choice. Welcome to Manipal, a campus truly ‘Inspired by Life’

6 Pillars of Inspired Learning

Manipal Academy of Higher Education is a pioneer of the 'Inspired Learning' approach to higher education. Its academic delivery model goes beyond classroom education to provide holistic learning experience for the students.

The University, through its innovative pedagogy, has created an ecosystem of teaching and research excellence that is based on the 6 pillars of Inspired Learning

Six decades in providing world-class professional education

▲ RANKINGS

Ranked 751-800 in the QS World University Ranking 2021 and No.1 in the country among Private Universities

Ranked no. 230 in the QS ASIA University Ranking 2021

Ranked no. 120 in the QS BRICS University Ranking 2019 and no. 3 among Private Universities

Ranked No.1001+ in the Times Higher Education World University Ranking 2021

Ranked No. 401+ in the Times Higher Education Asia University Ranking 2020

Ranked No. 08 in All India University Ranking survey under UNIVERSITY category conducted by National Institutional Ranking Frame work (NIRF), MHRD, Govt. of India

India's Top Private University - Education World India Private University Ranking - 2020

Ranked 58th globally in Sub urban category and 169th in the overall category in UI Green metric world university rankings 2020

International Green Apple Silver Award 2018 for Environmental Best practice

RESEARCH

Associate with the Government Funding Agencies – like DST, DBT, ICMR, DRDO, ISRO etc. for promotion and sustenance of research grants.

Encourage strategic collaboration with international universities and organization of repute to enhance research outcome.

Ongoing research projects as on 31/03/2021:
Indian research projects - 324; Foreign research projects - 102

Research finding are disseminated in high impact Scopus Indexed publications for the year 2020 - 2774

IPR detail is as below
107 patent applications filed until Dec 2020
Total of 27 Patents granted till date
5 Technologies licensed/assigned until Dec 2020.

COURSES OFFERED

1 Kasturba Medical College (KMC), Manipal

- 1.01 Bachelor of Medicine & Bachelor of Surgery (MBBS)
- 1.02 MD Anaesthesiology
- 1.03 MD Anatomy
- 1.04 MD Biochemistry
- 1.05 MD Community Medicine
- 1.06 MD Dermatology, Venerology & Leprosy
- 1.07 MD Emergency Medicine
- 1.08 MD Forensic Medicine
- 1.09 MD General Medicine
- 1.10 MD Hospital Administration
- 1.11 MD Immunohematology & Blood Transfusion
- 1.12 MD Microbiology
- 1.13 MD Paediatrics
- 1.14 MD Pathology
- 1.15 MD Pharmacology
- 1.16 MD Physiology
- 1.17 MD Psychiatry
- 1.18 MD Radio diagnosis
- 1.19 MD Radiotherapy / Radiation Oncology
- 1.20 MD Respiratory Medicine
- 1.21 MS General Surgery
- 1.22 MS Obstetrics & Gynaecology
- 1.23 MS Ophthalmology
- 1.24 MS Orthopaedics
- 1.25 MS Oto-Rhino-Laryngology
- 1.26 M.Sc. (Medical) – Anatomy
- 1.27 M.Sc. (Medical) – Biochemistry
- 1.28 M.Sc. (Medical) – Microbiology
- 1.29 M.Sc. (Medical) – Pharmacology
- 1.30 M.Sc. (Medical) – Physiology
- 1.31 M.Sc. Clinical Embryology
- 1.32 M.Sc. Genetic Counseling
- 1.33 M.Sc. Forensic Science
- 1.34 MPhil Psychiatric Social Work
- 1.35 DM (Cardiology)
- 1.36 DM (Gastroenterology)
- 1.37 DM (Infectious Disease)
- 1.38 DM (Medical Genetics)
- 1.39 DM (Medical Oncology)
- 1.40 DM (Nephrology)
- 1.41 DM (Neurology)
- 1.42 MCh (Cardiothoracic Surgery)

- 1.43 MCh (Neuro Surgery)
- 1.44 MCh (Paediatric Surgery)
- 1.45 MCh (Plastic & Reconstructive Surgery)
- 1.46 MCh (Urology)
- 1.47 Fellowship in Advanced Obstetric ultra sound
- 1.48 Fellowship in Diabetes
- 1.49 Fellowship in Fetal Medicine
- 1.50 Fellowship in Gynaecologic Oncology
- 1.51 Fellowship in Hand and Micro Surgery
- 1.53 Fellowship in Neuroanaesthesia
- 1.54 Fellowship in Onco-Surgery
- 1.55 Fellowship in Pediatric Anesthesia
- 1.56 Fellowship in Pediatric Orthopaedics
- 1.57 Fellowship in Reproductive Medicine
- 1.58 Fellowship in Oncopathology

2 Centre for Integrative Medicine & Research (CIMR), Manipal

- 2.01 M.Sc. Yoga Therapy
- 2.02 Post Graduate Certificate Course in Panchakarma
- 2.03 Certificate Course in Panchakarma Technician and Massage therapist

3 Manipal College of Dental Sciences (MCODS), Manipal

- 3.01 Bachelor of Dental Surgery (BDS)
- 3.02 MDS Conservative Dentistry and Endodontics
- 3.03 MDS Oral and Maxillofacial Surgery
- 3.04 MDS Oral Medicine and Radiology
- 3.05 MDS Oral & Maxillofacial Pathology and Oral Microbiology
- 3.06 MDS Orthodontics and Dentofacial Orthopaedics
- 3.07 MDS Pediatric and Preventive Dentistry
- 3.08 MDS Periodontology
- 3.09 MDS Prosthodontics and Crown & Bridge
- 3.10 MDS Public Health Dentistry
- 3.11 PG Diploma in Dental Materials
- 3.12 PG Certificate Course in Aesthetic Dentistry
- 3.13 PG Certificate Course in Laser Dentistry
- 3.14 PG Certificate Course in Oral Implantology

4 Manipal College of Pharmaceutical Sciences (MCOPS), Manipal

- 4.01 Diploma in Pharmacy (DPharm)
- 4.02 Bachelor of Pharmacy (BPharm)
- 4.02 Bachelor of Pharmacy (BPharm) - Lateral
- 4.03 Doctor of Pharmacy (PharmD)
- 4.04 MPharm Pharmaceutical Regulatory Affairs
- 4.05 MPharm Industrial Pharmacy
- 4.06 MPharm Pharmaceutical Administration
- 4.07 MPharm Pharmaceutical Analysis
- 4.08 MPharm Pharmaceutical Biotechnology
- 4.09 MPharm Pharmaceutical Chemistry
- 4.10 MPharm Pharmaceutical Quality Assurance
- 4.11 MPharm Pharmaceutics
- 4.12 MPharm Pharmacognosy
- 4.13 MPharm Pharmacology
- 4.14 MPharm Pharmacy Practice
- 4.15 Doctor of Pharmacy (PharmD) Post Baccalaureate

5 Manipal College of Health Professions (MCHP), Manipal

- 5.01 Bachelor in Audiology & Speech Language Pathology - B.ASLP
- 5.02 Bachelor of Occupational Therapy - BOT
- 5.03 Bachelor of Optometry - B.Optom
- 5.04 Bachelor of Physiotherapy - BPT
- 5.05 B.Sc. Anaesthesia & Operation Theatre Technology
- 5.05 B.Sc. Anaesthesia & Operation Theatre Technology - Lateral
- 5.06 B.Sc. Cardiovascular Technology
- 5.07 B.Sc. Clinical Nutrition & Dietetics
- 5.08 B.Sc. Emergency Medical Technology
- 5.08 B.Sc. Emergency Medical Technology - Lateral
- 5.09 B.Sc. Exercise and Sports Sciences
- 5.09 B.Sc. (Exercise and Sports Sciences)Honours
- 5.10 B.Sc. Health Information Management
- 5.11 B.Sc. Medical Imaging Technology
- 5.11 B.Sc. Medical Imaging Technology - Lateral
- 5.12 B.Sc. Medical Laboratory Technology
- 5.12 B.Sc. Medical Laboratory Technology - Lateral
- 5.13 B.Sc. Nuclear Medicine Technology
- 5.14 B.Sc. Perfusion Technology
- 5.15 B.Sc. Psychology Honours
- 5.16 B.Sc. Radiotherapy Technology

- 5.17 B.Sc. Renal Replacement Therapy & Dialysis Technology
- 5.18 B.Sc. Respiratory Therapy
- 5.18 B.Sc. Respiratory Therapy - Lateral
- 5.19 M.Sc. (MLT) Clinical Biochemistry
- 5.20 M.Sc. MLT (Haematology & Immunohaematology)
- 5.21 M.Sc. (MLT) Microbiology & Immunology
- 5.22 M.Sc. (MLT) Public Health Laboratory Science
- 5.23 M.Sc. (RT) Adult Respiratory Care
- 5.24 M.Sc. (RT) Neonatal & Paediatric Respiratory Care
- 5.25 M.Sc. Audiology
- 5.26 M.Sc. Cardiac Catheterization & Intervention Technology
- 5.27 M.Sc. Clinical Psychology
- 5.28 M.Sc. Echocardiography
- 5.29 M.Sc. Exercise & Sports Sciences
- 5.30 M.Sc. Health Informatics (Healthcare IT Management)
- 5.31 M.Sc. Health Information Management
- 5.32 M.Sc. Medical Imaging Technology
- 5.33 M.Sc. Medical Radiation Physics
- 5.34 M.Sc. Nuclear Medicine Technology
- 5.35 M.Sc. Perfusion Technology
- 5.36 M.Sc. Renal Replacement Therapy & Dialysis Technology
- 5.37 M.Sc. Speech Language Pathology
- 5.38 Master of Optometry
- 5.39 MOT Developmental Disabilities
- 5.40 MOT Hand & Musculoskeletal Conditions
- 5.41 MOT Mental Health & Psychosocial Rehabilitation
- 5.42 MOT Neuro Rehabilitation
- 5.43 MPT Cardiopulmonary Sciences
- 5.44 MPT Community Physiotherapy
- 5.45 MPT Geriatrics
- 5.46 MPT Neurosciences
- 5.47 MPT Obstetrics & Gynaecology
- 5.48 MPT (Musculoskeletal Sciences)
- 5.49 MPT Paediatrics
- 5.51 M.Phil Clinical Psychology

6 Manipal School of Life Sciences (MSLS), Manipal

- 6.01 B.Sc. Biotechnology
- 6.01 B.Sc. Biotechnology Honours
- 6.02 B.Sc. Food & Nutrition
- 6.03 B.Sc. Forensic Science
- 6.04 M.Sc. Bioinformatics
- 6.05 M.Sc. by Research in Life Science
- 6.06 M.Sc. Genome Engineering
- 6.07 M.Sc. Medical Biotechnology
- 6.08 M.Sc. Molecular Biology & Human Genetics
- 6.09 M.Sc. Systems Biology
- 6.10 M.Sc. Tissue Engineering
- 6.11 Post Graduate Diploma in Cellular and Molecular Diagnostics

7 Manipal College of Nursing (MCON), Manipal

- 7.01 B.Sc. Nursing
- 7.02 Post Basic B.Sc. in Nursing
- 7.03 M.Sc. in Child Health (Paediatric) Nursing
- 7.04 M.Sc. in Community Health Nursing
- 7.05 M.Sc. in Medical Surgical Nursing
- 7.06 M.Sc. in Obstetrics & Gynaecology Nursing
- 7.07 M.Sc. in Psychiatric (Mental Health) Nursing
- 7.08 Nurse Practitioner in Critical Care PG Residency Program

8 Prasanna School of Public Health (PSPH), Manipal

- 8.01 MPH Environment and Occupational Health
- 8.02 MPH Epidemiology
- 8.03 MPH Global Health
- 8.04 MPH Health Policy
- 8.05 MPH Maternal & Child Health
- 8.06 MSW Community Development
- 8.07 MSW Human Resource Management and Industrial Relations
- 8.08 MSW Medical and Psychiatric Social Work
- 8.09 Master of Hospital Administration
- 8.10 M.Sc. Biostatistics
- 8.11 M.Sc. Data Science
- 8.12 M.Sc. Digital Epidemiology
- 8.13 Leadership in Public Health

9 Manipal Institute of Virology (MIV), Manipal

- 9.01 M.Sc. (Clinical Virology)

10 Manipal Institute of Technology (MIT), Manipal

- 10.01 BTech Aeronautical Engineering
- 10.01 BTech Aeronautical Engineering - Lateral
- 10.02 BTech Automobile Engineering
- 10.02 BTech Automobile Engineering - Lateral
- 10.03 BTech Biomedical Engineering

CAMPUSES

Manipal Campus

Kasturba Medical College (KMC), Manipal was established in 1953 as the first self financing medical college in the country. It celebrated its diamond jubilee in the year 2013. The College consistently ranks amongst the top ten medical colleges in the country. Students from over 50 English speaking countries graduate from the college every year and its degrees are recognized worldwide.

KMC, Manipal has one of the finest learning environments in South Asia with infrastructure and faculty that support students to hone their skills to become outstanding medical professionals. KMC Manipal is recognized by the National Medical Council (NMC) / the erstwhile Medical Council of India (MCI).

The institute has strong linkages with national and international universities. Students from UK, Ireland, USA, New Zealand, Kenya, The Netherlands and Malaysia are opting for their elective postings at KMC, Manipal. Students from KMC, Manipal are pursuing electives in several top universities of international countries.

Mangalore Campus

Kasturba Medical College (KMC), Mangalore, established in 1955 and is spread over 30.78 acres of land. The college comprises of the The Centre for Basic Sciences at Bejai, College administrative offices and paramedical departments at Lighthouse Hill Road, Hampankatta, the KMC Hospitals at Attavar and Ambedkar circle, the district government hospitals (Government Wenlock and Lady Goschen Hospitals) along with nine individualised residential hostels. There is a state of the art sports facility: Marena and auditorium: The Dr TMA Pai Auditorium as part of the Mangalore Campus. There are airconditioned lecture halls and demonstration rooms with audiovisual aids and well equipped student labs.

KMC, Mangalore is recognized by the National Medical Council (NMC) / the erstwhile Medical Council of India (MCI) .

KMC, Mangalore is the first College in the country to be established under public private partnership model. It is also the Medical College having maximum number of ICMR-short term studentships in the entire country.

Recognitions/Accreditations

- Recognized by National Medical Commission of India
- National Institutional Ranking Framework, Ministry of Human Resource Development, Govt of India has ranked KMC, Manipal as 9th and KMC Mangalore as 16th best medical school in India in the year 2020.
- National Assessment and accreditation Council (NAAC) has accredited Manipal Academy of Higher Education of which KMC, Manipal is a constituent unit.
- Global Education in Medicine Exchange (GEMx), an ECFMG initiative: It is a global partnership for exchange in Medical education that connects medical schools and students around the world.
- Partner medical school for visiting students' application services (VSAS), an initiative of Association of American Medical Colleges (AAMC)
- KMC, Manipal is the only medical college in the country to be recognized by the American New York State education department (NYSED) which gives unrestricted allowance on the duration of clerkship/elective experience for KMC, Manipal students seeking long-term clinical clerkship placements in the state of New York.
- Certified for ISO 9001:2015 and EMS 14001:2015 standards
- MAHE has been ranked No 1 in India and 125th in the world -2019 UI Green Metric World University Ranking

► Infrastructure Highlights

Classes

KMC, Manipal boasts of an entire block of air-conditioned class rooms 'Interact' which are fully equipped with Wi-Fi and state of the art audio-visual system along with live video capturing system 'Impartus'. The attendance is captured through biometrics. Didactic lectures are recorded and posted for students' reference. E-learning management portal assists students in accessing the class presentations, participate in online quiz, submit self-directed and case based learning assignments and connect with their teachers personally. Objective Structured Practical/Clinical Examination for assessment along with use of Exam Pad for written exams has been widely lauded by students.

Museum

The Museum of Anatomy and Pathology (MAP), at Manipal houses well-preserved specimens of the human body from head to toe. A section on comparative anatomy houses the skeletons of various other animals, and carefully crafted models and charts augment the entire experience. The Pathology Museum, which displays diseased body parts and organs, has a popular section on life-style related diseases, and their impact on the human body.

Libraries

KMC, Manipal Health Sciences Library is one of the largest libraries in Asia for an educational institution. It is spread over 13,950 sq. metres, spanning 4 floors and can accommodate 1207 students at a time. The Health Science Library provides services like e-Learning, Reference Service, Current Awareness Service, Audio-Video Viewing, Internet Access Wi-Fi and DELNET Online and more.

The library is centrally air conditioned and well-structured with separate book sections with open access for undergraduate at the basement and postgraduate/reference section in the ground floor. Separate sections are maintained for the current periodicals, the back volumes and also for group

discussion reading. There is one more library at Basic Science Campus. The library has a collection of around 32000 books and 23,000 bound volumes of journals. The library also has around 1000 thesis titles for reference. Besides traditional carriers of information such as books and journals, the library is well equipped with all modern facilities such as, online journal /books and databases. The library subscribes to 10 online databases such as Uptodate, Clinical Key, Scopus, Web of Science. The library is fully automated with library software. The library aims to acquire Health Sciences Information and provide timely, accurate and current information and documents to its users for their teaching, research and academic achievements.

Laboratories

KMC, Manipal has well equipped air conditioned laboratories for Anatomy, Physiology, Biochemistry and Pathology, among others to help the students develop psychomotor skills which are very essential for the effective practice of medicine. These state-of-the-art labs provide excellent hands on training to students. KMC also has an innovative, modern clinical skills lab where students are trained on various physical skills related to various organ systems, preparing them for real patient encounters. The Skills Lab imparts training to all students in basic and advanced life support skills.

KMC, Mangalore has well-equipped Clinical Microbiology, Clinical Biochemistry and Pathology Laboratories. Most of the diagnostic tests are conducted by fully automated, advanced instruments and are monitored by strict quality control and quality assurance programme.

The PCR Laboratory offers molecular diagnostic and research facility. Bac-T Alert strengthens blood culture systems and the fluorescent microscope is used for the diagnosis of autoimmune diseases. The National AIDS Control Organization (NACO) has recognized the Microbiology Laboratory as State Reference Laboratory (SRL) for HIV testing. It also conducts External Quality Assurance Programme (EQUAS) and Sentinel Surveillance for HIV testing laboratories in Mangalore, Udupi, Kodagu and Hassan Districts.

Simulation Centre

The Medical Simulation Centre at Manipal Academy of Higher Education is a state-of-the-art training and research facility equipped with manikins (anatomical models of the human body, used in teaching the art of medicine and medical equipment). The centre enables students gain the experience and insights that are best learned in realistic conditions. These simulations focus on training medical students and health professionals about what to expect and more importantly, how to react.

▶ Research Excellence

KMC is involved in research activities across various disciplines of medicine. Research facilities such as the Central Research Laboratory (with a dedicated Embryology Laboratory, Genetics Laboratory and Enteric Division), Centre for Inborn Errors of Metabolism and Centre for Molecular Neurosciences are part of the research infrastructure available to the students and faculty with the aim of performing excellent advancement in their respective field of interest through innovative ideas, ultramodern techniques and collaborative research work to help global community.

The availability of two incubators, Manipal - Government of Karnataka Bioincubator, an initiative by Manipal Academy of Higher Education (MAHE) and the Government of Karnataka, under Manipal University Technology Business Incubation Society, to facilitate Innovation and Incubation in the Bio-Medical Domain. Startups, entrepreneurs, innovators, entrepreneurship ventures of researchers, faculty and students are welcome to explore world class bio-incubation space with cutting edge access to expertise and infrastructure.

Research Excellence in Numbers (for the last 5 years)

Bachelor of Medicine & Bachelor of Surgery (MBBS)

Offered at KMC, Manipal, Mangalore and Jamshedpur Campuses

Duration

4 ½ years plus 1 year compulsory internship.

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:
02.08.2021

Program Description

MBBS is an Under Graduate (UG) professional course designed to train students in all fields of medicine and surgery such that students become competent, compassionate, and caring physicians through excellence in teaching, patient care, and medical research. The course spans for four and a half years divided into semesters, followed by a compulsory internship for a year. The course is regulated by the governing body and adheres to the prescribed competency based medical education (CBME) curriculum.

Focus

The program focusses on Pre-clinical (Anatomy, Physiology and Biochemistry), Para-clinical (Pharmacology, Pathology, Microbiology, Forensic Medicine, Community Medicine) and Clinical (Oto-rhino-laryngology, Ophthalmology, Dermatology, Pediatrics, General Medicine, General Surgery, Obstetrics & Gynaecology, Radiology, Anaesthesiology) subjects

Career Prospects

After completing this course, students get to work in capacities of a General Physician, medical officer and also pursue postgraduate studies and clinical research

MD (Anaesthesiology)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

A three-year post MBBS course which enables the best patient outcomes by providing patients with the highest quality care in anaesthesiology, perioperative medicine and pain medicine.

Focus

The focus on quality patient care will drive research, innovation, education and delivery of care. The expertise of this profession is vital in perioperative care, in pain medicine, in end-of-life care and in finding safe methods to facilitate quality and efficiency of care. Anaesthesiologists will lead perioperative and pain medicine teams that will provide patient care inside and outside the perioperative environment.

Career Prospects

Following the 3-year course, students have the option to further continue their education in several super specialty branches in anaesthesiology ranging fellowship programs offered by several renowned centers in India and outside the country, in cardiac anaesthesia, neuro anaesthesia, pediatric anaesthesia, critical care, pain medicine, emergency services and upcoming simulation field. There are also DM courses offered in cardiac anaesthesia, neuro anaesthesia, critical care, transplant anaesthesia and pain medicine. They can pursue research interest by joining several programs.

MD (Anatomy)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

A three-year, non-clinical postgraduate course. Anatomy educates the candidate about the organization of the human body including gross anatomy, osteology, histology, embryology, neuroanatomy, anthropology, applied or clinical anatomy, basics of genetics, radiological anatomy and surface anatomy. Also included is topics of staining, embalming and museum techniques.

Focus

The postgraduate student will acquire skills in teaching anatomy to medical students and students of other health care professional courses. They will be enabled with skills to integrate teaching of anatomy with other relevant subjects. Their pedagogical skills will be honed and they will be moulded into good assessors.

Career Prospects

On successful completion of the course the graduate can join as faculty and start teaching career in any medical/ dental/ health care professional courses or pursue their research interest through Ph. D program. They can also work in clinical embryology laboratory/centers.

MD (Biochemistry)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

A comprehensive course towards making of a clinical biochemist competent in molecular & cellular aspects of human biology & metabolism and their clinical relevance, applied aspects and basic laboratory instrumentation, investigations & interpretation pertaining to biochemistry diagnostics at all levels of delivery of health care services.

Focus

The course focuses on priming the student to be a competent biochemist and develop self-directed learning skills, recognize continuing educational needs; use appropriate learning resources and inculcate research temper and also critically analyze relevant published literature in order to practice evidence based biochemistry.

Career Prospects

Following the course, students have the option to teach at medical colleges, work in a clinical labs as quality and technical managers. They can pursue their research interest by joining PhD programs. They qualify to join pharmaceutical and diagnostics industry in the management of advanced lab processes/techniques and also as members of accreditation bodies.

MD (Community Medicine)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

A three year course, training post-graduates in providing health care ranging from promotive, preventive, curative and rehabilitative services. Apart from academics they also participate in various national health surveys, screening camps, research activities. They have external postings where they are exposed to clinical departments to learn concepts of palliative care, maternal and child health services, mental health, communicable and non-communicable diseases.

Focus

At the end of the course the candidate would be able to diagnose and treat minor illnesses in the community; plan, organize, implement and evaluate health programs by identifying health needs and demands of the community; work as a team leader; plan and implement health education programs

Career Prospects

They can become primary care physicians, committed teachers, researchers, hospital administrators, occupational health specialists, pharmaco epidemiologist in pharmaceutical industries and consultants in various NGOs and world health bodies. They can formulate, plan and evaluate health programs and therefore have prospects to lead and manage health programme implementation at the regional and national level. Another area that has excellent prospects post MD in community medicine is the epidemic intelligence service, an area of applied epidemiology.

MD (Dermatology, Venerology & Leprosy)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

A three year postgraduate program providing comprehensive training in dermatology, venereology and leprosy.

Focus

Other than clinical dermatology, leprosy and venereology there is scope for learning latest therapeutic methods, dermatosurgery, medical cosmetology etc.

Career Prospects

The postgraduates have the option to do fellowships in the field of dermatosurgery, cosmetology, paediatric dermatology etc. They can also join medical colleges as medical teachers in dermatology or pursue private practice.

MD (Emergency Medicine)

Offered at KMC, Manipal Campus

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

Emergency Medicine is a medical specialty to provide immediate medical assistance to patients in urgent need during acute illness, injuries, and accidents. In another perspective, it is the healthcare delivered on a time sensitive manner with human touch facilitated by the healthcare technology.

Focus

The training program envisages a focus on medical, surgical, cardiac, paediatric, gynaecological and trauma care and relevant critical care during the three years in the program. Emergency Medicine faculty are active in research with extensive experience in both clinical and basic science research, mentor interested residents in meeting their research goals.

Career Prospects

The Emergency Medicine physicians have career opportunities in academic and non-academic healthcare centers in the country and abroad. Apart from the Hospital based Emergency Medicine Departments there are other career opportunities like hyperbaric medicine, wilderness medicine, Emergency intensive care, pediatric emergency medicine, International Emergency Medicine, disaster medicine and research

MD (Forensic Medicine)

Offered at KMC, Manipal Campus

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

M.D. Forensic Medicine is a Post Graduate (PG) professional course designed to train the doctor to become a competent as a medico-legal practitioner, teacher and researcher in the field of Forensic Medicine.

Focus

The program focusses on different practical aspects of Forensic Medicine such as Forensic Pathology (medicolegal autopsy in a state of the art modern mortuary), Clinical Forensic medicine (medicolegal aspects of clinical practice in an already well established Clinical Forensic medicine Unit of Kasturba Hospital) and Forensic Toxicology (detection of poisons in an NABL accredited Toxicology lab) where hands-on training is provided. The postgraduates will also receive training in the aspects of teaching and research through various sessions and workshops.

Career Prospects

After completing this course, the doctor will be an expert in Forensic medicine and will be able to undertake and discharge medicolegal services and duties in any government or private health centre. He will be able to conduct research, impart education and assess the students in the subject of Forensic Medicine in any government or private medical institution.

MD (General Medicine)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

In a three year residential program, the young bright minds are trained in both government as well as a private facilities. It is a broad speciality that deals with the comprehensive approach to the diagnosis and management of diseases of the human body by enthusiastic experienced faculty which includes infectious diseases, cardiology, endocrinology, critical care, nephrology, respiratory medicine and many more branches of medicine. Research is one of the strong pillars of the department encouraging post graduates to carry out research activities.

Focus

To produce a competent physician who recognizes the health needs of adults and carries out professional obligations in keeping with the principles of National Health Policy and Professional Ethics both in outpatient, inpatient and intensive care management under the guidance of experienced faculty. Research is an integral part of the course – postgraduates are expected to present posters/papers in conferences, publish case reports / original articles in indexed journals.

Career Prospects

After completion of the course, the postgraduate has the opportunity to specialize in various branches like Neurology, Cardiology, Infectious Disease etc. They also have option to pursue fellowship, PhD courses, specialise in research, be an academician or serve the community as a physician.

MD (Hospital Administration)

Offered at KMC, Manipal Campus

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

MD in Hospital Administration of 3 years duration is being provided exclusively to MBBS Doctors. The role of Management as science and art in the medical sciences institutions producing physician-leaders or clinical administrators have been considered with great depth in the last couple of decades with the advent of insurance as a healthcare financing model, quality and accreditation as a management tool. The healthcare industry in other parts of the world has similar influences.

Focus

The department trains students in areas relating to Hospital Planning, Business leadership & laws, General administration & Management, Administration of Public Healthcare delivery system, hospitals and Hospital Information System. The department is involved in the administration of the KMC Hospital with bed strength of 2032. It gives exposure to the students of hospital administration, to first-hand experience in all areas of specialisation within the University campus under one roof.

Career Prospects

The students of this programme have gone on to become CEOs / COOs of large corporate hospitals in India & middle-east countries, Medical Superintendents, Academicians of Medical college hospitals, Researchers and Public health specialists and Consultants in India and UK-NHS abroad.

MD (Immunohematology & Blood Transfusion)

Offered at KMC, Manipal Campus

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

MD in Immunohematology and Blood Transfusion is a post graduate course which is a unique multi-dimensional speciality that incorporates elements of blood banking, immunohematology, coagulation, and hematology and integrates science technology, medicine, public health administration and the community as a whole.

Focus

The Program focuses on blood component collection, processing and storage, blood safety, rationale use of blood components, Clinical transfusion practice, Patient Blood Management, Safe Transfusion Practices and disease prevention, goal based transfusion therapy, Immunohematology, therapeutic apheresis, peripheral blood derived stem cell therapy, blood derived bio materials.

Career Prospects

After completing the course, the individual can work as a transfusion medicine consultant in hospitals, academicians in teaching hospitals, as a medical officer in blood banks, Medical Advisor for diagnostic/manufacturing/pharmacological companies, as a Consultant - a program of regenerative medicine, transplant center, as a Team member for government advisory boards- NACO (National AIDS Control Organization), NBTC, SBTC (National And State Blood Transfusion Council)

MD (Microbiology)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

A comprehensive course towards the making of the Clinical microbiologist with trainings in general microbiology, immunology, bacteriology, virology, mycology and parasitology. Students are exposed to the infection control and preventive practices along with the biomedical waste management.

Exposure to RNTCP / state reference laboratory for HIV testing helps the student to understand the basics of the national programmes too.

Focus

The course focusses on grooming the student through the medical regulatory body curriculum. The compulsory dissertation offers the students to pursue subjects of their interest in research. Research encouragement, opportunity for the students to interact with the clinicians, ICU posting etc offer the students a rich learning experience.

Career Prospects

Following the course, students have the option to further their education - PhD in microbiology or direct DNB exams. Eligibility to pursue studies in foreign universities is also attained with respect to infectious disease, bacteriology, virology and infection control in health care set up. They qualify to join Industry as research scientists, join government health services as a Medical Officer or get into teaching profession in the medical colleges, or consultant microbiologist/infection control officers in corporate hospitals.

MD (Paediatrics)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

A 3-year postgraduate course imparting training in neonatal / paediatric ICUs, emergency care and wards. Students are also exposed to wide learning base at Advanced Paediatric Care Centre for maternal and neonatal care. Exposure to in depth subject specialities like paediatric haematology oncology, neonatology, rheumatology and adolescent care are also offered through the course.

Focus

The course focuses on grooming doctors with competence in managing children in various situations ranging from outpatient management to paediatric and neonatal intensive care. Students are encouraged to do research and present their work in national and international conferences and publish their work in medical journals.

Career Prospects

At the end of this course, the postgraduates have the options of furthering their careers in any of the subject specialities as per their interest. They are qualified paediatricians and can begin their career graph as medical teachers or practicing paediatricians in the community.

MD (Pathology)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

The three year postgraduate program makes the postgraduates acquire experience in the various facilities offered in the department, namely, histology and immunohistochemistry, nerve and muscle biopsy reporting, immunofluorescence for vesiculo-bullous skin diseases, haematology and clinical pathology, flow cytometry for the diagnosis of leukaemias, lymphoproliferative disorders, myelomas, CD4 counts and HLA B 27, immunohematology and blood banking, and cytopathology.

Focus

The course focuses on preparing the postgraduate to diagnose, interpret, correlate and advise on the various laboratory tests in the management of various diseases. Postgraduates are exposed to histopathology, cytology, haematology, clinical pathology, blood banking, autopsy pathology, microbiology and biochemistry. They are also given ample opportunities for carrying out and presenting their research work.

Career Prospects

After successful completion of the course, one can opt to teach and work in a medical institution, or work as laboratory physicians. They can also choose to subspecialize by joining for fellowship/DM programs or pursue their research interest by enrolling in various PhD programs.

MD (Pharmacology)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

A paraclinical specialty course to acquire competency in teaching, research and pharmaceutical industry related work. The curriculum is designed to help candidates to acquire comprehensive knowledge in basic and clinical pharmacology through seminars, journal clubs, discussions, hospital postings, etc. The student is expected to keep abreast with recent advances/changing trends in the field of medicine and pharmacology. Laboratory training is to reinforce the theory knowledge, to translate it into applied aspects and to develop skills in procedures like assays, toxicity studies, techniques in molecular biology and screening tests.

Focus

The goal is to train a medical graduate to be a specialist to promote the practice of rational drug therapy, become a competent teacher, to carry out a research project (both basic and clinical) from planning to publication, meet the requirements of academics, research and pharmaceutical industry.

Career Prospects

After the successful completion of the course, one can opt to work in academics as a medical teacher, pharmaceutical industry/clinical research organization, government research institutions, in regulatory bodies, as scientific writer and as clinical pharmacologists in tertiary care hospitals.

MD (Physiology)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

The purpose of this programme is to systematize physiology teaching and research at post-graduate level. The program enables the candidate to effectively teach undergraduate medical and other paramedical students, conduct scientific research, acquire skills in conducting collaborative research in the field of physiology & other medical sciences.

Focus

The program focusses in achieving a competent physiologist, capable of conducting independent research for the advancement of medical sciences and a good medical teacher in Physiology.

Career Prospects

Benefits in achieving a proficient physiologist, independent researcher for the advancement of medical sciences and a good medical teacher in Physiology

MD (Psychiatry)

Offered at KMC, Manipal Campus

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

MD Psychiatry is a Post Graduate programme which follows a well-planned and highly structured curriculum designed to train a resident medical graduate in developing the skills required to function as complete mental health specialist.

Focus

Excellent clinical exposure to General Psychiatry, Consultation Liaison Psychiatry, Deaddiction, Child and Adolescent Mental Health team with units specialized in managing these services, Unique Learning Opportunity of working in a fully functioning inpatient rehabilitation centre (Hombelaku), Opportunity to work in related fields like Clinical Psychology, General Medicine, Neurology, Genetics, NIMHANS Mental Hospital set-up, Consultation- Liaison Psychiatry. We also have a unique study tour programme of 2 weeks where eligible Post Graduates visit various mental health centres around South India.

Career Prospects

Working as Consultant Psychiatrists, Academic positions in Medical Colleges, Postdoctoral fellowships, DM courses in Geriatric psychiatry, Addiction Medicine, Child and Adolescent Mental health, PHD and Research positions.

MD (Radio diagnosis)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

The three year course in Radiodiagnosis is aimed at imparting training in both conventional radiology and modern imaging techniques so that the candidate is fully competent to practice, teach and do research in the broad discipline of Radiology including ultrasound, Computed Tomography and Magnetic Resonance Imaging. Training is provided on regulatory norms, medical ethics and consumer protection act and the prenatal diagnostic technique (PNDT) act.

Focus

Acquiring skills in various sub-specialties of Radiology such as neuro-radiology, GI-radiology, Uro-radiology, Vascular- radiology, Musculoskeletal, Interventional radiology, OBG imaging, emergency radiology, paediatric radiology and mammography, and be able to independently conduct and interpret all routine and special radiological and imaging investigations. The candidate should be able to perform (under supervision) basic image guided interventional procedures for diagnosis and therapeutic management.

Career Prospects

After completion of the course, the postgraduate may take up assignments at academics, clinical research organization, government research institutions, regulatory bodies like AERB, quality related organisations, medical writing, medical school. Other options include: work in teaching / corporate hospitals in the field of diagnostic and therapeutic radiology, own / work in standalone diagnostic centres with multimodality disciplines / work in corporate bodies in R&D.

MD (Radio therapy / Radiation Oncology)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

Radiation Oncology is a discipline involved in using ionizing radiation for treatment, predominantly for cancers. Cancer treatment is approached in a multidisciplinary manner, and radiation therapy is integral in cancer treatment, and works in collaboration with two other disciplines, namely Medical and Surgical Oncology.

Focus

There are two components to optimum management: general oncology, which is common to all the disciplines, and knowledge specific to the branch. Radiation Oncology is a highly specialized field that relies heavily upon technology and medical equipment for practice. Our center is well-equipped with modern radiotherapy equipment, and has a teletherapy unit capable of delivering complex treatment including Image Guided Radiotherapy (IGRT), Volumetric Modulated Arc Therapy (VMAT) and Stereotactic Radiosurgery (SRS). In addition, it also has facilities for delivery of High Dose Rate (HDR) brachytherapy.

Career Prospects

Following postgraduation in Radiation Oncology, the candidates can choose to work in a center with radiotherapy facility, or opt to further sub-specialize in various aspects of the field by taking up fellowships. Those interested in further superspecialization can also pursue DM in Medical Oncology in selected centers offering the course.

MD (Respiratory Medicine)

Offered at KMC, Manipal Campus

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

Postgraduate in Respiratory Medicine is designed to train students diagnose and manage various respiratory disorders. The department offers facilities like fibrotic bronchoscopy, allergy testing and PFT which helps in diagnosis and management of various respiratory disorders. The department is equipped with Polysomnography which aids in diagnosis and management of sleep related disorders.

Focus

Program focuses on understanding respiratory symptomatology and disease process. It also focuses on diagnosis, treatment and rehabilitation.

Career Prospects

After completing the course students can work as respiratory physician and also can pursue super specialty in pulmonary medicine, critical care, cardiology and can practice interventional pulmonology and sleep medicine.

MS (General Surgery)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

A three year residential program wherein study of surgical principles, technique of surgical patients is undertaken. The candidate should be able to a competent general surgeon and teacher, conduct scientific research as would have significant impact on human health in relation to surgical field, acquire skills in conducting different basic and major surgeries with research approach in the field of general surgery and capable of taking active participation and presentation of scientific papers.

Focus

Surgical (General Surgery) teaching at post-graduate level. It will benefit in achieving a competent surgeon capable of diagnosing surgical cases, preoperative care, surgical technique with principles and operative surgery of various surgically related conditions.

Career Prospects

Benefits in achieving a proficient surgeon, independent researcher for the advancement of medical sciences, eligible to take entrance examinations for further studies like MCh and DNB in super speciality subjects. They can join as teachers in surgical department in medical colleges.

MS (Obstetrics & Gynaecology)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

A 3 year postgraduate course which trains in comprehensive medical and surgical care dealing with the management of pregnancy and its complications, disorders affecting the female genital tract and problems in relation to human reproduction.

Focus

Obstetrics: Train candidates in Antenatal care, Labor and delivery, Management of high risk pregnancies, Surgical operative skills in obstetrics, basic knowledge and skill in Ultrasonography.

Gynaecology: Management of benign and malignant disorders affecting the female genital tract and problems in relation to human reproduction with relevant training in Surgical skill in open as well as Laparoscopic surgeries.

Career Prospects

Working at a medical college hospital/ private practice. Can further specialize in Fetal Medicine, Gynaec-Endoscopy, Assisted reproductive techniques, Gynaec-Oncology, High risk pregnancy

MS (Ophthalmology)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

MS Ophthalmology course offers comprehensive training and education in the field of Ophthalmology. Ophthalmology is a branch of medicine dealing with the diagnosis, treatment and prevention of diseases of the eye and visual system. It is a unique branch amongst medical specialities as it blends medicine and surgery in a unique way complemented with advanced new technology both in diagnostic and therapeutic aspects of ophthalmology. It combines the diagnostic and therapeutic abilities of a physician and technical skills of a microsurgeon with comprehensive medical care to the patient. The course combines both academic and clinical knowledge and makes the graduate competent enough to deliver tertiary level eye care in ophthalmic science.

Focus

The course offers exposure into medical and surgical aspects of Eye diseases and opportunities to do research in the field. The candidate also gets exposure to subspecialties in Ophthalmology like Retinal disorders, Glaucoma, Paediatric and Neuro-ophthalmology. A good academic exposure in the form of bedside clinics, seminars, journal club and microteaching combined with training in ophthalmic microsurgery grooms a graduate into a competent ophthalmologist.

Career Prospects

Following the course, the student can pursue a career in various subspecialties of ophthalmology. He can join academics as a medical teacher.

MS (Orthopaedics)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

A three-year comprehensive post-graduation course training in medical and surgical management of trauma and musculoskeletal conditions. Involves teaching, ward work, outpatient management and regular surgical work. Postgraduates are exposed to good clinical and surgical exposure and cases of all subspecialties are done regularly.

Focus

The course focuses on training a postgraduate in both academic, research and surgical skills. The college encourages students to involve in research both thesis and beyond thesis.

Career Prospects

After completion of the course, students have ample opportunities to work as an orthopaedic surgeon in India both in central and government institutions, corporate hospitals, private practice on own and even abroad also. They can further pursue fellowships in subspecialties of their interest like arthroplasty and joint reconstruction, spine surgery, arthroscopy and sports medicine, paediatric orthopaedics, foot and ankle surgery and orthopaedic oncology.

MS (Oto-Rhino-Laryngology)

Offered at KMC, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

Provides training in comprehensive medical and surgical care of patients with diseases and disorders that affect the ears, the respiratory and upper alimentary systems, and related structures of the head and neck. The program is spread over 3 years with the candidates gradually honing their skillset at each year and being able to handle majority of the cases independently towards the completion of the course.

Focus

The main focus of the program is to prepare the post-graduates to be able to handle wide variety of ear, nose, throat and head and neck conditions including various ENT and head and neck surgeries like cochlear implantation, micro-ear surgery, thyroplasty, microlaryngeal surgery, endoscopic nasal and ear surgery.

Career Prospects

Once completed, several paths are open into: Head & Neck Oncology, Otolaryngology, Rhinology, or Laryngology as sub-specialties, Skull Base Surgery, Facial Reconstructive or Plastic Surgery, Pediatric Otorhinolaryngology

MSc (Medical) – Anatomy

Offered at KMC, Manipal and Mangalore Campuses

Duration

2 years (4 semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

15.05.2021

Commencement of Classes:

09.08.2021

Program Description

Full time 2 years program divided into four semesters which deal with the structure of the human body. The program consists of didactic lectures, discussions, electives in other disciplines, research projects, hands-on training and exposure to various practical procedures.

Focus

Focused areas under this degree are Gross Anatomy, Microscopic anatomy, Developmental anatomy, Osteology, Applied and Clinical Anatomy, Genetics, Anthropology, Radiological Anatomy and Surface marking of Human Body

Career Prospects

The student, after undergoing the training, can effectively deal with the needs of the medical community and will be competent to handle all problems related to the specialty of Anatomy and recent advances in the subject. The post graduate student will have skills in teaching anatomy to medical and para-medical students and will be able to integrate teaching of Anatomy with other relevant subjects, while being aware of her/his limitations. After successful completion of the course, one can opt to work in a medical institution

MSc (Medical) – Biochemistry

Offered at KMC, Manipal and Mangalore Campuses

Duration

2 years (4 semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

09.08.2021

Program Description

This is a 2 year semester based program with choice based credit system implemented as per UGC guidelines. This course deals with the chemical nature, function, structure, energetic pathways of synthesis and degradation of simple to complex biological and/or cellular molecules to understand the various aspects of cellular and molecular functions in development, health and disease with applications in Biotechnology and Medicine

Focus

There are 3 main domains for this discipline – academics, research and diagnostics. As molecular biology and biotechnology are offshoots of biochemistry, it gives foundation for all types of advanced research.

Career Prospects

Biochemistry is a part of all medical, dental, allied health science and nursing courses. So, trained biochemist has ample opportunity as a faculty in institutes which handle such courses. Pharmaceuticals and private R&D jobs are among the most lucrative options for a new biochemistry professional.

MSc (Medical) – Microbiology

Offered at KMC, Manipal and Mangalore Campuses

Duration

2 years (4 semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

09.08.2021

Program Description

The course includes Basic Sciences common core, General Microbiology, Immunology, Research Methodology.

Focus

Medical Microbiology, Systematic Bacteriology, Virology, Parasitology and Mycology. Students have to opt for electives of their areas of interest other than their subject of specialization in the second and third semester of the course to expand their knowledge in topic of interest. The 4th semester of the course involves Project work in the field of Medical Microbiology.

Career Prospects

As a Teacher in Medical, Dental, Nursing and Allied health colleges, Can take up research. Technical application specialist in the Diagnostic industry. Laboratory staff in Health care settings

MSc (Medical) – Pharmacology

Offered at KMC, Manipal and Mangalore Campuses

Duration

2 years (4 semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

09.08.2021

Program Description

It is a full time 2 years program divided into four semesters dealing with the concept of Drug development and pharmacovigilance

Focus

To prepare a competent Pharmacology postgraduate student to meet the requirements of academics, research and industry.

Career Prospects

The job profile for graduates from M.Sc. program are as tutor in Medical/ Dental College, medical writer, clinical research associate, research scientist.

MSc (Medical) – Physiology

Offered at KMC, Manipal and Mangalore Campuses

Duration

2 years (4 semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

09.08.2021

Program Description

This two years program, which is the scientific study of the functions and mechanisms which work within the human body, is taught in four semesters.

Focus

Common core subjects, research methodology, Electives in 2nd and 3rd semester and Research project in 4th semester.

Career Prospects

After completion of Masters, opportunities are in the field of Teaching, Research (Neurology, Endocrinology) and Research & Development in industry

MSc (Clinical Embryology)

Offered at KMC, Manipal Campus

Duration

2 years (4 semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

09.08.2021

Program Description

The Masters in Clinical Embryology (M.Sc.) program was introduced to address the recent overwhelming interest in the knowledge and skills related to human embryology. The rapid advances and new methods in alleviating subfertility in human have called for the specialized scientific expertise in clinical embryology. There is tremendous shortage of trained clinical embryologists serving assisted reproductive centers in India and abroad. The main goal of the M.Sc. Clinical Embryology program is to provide adequate clinical and laboratory training to prepare a competent professional Clinical Embryologist to serve in In vitro fertilization (IVF) clinics.

Focus

On areas of human and animal embryology, the skills required for working in IVF and micromanipulation clinics, an appreciation of the ethics and attitude towards human ART, integration of the clinical and scientific aspects of ART, advanced knowledge and research exposure in specific areas in clinical embryology through a thesis dissertation

Career Prospects

The knowledge, skills and attitudes learned from the M.Sc. Clinical Embryology course will make the student qualified to work as an Embryologist in ART programs, an Andrologist in male reproductive laboratories, a teacher in Clinical Embryology, a research scientist in human Reproductive Biology, an officer in medical and paramedical fields.

MSc (Genetic Counseling)

Offered at KMC, Manipal Campus

Duration

2 years (4 semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

09.08.2021

Program Description

The Department of Medical Genetics at Kasturba Medical College, Manipal offers a unique 2-years MSc Genetic Counseling program. The goal of this program to have competent genetic counselors with ample knowledge of medical genetics who would aid families with genetic disorders to understand and adapt to the medical, psychological and familial implications of genetic contributions to disease. The Department is equipped with well trained and experienced clinicians and scientists to impart the necessary skills to the counsellors.

Focus

The students learn principles of medical genetics, genetic disorders, reproductive genetics, recent advances and research in genetic counseling and public health, ethics and education in genetic counseling. The students have exposure to research training as well.

Career Prospects

The trained genetic counselors have the opportunity to be a part of health care centers along with clinical geneticists to provide genetic counseling in areas of prenatal, pediatric, adult and cancer specialties. They can also choose work in industry like biotechnology firms, pharmaceutical companies, genetic testing laboratories etc. They may also chose education and research as a career through doctoral studies.

MSc (Forensic Science)

Offered at KMC, Manipal Campus

Duration

2 years (4 semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

09.08.2021

Program Description

MSc Forensic science is a master's program offered to students with basic science as one of the subjects during their undergraduate course. It consists of 4 semesters spread over 2 years. The course focuses on developing students' overall knowledge of forensic science enabling them and preparing them to handle crime scene related issues. This overall approach to the subject prepares students well in this crime related era to be part of justice system to help law to make a rational decision.

Focus

The students would be trained in the specific fields like cyber forensics, forensic medicine, analytical toxicology and forensic psychology

Career Prospects

The graduates of MSc forensic science are recruited in the following fields such as Intelligence bureau, Central Bureau of Investigation (CBI), Forensic Science Laboratories, Hospitals, Private detective agencies, Law firms, Police department, Quality control bureau, Banks, Universities, Defense/ Army etc.

DM (Cardiology)

Offered at KMC, Manipal Campus

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

01.09.2021

Program Description

DM cardiology course is a super speciality branch of Medicine dealing with prevention and treatment of coronary heart disease including primary angioplasty and complex coronary and structural interventions. We also give training in interventions in aorta and other peripheral arterial diseases including carotid.

Focus

Preventive Cardiology, Clinical Cardiology, Interventional Cardiology, Pediatric Cardiology, Cardiac Electrophysiology. Device closure of various septal defects and radio frequency ablation of tachyarrhythmias and device management of bradyarrhythmias and heart failure therapy training is part of curriculum and training programme. Focused training by division of pediatric cardiologist too is part of curriculum.

Career Prospects

Job placement as consultant cardiologist in various reputed institutions all over the country and overseas.

DM (Medical Gastroenterology)

Offered at KMC, Manipal Campus

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

01.09.2021

Program Description

DM Gastroenterology is a three year residential course aimed at comprehensive training of candidates in clinical problem solving, logical decision making, acquiring a broad knowledge base and gaining skills in basic as well advanced endoscopy. We provide a vast exposure to our fellows in management of GI emergencies, critical care as well as in sub-specialty clinics like IBD, Liver, Pancreas or Motility.

Focus

Comprehensive training in diagnostic and therapeutic endoscopy as well as GI motility studies and 24-hour pH impedance testing. Exposure to advanced endoscopy like ERCP, EUS, ESD, enteroscopy and capsule endoscopy. Interdepartmental meetings with pathology, radiology and surgery departments ("Gut Club")

Career Prospects

Successful candidates may choose to practice both gastroenterology and hepatology, or either of them, with hepatology now growing to be a promising field in itself. Gastroenterology is very diverse, consisting of subspecialties like hepatobiliary and pancreatic sciences, luminal gastroenterology, third space endoscopy, neuro-gastroenterology, bariatric endoscopy and even robotic gastroenterology in the future.

DM (Medical Genetics)

Offered at KMC, Manipal Campus

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

01.09.2021

Program Description

DM Medical Genetics is a three-years residency program, which aims to provide intensive training in medical genetics. The program is designed for postgraduates with Doctor of Medicine degrees (MD) in Pediatrics, General medicine or Obstetrics and Gynecology. The curriculum includes clinical and laboratory training in medical genetics and focuses on clinical management, teaching and mentored research. The trainees are expected to take part actively in clinical management, laboratory work up and genetic counseling of families.

Focus

Clinical diagnosis, evaluation and management of genetic diseases; Laboratory techniques including genomic data analysis; Prenatal diagnosis, Fetal autopsy

Career Prospects

After successful completion of the course, trainees can work as academicians, clinical geneticists, and supervisors of genetic laboratory services or researchers in genomic medicine

DM (Nephrology)

Offered at KMC, Manipal Campus

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

01.09.2021

Program Description

DM Nephrology is a superspeciality course designed to train doctor in the field of Nephrology – branch of medicine dealing with the diseases related to the kidney such that he/she becomes competent, compassionate, and caring nephrologist through excellence in teaching, patient care, and medical research.

Focus

The candidate will be trained well during the course in all the field of Nephrology including treating OPD patients, Inpatients, critical care Nephrology, acute kidney injury, CKD, kidney transplantation (live, cadaver, ABO incompatible) and perform all nephrology procedures such as kidney biopsies, central venous catheterization both temporary and tunneled, Hemodialysis, CRRT, plasmapheresis, hemoperfusion and peritoneal dialysis both acute and CAPD.

Career Prospects

Training will enable him/her to practice as independent consultant nephrologist or join academic institute in India.

Encourage and facilitate to get International accredited fellowships abroad (Canada, USA & Australia)

DM (Neurology)

Offered at KMC, Manipal Campus

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

01.09.2021

Program Description

DM Neurology offers a comprehensive program that focuses to provide advanced training in clinical Neurology and subspecialities like Neuroanatomy, Neuroradiology etc. to produce competent super specialist. This course also simultaneously enable him/her to function as future Researchers and Teachers in the field of Neurology/Neuroscience.

Focus

To acquire performance skills in investigative and clinical Neurology and to treat various acute and chronic Neurological ailments. To identify, frame and carryout research proposals in Neurological specialities and critically appraise published literature

Career Prospects

Attractive job opportunities as Clinician/ Consultant at various Corporate Hospitals and also Medical Colleges.

Depending on his/her choice of specialization, can apply for Fellowships in various subspecialities like Epilepsy, Stroke, Movement Disorders, Neuromuscular and Cognitive Neurology etc.

DM Medical Oncology

Offered at Manipal Campus

Duration

3 years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

01.09.2021

Program Description

It is a three-year residential course after MD. It aims at training residents to become skilled oncologists, arming them with the comprehensive practical knowledge necessary for the same.

Focus

Training in stepwise evaluation and management of routine patient problems and issues. Comprehensive training in diagnostic and therapeutic procedures for solid tumors and haematological malignancies, including autologous bone marrow transplantations. Daily OPD/ chemotherapy daycare facilities for training in day-to-day handling of standard chemotherapy toxicities and doses. Communication skills are critical to oncologists. Daily counseling sessions for patients and bystanders, with close association with our palliative medicine department

Career Prospects

- Medical oncologists passing out of the institute can choose to associate themselves with academic centres to pursue further research activities or private/government hospitals to provide oncologic services to patients.
- There is a critical need for trained oncologists in India due to a rapidly increasing incidence of cancer and a shortage of qualified medical oncologists

DM Infectious Disease

Offered at Manipal Campus

Duration

3 years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

01.09.2021

Program Description

This 3 year program, the highest post graduate academic qualification in infectious diseases in India, aims at training next generation of Infectious Disease specialists competent to manage endemic and emerging infectious diseases.

Focus

The program aims at comprehensive training of candidates in clinical problem solving, logical decision making, acquiring a broad knowledge base and gaining skills in advanced management of Infectious Diseases. The program focuses on outpatient and inpatient management, critical care management of patients with infectious disease, HIV, infection control, antimicrobial stewardship, and outbreak management.

Career Prospects

After completing this course, students get to work as infectious Diseases specialist, infection control advisor/ Chairman, and clinical research. ID specialists can practice as HIV/AIDS Physicians, Transplant ID specialists or Tropical Medicine experts. They can be infection control specialists/ advisors at various public or private hospitals. They could take up public health/ health care epidemiology career and join WHO, CDC, NCDC or similar agencies on various programs with infectious disease prevention, control and elimination focus and also carry out outbreak investigations. They can be consultants to 'Diagnostics' or 'pharmaceutical Industry'

MCh (Cardiothoracic Surgery)

Offered at KMC, Manipal Campus

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

01.09.2021

Program Description

MCh (Master of Chirurgiae) is an advanced postgraduate course in Surgery which deals with treating the ailments affecting organs inside the chest- the heart and lungs surgically. Training obtained during the three year course will enable the surgeon to do basic cardiac, thoracic and vascular surgery

Focus

All types of adult cardiac surgeries: single and double valve replacement (mechanical /bioprosthesis), valve repair, surgery for aortic dissection and aneurysm, CABG (onpump /offpump), redo open-heart surgery, VSR and LV aneurysm surgery, Paediatric and neonatal cardiac surgery started from 2017 e.g: Atrial/ ventricular septal defects, coarctation, TOF, TGA, TAPVC repair in neonates and other complex congenital cyanotic heart conditions, Thoracic Surgery: Lobectomy/ pneumonectomy, thoracoplasty, window drainage, mediastinal tumors, ca bronchus, chest wall tumors, cervical rib, pectus excavatum correction, Vascular surgery: aortobifemoral / femoropopliteal bypass, peripheral aneurysm, AV fistula creation, vascular trauma, thoracoabdominal aneurysm, Scopies: rigid /fibro-optic bronchoscopy, mediastinoscopy, pediatric fb removal from bronchus.

▶ Career Prospects

Soon after completion of the MCh, he/she can join a medical institute or a private hospital or go abroad for further training and continue expanding his/her experience in the specific field of interest. He/she can choose Cardiac (adult cardiac, paediatric or neonatal cardiac or surgery for failing heart and heart transplant), Thoracic (Minimal invasive lung resections) or Vascular (routine bypass and advance vascular surgeries and interventional vascular procedures).

MCh (Neuro Surgery)

Offered at KMC, Manipal Campus

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

01.09.2021

▶ Program Description

It is a three year program which consists of fundamental clinical evaluation, neurosurgical training and research to allow for acquisition of graduated experience in all aspects of neurological surgery. The neurosurgery curriculum is designed with the aim that a candidate should have acquired sufficient knowledge, skills, aptitude and attitudes to be able to function as an independent clinician/consultant and a teacher acquainted with research methodology.

▶ Focus

The candidate would learn to perform basic neurosurgical procedures independently. To assure this, each resident is expected to assist and independently perform a minimum number of procedures.

▶ Career Prospects

The student, after the completion of the training, will be able to handle the neurosurgical patients effectively. He/She can join the educational institution as a faculty. He/She can pursue a fellowship in a neurosurgical sub-specialty and excel in that particular field. He/She can join any corporate hospital as a consultant with a lucrative package. He/She can start an independent neurosurgical set up and grow accordingly.

MCh (Paediatric Surgery)

Offered at KMC, Manipal Campus

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

01.09.2021

▶ Program Description

Paediatric Surgery is one of the surgical super specialities available in the field of Medicine. The field deals with diagnosis and treatment, predominantly surgical, of problems, both congenital anomalies and acquired disorders in children from the day of birth up to the age of 18.

▶ Focus

Full range of paediatric surgical conditions including general paediatric surgery, hydrocephalus, spinal dysraphisms, thoracic, gastrointestinal conditions, paediatric urology, hypospadias, paediatric laparoscopy and trauma, Neonatal and paediatric intensive unit care training, Optional short postings at other centres in India and Clinical research

▶ Career Prospects

Attractive job opportunities as Clinician / Consultant at various Corporate Hospitals and also Medical Colleges.

MCh (Urology)

Offered at KMC, Manipal Campus

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

01.09.2021

Program Description

It offers three year training program in Urology, which is a specialty of medical and surgical field in the diseases of male and female urinary tracts and male reproductive system.

Focus

Urology-teaching department include complete adult and pediatric urology services with fully developed sub-specialties such as gynecologic urology, uro-oncology, reconstructive urology, neuro-urology, andrology & sexual dysfunction, endourological techniques and renal transplantation.

Career Prospects

Candidates can establish their private practice, join Corporate Hospitals or can join Teaching institutions as well as explore areas of Research in Urology

M.Ch Plastic and Reconstructive Surgery

Offered at Manipal Campus

Duration

3 years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

01.09.2021

Program Description

M.Ch Plastic and Reconstructive Surgery is a medical superspeciality degree which is aimed to train M.S (General Surgery) post graduate students to be competent, compassionate and caring Plastic and reconstructive surgeons through excellence in teaching, patient care and medical research.

Focus

The three year program focuses on the various aspects of Cosmetic Surgery, Reconstructive Surgery, Microvascular surgery and Management of Burns and Trauma

Career Prospects

Candidates who completes the three year program successfully, get to work independently as cosmetic surgeon, Reconstructive and Microvascular Surgeon and get chances to be involved in research activities.

MPhil Psychiatric Social Work

Offered at KMC, Manipal Campus

Duration

2 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

30.05.2021

Commencement of Classes:

02.08.2021

Program Description

The duration of the course is 24 months. The course shall comprise of both theory and practice in different core areas of psychiatric social work included in the curriculum. Intensive supervised training in the psychosocial assessment and interventions

Focus

Intensive clinical exposure to the students in dealing with various mental health issues and its management. Exposure in specialized areas such as individual, group and family therapy, psychotherapy, psychosomatic clinic, neuropsychiatry, psycho-oncology, psychology (behavioural and cognitive therapy) de-addiction services, school mental health, and community mental health programmes.

Career Prospects

Central and state government mental health institutes. State Government District Hospitals. Multispecialty Hospitals. De-addiction centre's. Psychiatric rehabilitation centre's. Oncology institutes Corporate sectors Universities across the country and the world, Various national and international government and non-government organizations working for the cause of mental health., Research and training institutes, Various educational institutes

Fellowship in Onco-Surgery

Offered at KMC, Manipal Campus

Duration

2 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

International Candidates: 05.03.2021

Indian candidates: 20.07.2021

Commencement of Classes:

August 2021

Program Description

Fellowship in Onco-surgery comprises of training in complex cancer surgery procedures as well as Minimally Invasive cancer Surgery. Fellows will be exposed to a large volume of complex surgical conditions and will be involved in the initial evaluation of new patients, treatment planning, multidisciplinary approaches through tumour board, design of the surgical approach, and postoperative and long-term follow-up care

Focus

To evolve surgeons capable of performing ethical, evidence based, safe cancer surgeries

Objectives

1. Learn to manage patients with different cancer presentations, including clinical evaluation, surgical management, and adjuvant and neo-adjuvant therapy wherever appropriate.
2. Planning evidence based appropriate treatment based upon the knowledge of the natural history of the disease, proper staging, and integration of multidisciplinary care.
3. Actively participate in cancer research, maintaining cancer data and interpretation, cancer prevention and control; and cancer awareness programs.

Career Prospects

Surgical oncology is one of the most sort for surgical speciality. Cancer burden in India and South Asia has more than doubled over the last 26 years. Henceforth trained man power in evidence based cancer surgery is the need of the day.

Fellowship in Reproductive Medicine

Offered at Manipal Campus

Duration

1 Year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: March 2021

Commencement of Classes:

May, 2021

Program Description

This fellowship is designed to train competent obstetrician-gynecologists in the subspecialty of Reproductive Medicine in collaboration with clinical embryology department thereby imparting an integrated approach to Reproductive medicine including further management aspects of infertility. Program highlights include: training in Manipal Assisted Reproduction Center – a highly reputed center attached to MAHE; Structured program with hands on training; Exposure to Endoscopic surgery needed for management of infertility; Posting in Clinical Embryology

Focus

Reproductive endocrinology (Diagnosis and management of endocrinological problems) Investigation and management of infertility, Counselling couple on the available options and prognosis of specific conditions, Basic diagnostic procedures, Clinical aspects of assisted reproductive technology, Ovulation induction protocols, Understanding principles of Clinical embryology

Career Prospects

Good scope in India/abroad to work in any In Vitro Fertilization Centre

Fellowship in Paediatric Orthopaedics

Offered at Manipal Campus

Duration

1 Year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.05.2021

Commencement of Classes:
01.07.2021

Program Description

The significant advances in the field of orthopedics in recent years, have led to better understanding of pathophysiology of congenital, developmental, paralytic disease and will open new avenues of conservative and operative intervention in field of pediatric orthopedics. This calls for availability of appropriate clinical services for appropriate diagnosis, careful decision making and management of patients with simple and complex pediatric orthopedics disorders. The proposed course aims to fill this void. The fellowship will enable the orthopedic surgeon to provide specialist level pediatric orthopaedics services training that includes assessment, diagnosis of simple and complex pediatric orthopaedics problems, appropriate investigations, conservative and operative management.

Focus

Congenital lower limb disorder, paralytic disorder of children, trauma and infective disorders of limbs in children

Career Prospects

Demand for pediatric orthopedic surgeon will be tremendous from medical colleges, corporate hospitals, and tertiary care centers across the country

Fellowship in Fetal Medicine

Offered at Manipal Campus

Duration

2 years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.11.2021

Commencement of Classes:
March 2022

Program Description

This fellowship is designed to train competent obstetrician-gynecologists in the subspecialty of Fetal medicine in collaboration with various departments such as Genetics, neonatology, paediatric surgery, Radiology, pathology and clinical psychology. Learning an integrated approach to fetal medicine including further management aspects of fetal abnormalities since Fetal Medicine is an upcoming branch of obstetrics with high demand nowadays.

Focus

Obstetric Ultrasound in screening and diagnosis of fetal abnormalities; Ultrasound and invasive procedures in twin pregnancies; Counselling couple on the available options and prognosis of specific conditions; Basic diagnostic invasive procedures; Handling the genetic aspects of fetal abnormalities; Understanding principles of perinatal autopsy

Career Prospects

Good scope in India/abroad. Can help in functioning of Advanced Fetal Medicine work with a good team in respective setting. Also, further prospects of international collaboration in clinical care and training.

Fellowship in Gynecologic Oncology

Offered at Manipal Campus

Duration

1 year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.04.2021

Commencement of Classes:
01.07.2021

Program Description

This fellowship is designed to teach competent obstetrician-gynecologists to become experts in screening, diagnosis and management of Gynecologic malignancies with a comprehensive multidisciplinary approach

Focus

Learning various screening and diagnostic modalities and management of cancer cervix, uterus, ovaries, vagina, vulva and Fallopian tube and gestational trophoblastic tumors

Career Prospects

The candidate would be able to provide comprehensive gynecologic oncology services even outside the preview of specialized gynecologic oncology centers

Fellowship in Neuroanaesthesia

Offered at Manipal Campus

Duration

1 year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.06.2021

Commencement of Classes:

01.08.2021

Program Description

This 1 year Post-doctoral fellowship program in Neuroanaesthesia, including Neurocritical care, to be started in the next academic year. It will train anesthesiologists to recognize and understand the physiology and pathophysiology of neurological and neurosurgical diseases and train them in the management of these patients.

Focus

Management of neurosurgical cases in the Operation Theater, including management of neurovascular surgeries, epilepsy surgeries, posterior fossa surgeries, awake craniotomies, spine surgeries, peripheral nerve surgeries, trauma etc. Postanesthesia care. Anaesthesia for Interventional procedures. Neurosurgical ICU training. Neurology ICU training. Training in the use of advanced neuromonitoring, airway management equipment, ultrasound in the ICU etc.

Career Prospects

Training in Neuroanaesthesia and neurocritical care in a high volume centre and a post-doctoral fellowship recognized by a competent body (such as Indian Society of Neuroanaesthesia and Critical Care) should enable trainees to provide specialist Neuroanaesthesia care and incorporate the latest advances in the field of Neuroanaesthesia into their routine clinical practice.

Fellowship in Pediatric Anesthesia

Offered at Manipal Campus

Duration

1 year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Batch 1 - May 2021

Batch 2 - December 2021

Commencement of Classes:

Batch 1 - July 2021

Batch 2 - February 2022

Program Description

This 12-month, IAPA-approved course aims at training candidates in anaesthetising children belonging to all ages including newborn and neonates. Specialties include Paediatric Surgery, Paediatric Orthopaedic, Paediatric Neurosurgery, Paediatric Cardiac Surgery, Paediatric ENT & Urological procedures.

Focus

They will have exposure to provision of General Anaesthesia and Regional Anaesthesia. Fellows will also be involved in managing Paediatric surgical emergencies. The Fellows will also have a posting of 15 days each in Paediatric intensive care and in Neonatal ICU.

Career Prospects

Training in Paediatric Anaesthesia in a high volume centre and a post-doctoral fellowship recognized by a competent body (such as IAPA) should enable trainees to provide specialist care and incorporate the latest advances in the field of Paediatric anaesthesia into their routine clinical practice.

Fellowship in Advanced Obstetrics Ultrasound

Offered at Manipal Campus

Duration

1 year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.11.2021

Commencement of Classes:

March 2022

Program Description

This course aims to provide adequate training to young Obstetricians and Radiologists to perform Obstetric ultrasound to International standards. This short-term course is aimed at practising Obstetricians and Radiologists who don't aspire to specialise in fetal medicine but would like to improve their skills in Obstetric Ultrasound scanning to complement their clinical practice

Focus

Continuous learning process with theory and practical knowledge combined with hands on experience so that they would be able to perform obstetric scans across all gestations with confidence. During this period, they would be given adequate training to obtain the certificates of competencies from the fetal Medicine Foundation UK.

Career Prospects

This certificate course will give them an edge over other young obstetricians/ radiologists to perform obstetric ultrasounds with confidence, will give them competency certifications for NT/ targeted mid-trimester anomaly scans in par with international standards, will help them to practice high risk maternal-fetal medicine. Overall, this will help them get better opportunity for getting jobs in high-risk obstetric practice.

Fellowship in Oncopathology

Offered at Manipal Campus

Duration

1 Year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 09.07.2021

Commencement of Classes:

01.08.2021

Program Description

Oncopathology forms one of the core competencies of comprehensive cancer care, fellowship in oncopathology is a structured full-time post-doctoral training program of one year duration offered by the Department of Pathology, Kasturba Medical College, Manipal & affiliated to the Manipal Academy of Higher Education (MAHE).

The department comprises of a team of 20 pathologists & more than 10 adjunct faculty of international repute, specialising & practising as a part of specific tumour cluster with their clinical counterparts to form Multidisciplinary Tumour Board (MTB) teams, and the candidate will undergo rotation posting in the tumour clusters as part of training program.

The department handles over 18000 histopathology, 15000 cytopathology & 6000 immunohistochemistry requests with a formidable panel of over 80 immunohistochemistry markers.

The other state of art equipment & services include Deca head teaching microscope, slide scanner, immunofluorescence microscope, HLA cross typing, flow cytometry, dedicated PG teaching room with display, well stocked departmental library with over 120 books.

The laboratory services are NABL, ISO 9001 & ISO 14000 accredited and is an active participant in both internal & external quality assurance programs.

Focus

The course aims to impart advanced knowledge, skills and practices of oncopathology and to coach, mould & mentor a specialist in oncopathology capable of competent ethical practice individually or as a part of a multidisciplinary team to further patient care & medical research.

Career Prospects

The course aims to train the candidate for competent independent oncopathology practice individually in medical colleges, superspeciality cancer care centers or private hospitals.

Course overview

Oncopathology forms one of the core competencies of comprehensive cancer care, fellowship in oncopathology is a structured full-time post-doctoral training program of one year duration offered by the Department of Pathology, Kasturba Medical College, Manipal & affiliated to the Manipal Academy of Higher Education (MAHE).

Fellowship in Diabetes

Offered at Manipal Campus

Duration

1 year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 20.07.2021

Commencement of Classes:

01.08.2021

Program Description

Fellowship in Diabetes Mellitus involves training on comprehensive management of Diabetes Mellitus. The focus will be on providing knowledge and clinical skills on various aspects of Diabetes management including diagnostics, therapeutics, complication screening and management, preventive care, diabetes education and counselling and the use of latest technology. The Fellows will be trained in several aspects of comprehensive diabetes management, in managing different types of Diabetes with a good clinical exposure, diabetes related research and community programs.

Focus

To develop expertise in the compressive management of various aspects of Diabetes Mellitus

Career Prospects

Diabetes has become a major epidemic affecting society at largewith an estimated 72 million cases in 2017, a figure expected to almost double to 134 million by 2025. Clinicians' expertise in the management of Diabetes Mellitus is the need of the hour. The state of art training in comprehensive management of Diabetes will help them in excelling in their careers and provide evidence based diabetes care to their patients and community in large.

Fellowship in Hand and Micro Surgery

Offered at Manipal Campus

Duration

1 year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

1st Batch - 30.05.2021

2nd Batch - 30.11.2021

Commencement of Classes:

1st Batch - 01.07.2021

2nd Batch - 01.01.2022

Program Description

The fellowship will enable the candidate to provide specialist level Hand and Microsurgery services training that includes assessment, diagnosis of simple and complex Hand problems, appropriate investigations, conservative and operative management. It will also guide them with analytical ability to teach and carry out research in the Hand surgery related fields.

Focus

- Development of clinical expertise in the diagnosis and management of disorders involving the upper extremity with a comprehensive training in both orthopaedic and plastic surgery principles of hand disorders
- Refinement of clinical skills so new problems can be addressed based on patho physiologic and patient-oriented information, allowing an appropriate course of action to be initiated.
- Attainment of surgical expertise in traumatic, congenital, and acquired disorders of the upper extremity.
- Exposure to research investigations including clinical review and outcomes, and basic science research.

Career Prospects

The goal of the Hand and Microsurgery Fellowship is to prepare for academic clinical surgeons and to be competent in the knowledge of the practice of Hand surgery, to carry out this practice in a professional and ethical manner, to develop skills for continuing and self-reflective education in the field of hand surgery, and to understand hand surgery in the context of the healthcare system in which they will practice. The program provides a mix of basic hand surgery and complex hand surgery conditions amalgamating the principles of orthopaedic and plastic surgery training to provide a comprehensive experience enabling a holistic practice later. It emphasizes traumatic and acquired conditions of the hand, wrist, forearm, elbow, arm, and shoulder including tendon, peripheral nerve disorders, microsurgical training, brachial plexus surgery arthroscopy of the hand, wrist, joint replacement of the hand, wrist, and congenital hand surgery.

Fellowship in Infectious Diseases

Offered at KMC, Mangalore Campus

Duration

1 year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.06.2021

Commencement of Classes:
01.10.2021

Program Description

- To demonstrate understanding of the etiology, pathogenesis, clinical features, diagnosis, management and control of common bacterial, fungal, virus and parasitic infections.
- To demonstrate an understanding and attaining hands on experience in diagnostic microbiology and parasitology.
- To demonstrate ability to analyze and synthesize research findings for clinical and disease control decision making.
- To demonstrate ability to communicate relevant medical knowledge and principles at an appropriate level to patients, health care professionals, colleagues and other groups.
- To demonstrate an understanding of the role of basic and applied research in clinical and international public health.

Focus

- To produce post MD/DNB doctors in the field of infectious diseases as it one of the most rising concern in India at present and help to walk to the goal of developing antibiotic stewardship.
- There are several other fellowship programs which are conducted in other universities which majority a distant learning session whereas here we are planning a one to one session so that we will be able to produce better quality consultants in the field of infectious diseases.

Career Prospects

Fellowship in Infectious disease opens a wide range of opportunities for the candidates whether they choose to practice independently or pursue a career at institutions locally and internationally.

Fellowship in Paediatric Hematology and Oncology

Offered at KMC, Mangalore Campus

Duration

1 year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.06.2021

Commencement of Classes:

01.08.2021

Program Description

This post is suitable for doctors who are post MD /DNB or equivalent and wish to pursue a career in paediatrics with special interest in paediatric haematology or oncology or one who wants to become paediatric haematologist and oncologist. The post will be especially suitable for individuals wishing to gain specialist experience in paediatric haematology and oncology and is a full time appointment

Focus

The programme envisaged is to provide opportunity for Paediatricians to develop the skills, clinical knowledge in the management of pediatric hematology and oncology disorders b. To improve the quality of Paediatric cancer care support and treatment, in Karnataka and India

Career Prospects

- To recognize the health needs of the childhood cancers and carry out professional obligations ethically and in keeping with the objectives of the national cancer health policy.
- To master most of the competencies, pertaining to the speciality, that are required to be practiced at the primary, secondary and the tertiary levels of the health care delivery system.
- To be aware of the contemporary advances and developments in the pediatric haematology and oncology discipline.

- To acquire the spirit of scientific inquiry and is oriented to the principles of research methodology
- A comprehensive understanding of the pathophysiology of pediatric hematologic and oncologic disorders.
- Be competent in the clinical diagnosis and management of these disorders; understand clinical trials methodology and acquire competence in a selected research interest

Fellowship in Interventional Radiology

Offered at KMC, Mangalore Campus

Duration

1 year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.06.2021

Commencement of Classes:
01.10.2021

Program Description

Structured Hands on training in interventional body and neuroradiology

Focus

Therapeutic interventions

Career Prospects

In Institutes and Corporate hospitals

Fellowship in Head and Neck Oncology

Offered at KMC, Mangalore Campus

Duration

1 year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.06.2021

Commencement of Classes:
01.08.2021

Program Description

The objective of the program is to enhance the surgical skills of the candidate in head and neck oncology and reconstruction so that the fellows can independently handle majority of the aspects of head and neck oncology and reconstruction. The candidates are exposed to multitude of cases and are given an opportunity to experience newer trends in management like application of LASER, Robotic surgery, minimally invasive surgery.

Focus

The program focuses on broad clinical training with hands on experience in all aspects of head and neck surgical oncology and reconstruction. Emphasis is also placed on broadening the knowledge and expertise through research and application of advanced methodology and newer trends in evaluation and management of head and neck cancer.

Career Prospects

Fellowship in Head and Neck Oncology opens a wide range of opportunities for the candidates whether they choose to practice independently or pursue a career at institutions locally and internationally. Being a rapidly evolving field requiring expertise, the training and hands on experience obtained at our center equips the Head and Neck fellows with required expertise to function independently.

Fellowship in Geriatric Medicine

Offered at KMC, Mangalore Campus

Duration

1 year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.08.2021

Commencement of Classes:
01.09.2021

Program Description

A one-year Fellowship in Geriatrics aimed to produce internists with specialty training in the field of Geriatric Medicine.

The Fellow will be eligible for a 2-4 week period of Observership at the Geriatric Clinic at Carver College of Medicine, University of Iowa, Iowa City, U.S.A. during the Fellowship.*

The course aims to attract future healthcare leaders in the field of Clinical Geriatrics.

Focus

The course aims to provide hands on training to enable the Fellow to provide comprehensive and interdisciplinary health care and rehabilitation of older adults with serious illnesses and carry out research in the field of Geriatric Medicine.

Career Prospects

The Fellow will be qualified to independently establish and lead multidisciplinary geriatric departments and provide specialised care to seriously ill older adults.

> CENTRE FOR INTEGRATIVE MEDICINE AND RESEARCH [CIMR]

> DIVISION OF AYURVEDA

The Division of Ayurveda is an integral part of MAHE, established with a view to provide value based Ayurvedic treatment to the general public.

The Division under the umbrella of CIMR, has a wide stream of patients, referrals from other departments, collaborations with various national and international institutions along with incorporation of updated technical and investigative means. The numerous research activities have established the wisdom of Ayurveda and opened up new horizons in the field. The seminars, CME programmes, workshops have always set an example to others.

The Postgraduate Certificate Course in Panchakarma offered by the Division of Ayurveda is a 6-month program that involves:

- Practical oriented and evidence based learning.
- Audio visuals, bedside and hands-on experience of Panchakarma procedures.
- Seminars, group study, visit to Panchakarma centres and participating in national and international conferences, symposiums and workshops.
- Theoretical, practical, intellectual sessions and field study.

▶ Research Excellence

Research is an integral part of Division of Ayurveda. It always motivates the students to take up study projects which are reliable and can contribute to the science. Some research projects already completed and some of them are presented in national/international conferences like Evidence-based work on Prakruti analysis (Constitutional analysis), detox

therapy (Panchakarma) analysis, etc. Some of the studies published in indexed journals are:

1. A prospective single arm open pilot trial to study the antioxidant property of Ayurvedic massage therapy in healthy individuals
2. Anti-Bacterial activity of *Jasminum grandiflorum* Linn and *Tectonia grandis* using Coconut Oil as Media of Extraction
3. Effect of Oil Extract of *Jasminum grandiflorum* Leaves on Wound Healing Activity in Albino Rats
4. Evaluation of electrolytes following Basthi therapy
5. Role of Achara Rasayana in the prevention of disease

▶ Departmental Research work

1. A Clinical study on the Role of Capsule Antarth in the management of osteoarthritis - Funded by Millennium Herbal care Limited.
2. Evaluation of wound healing Properties of various doses of Triphala Extract on the Artificially wounded Mice - Funded by KMC, Manipal
3. Evaluation of anti-inflammatory, antioxidant and analgesic activities of Antarth in mice - Funded by Millennium Herbal Care Limited.
4. Comparative evaluation of Triphala and chlorhexidine as a mouth wash: A controlled clinical study - Funded by ICMR

5. Clinical Evaluation of Efficacy and safety of forslean for lean body mass promotion in class I obese subjects - Funded by Sami Labs Bangalore
6. Evaluation of LIV.52 DS in Infective Hepatitis (Double -Blind Placebo-Controlled Clinical Trial) - Funded by The Himalaya Drug Company, Bangalore.
7. A prospective clinical trial to study the anti-oxidant property of Ayurvedic massage therapy on healthy individuals - Non funded project.
8. A randomized Placebo-controlled, multicentric, double-blind, parallel group study to determine the immune response of various Ayurvedic Preparations in Obese subjects with concurrent metabolic dysfunction - Funded by Kerala Ayurveda Limited.
9. Forslean II clinical trial on Obesity - Funded by Sami Labs, Bangalore.
10. Acne Treatment Using Ayurveda - Non funded.
11. A prospective clinical trial to study the antioxidant property of abhyanga in healthy individuals - Non funded.
12. A comparative study on the wound healing property of *Tectonia grandis*, *Ficus religiosa* and *Jasminum grandiflora* - Non funded.
13. Evaluation of the antibacterial activity of *Jasminum grandiflorum* and *Tectonia grandis* - Non funded.
14. A clinical study to assess the efficacy of Psoriasis Cream - a formulation for the management of Psoriasis-Trail one - Funded by Sami Labs, Bangalore
15. A clinical study to assess efficacy and Safety of *Boswellia serrata* Cream., a formulation for Management of Psoriasis - An open, Multi-Centric, Phase 3 Clinical Trial - Funded by Sami Labs, Bangalore.
16. A Randomized, Comparative Clinical Study to Evaluate the Efficacy and Safety of Cystone GNX Tablet in Urolithiasis - Funded by Himalaya Drug Company

17. A Multicenter, Open-Label, Randomized, Parallel Group Clinical study designed To examine the efficacy and safety of TLY -001 in both Kashayam and Kashayam tablet.

▶ Research Projects

1. Evaluation of patterns of inheritance of phenotypes in defined Human Dosha Prakriti
2. Study on effect of Ayurveda therapies on Osteo arthrosis of knee joints – A pilot study (part of PhD work)
3. A study of Allopathic and Ayurvedic Dietary Decision Support System on Health Profile of People with Pre- Diabetes and Type 2 Diabetes Mellitus
4. To study the curative effect of Guggulutiktaka Ghritam on atherosclerotic induced mice model-A Pilot study.
5. Automated temperature measurement and regulation in Ayurveda Katibasthi treatment in the management of lumbosacral spine diseases
6. Effectiveness of poly herbal formulation on inflammatory markers in newly diagnosed Type 2 Diabetes Mellitus patients

▶ On going project

1. The effect of interprofessional approach in Management of obesity- An Observational study - Non funded.
2. Experimental evaluation of antimicrobial property Coscinium fenestratum on MDR and other bacterial strains - Non funded.
3. An experimental evaluation of antimicrobial property of Ayurvedic Herbo-mineral drugs on MDR tubercular bacilli - MAHE Funded
4. Randomised controlled trial of Ayurvedic therapies in the management of Osteoarthritis of Knee joints- A pilot study

Post Graduate Certificate Course in Panchakarma

Duration

6 months

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Last date to apply:

Batch 1 - 18.12.2020;

Batch 2 - 18.06.2021

Commencement of Classes:

Batch 1 - 01.01.2021;

Batch 2 - 01.07.2021

▶ Program Description

- Practical knowledge to trainees to deliver various Ayurvedic Therapies according to instructions of Physician
- Hands-on experience of Panchakarma procedures
- Theoretical, practical sessions and field study
- Participating in workshops

▶ Focus

The students will be trained both theoretically and practically so that they are professional at the end of the course

▶ Career Prospects

- a. Can join any reputed Ayurvedic Hospitals/Ayurvedic therapy centres in India & abroad.
- b. Can join at Wellness Centres/Spas/ Massage Parlours

> DIVISION OF YOGA

Division of Yoga started according to the vision and mission of Padmashree Dr. T M APai.

Established - in January 1980 at KMC, MAHE by Professor Dr. K Krishna Bhat, PhD.

PG Diploma in Yoga Therapy program - 1985 to 1998.

M.Sc. in Yoga Therapy, since 1998 onwards.

Division of Yoga - 2015 onwards working under Centre for Integrative Medicine & Research (CIMR), MAHE, Manipal.

▶ Aim of the Division

- To provide Yoga Therapy to the patients who are suffering from various kinds of disorders along with all modern facilities of treatment available in the hospital.
- To provide regular yoga training to staff & students of MAHE and to the public.
- To train the staff and students to develop skills in Yoga Therapy and research.
- It combines a philosophical approach with empirical research to lay the foundation of integrative medicine.

▶ Advantages

It aims to develop the skill to apply Yoga techniques in the treatment of health disorders along with proper classical knowledge of Yoga as well as laboratory studies. People who are trained here may run their own Yoga centers, join hospitals or colleges to work as an expert in Yoga Therapy or a lecturer in Yoga Therapy. The course also concentrates on research in the field of Yoga Science and Yoga Therapy.

Manipal Campus

Introduction

Manipal College of Dental Sciences, Manipal, a constituent unit of Manipal Academy of Higher Education, was the first private dental college in India to be established in the year 1965. With a mission to achieve Global excellence in dental education and oral healthcare, the college envisions to be a leader in oral healthcare at national and international levels. The institute is well-known for the state of the art facilities, diversity of students, a large spectrum of innovative courses and the quality of education offered to students from across the globe.

Courses Offered

The institute offers undergraduate, postgraduate, diploma and certificate programmes in various branches of dentistry. Bachelor of Dental Surgery [BDS], diploma courses in dental mechanics, dental operating room assistant and dental hygienist, Master of Dental Surgery [MDS] in all specialties, postgraduate diploma in dental materials are offered by the institute. In addition, the institute also offers certificate programs in Oral Implantology, Aesthetic Dentistry, Laser Dentistry, and Integrate dental photography.

Recognitions and accreditations [Rankings]

Manipal College of Dental Sciences, Manipal has been recognized by Dental Council of India since 1970. It is consistently ranked as best private dental institution in the country. The college is ranked second overall in the country among the dental institutions in the country in the recently announced rankings by National Institute of Ranking Framework [NIRF], Ministry of Human Resources Development, Government of India. BDS offered by MCODES, Manipal is recognized by Malaysian Dental Council, Kathmandu University and Sri Lankan Medical Council. The college is ISO 9001:2015, 14001:2015 and 500001:2004 certified under Manipal Academy of Higher Education.

Academics

The curriculum of all the courses is in accordance with the syllabus prescribed by Dental Council of India and focusses mainly on three aspects viz., Knowledge, skills and attitude. To cater for the fast changing concepts and new developments in clinical techniques, the curriculum is revised regularly. Recently, the institute has introduced Outcome Based Education for BDS program with an emphasis on the student centric learning. The program outcomes, courses outcomes are clearly specified and are integrated

into teaching learning activities that include both conventional methods such as didactic lectures, hands on training and practical exercises, and chair side teaching, along with a variety of innovative methods such as problem based learning, case based learning, role play, self-directed learning, table clinics, etc. are used for the curriculum delivery. All the teaching and learning resources are made available to the students through Lecture Management System [LMS] via Impartus, Microsoft Teams as well as Edunxt® platforms. The institute also offers subscription to Coursera to all the students with an access to various online courses thus utilizing the Massive Online Open Course systems (MOOC's). With an emphasis on continuous learning, the assessment is carried out in the form of formative and summative assessments using a blend of conventional assessments along with Objective Structured Practical and Clinical Examination systems. (OSPE/ OSCE).

The institute also organizes regular training programs, workshops, guest lectures involving alumni and distinguished and accomplished faculty from India and Abroad for the benefit of students.

► Infrastructure

The institute is housed in two buildings Viz., Center for Basic Sciences and Dental Clinics. The centrally air conditioned lecture halls are equipped with state of the art audio-visual facilities such as LCD projectors, video capturing, white board and black boards. The laboratories are also centrally air conditioned and has state of the art facilities/equipment such as phantom heads, casting machines, ceramic furnaces, etc. for preclinical training with an access to latest materials. Phantom Head laboratory is also equipped to live stream the demonstrations so that the students can follow the demonstration from their workstation itself.

The clinical building is centrally air conditioned and provides high class infrastructure that caters to the needs of students, faculty and patients to offer the finest patient care and technological resources necessary to support the teaching, learning, and research activities. There are separate undergraduate and post graduate sections in each department and are equipped with over 320 electronic dental chairs with facilities such as CBCT, mannequins for radiology training, endodontic microscopes, loops, digital radiography, intra oral camera, piezo surgical units, hard and soft tissue lasers, 3D cephalometric imaging software, physio dispenser for placement of orthodontic implants, etc. for clinical training as well as treatment purposes. In addition to the training at the dental clinics, students are also trained in community set up using a well-equipped mobile dental clinic. The college organizes regular dental camps in and around the Udupi district to cater to the oral health care needs of the community and delivery dental treatment at their door-step. The institute also organizes regular school health programs for screening and treatment of oral health conditions at various schools. A dedicated Tobacco-cessation clinic caters to the identification, counselling of patients with tobacco chewing habits and helps them quit the habit. An exclusive mobile dental van is utilized for this purpose. Also, the

institution also set up five satellite clinics at various places to extend the services of oral health care delivery. The institute emphasizes field learning of the students. It hence undertakes field visits multiple centers such as Community Health Centre, Hebri, Milk Dairy, and Sewage treatment plant, Manipal, to understand the process and its impact on health. All the departments have departmental library facilities with access to the latest references book, library dissertations, etc. Besides, all the faculty and students have access to library resources through online access along with Wi-Fi or LAN facility. The college utilizes skills lab facility to provide hands-on preclinical training such as basic life support, parenteral drug administration, etc.

► Faculty

Regular faculty

The institute has full-time faculty and are well-qualified in various specialties of dentistry. In addition to statutory requirements, some of the faculty have additional qualifications such as Ph.D. Some of the faculty are also specialized in various specialties such as Implantology, esthetic dentistry, laser dentistry, dental photography, etc. In addition to teaching activities, the faculty are actively involved in patient treatment as well as research activities. To keep abreast of the recent developments in dentistry, all the faculty regularly undergo training by attending faculty development programs, continuous dental education programs, workshops, etc. with financial assistance from the institute.

International adjunct faculty

In addition to the regular full-time faculty, the institute has about 15 distinguished professionals and well accomplished alumni as adjunct faculty from across the globe. The institute actively utilizes them to deliver guest lectures, training programs to the students.

► Research and innovations

Manipal College of Dental Sciences, Manipal offers a research enabling environment for both faculty and

students by constantly upgrading the research facilities and by encouraging participation of all in its research activities through collaborations. Faculty of the institute are actively involved undertaking various research projects, publication of the research findings in reputed journals, filing of patents, etc. The research focus of the institute mainly focusses on various thrust areas related to various aspects of oral health care. A large number of research activities at the institute are funded by National and International funding agencies, Manufacturers of various dental industries or they are conducted in collaborations with other academic institutes or laboratories. The institute encourages all the students to undertake research activities including undergraduate students. The postgraduate and undergraduate students are provided with financial assistance to undertake research projects. To facilitate the inculcation of research interest in students, the institute initiated a student research forum through which the students are mentored by the faculty through their research activities. In addition to undertaking research, the institute also organizes and encourages students to attend research related activities such as workshops, CDE programs or training programs. The institute also offers financial assistance to the students to attend such programs as well as publishing their research in reputed journals.

The institute also encourages Faculty and students to pursue their innovative thinking skills and ideas in association with Manipal Universal Technology Business Incubator or Bioincubators. The institute provides mentoring facilities and provides necessary support for filing patents and for initiating start up.

The faculty actively undertakes research in collaboration with national and international bodies, manufacturing companies, universities, etc. During the last five years, the institute has undertaken research projects worth 2 crores. The quantum and quality of research output in terms of publications is among best in the country.

▶ Collaborations and partnerships

Manipal College of Dental Sciences, Manipal has memorandum of understanding with various universities and industries for academic and research collaborations across the globe. The institute also has active collaborations with well-known dental industries such as Nobel Biocare, The institute has Memoranda of Understanding (MoU) with numerous universities such as King's College London., UK, Boston University., USA, University of Sheffield., USA, University of Dublin., Ireland, Charles Stuart University., Australia, University of Texas Health Science Center, San Antonio., USA, The Universidade Estadual De Campinas., Brazil, University of RAK Medical & Health Sciences University., UAE, Chang gung memorial hospital., Taiwan, University of IOWA., USA, California State University., USA, Karabuk University., Turkey, University of Peradeniya., Sri Lanka, University of Sydney., Australia, University of Hiroshima., Japan, UCAM Universidad Catolica San Antonia De Murcia., Spain, University of Kentucky., USA, Tel-Aviv University., Israel.

▶ Internship and exchange programs

The institute offers student exchange and externship programs for its students at the partner institutions with which it has MoU for academic purposes. Similarly, institute also offers externship internship program for students from other intuitions from abroad.

▶ Community services

The institute is actively involved in community oral health program as well as structured school health programs in and around Udupi districts. The institute has about five satellite centers established to cater to the needs of rural population with limited access to the horal health care. Faculty and students of the institute are actively involved in organizing oral health camps regularly at the satellite centers. The institute also has well equipped mobile dental van

to facilitate delivery of oral health care services at rural and remote areas. Over 300 oral health camps and related activities are conducted throughout the year to cater to the needs of the people in and around Udupi district and to increase the oral health care awareness among the general public. The institute is actively involved in tobacco cessation program and has successfully implemented the same by adopting a village for this program. In addition, the institute also organizes dental camps in collaborations with local bodies and NGO's. In addition, student's council of the college is actively involved in undertaking various socially oriented activities either alone or in collaboration with Volunteer Services organization of Manipal Academy of Higher Education.

Besides these, student's council is also actively involved in celebration of national days and regularly organizes roadshows, street plays or other similar activities to promote oral health care awareness among the general public.

▶ Cocurricular activities [include student club, sports, literary, cultural]

Student's council of MCODES, Manipal elected by students of the institutions is actively involved in co-curricular activities throughout the year. Student's council organizes interclass cultural and sports activities. Students clubs such as skills club, dramatics club, literary club, etc. regularly organizes events for active participation of students. Student's council also organizes interclass sports, cultural and literary events.

▶ Alumni

MCODES, Manipal alumni are spread across the globe and proudly contributes to the success of our institution. They are actively involved in delivering guest lectures, workshops or training program, career guidance programs. At least one alumni reunion is organized by the institution every year. During the alumni reunion, alumni share their success stories and shares feedback on various aspects of

dentistry with the students, faculty and management. Alumni also contribute and give back to the institution. With a strength of around five thousand alumni, the institute boasts of its successful alumni occupying various administrative and academic positions at prestigious institutions both at national and international institutions.

▶ Placement

The graduating students from our institute are known to be successful at both national competitive exams such as PG-NEET as well as other examinations aboard such as NDBE, ORE, etc. Most of the undergraduate student pursue their masters and secure a postgraduate admission in their first attempt through PG-NEET. Some of the graduates also pursue their dental career in Canada, USA, Australia, UK and Europe. Most postgraduate students are employed either as academic faculty at various dental institutions in the country, consultants at various dental specialty clinics or set up their own private practice. In addition, some of the postgraduate students also pursue research as a career after post-graduation.

▶ Uniqueness

- A curriculum that focusses on learning outcomes with student centric learning
- State of the art learning facilities with an emphasis on student centric teaching and learning methods
- Teacher-Guardian mentoring program
- Facilities for engagement in academic and non-academic activities through various student clubs.
- Student forum for research engagement right from undergraduate program
- Innovation and Technology business incubation facilities
- Comprehensive Student Life Cycle Management system and access to online teaching material created by teaching faculty.

Mangalore Campus

Introduction

Founded in 1987, MCOCS, Mangalore (a constituent college of Manipal Academy of Higher Education, Manipal) is the country's first dental college to admit 100 students to BDS course from the very first year of inception along with simultaneous commencement of postgraduate programmes. MCOCS, Mangalore is a constituent unit of the Manipal Academy of Higher Education, a Deemed to be University, and follows the guidelines of Dental Council of India and was recognized by it in the year 1991. The institute forms the part of Manipal Academy of Higher Education which is accredited with highest A grade by the National Assessment and Accreditation Committee (NAAC). The institute follows the ISO 9001:2015 and 14001:2015 standards, imparting quality health care to patients as well as excellent education to students.

Courses Offered

The institute offers undergraduate, postgraduate, diploma and certificate programmes in various branches of dentistry. The College offers innovative certificate courses in Restorative Dentistry, Cone Beam Computerized Tomography, Forensic Odontology, Minor Oral Surgery Procedures, Modern endodontics and Microimplants for anchorage. Our institute has started Centres for Dental Advanced Education, Tobacco Cessation and Forensic Odontology. Additional Centres are being planned for caries research, pain alleviation, maxillofacial prosthesis, cleft palate, oral systemic link and oral cancer screening.

Recognitions and Accreditations [Rankings]

As per the survey by the nationally acclaimed magazines in 2019 and 2020, the institute is currently ranked one among the top 5 private colleges of India (Week magazine – Over all 7th rank, among private colleges 2nd rank among the top private colleges, India Today – Over all 11th rank and 3rd among the top private colleges Outlook magazine – Over all 7th rank, among the top private colleges 4th rank). The institution has secured 6th rank in the National Institute Ranking Framework conducted by MHRD.

Academics

Our institute has recently upgraded the curriculum to an outcome-based education system which will modify the curriculum delivery from a teacher-centric to a student-centric mode. The assessment is also integrated with a software InPods which gives the analytics of the individual student performance as well as mapping with the course and programme outcomes. The curriculum has been designed in accordance with the syllabus prescribed by the Dental Council of India (DCI). The core courses are the Bachelor's and Master's degrees in Dental Surgery. The institute has enabled the use of the online learning management system (LMS) via Impartus as well as the Edunxt® platform and Impartus lecture capture system, which facilitates the delivery of the course content in the form of videos, demonstrations, lectures, powerpoint slides, PDF's etc. The curriculum supports the use of innovative teaching modalities of 'flip classroom', small group teaching, student-directed learning etc. The evaluation has been divided into formative and summative assessments and the practical assessment utilizes the Objective Structured Practical and Clinical Examination systems. (OSPE/OSCE). The university has subscribed to the "Course era" platform which delivers online courses on a variety of subjects, thus utilizing the Massive Online Open Course systems (MOOC's).

Infrastructure

MCOCS, Mangalore is spread over three locations, conveniently accessible in the city, namely Light House Hill Road, Attavar and Bejai with dedicated facilities in each of them. A total of 311 dental chairs, state-of-the-art dental equipment, centrally air-conditioned library, modern air-conditioned lecture halls and continuing professional development (CPD) rooms with audio-visual aids, phantom head simulation laboratories for preclinical training and access to the newer generation of dental materials ensure delivery of optimal training to the undergraduate and postgraduate students. The institute has a mobile dental clinic with two automated dental units that render treatment in peripheral nodal centres and areas with limited access to dental care. MCOCS, Mangalore successfully conducted 405 dental camps screening and treating 27,293 patients in the year 2019. The institute also provides segregated hostel facilities for both male and female students with transport provided from the hostels to the institute. The 3D Cone Beam Computerized Tomography (3D CBCT) in our college is the first fully loaded system installed in the country. The Surgical Skills Laboratory, the first of its kind in a dental institute in India, has life-size mannequins for hands-on preclinical training in injection techniques (local anaesthesia, IM/IV), tooth extraction, suturing techniques and basic life support. The state of the art surgical microscope and the CAD Cam equipment are the new equipments added to the inventory of MCOCS, Mangalore.

▶ Faculty

Regular Faculty

The dedicated teaching faculty are updated with recent advances in dentistry and contribute to the dental scientific temper by way of research, grants, publications in various international and national journals (108 scopus indexed publications in 2019) and scientific presentations at various international and national fora (112 papers presented by faculty and students in 2019). Our researchers have received a grant of ₹54 lakhs in the last 5 years from various national and international bodies. The faculty has found a permanent place in the field of dentistry by being authors of books that are sought after by students in India and abroad. The consistently excellent performance of our students who achieve top ranks in various national competitive postgraduate examinations and those studying further in international universities is a surrogate marker and testament of the high quality of training offered to the students of MCOCS, Mangalore.

International Adjunct Faculty

Collaboration and constant upgradation of the skills practiced globally is a must for wholistic development of the student as well as the faculty. In this regard we have seven adjunct faculty which include faculty from University of Portsmouth, UK, University of Buffalo, USA and Faculty of Dentistry, Hong Kong University, Hong Kong.

▶ Research and Innovations

MCOCS Mangalore encourages research, innovation, research publication, patent filing and technology commercialization at undergraduate and postgraduate level. We have collaborative and interdisciplinary research programs in association with premier research laboratories and has secured research grants from government both state and central (VGST, ICMR), industries and international funding agencies. The faculty members of MCOCS Mangalore hold a record of being the foremost amongst Indian dental institutions in

authoring textbooks that are preferred and recommended reading at most Dental Colleges in India. This includes 29 textbooks besides contributions of chapters to many other textbooks. In the last 5 years, faculty and students published a total of 355 articles in reputed scientific journals, besides 560 presentations at various national and international conferences, and >400 research projects, >30 of which were funded by external grants. Five members of the faculty have been awarded PhD.

Staff and students of MCOCS, Mangalore over the years have been associated with innovation incubators like Philips Base of Pyramid and Manipal Academy Technology Business Incubator. A total of thirty-two innovative equipment and prototypes have been conceptualized and designed by students and members of the faculty of our institute who have also bagged the Manipal Academy of Higher Education Innovation Day awards twice in last 5 years.

▶ Collaborations and Partnerships

Student and Staff Exchange Programs are facilitated through our MoU's with foreign universities. Our college has Memoranda of Understanding (MoU) with University of Iowa, USA, University of Sheffield, UK, University of Portsmouth, UK, UiTM, Malaysia, Tokushima University (Japan) and Griffith University (Australia), in addition to the University MoUs with Universities of Hiroshima (Japan), Sydney (Australia), Kentucky (USA), Peredeniya (Sri Lanka), Karabuk (Turkey), and UCAM Universidad Catolica San Antonia De Murcia, Spain, for academic exchange programmes. Our staff and students have benefited immensely from such visits and academic exchange programmes at the University of Iowa, University of Portsmouth, and the University Teknologi Mara (UiTM), Malaysia.

It has endeavoured to meet the challenges of global recognition and is recognized by the Malaysian Dental Council, Kathmandu University (Nepal) and Sri Lanka Medical Council.

▶ Internship and Exchange Programs

The students have a compulsory rotatory internship in the final year of their graduation. MCOCS, Mangalore has collaborated for a research project with Boston University, Boston, USA and Royal College of Surgeons. Students from the University of Dundee, Scotland have completed their elective posting at our institution. We are also identified as one of the research centres by Hindustan Unilever Limited (HUL) for clinical trials. School health program is held in collaboration with the Dental Academy, University of Portsmouth, UK. We are a nodal training centre to offer programmes by the Korean Orthodontic Research Institute.

▶ Community Services

Community outreach programs are regularly conducted in our institution to bring oral health care closer to the underserved populations. A total of five peripheral centres have been adopted by the institution where screening, health education and treatment programs are conducted regularly in a fully equipped mobile dental bus. The institution has a tobacco cessation centre which provides tobacco cessation services and spreads awareness about ill-effects of tobacco use. The institution works in collaboration with national, regional and local organizations in government sector, private sector and Non-Governmental Organizations (NGOs) such as IDA, Red cross to bring oral health closer to the community. The students enjoy doing social services through Direction In Society For Human Awareness (DISHA), a voluntary organization run by the students of the Institute as well as thorough the Voluntary Service Organization (VSO) of the university. The literary unit of the student council publish student magazines, pamphlets for dental health and participate in the road shows for oral health awareness.

► **Cocurricular Activities** **[Include Student Club, Sports, Literary, Cultural]**

MCODS, Mangalore has a dedicated students council. The student council organizes the “Dental Week” where the students showcase their literary and co-curricular talents. The students participate in the intercollegiate programme “Utsav” (an intercollegiate cultural programme organized by MAHE), where we were the champion in the year 2016, second runners up in 2017, first runners up in 2019 from amongst the 21 constituent institutions.

College has numerous clubs to encourage and nurture talent and includes the literary club, the drama club, the dance club and music club to name a few. The Crown jewel of the music club is the college Band ‘Silver Creek’ which has participated in various inter college events in and around Mangalore.

► **Alumni**

MCODS Mangalore is proud to have a thriving and united alumni network. Our alumni, numbering 3434 spans across the seven continents and serve as brand ambassadors for our college in the community. We have a unique alumni portal that is web based and serves as a platform to connect, network and grow. Various local alumni chapters across India and abroad meet regularly and a Silver Jubilee Reunion is hosted every year at Mangalore to commemorate the 25th year of every academic batch. Our Alumni also give back to their Alma Mater through mentoring and funding opportunities. This year, Alumni Relations, MCOCS Mangalore has launched a pioneering program aimed at connecting students with alumni more meaningfully with the Alumni Student Mentorship Program. Our alumni have tasted success in academia with many of our alumni associated with teaching roles in prominent universities both in India and abroad and some of them donning the mantle of Heads of Departments/ Institutions in India and abroad. We are also proud that many have made a mark in private practices in India and

abroad with many of alumni having set up high quality treatment centres that are improving the lives of the communities they serve.

► **Placement**

Our institute has always been very proactive in the success story of PG NEET exams. On an average, annually year nearly 50% of our graduates are successful at the all India and State postgraduate entrance examinations and pursue higher education.

The progression rate is one of the highest for any dental institute in the country. Many of our graduates have pursued or are pursuing higher education in Canada, USA, Australia, UK and Europe. Besides, hundreds of graduates are successful general dental practitioners in various parts of India and the world. Our students have participated in the Swachh Bharat Summer internship and also volunteer as a part of AIESEC; a global non-profit youth run organization.

► **Uniqueness**

- Teacher-Guardian mentoring for all 4 years of BDS.
- Active encouragement and financial support for presentations at conferences by students and faculty.
- Outcome-based education mode of delivery of curriculum.
- Student centred learning
- Comprehensive ‘student life cycle management’ system and access to online teaching material created by teaching faculty.
- Holistic development of students and staff: Personality development, gender sensitisation programmes, practice management, activities that foster universal values, patriotism and social cohesion etc.

Bachelor of Dental Surgery (BDS)

Offered at MCOCS, Manipal and Mangalore Campuses

Duration

4 years plus 1 year compulsory rotating internship.

Eligibility Criteria & Admission Process Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules Refer **Section 3**

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

02.08.2021

► **Program Description**

BDS is a 5 year (4 years academic education + 1 year compulsory, rotating internship) undergraduate professional degree program designed to train students in all fields of dentistry such that students become competent, compassionate and caring oral health care professionals through excellence in teaching, patient care and research.

► **Focus**

BDS program focusses on providing training in Basic Sciences (Human Anatomy, Embryology, Histology & Medical Genetics, Human Physiology & Biochemistry, Nutrition & Dietetics, Behavioral sciences including both sociology and psychology) Pre-clinical (Dental Anatomy, Embryology and Oral Histology, General Pathology & Microbiology, General and Dental Pharmacology and Therapeutics, Dental Materials, Forensic Odontology and Ethics) and Clinical (General Medicine, General Surgery, Oral Medicine and Radiology, Conservative Dentistry and Endodontics, Periodontology, Oral & Maxillofacial Surgery, Prosthodontics and Crown & Bridge, Oral Implantology Paediatric & Preventive Dentistry, Orthodontics & Dentofacial Orthopaedics and Public Health Dentistry) subjects

▶ Career Prospects

BDS graduates can set up their own dental clinic, work in government health services or private hospitals as dental surgeons, work in academic institutions as faculty or in dental product manufacturing companies as subject experts. They may also pursue postgraduate studies and clinical research or pursue International dental programs, MBA in Health Management or Administration or MPH (Master of Public Health). Dentists are being recruited for defense services as short service commissioned officers for definite period which is extended according to the government rules. There are many government opportunities like Dentist in Railways and Dental officer in Indian Armed Forces.

MDS Conservative Dentistry and Endodontics

Offered at MCODES, Manipal and Mangalore Campuses

Duration

3 years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

▶ Program Description

MDS in Conservative Dentistry & Endodontics is a three year Postgraduate program designed to train students in the diagnosis and treatment of the diseased or injured teeth. The purpose of the course is to provide advanced education in the specialty to ensure excellence in Patient care, teaching and research.

▶ Focus

The program focuses on Basic Sciences, Conservative Dentistry & Endodontics. The course is designed to facilitate experiential learning with multi-disciplinary approach to master differential diagnosis and to address challenging clinical situations.

▶ Career Prospects

The career opportunities after MDS in this specialty include Consultancy, Specialty Practice, Faculty in academic institutions, Government health services, Research, Hospital Management, Defense Services, International Job/ research opportunities, PhD in India and abroad. Opportunities are also available in the research & advisory departments of dental materials and equipment manufacturing units

MDS Oral and Maxillofacial Surgery

Offered at MCODES, Manipal and Mangalore Campuses

Duration

3 years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

▶ Program Description

MDS in Oral & Maxillofacial Surgery is a three year Postgraduate program. The program is designed to provide dental graduates advanced training in the surgical management of diseases and disorders of the oral and maxillofacial structures. The purpose of the course is to provide advanced education in the specialty to ensure excellence in patient care, teaching and research.

▶ Focus

The program focuses on training students to gain expertise in surgical treatment ranging from simplest tooth extraction procedures to complex procedures which require extensive surgery of the oral and maxillofacial region for the purpose of enhancing function, appearance and/or correcting defects, repairing injuries or managing diseases.

▶ Career Prospects

The career opportunities after MDS in this specialty include Consultancy, Specialty Practice, Faculty in academic institutions, Government Health services, Research, Hospital Management, Defense Services, International Job/ research opportunities, PhD in India/ abroad, Fellowships in craniofacial surgery, cleft lip and palate surgery, orthognathic surgery, maxillofacial trauma management and opportunity to be part of Operation Smile, Smile train or similar programs

MDS Oral Medicine and Radiology

Offered at MCOCS, Manipal and Mangalore Campuses

Duration

3 years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Program Description

MDS in Oral Pathology & Microbiology is a three year Postgraduate program. The program is designed to provide dental graduates advanced training in microscopic diagnosis of diseases of oral and paraoral structures. The purpose of the course is to provide advanced education in the specialty to ensure excellence in patient care, teaching and research.

Focus

The program focusses on providing training in the basic and advanced histopathological diagnosis of specimens and in carrying out diagnostic procedures including cytological, microbiological, immunohistochemical and other investigations

Career Prospects

The career opportunities after MDS in this specialty include Consultancy, Specialty Practice, Faculty in academic institutions, Government health services, Research, International Job/research opportunities, PhD in India and abroad, Fellowships in advanced oral biology and genomic technologies

MDS Orthodontics and Dentofacial Orthopaedics

Offered at MCOCS, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

MDS in Orthodontics & Dentofacial Orthopaedics is a three year Postgraduate program. The program is designed to provide dental graduates advanced training in correction of malocclusion. The purpose of the course is to provide advanced education in the specialty to ensure excellence in patient care, teaching and research.

Focus

The program focusses on providing training in the diagnosis, prevention, interception, and correction of malocclusion and other abnormalities of the developing or mature orofacial structures

Career Prospects

The career opportunities after MDS in this specialty include Consultancy, Specialty Practice, Faculty in academic institutions, Government Health services, Research, Hospital Management, Defense Services, International Job/research opportunities, PhD in India and abroad and Advisor for dental equipment and materials manufacturer

MDS Pediatric and Preventive Dentistry

Offered at MCOCS, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

MDS in Pedodontics & Preventive Dentistry is a three year Postgraduate program. The program is designed to provide dental graduates advanced training in both primary and comprehensive, preventive and therapeutic oral health care of children including those with special health care needs. The purpose of the course is to provide advanced education in the specialty to ensure excellence in patient care, teaching and research

Focus

The program focusses on providing training in diagnosis, prevention and management of oral and dental diseases in children, including those with special health care needs

Career Prospects

The career opportunities after MDS in this specialty include Consultancy, Specialty Practice, Faculty in academic institutions, Government Health services, Research, Hospital Management, Defense Services, International Job/research opportunities, PhD in India/ abroad

MDS Periodontology

Offered at MCOCS, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

MDS in Periodontology is a three year Postgraduate program. It is designed to provide dental graduates advanced training in diagnosis, prevention and management of diseases of the supporting and investing structures (periodontium) of the teeth. The purpose of the course is to provide advanced education in the specialty to ensure excellence in patient care, teaching and research

Focus

The program focusses on providing training in the various methods of diagnosis, prevention and management of diseases affecting the periodontal tissues

Career Prospects

The career opportunities after MDS in this specialty include Consultancy, Specialty Practice, faculty in academic institutions, Government Health services, Research, Hospital Management, Defense Services, International Job/research opportunities, PhD in India/abroad. Opportunities are also available in the research & advisory departments of pharmaceutical and other companies manufacturing oral care products and medicines such as toothpastes, gum care products, mouth wash, etc.

MDS Prosthodontics and Crown & Bridge

Offered at MCOCS, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

Refer NEET 2021 guidelines

Commencement of Classes:

03.05.2021

Program Description

MDS in Prosthodontics and Crown & Bridge is a three year postgraduate program. Training in this discipline provides advanced training to the dental graduates in diagnosis, treatment planning, rehabilitation, and maintenance of oral function, comfort, appearance, and health of patients with clinical conditions associated with missing or deficient teeth and/or oral and maxillofacial tissues using biocompatible substitutes. The purpose of the course is to provide advanced education in the specialty to ensure excellence in patient care, teaching and research

Focus

The program focusses on providing the dental graduates training to achieve higher level of competence in both general and specialty areas of Prosthodontics and prepare them to develop teaching, research and clinical abilities

Career Prospects

The career opportunities after MDS in this specialty include Consultancy, Specialty Practice, faculty in academic institutions, Government Health services, Research, Hospital Management, Defense Services, International Job/research opportunities, PhD in India/ abroad, Advisor for dental equipment and materials manufacturer

MDS Public Health Dentistry

Offered at MCOCS, Manipal and Mangalore Campuses

Duration

3 Years

Eligibility Criteria & Admission Process
Refer Section 2

Course Fees, Hostel Fees, Refund Rules
Refer Section 3

Last date to apply:
Refer NEET 2021 guidelines

Commencement of Classes:
03.05.2021

Program Description

MDS in Public Health Dentistry is a three year postgraduate program. Training in this discipline provides advanced training to the dental graduates in prevention and control of dental disease and promotion of dental health through organized community efforts. The purpose of the course is to provide advanced education in the specialty to ensure excellence in Community oral health care, teaching and research

Focus

The program focusses on providing the dental graduates advanced training in general dentistry at the out-reach levels and research on oral health care

Career Prospects

The career opportunities after MDS in this specialty include Consultancy, Specialty Practice, faculty in academic institutions, Government Health services, Research, Hospital Management, Defense Services, International Job/research opportunities, PhD in India/ abroad and opportunities in government bodies involved in planning of various policies related to oral health

PG Diploma in Dental Materials

Offered at MCOCS, Manipal and Mangalore Campuses

Duration

2 years

Eligibility Criteria & Admission Process
Refer Section 2

Course Fees, Hostel Fees, Refund Rules
Refer Section 3

Last date to apply:
Refer NEET 2021 guidelines

Commencement of Classes:
03.05.2021

Program Description

PG Diploma in Dental Materials is a two year postgraduate program. It is designed to train dental graduates in the field of materials science related to dentistry. The purpose of the course is to provide advanced education in the specialty to ensure excellence in teaching and research

Focus

The program focusses on basic science of materials (element of materials science, chemistry of materials, polymer, ceramic and composite), their clinical applications, performance and biocompatibility

Career Prospects

Training in this discipline provides the opportunity to teach the subject in dental colleges and work in research laboratories and dental materials manufacturing units. It also provides the opportunity for pursuing PhD

PG Certificate Course in Laser Dentistry

Offered at MCOCS, Manipal Campus

Duration

6 months

Eligibility Criteria & Admission Process
Refer Section 2

Course Fees, Hostel Fees, Refund Rules
Refer Section 3

Last date to apply:
Batch 1 – 30.12.2020
Batch 2 – 31.07.2021

Commencement of Classes:
Batch 1 – January 2021
Batch 2 – 31.08.2021

Program Description

This is a structured program offered to dental graduates wishing to demonstrate high standards and clinical proficiency in laser dentistry. It leads to the award of a certificate in Laser Dentistry. The course includes two contact sessions of four days each spread 6 months apart. It equips dental graduates with the necessary technical and clinical expertise in laser assisted dental practice.

Focus

Candidates will be instructed and guided over the shoulder in the clinical applications of the spectrum of hard and soft tissue lasers on patients. The applications of lasers in all branches of dentistry will be covered during the sessions both theoretically and clinically. Live demonstrations and hands – on training with patients are prominent features of this program.

Career Prospects

At the end of the course the candidates will be proficient in the intricacies of Lasers, empowered to decide what lasers to procure to fulfil their needs and be able to start and run a successful laser assisted dental practice. Academicians will also immensely benefit from this program as there are enormous research opportunities with lasers.

PG Certificate Course in Oral Implantology

Offered at MCOADS, Manipal Campus

Duration

1 year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.06.2021

Commencement of Classes:
October 2021

Program Description

This course is an academic and clinical programme held in collaboration with Nobel Biocare leading to the award of a certificate in Implantology. It offers knowledge and expertise in the science and practice of implantology, from theoretical science through restorative treatment planning to clinical practice in the direct management of patients requiring fixed and removable implant-retained prostheses. Participants treat patients provided to them under expert supervision. They have the opportunity to participate in the full spectrum of contemporary implant practice. The course includes four contact sessions of six days each approximately in the month of November, February, June and October.

Focus

Participants will get to place and restore 10 implants on the patients with cement retained or screw retained restorations and also assist others in implant placement. The program comprises of didactic lectures, hands on training on models, live demonstrations of basic and advanced implant placement procedures. The highlights of the program include demonstration of direct and indirect sinus lift and grafting procedure, all on 4 Implant placement on models, immediate Implant Placement on models as well as patients, hands on training on treatment planning for Implant supported removable

complete denture (Locator abutment) on models, hands on Computer Aided Implantology (Nobel Guide), application of LASER in Implantology, One-day Basic Life Support training Leading International and National Nobel Biocare faculty mentor the program

Career Prospects

Training in Implantology opens up a career full of opportunities for the dentists with guaranteed peer respect, good remuneration and the documented clinical skills and scientific training will all support the development of the career of the individuals in hospital, specialist or family dental practices. The qualification will also support the individuals in future career in the university sector.

PG Certificate Course in Aesthetic Dentistry

Offered at MCOADS, Manipal Campus

Duration

1 year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.06.2021

Commencement of Classes: July 2021

Program Description

This postgraduate program is an academic and clinical programme leading to the award of a certificate in Aesthetic Dentistry. It is offered to those who seek to improve their clinical skills and knowledge in the field of esthetic dentistry. Emphasis is placed on the clinical component with a focus on a broad spectrum of modern esthetic treatment methods. It is conducted over a period of one year with 4 contact sessions (modules) of six days each. It is designed to provide a wide-ranging experience in all aspects of aesthetic/cosmetic and contemporary restorative dentistry.

During the clinical curriculum, participants will be trained to provide comprehensive dental care, utilizing the latest technologies available to dental professionals. Students' training will include both simple and complex methods of smile reconstruction including teeth whitening, direct composite restorations and porcelain laminate veneers. The program will expose students to all specialty phases of dentistry as they relate to aesthetic dentistry. American accredited member of Aesthetic dentistry guides major clinical teaching.

Focus

A great portion of the program is dedicated to hands-on experiences in the clinic. Participants will address the esthetic needs of patients in a comprehensive care environment. Upon completion of the course, participants will understand the complexities involved in esthetic diagnosis and exit the program with clinical competence in formulating and executing treatment plans for patients desiring esthetic improvement. Participants treat a variety of patients under the close guidance of diverse and experienced faculty.

Career Prospects

Training in Esthetic Dentistry opens up a career full of opportunities for the dentists with guaranteed peer respect, good remuneration and the documented clinical skills and scientific training will all support the development of the career of the individuals in hospital, specialist or family dental practices. The qualification will also support the individuals in future career in the university sector.

Fellowship Program in Restorative Dentistry

Offered at MCOCS, Mangalore Campus

Duration

1 year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.10.2021

Commencement of Classes:
01.03.2022

Program Description

A unique course of one complete year duration where multidisciplinary approach in Conservative dentistry, Endodontics, Prosthodontics, Periodontics and Oral Radiology is taught by the expert in the field

Focus

Training to provide comprehensive dental care, Development and refinement of clinical skills with emphasis on array of Hi-tech equipment in Aesthetic dentistry, Conservative dentistry, Periodontics as well as Endodontics. Hands on training in oral lasers, surgical microscope, rotary endodontic systems, Hi-tech endodontic equipment, CBCT given by experts for developing skills for modern dental clinical practice

Career Prospects

Helps in developing high competency for independent private practice, Career prospects in corporate sector, Career as clinical assistants abroad, Lecturer in dental colleges

Certificate course in Forensic Odontology- Blended Module

Offered at MCOCS, Mangalore Campus

Duration

6 Months

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.06.2021

Commencement of Classes: June 2021

Program Description

Certificate course in Forensic Odontology is a Blended-learning programme with 5 months of online course delivery and 5 days contact session, enabling minimal disruption of the participants routine schedule.

Focus

This programme has well-structured online modules aligned with Outcome Based Education system. The course includes teaching with video lectures, screencasts of image analysis procedures, notes in PDF's, Published articles, and assessment using quizzes and online assignments. Besides, the contact session has a Five-day intensive hands-on workshop on Disaster Victim identification, Exhumation, Postmortem and Antemortem data analysis, Autopsy Procedures, Mock Court etc.

Career Prospects

This course allows a person to combine a career in dental health with an interest in law enforcement and public services. Knowledge in forensic odontology opens up job avenues in collaboration with forensic medicine unit, in law firms, crime labs, legal organizations, disaster victim identification teams, insurance agencies, and armed forces etc.

> MANIPAL COLLEGE OF PHARMACEUTICAL SCIENCES [MCOPS]

MCOPS is an established name in pharmaceutical education with a strong focus on research and innovation.

151-200

QS World University Rankings 2020
by Subject - Pharmacy and
Pharmacology

7

Ranked Number 7 amongst
pharmacy institutions in the country
Source: India Rankings 2020 by NIRF,
MHRD, Govt. of India, April 2020

1

Ranked Number 1 amongst private
pharmacy colleges in the country
Source: CAREERS 360, September 2020

▶ Why should MCOPS be your first choice?

Choosing a college to pursue one's education is as much important as choosing the programs. For anyone opting pharmacy education in India, MCOPS should be the first choice. Here is why MCOPS scores over its peers in pharmaceutical education in India:

Established in 1963 by Dr. T M A Pai, the founder of Manipal, as a satellite of Kasturba Medical College, MCOPS became a full-fledged college in the eighties. Then onwards the growth of the college has been phenomenal in materials and men. This fifty-six year-old institution has become the byword for quality education in pharmaceutical sciences from diploma to postgraduate and doctoral programmes.

MCOPS boasts robust infrastructure and a seventy strong faculty. The teachers are well qualified with most of them having doctorate degree. A large number of students from MCOPS secure GPAT scholarship and also perform well in their competitive examinations.

Clinical training at a teaching hospital is essential for training PharmD and PharmD Post Baccalaureate programs. MCOPS has access to the clinical facilities of Kasturba Medical College Hospital.

Postgraduate teaching is facilitated through the conduct of workshops, seminars, symposiums and special guest lectures. Research facilities at MCOPS are of the highest order as the institution gets research grants from DST, DBT, CSIR, UGC, AICTE, ICMR and other funding institutions. The college accounts for a large number of scientific publications annually in high-impact journals.

MCOPS has been the launching pad for a number of highly qualified and successful pharmacy professionals in India and abroad. While many have risen to top administrative positions in academic institutions or industry, quite a few have become highly successful entrepreneurs, having their own industries or business.

▶ Recognitions

- All India Council for Technical Education (AICTE)
- Pharmacy Council of India (PCI) the top private colleges 5th rank)

▶ Accreditations

- National Board of Accreditation (NBA)
- ISO 9001-2015 & 14001-2004

▶ Advantages

International collaborations: To underscore global credentials, Manipal Academy of Higher Education and MCOPS have collaborated with foreign universities in all fields of study – engineering, medicine, pharmacy, communication and the culinary arts. These collaborations are effective in deepening the knowledge and skills of our students and faculty. Also, as a spin off these provide opportunities for students to interact with visiting scientists, artists and celebrities of international repute.

International Recognition: MAHE Association of Pharmacy Students (MAPS), a student body of Manipal College of Pharmaceutical Sciences, Manipal, became the first organisation in the country to be granted Membership in Association (MiA) recognition by the International Pharmaceutical Students' Federation (IPSF). MAPS was accorded membership during the

62nd IPSF General Assembly Session held at Harare, Zimbabwe in August 2016. MCOPS has received the Full Membership of IPSF from 2019.

Industry tie-ups: Partnerships with industry boost innovation and help students gain skills that equip them for fulfilling careers. MCOPS has affiliations with industries across the spectrum. It is a learning experience for a lifetime. Smart students turn these exposures to scale the ladder in their pursuit of a bright career.

▶ Placements

- Well-organized Training and Placement Assistance Centre (TAPAC)
- Over 30 companies visit MCOPS for campus recruitments every year.
- Major recruiters include Abbott, AstraZeneca, Aurobindo Pharma, Eurofins, Advinus, Alkem, Biocon, Bioclinica, Bresmed, Cactus, Cipla, Covance, Dolcera, Dr Reddy's, Decision Resources Group, Eli Lilly, Eris Life Sciences, Godrej, GSK, Hetero, Himalaya, Indegene, Intas, IQVIA, Jubilant, Lotus, Lupin, L&T, Merck, Molecular Connections, Mylan, Nestle, Novartis, Novo Nordisk, Oaknet Healthcare, Overseas Healthcare, Parexel, Perkin Elmer, Pfizer, PharmaAce, Pharmanova, Phenomenex, Precision Business Insights, Rubicon, Sciformix, Springer Nature, Strides, Sun Pharma, Suven, Syngene, TCS, Vknow, Wissen Infotech and WNS.
- International Association for Exchange of Students for Technical Experience (IAESTE) for projects
- Summer Immersion program in Pharmaceutical Sciences

▶ Student Exchange Programs through IPSF

- International Association for Exchange of Students for Technical Experience (IAESTE)
- International Association for Students in Economic and Commercial Sciences (AIESEC)
- Bilateral/Unilateral through Memorandum of Understanding with Partner Universities

▶ Research Excellence

MCOPS provides ample scope for students to expand their learning through research opportunities. The institute has grants worth over 15 crore in ongoing research projects.

Research Excellence in Numbers

Diploma in Pharmacy (DPharm)

Duration

2 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.04.2021

Commencement of Classes:

13.07.2021

▶ Program Description

DPharm is designed to meet the requirements of community and hospital pharmacy.

▶ Focus

This program is focused on fundamental aspects of pharmacy profession including pharmaceuticals, pharmaceutical chemistry, pharmacognosy and pharmacology. The program provides knowledge on Health Education and Community Pharmacy, Drug Store and Business Management, Hospital and Clinical Pharmacy etc.

▶ Career Prospects

The DPharm holders will have opportunity to work in community and hospital pharmacy units where dispensing medicines is the main job role.

DPharm holders can also pursue higher learning in pharmacy through Bachelor of Pharmacy (BPharm)- Lateral entry.

Recently in 2020, the DPharm program came into limelight, when there was a great demand in the Indian Army

Bachelor of Pharmacy (BPharm)

Duration

4 Years (8 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.03.2021

Commencement of Classes:

13.07.2021

▶ Program Description

BPharm program is designed to impart fundamental knowledge of medicines, including discovering new medicines for incurable diseases. The course is prepared considering the needs of industry, which gives more impetus for skill development. It addresses all other demands of the profession of pharmacy.

▶ Focus

In the first year, students gain basic knowledge of human anatomy and physiology, biochemistry, chemistry, analysis, pathophysiology and preparation of pharmaceuticals. In the second year, they study about various physical and physicochemical properties, principles involved in dosage form design, microbiology, medicinal chemistry and pharmacology. In third year, pharmacognosy related to plant medicines, industrial pharmacy, pharmacology and medicinal chemistry are taught. Fourth year is focused on pharmacy practice, Instrumental analysis and novel drug delivery systems. There are a few elective subjects in fourth year.

▶ Career Prospects

BPharm graduates can do the roles of Industrial Pharmacist, Hospital and Community Pharmacist, Sales and Distribution Executive, Academic Pharmacist (training diploma in pharmacy students). With higher qualification, MPharm, a student can get jobs in niche areas such as research, regulatory affairs, formulation development, marketing and administration in pharma industry.

Bachelor of Pharmacy (BPharm) - Lateral Entry

Duration

3 Years (6 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.05.2021

Commencement of Classes:

01.07.2021

Program Description

BPharm-Lateral is offered to a candidate with DPharm qualification who would like to pursue higher learning in pharmacy. Thus the lateral entry system allows the candidate to get admission into the second year BPharm directly. So, with three years of further studies, these Diploma in Pharmacy holders can become pharmacy graduates.

Focus

In second year, students study various physical and physicochemical properties, principles involved in dosage form design along with microbiology, medicinal chemistry. In third year, pharmacognosy related to plant medicines, industrial pharmacy, pharmacology and medicinal chemistry are taught. Fourth year is focused on pharmacy practice, Instrumental analysis and novel drug delivery systems. There are a few elective subjects in fourth year.

Career Prospects

After completion of the program, BPharm graduates can opt to work in Clinical Research, Quality Control, Formulation Development (F&D), Manufacturing division of the Pharmaceutical Industry, Government sectors such as Drug Inspector and other Drug Regulatory Divisions, Medical writing and Community and Hospital pharmacist.

Doctor of Pharmacy (PharmD)

Duration

6 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.03.2021

Commencement of Classes:

13.07.2021

Program Description

Doctor of Pharmacy (PharmD) is a practice-oriented program. The PharmD graduate is a true link between the patient and the doctor to give maximum pharmaceutical care to the patient. Curriculum focuses on patient oriented roles which includes provision of up-to-date drug information, monitoring adverse drug reaction, screening prescriptions for drug interactions, advice alternatives, counsel the patients regarding drugs for optimal therapy and provide pharmaceutical care. Program also covers clinical and epidemiological research.

Focus

This six-year program is unique because it combines the development and application of advanced clinical pharmacy skills with contextual research. The program comprises five years of classroom/hospital-based didactic study and a research project followed by one year internship.

Career Prospects

Students have opportunities in various industrial sectors such as clinical research, medical writing, pharmacovigilance, medical liaison officer, health insurance, data analysts, medical affairs and scientific officer. They can opt for higher studies, join in teaching institutions and also work as a clinical pharmacist. PharmD graduates are eligible to write various foreign pharmacy licensure examinations including in the USA.

Doctor of Pharmacy Post Baccalaureate - PharmD (PB)

Duration

3 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 10.05.2021

Commencement of Classes:

01.07.2021

Program Description

This three year program provides opportunity for BPharm graduates to acquire practice based PharmD (PB) Degree. This program functions as a bridge between traditional BPharm and regular PharmD by advancing professional skills and career options in clinical practice and research. The patient-oriented roles are similar to PharmD degree. Program also includes clinical and epidemiological research.

Focus

A three-year program, which includes two years of didactic study (course work similar to PharmD), a research project and one-year internship, empowers practicing pharmacists to assume leadership roles that drive professional enrichment.

Career Prospects

PharmD (PB) graduates would be involved in patient care, intimate contact with clinicians and other members of the health care team. They would be involved in solving drug query and handle different software like SPSS, Micromedex and Winnonlin, to meet the current demand.

MPharm Pharmaceutical Chemistry

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 10.05.2021

Commencement of Classes:

13.07.2021

Program Description

This program is methodically structured and designed to prepare the students for a career in various divisions of pharmaceutical industry like drug discovery & development and computer-aided drug design (CADD).

Focus

The program provides theoretical knowledge in topics of drug design, including CADD, Medicinal, Organic, and Process chemistry. It also includes analytical techniques along with practical skills in drug synthesis, natural products isolation, determination of physicochemical properties, and separation techniques.

Seminars are the part of PG curriculum that provides the students an opportunity to develop good communication and presentation skills. In the second year of the PG studies, the student carries out the dissertation work either in reputed R & D centers of the pharmaceutical industry or in the college.

Career Prospects

Following prospects are available to the students in:

- Pharma and Biotech industry-R&D, process chemistry, quality control, regulatory and IPR.
- Drug regulatory authorities,
- Academics and research

MPharm Pharmacology

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 10.05.2021

Commencement of Classes:

13.07.2021

Program Description

This two-year program is designed to provide advanced training in various aspects of pharmacology, molecular biology, pharmaco-therapeutics, pre-clinical and clinical drug development. Fine experiments have been structured in the above mentioned areas, which equip the student with skills for research. They are a much sought-after tribe in academia and industry.

Focus

The program imparts training in areas such as analytical techniques, advanced pharmacology, pharmacological and toxicological screening, Cellular and Molecular Pharmacology, Principles of Drug Discovery, Clinical Research and Pharmacovigilance, which facilitates the students to build their theoretical and practical knowledge. The course also focuses on improving the core competence of students in tissue-based experiments, animal handling, in vivo and in vitro pharmacological experimentation, etc. Students undergo internships during second year either at reputed pharmaceutical companies or in college.

Career Prospects

Research scientist in Research and Development, Clinical research associate in Clinical Research Organization [CRO], Business Development [BD] in CRO Pharmaceutical company [basic research], Pharmacovigilance, Academia, Medical/Scientific writing. Further, students can pursue PhD, both in India and abroad.

MPharm Pharmaceutics

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 10.05.2021

Commencement of Classes:

13.07.2021

Program Description

This program is methodically structured to prepare the students for a career in pharmaceutical industries, academics and to continue research activities in various disciplines of pharmaceutical sciences leading to higher degrees.

Focus

First and second semesters of this program impart knowledge on advanced analytical techniques, basic concepts of drug delivery systems, industrial manufacturing techniques, drug regulations, nanotechnology and targeted drug delivery, biopharmaceutics, pharmacokinetics, research methodology, biostatistics and computer aided drug delivery systems. Semesters 3 and 4 involve the study of "Choice based Electives" and a research focused dissertation work.

Career Prospects

Following prospects are available to the students:

- Pharmaceutical Industries: Research and Development, Production/ Manufacturing, Validation Aspects, Quality Assurance/ control, Technology Transfer, Process Development, Formulation Development, Drug Metabolism and Pharmacokinetics, Intellectual Property Rights, Regulatory Affairs, etc.
- Entrepreneurship and consultancy
- Higher studies
- Academics

MPharm Pharmacognosy

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 10.05.2021

Commencement of Classes:

13.07.2021

Program Description

The program caters to the modern needs of herbal Industry by providing conducive ambience for learning and develops skills to benefit the industrial and academic demands.

Focus

The program offers extensive training about the latest developments in the field of natural products, including the latest developments in the scientific field. Herbal product development, natural products drug discovery, development of nutraceuticals, dietary supplements and cosmeceuticals, herbal IPR, and patenting are the focused areas of the department.

Career Prospects

The program offers opportunities in:

- R&D units of herbal drug manufacturing companies.
- Nutraceutical and Cosmeceutical industries.
- Drug discovery and research.
- Regulatory affairs of herbal industry.
- QA analysis in herbal industry.
- Academics.

MPharm Pharmacy Practice

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 10.05.2021

Commencement of Classes:

13.07.2021

Program Description

The program is designed to impart the basic knowledge and skills to the clinical practice of pharmacy as part of a multidisciplinary healthcare team directed at achieving quality use of medicine. The program includes participation in the management of individual patients and involvement in clinical research.

Focus

Four semesters (Two academic years) of curriculum constitutes two semesters of classroom/hospital-based didactic study (an abbreviated and intensive version of PharmD curriculum), followed by two semesters of research work. The broad curriculum offers extensive opportunities that lead to careers in health systems, community pharmacy, hospital pharmacy, pharmaceutical companies, government, and other public sectors, as well as academic careers.

Career Prospects

Opportunities in various industrial sectors such as clinical research, medical writing, pharmacovigilance, medical liaison officer, health insurance, data analysts, medical affairs and scientific officer. They can opt for higher studies, teaching institutions and also work as clinical pharmacist.

MPharm (Pharmacy Practice) graduates are eligible to write various foreign pharmacy licensure examinations including in the USA.

MPharm Pharmaceutical Administration

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 10.05.2021

Commencement of Classes:

13.07.2021

Program Description

The program was started in 1971, was the first of its kind in the country. The course helps the students to take up leadership and decision making positions in the pharmaceutical industry, research and academia as a result of rigorous training given to them.

Focus

The program focuses on training the students in pharmaceutical marketing and management, helping them sharpen their skills of studying, interpreting, and analyzing trends in the biopharmaceutical sector. The department also focuses on soft skills where the students will be able to better handle interpersonal relationships with a strong sense of empathy.

Career Prospects

The Program offers many career opportunities in a wide array of fields. It facilitates students to take up positions such as business analyst, market research analyst, pharmaceutical sales and marketing, product management team (PMT), regulatory affairs, intellectual property management, business development, international marketing, international trade, data analytics, cosmeceuticals and nutraceuticals, health economics, etc.

MPharm Pharmaceutical Quality Assurance

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 10.05.2021

Commencement of Classes:

13.07.2021

Program Description

The course is designed to address the needs of the pharmaceutical industry along with keen emphasis on pharmaceutical research & development.

Focus

The students will learn:

- Advanced analytical instrumental techniques for identification, characterization and quantification of drugs.
- Quality assurance and quality control evaluation in the pharmaceutical industry.
- Product development and technology transfer.
- Hazards and safety management.
- Audits and regulatory compliance.

Career Prospects

The program offers opportunities in :

- Pharmaceutical research & development, including bio-analytical, analytical and in the drug development areas.
- Quality Assurance and Quality control department of pharmaceutical industry.
- Regulatory compliance and regulatory submissions for various regulatory bodies.
- Research, teaching and consultancy.

MPharm Pharmaceutical Biotechnology

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 10.05.2021

Commencement of Classes:

13.07.2021

Program Description

Pharmaceutical Biotechnology with its recent advancements is changing the way the disease is looked at. The course provides the knowledge and skills to access this booming sector.

Focus

The program provides theoretical inputs on both basic and applied aspects of bioprocess engineering, microbial and cellular biology, proteins and protein formulations, advanced pharmaceutical biotechnology, biological evaluation of drugs and therapeutics, immunotechnology, bioinformatics and computational biotechnology. The students will have extensive practical hands-on training in recombinant DNA technology, basic molecular biology techniques, animal tissue culture, fermentation, proteomics, diagnostic tests (ELISA), Western blot, Nano-biotechnology etc. Projects train students to take-up extensive literature survey to identify research gaps, formulate research problem, design research protocols, implement them to generate, interpret data and arrive at meaningful conclusion.

Career Prospects

The program is envisaged to create competent professionals to take up suitable position in niche areas of Biopharmaceutical industry such as research and development, drug discovery, regulatory aspects, production of biopharmaceuticals and microbial quality control labs.

MPharm Pharmaceutical Regulatory Affairs

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 10.05.2021

Commencement of Classes:

13.07.2021

Program Description

The course provides a comprehensive understanding of important aspects of Regulatory and Quality Compliance in the pharmaceutical industry.

Focus

The students will learn:

- Various Good Regulatory Practice.
- Documentation and regulatory writing.
- Dossier preparation and submission as per the industry trends.
- GMP compliance audit.
- Clinical research regulations.
- Regulations & legislation for drug and cosmetic acts, medical devices, herbals, nutraceuticals and biologics in various markets.

Career Prospects

The program offers opportunities in Pharma & Biotech industries/ Clinical research organizations:

- Regulatory compliance and regulatory submissions for various regulatory bodies.
- Regulatory writing.
- Quality assurance, regulatory audits and inspections.
- Research, teaching and consultancy.

MPharm Industrial Pharmacy

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 10.05.2021

Commencement of Classes:

13.07.2021

Program Description

The program is meticulously designed in such a way that student would get a clear idea on various aspects of the pharmaceutical industry that could suit the present day requisites of the industry. The students can also continue research activities in various disciplines of pharmaceutical sciences leading to higher degrees in academics.

Focus

Semesters 1 and 2 include the curriculum that keeps abreast of the latest advancements in Industrial Pharmacy and endeavors to develop pharma professionals of high quality. Majority of the courses offered are similar to MPharm Pharmaceutics except for key concepts on Intellectual Property, Scale up and technology transfer, and Entrepreneurship Management. Third and Fourth Semesters involve the study of "Choice based Electives" and a research focused dissertation work.

Career Prospects

Following prospects are available for the students in:

- Pharmaceutical Industries: Formulation Development, Production/ Manufacturing, Validation aspects, Quality assurance/ control, Technology Transfer, Process Development, Research and Development, Drug Metabolism and Pharmacokinetics (DMPK), Intellectual Property Rights, Pharmacovigilance, Scientific Writing, Regulatory Affairs,
- Entrepreneurship and consultancy.
- Higher studies.
- Academics.

MPharm Pharmaceutical Analysis

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 10.05.2021

Commencement of Classes:

13.07.2021

Program Description

This PG program offers the students a career in the analytical division of the Pharmaceutical industry and academics.

Focus

This program provides theoretical and practical knowledge in areas such as method development and validation, handling of raw materials and finished products, documentations, inspections that impact the development of pharmaceutical products. It also includes knowledge of food, herbal, and cosmetic analysis.

Seminars are the part of the curriculum that provides the students an opportunity to develop good communication and presentation skills.

In the second year for the PG studies, the student carries out the dissertation work either in reputed R & D and analytical centers of the pharmaceutical industry or in the college.

Career Prospects

Following prospects are available for the students in:

- Pharma and Biotech industry-R&D, quality control and quality assurance labs, regulatory and IPR.
- Drug regulatory authorities.
- Academics and research.
- Food and Cosmetic industry and as well as in medical writing.

> MANIPAL COLLEGE OF HEALTH PROFESSIONS [MCHP]

The Manipal College of Health Professions, first and largest full-fledged institute of health professions in India was founded in 1999 to train high calibre health care professionals with an aim to prevent, diagnose and manage a range of conditions and illnesses and often work within a multidisciplinary health team to provide the best patient outcomes. Working in tandem with health care teams at our University and other hospitals to make the health care system function more robust, they have been providing a range of diagnostic, technical, therapeutic and direct patient care and support services that are critical to the other health professionals they work with and the patients they serve. It is estimated that the global demand for health workers may rise to 80 million by 2030.

The courses offered are specifically designed to prepare under graduates and post graduate students for rewarding careers in the nationally and globally growing healthcare industry. Since its establishment in 1999, the growth of this institution has been phenomenal and it is now acclaimed as a center of excellence in health professions in the nation, mainly because of its demand-driven health related programs, the excellent infrastructure, clinical facilities and dedicated, qualified faculty. The institute currently offers over 46 programs. The majority of the alumni of the institute are placed overseas in universities, hospitals, healthcare teams and in private practice. MCHP takes pride in its faculty, and it attracts a large number of overseas observers to its various departments and has on its roll, students from over 20 countries. The institute offers an intellectually stimulating environment coupled with rich cultural, social, sporting and harmonious life of the university campus.

MCHP has been rated as 'Excellent' by the Rehabilitation Council of India (RCI) and the Ministry of Health and Family Welfare (MoHFW), Government of India has considered the institute as the model for its proposed National and Regional Institutes of Allied Health Sciences (NIAHS and RIAHS).

In its 21 years of existence, MCHP has built a strong academic and research environment through many multidisciplinary collaborations with academic institutions and research organizations of national and international repute. The research activities carried out by majority of departments of MCHP are vivid and worthwhile in the global health professions research arena. The training programs across all domains are considered as the best in the country and are on par with similar programs offered by many international universities of repute. Academic excellence and research capabilities make MCHP one of the best institution in the global atlas of Allied Health Sciences education and research. MCHP is truly a centre where research skills gel with the curriculum

and makes learning a unique experience.

▲ Accreditations & Recognition

- National Assessment and Accreditation Council (NAAC)
- ISO 9001:2015, ISO 14001:2015, ISO 50001:2011
- Speech and Hearing, Clinical Psychology - Rehabilitation Council of India (RCI)
- Nuclear Medicine Technology, Radiotherapy Technology, Medical Imaging Technology, Medical Radiation Physics - Atomic Energy Regulatory Board (AERB)
- Occupational Therapy - All India Occupational Therapists' Association (AIOTA), International Federation of Societies for Hand Therapy and World Federation of Occupational Therapists
- Physiotherapy - Indian Association of Physiotherapists (IAP), International Federation of Societies for Hand Therapy
- Respiratory Therapy - Indian Association of Respiratory Care (IARC)
- Ministry of Health in Kuwait, Qatar, Oman & UAE
- American Health Information Management (AHIM) Foundation, Chicago, USA
- Optometry - Association of Schools and Colleges of Optometry, India and World Council of Optometry, UK
- Exercise and Sports Sciences - European College of Sports Science

▲ Research Excellence

Manipal College of Health Professions is one of the most active research and innovation centres in the field of Health Professions.

Manipal College of Health Professions is the first Institution in the country offering doctoral programmes in various specialities of Health Professions. With 74 doctorates, the institute has some of the most qualified research guides in the country. This, along with best-in-class infrastructure has made

MCHP a sought after destination for international students to pursue their doctoral degrees.

The institution has received grants from Erasmus plus for optometry curriculum update for life long learning through Erasmus-OCCULUS.

▲ National/International Collaborations

- Acumenn Integrated Healthcare & Movement Science Academy (AIHMSA), Malaysia
- American Health Information Management (AHIMA) Foundation, Chicago, USA
- Auckland University of Technology, New Zealand
- Badminton World Federation, Malaysia
- California State University
- Cancer Aid and Research Foundation (CARF), India
- Deakin University, Australia
- ERASMUS+ funded by European Union
- Flinders University, Australia
- Georgia State University, USA
- Griffith University, Australia
- Heritage Care Inc. USA
- Indiana University Purdue University Indianapolis (IUPUI)
- Lamar University, USA
- Macquarie University, Australia
- McGill University, Canada
- Medical Committee Netherlands, Vietnam
- Ochsner Clinic Foundation, USA
- Oslo & Akershus University College of Applied Sciences, Norway
- Perdana University, Malaysia
- Royal Melbourne Institute of Technology, Australia
- University College of Northern Denmark, Denmark
- University of Arkansas of Medical Sciences, USA
- University of Illionis, USA
- University of Kansas Medical Centre, USA
- University of Kentucky, USA
- University of New South Wales, Australia

- University of Miami, USA
- University of Royal Liverpool & Broadgreen University Hospitals, UK
- University of Sydney, Australia
- World Diabetes Foundation, Denmark

▶ Industry Collaboration

- Composite Regional Centre for Person with Disability, Kozhikode, Kerala
- Healthcare Technology innovation Centre, IIT Madras
- Robert Bosch Engineering Solutions Pvt. Ltd, Bangalore
- VISINT Healthcare Pvt Ltd.
- Wipro GE Healthcare Pvt.Ltd.

▶ Student Exchange Program & Clinical Placements

- Deakin University, Australia
- Flinders University, Australia
- Indiana University Purdue University Indianapolis (IUPUI)
- Lamar University, USA
- Manchester Metropolitan University, UK
- MGH IHP, Boston
- Oslo Metropolitan University, Norway
- University of Arkansas Medical Sciences
- University of Medicine, I Yangon, Myanmar

▶ Innovations

The School also provides institutional support to faculties and student innovators. Also facilitates interdisciplinary research and innovation in the field of Health care. Our faculties and students have participated and won many awards in the innovation meets organized by Industry and various institutions in and outside India.

To name a few

- Lower limb reaction time
- Speech enabled chest vibrometer
- Pain relieving instruments
- Modified mouse for stroke patients
- Smart tie
- Smart shoe for stroke patients
- Device to increase the range of forearm rotation

- Ocular digital adaptor
- Digital vernier-caliper tool for static and dynamic scapular positions
- Novel hand rehabilitation board
- Mind reading program for visual processing abilities in individuals with autism
- A computer based measure of everyday working memory in adults
- Tab/Text to speak assistive communicative device
- Eye Tracking AAC for individuals with communication challenges
- Android App for language training in Persons with Aphasia
- Smartphone based eye imaging tool - OcuDA
- Novel vanishing optotype based visual acuity chart
- Manipal e-amsler for monitoring of macular problems

▶ Advantages

- First institution in India exclusively dedicated to the education of Allied Health Professionals
- Clinical training at Manipal Hospital Bangalore & Jaipur and Kasturba Hospital, Manipal & Mangalore
- Courses recognized by respective regulatory bodies in India and abroad
- Internationally accepted curriculum
- Highly trained and experienced faculty with doctoral degree in the respective specialities
- Opportunities for national & international externships
- National and international collaboration
- State of the art labs and academic spread across 100,000 square feet

Research Excellence in Numbers

For the last 5 years	Manipal	Mangalore	Bangalore
Journal Publication	520	181	30
Conference presentation	380	201	29
Workshop/seminars	1128	40	29
Ongoing Funded research projects	28	04	03
Research projects completed	25	04	
Ongoing Research Grant amount	4.46 Cr	1.5 Cr	1.25 Cr

▶ Research Activities

The institution actively focuses on research through:

- Centre for Sports Science, Medicine and Research
- Centre for Comprehensive Stroke Rehabilitation and Research
- Centre for Diabetic Foot care and Research
- Interdisciplinary Centre for Craniofacial and Orofacial Pain Research
- Centre for Studies on Healthy Aging
- Centre for Balance Disorders
- Centre for Comprehensive Rehabilitation
- Centre for Educational Consultancy

Along with this the departments of MCHP have been actively focusing on areas such as Vision research, Cognition and communication, neuroscience, Audiology, cardiovascular sciences, respiratory disorders, occupational health, Laboratory technology, Nuclear Medicine, Renal disorders, Mental health etc

The institution has received grants from World Diabetic Foundation, Grand Challenges Canada, International development Research Centre, ICMR, DST, DBT etc.

▸ Placements

Manipal College of Health professions is focused on ensuring challenging and rewarding career opportunities for its students. More than 70% of the students are either placed outside India or pursuing higher education in international universities.

With a vision to drive the allied health professions to new heights, we are tapping all the resources which can accommodate the budding professionals in their elite organizations. Most of the post graduates who concurred with the learnt skills from MCHP, have been absorbed well in many of the reputed organizations.

MCHP's graduate & postgraduates are associated with national and international firms like

Aditya Birla Group | Amplifon | Arvind Eye Hospital | Aster DM Health Care | BMR Health Service, USA | DELL, Bangalore | Draeger India Private Ltd | Dubai Health Care City | Essilor | Fortis O2 Health Studio, Chennai | GE Healthcare, India | Gen works, (A Wipro GE Health Care Invested company) | Hamad Medical Corporation, Qatar | HCG | Invictus Lab | Kokilaben Dhirubai Ambani Clinical & Research Hospital | Magpie Speech & Language Intervention Services | Max health care Group | MCura | New Ro Rehabilitation, Bangalore | Nightingales | Nova IVI Fertility | ONLY group | Philips | Philips respironics | Portea | Qatar Sports Fitness Club, Qatar | Qi Spine | RCM Health Care Service, USA | Skanray | Speranza, Mangalore | Synapse Physio Pvt. Ltd. | Triesta | Victor Hospital and Medical Services | Wipro GE Healthcare | Wockhardt Hospital

Bachelor in Audiology & Speech Language Pathology - B.ASLP

Offered at Manipal and Mangaluru Campuses

Duration

4 years inclusive of 1 year Internship

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.04.2021

Commencement of Classes: 09.08.2021

▸ Program Description

The graduate program is designed to train professionals in Speech-Language Pathology and Audiology who can independently and along with health care team evaluate and manage persons with speech, language, hearing and swallowing disorders across the age group.

▸ Focus

The training encompasses evaluation and management of delayed speech and language, misarticulation, voice problems, stammering, neurogenic disorders of speech, language and cognitive-communication, swallowing difficulty and assessment of hearing impairment along with prescription and fitting of amplification devices.

▸ Career Prospects

The Speech-Language Pathology and Audiology is one of the upcoming and exciting profession with excellent job prospective. This specialty is committed to serve the persons with communication disorders. The trained professionals have an excellent opportunity to work in a variety of set-ups such as hospitals, rehabilitation centres, polyclinics, industries, training institutions, various state agencies, home health, school systems and in private practice.

Bachelor of Occupational Therapy - BOT

Offered at Manipal Campus

Duration

4.5 years inclusive of 6 months internship

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.04.2021

Commencement of Classes: 09.08.2021

▸ Program Description

The Bachelor of Occupational Therapy (BOT) program is designed to prepare competent occupational therapists who will provide professional and ethical services to their clients. This program will enable graduates to work for promoting the functional participation of individuals and communities in their valued occupations.

▸ Focus

Students are trained to work for ensuring participation in occupations to promote health, well-being and inclusion of individuals of all ages and with various conditions including neurological, orthopedic, psychiatric and pediatric diagnosis.

▸ Career Prospects

Graduates of this program can find placements in traditional and non-traditional areas including:

- Hospitals, rehabilitation centres
- Special schools
- Industrial Medical Facilities
- De-addiction centres
- Educational Institutions
- Geriatric centres
- Private Practice
- NGOs

Bachelor of Optometry - B.Optom

Offered at Manipal and Jamshedpur Campuses

Duration

4 years inclusive of 1 year Internship

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.04.2021

Commencement of Classes:

09.08.2021

Program Description

This course is designed to prepare the graduates for the dynamic practice of Optometry with patient-centered educational program. This course provides platform for the students in primary eye care and various other specialties in children and adults.

Focus

During the program, students are trained to perform comprehensive eye examination and provide appropriate optometric management. Students are provided training in the areas of contact lens, low vision and binocular vision during the course along with participation in various national level community-based eye screening camps.

Career Prospects

Graduates of this program can find placements in traditional and non-traditional areas including:

- Tertiary eye care Hospitals
- Optical and Contact lens industries
- Private Practice
- NGOs

Bachelor of Physiotherapy - BPT

Offered at Manipal and Mangaluru Campuses

Duration

4.5 years inclusive of 6 months internship

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.04.2021

Commencement of Classes:

09.08.2021

Program Description

The Bachelor of Physiotherapy program envisages producing competent physiotherapists who can independently evaluate, prescribe and practice physiotherapy for musculoskeletal, neurological, cardiopulmonary, pediatric, geriatric and women's health related conditions, to optimize function and improve quality of life.

Focus

Student's learning focuses on core competencies essential for high quality physiotherapy practice. The training through the program aims at maximizing functional abilities and to improve the quality of life of patients.

Career Prospects

Graduates of this program can find placements in

- Hospitals, Clinics, Nursing Homes
- Private Practice
- Specialized Hospitals / Health facilities
- Special Schools
- Sports Teams
- Geriatric Centres
- Comprehensive rehabilitation centres
- Community based rehabilitation teams and NGOs

B.Sc. Anaesthesia & Operation Theatre Technology

Offered at Manipal Campus

Duration

4 years inclusive of 1 year Internship

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.04.2021

Commencement of Classes:

09.08.2021

Program Description

The course is designed in relevance to the current requirement of Anesthesia Technologist in healthcare industry. This program prepares the candidate to be a part of the multidisciplinary team in operation theatres, who prepare and maintain an operating theatre, assists anesthetist and surgical team during peri-operative period and provides support to patients in the recovery room.

Focus

The focus of the program is to train the students to work along with anesthetist in administering anesthesia during surgical, therapeutic, diagnostic, and obstetric procedures. Managing contraindications or side effects of anesthesia with patients and patient monitoring during and after surgical procedures.

Career Prospects

Can work as an anesthesia technologist in variety of health care settings including:

- Medical and surgical hospitals
- Critical access hospitals
- Mobile surgery centers
- Outpatient care centers

B.Sc. Cardiovascular Technology

Offered at Manipal, Mangaluru and Jamshedpur Campuses

Duration

4 years inclusive of 1 year Internship

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.04.2021

Commencement of Classes:

09.08.2021

Program Description

The B.Sc. Cardiovascular Technology is a clinically oriented course, which trains students in all diagnostic modalities of cardiology.

Focus

Students are trained to examine and understand cardiac diseases with the help of clinicians and various imaging and diagnostic modalities, also assist in operating equipment and administration of cardiac catheterization procedures in invasive cardiac setup.

Career Prospects

Graduates of this program can find placements in traditional and non-traditional areas including:

- Hospitals and diagnostic centres
- Application specialist and trainer
- Manufacturing industries/ companies (Devices, Implants, Stents, Balloons and Catheters)
- Industrial Medical facilities
- Educational Institutions

B.Sc. Emergency Medical Technology

Offered at Manipal Campus

Duration

4 years inclusive of 1 year Internship

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.04.2021

Commencement of Classes:

09.08.2021

Program Description

Emergency Medical Technology is a speedily growing and exhilarating speciality, which is much needed with the growing burden of disease and the need for high quality pre-hospital services. It is concerned with the initial diagnosis and management of the acutely ill and injuries affecting people of all age groups.

Focus

In the hospital setting, they will have the opportunity to work with Emergency department teams consisting of doctors, nurses and other health care practitioners working round the clock. Certified Emergency Physicians carry out their core training in the Emergency department from the very first semester. Their core subjects include Triage, emergency equipment, emergency ECG and hemodynamic monitoring, emergency radiology, Emergency pharmacology, trauma, medical and surgical emergencies, cardiac emergencies, medical law and ethics. Additionally they are introduced to topics such as telemedicine, disaster response, paediatric and neonatal emergencies.

Career Prospects

Students with Emergency Medicine technology bachelor's degree will have the opportunity to work in pre-hospital Emergency medical services ranging from motor vehicular, air and waterway ambulances as well as complex intra hospital and intra departmental hospital transfers.

- Emergency Medicine Departments
- Ambulance services
- Disaster management services

B.Sc. Exercise and Sports Sciences

Offered at Manipal and Jamshedpur Campuses

Duration

3 Years + 1 Honours* (Optional)

*Subject to eligibility.

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.04.2021

Commencement of Classes:

09.08.2021

Program Description

The BSc. Exercise and Sports Science course aims to enable students to achieve personal, professional and academic development required to become competent exercise and sports scientists with the ability to meet the challenges and technological progress of the sports and fitness industry. **There are limited student exchange opportunities to pursue the course at Deakin University, Australia.**

Focus

Students are trained to assess and evaluate the fitness, performance, and injury risk of athletes and other individuals. The students also learn interventions to train individuals to enhance performance and prevent injuries.

Career Prospects

Graduates of this program can find placements in traditional and non-traditional areas including:

- Sport Academies
- Fitness Centers and Studios
- High Performance Centers
- Biomechanics and Exercise Physiology Labs
- Sport Clubs and Teams
- Exercise and Fitness Counselling in Hospitals and Wellness Centers
- Post Graduate and Doctoral Opportunities in any sub-discipline of exercise and sports science

B.Sc. Health Information Management

Offered at Manipal and Jamshedpur Campuses

Duration

4 years inclusive of internship

Eligibility Criteria & Admission Process
Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules
Refer **Section 3**

Last date to apply: 30.04.2021

Commencement of Classes:
09.08.2021

Program Description

B.Sc. Health Information Management graduate program is designed to equip students to take up independent middle level managerial positions, interacting with all levels of healthcare organization; in management, use and interpretation of all patient and health data for decision making and everyday operations; and also for managing basic level health research activities.

This program also has a provision of semester abroad option of two semesters for all those who qualify and opt for it, to choose to do their 7th and 8th semester at Indiana University Purdue University (IUPUI), Indianapolis, USA; and an opportunity to write the AHIMA RHIT certification.

This program has a provision for BSc. M.S Integrated program in collaboration with School of Informatics and Computing, Indiana University - Purdue University at Indianapolis (IUPUI).

Focus

The intensive training and industry based curriculum enable the students to conceptualize, organize, analyze and manage the content, integrity, accessibility, use, and protection of information resources in compliance with national and regional standards to improve health care delivery process and outcome.

Career Prospects

Health Information Management Graduate works in variety of settings, such as:

- Government and Private Hospitals
- Health Insurance Firms
- Accreditation Agencies
- Educational Institute
- Community Health Service
- Business/Knowledge Process Outsourcing
- Medical Transcription Firms
- Medical Coding and Billing Firms
- Research Organization
- NGOs

B.Sc. Medical Imaging Technology

Offered at Manipal, Mangaluru and Jamshedpur Campuses

Duration

4 years inclusive of 1 year Internship

Eligibility Criteria & Admission Process
Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules
Refer **Section 3**

Last date to apply: 30.04.2021

Commencement of Classes:
09.08.2021

Program Description

Bachelor of Science in Medical Imaging Technology is designed to mold professionals in Medical Imaging Technology who can handle different imaging modalities efficiently, perform different medical imaging examinations and assist interventional radiological procedures.

Focus

The course mainly focus on skill training in various imaging modalities like, X-ray, CT, MRI, mammography and ultrasound in pediatrics, adults and elderly.

Career Prospects

Graduates of this program can find placements in traditional and non-traditional areas as:

- Imaging technologist
- Medical Image Analysis Scientist
- Application Specialist
- Clinical sales specialist

B.Sc. Medical Laboratory Technology

Offered at Manipal and Jamshedpur Campus

Durations

4 years inclusive of 1 year Internship

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.04.2021

Commencement of Classes:

09.08.2021

Program Description

The degree program offers skill based training in the various domains of laboratory medicine.

Focus

Students are trained to acquire skills in various laboratories namely Microbiology, Pathology, Transfusion Medicine, Immunology and Biochemistry for diagnosis prophylaxis and treatment of the disease.

Career Prospects

Graduates of this program can find placements as:

- Educator
- Medical Laboratory Technologist in Diagnostic Laboratory & Health care setting
- Environmental Technologist
- Research Technologist
- Laboratory Quality Assurance
- Laboratory Information Systems
- Industry

B.Sc. Nuclear Medicine Technology

Offered at Manipal Campus

Duration

4 years inclusive of 1 year Internship

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.04.2021

Commencement of Classes:

09.08.2021

Program Description

This program is designed to train professionals in nuclear medicine science. The program will help the students to develop a strong foundation in diagnostic and therapeutic aspects of nuclear medicine.

Focus

The teaching is oriented to offer students know how of clinical practice in nuclear medicine, radiopharmaceuticals, nuclear medicine related physics, instrumentation and regulatory requirements in nuclear medicine.

Career Prospects

Graduates of this program can find placements as:

- Nuclear Medicine Technologist
- Entrepreneur
- Radiological Safety Officer
- Managers of R&D labs

B.Sc. Perfusion Technology

Offered at Manipal Campus

Duration

4 years inclusive of 1 year Internship

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.04.2021

Commencement of Classes:

09.08.2021

Program Description

Perfusion Technology is a specialized Healthcare profession who use the Heart lung Machine during Cardiac Surgery and other surgeries that require Cardiopulmonary bypass to manage the patient's physiological status

Focus

The program offers comprehensive, patient centered training designed to prepare the graduate for the dynamic practice of Cardiopulmonary bypass and current advances in cardiac Surgeries viz. ECMO and Cardiac Assist Devices. The course involves the study of anatomy, Physiology, Biochemistry, Pathology, Pharmacology, Microbiology and associated equipment used to support and/or assume the function of the heart and/or lungs during medical procedures.

Career Prospects

Graduates of this program can find placements as:

- Perfusionist in Various Cardiac Surgery centre.
- Work in an academic institutions as a Teaching Faculty
- Work in Industry dealing with cardiac surgical products

B.Sc. Radiotherapy Technology

Offered at Manipal and Mangaluru Campuses

Duration

4 years inclusive of 1 year Internship

Eligibility Criteria & Admission Process
Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules
Refer **Section 3**

Last date to apply: 30.04.2021

Commencement of Classes:
09.08.2021

Program Description

This program offers specialized training for aspiring graduates in field of Radiotherapy Technology which is part of treating cancer.

Focus

Students are trained in prepare immobilizing the patients for the treatment, operate imaging and treatment modalities for the patients who require radiation, ensure that the overall safety procedures are followed, such as to monitor patients during their treatments and check for unusual reactions to the treatment. Radiotherapy Technologists are responsible for the accurate delivery of radiotherapy to cancer patients.

Career Prospects

Graduates of this program can find placements in,

- Hospitals with Radiotherapy facilities
- Educational Institutions

B.Sc. Renal Replacement Therapy & Dialysis Technology

Offered at Manipal, Mangaluru and Jamshedpur Campuses

Duration

4 years inclusive of 1 year Internship

Eligibility Criteria & Admission Process
Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules
Refer **Section 3**

Last date to apply: 30.04.2021

Commencement of Classes:
09.08.2021

Program Description

This program provides the basic knowledge of renal anatomy, physiology, kidney diseases, and special extracorporeal therapies. This program prepares the students to conduct hemodialysis and peritoneal dialysis to individuals with end-stage kidney disease and acute kidney injury requiring dialysis.

Focus

Students are trained to work in a team of various medical professionals during their clinical postings. This course will equip the student with the knowledge and skills of a high standard required in the modern renal unit with the classroom and dialysis training room with good infrastructure facility.

Career Prospects

After the completion of this program students can get placements in:

- Healthcare setup: As dialysis therapist/technologist
- Academic: As a tutor or clinical supervisor

B.Sc. Respiratory Therapy

Offered at Manipal and Mangaluru Campuses

Duration

4 years inclusive of 1 year Internship

Eligibility Criteria & Admission Process
Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules
Refer **Section 3**

Last date to apply: 30.04.2021

Commencement of Classes:
09.08.2021

Program Description

BSc Respiratory Therapy program imparts scientific knowledge, clinical skills, ethical values and use of evidence-based practices in the field of respiratory therapy which includes assessment, diagnosis and treatment of individuals with cardio-respiratory diseases.

Focus

Students are trained to evaluate and treat patients with cardio-pulmonary diseases particularly in Adult and Neonatal Intensive care units (ICU). They will be involved in various diagnostic procedures, airway management, ventilatory troubleshooting and management.

Career Prospects

Graduates of this program can find placements in traditional and non-traditional areas including:

- Intensive care units
- Industrial Medical facilities
- Educational Institutions
- Home care facilities
- Sleep Medicine clinics
- Lung function labs
- Pulmonary Rehabilitation Center
- Emergency Medical Units

B.Sc. Psychology

Offered at Manipal Campus

Duration

3 years (6 Semesters)

BSc Honours in Psychology: 4 years (8 semesters)

*Students scoring CGPA 8.5 and above in 3 year BSc Psychology program will be eligible for B.Sc. Honours in Psychology.

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 30.04.2021

Commencement of Classes:

09.08.2021

Program Description

The program helps the students to have a fair understanding about the role of psychology in better understanding of human behavior.

Focus

To equip the students to demonstrate a broad and coherent knowledge of core topics in the discipline of psychology, their applications, and behavior in research and professional contexts.

Career Prospects

The course prepares the candidate to be competent work as:

- In schools as Shadow teachers
- Higher education in national and international universities

B.Sc. Clinical Nutrition & Dietetics

Offered at Manipal Campus

Duration

4 Years (8 Semesters inclusive of internship)

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 30.04.2021

Commencement of Classes:

09.08.2021

Program Description

The program is designed to equip the students with scientific information on nutritional and metabolic care and the relationship between nutrition in health and disease.

Focus

The program will equip the graduate with the tools and skills required to promote the nutrition and wellbeing of individuals and groups in variety of settings.

Career Prospects

The course prepares the candidate to be competent to work as:

- Clinical Dietitian
- Sports nutritionist
- Public health nutritionist
- Nutrition educator
- Wellness consultant
- Personal nutritionist

Lateral Entry to B.Sc. (Anaesthesia and Operation Theater Technology)

B.Sc. (Emergency Medicine Technology)

B.Sc. (Medical Imaging Technology)

B.Sc. (Medical Laboratory Technology)

B.Sc. (Respiratory Therapy)

Offered at Manipal Campus

Duration

3 years inclusive of 1 year Internship

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 15.05.2021

Commencement of Classes:

01.07.2021

Program Description

These programs offered by the Manipal College of Health Professions, Manipal. After completion of BSc in Medical Imaging Technology, students will not only acquire a broad & detailed knowledge in medical imaging which help them be a new generation radiologic technologist, but also will have the opportunity to develop important practical skills in organising radiological department. B.Sc in Medical Laboratory Technology aims to provide efficient and balanced training in laboratory medicine. Programs are specifically designed to prepare the graduates to pursue their career in nationally and internationally growing healthcare industry.

BSc Respiratory Therapy program imparts scientific knowledge, clinical skills, ethical values and use of evidence-based practices in the field of respiratory therapy which includes assessment, diagnosis and treatment of individuals with cardio-respiratory diseases.

M.Sc. (MLT) Clinical Biochemistry

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The MSc. MLT program provides an opportunity to develop specialized skills in academic, clinical training and research in the field of Clinical Biochemistry

Focus

Students are trained to acquire specialized skills in Clinical Biochemistry which includes academics, clinical postings and research in their specialized fields for diagnosis and treatment of diseases. They are also trained to manage and maintain the quality assurance in the Clinical Biochemistry laboratory.

Career Prospects

Graduates of this program can find placements as:

- Biochemistry technologist at Diagnostic laboratory & Health care setting
- Research Scientist/Scholar
- Educator
- Quality Manager
- Application Manager in Industry
- Supervisor/administrator in industry

M.Sc. (MLT) Microbiology & Immunology

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The MSc. MLT program provides an opportunity to develop specialized skills in academic, clinical training and research in the field of Microbiology and Immunology.

Focus

Students are trained to acquire specialized skill in Medical Microbiology and Immunology which includes academics, clinical postings and research in their specialized fields for diagnosis and treatment of diseases. They are also trained to manage and maintain the quality assurance in the Microbiology laboratory.

Career Prospects

Graduates of this program can find placements as:

- Microbiology Technologist at Diagnostic laboratory & Health care setting
- Research Scientist/Scholar
- Educator
- Quality Manager
- Application manager in Industry
- Supervisor/administrator in industry

M.Sc. (MLT) Haematology and Immuno-hematology

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

This M.Sc. MLT program provides an opportunity to develop specialized skills in academic, clinical training and research in the field of Haematology and Immuno-hematology

Focus

Students are trained to acquire specialized skills in Hematology and Immuno-hematology which includes academics, clinical postings and research. They are also trained to manage and maintain the quality assurance in the haematology and immuno-hematology laboratory

Career Prospects

Graduates of this program can find placements as:

- Haematology and immuno-hematology technologist at Diagnostic laboratory & Health care setting
- Research Scientist/Scholar
- Educator
- Quality Manager
- Application Manager in Industry
- Supervisor/administrator in industry

M.Sc. (MLT) Public Health Laboratory Science

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The MSc. MLT program provides an opportunity to develop specialized skills in academic, clinical training and research in the field of Public Health Laboratory Science.

Focus

Students are trained to acquire specialized work skills in Public Health medical laboratory technology which includes academics, clinical postings and research in their specialized fields for diagnosis and treatment of diseases. They are also trained to manage and maintain the quality assurance in the laboratory. Students are also trained to work with District surveillance offices to ensure the public health awareness and disease surveillance.

Career Prospects

Graduates of this program can find placements as:

- Public Health Laboratory Technologist at community health centers
- Research Scientist/scholar
- Educator
- Epidemiologist
- Environmental Technologist
- Supervisor/executive/administrator in industry
- Application manager in Industry

M.Sc. (RT) Adult Respiratory Care

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

MSc Respiratory Therapy program imparts scientific knowledge, clinical skills, ethical values and use of evidence-based practices in the field of respiratory therapy which includes assessment, diagnosis and treatment of individuals with cardio-respiratory diseases. Additionally, it trains the student to adopt various technical skills for teaching and learning, critical thinking and problem-solving skills, importance of team work and leadership.

Credit transfer opportunities with Georgia State University are available for eligible students.

Focus

Students are trained to work in health care facility and in particular the adult intensive care unit. They will be involved in various diagnostic procedures, airway management, ventilatory troubleshooting and management related to adult cardiopulmonary disorders. They are also trained to supervise trainees and interact with other health care provider and prepare a respiratory care protocol

Career Prospects

Graduates of this program can find placements in:

- Intensive care units
- Industrial Medical Facilities
- Educational Institutions
- Home care facilities
- Sleep Medicine clinics
- Lung function labs
- Research Units
- Simulation Labs
- Pulmonary Rehabilitation center
- Emergency Medical Units.

M.Sc. (RT) Neonatal & Paediatric Respiratory Care

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

M.Sc Respiratory Therapy program imparts scientific and advanced knowledge on clinical skills, ethical values and evidence-based practices in the field of respiratory therapy which includes assessment, diagnosis and treatment of individuals with neonatal and pediatric cardio-respiratory diseases. Additionally, it trains the student to adopt various technical aspects for teaching and learning, critical thinking and problem-solving skills, importance of team work and leadership.

Credit transfer opportunities with Georgia State University are available for eligible students.

Focus

They will be involved in various diagnostic procedures, airway management, ventilatory troubleshooting and management related to Neonatal and pediatric cardiopulmonary disorders. They are also trained to supervise trainees and interact with other health care provider and prepare a respiratory care protocol.

Career Prospects

Graduates of this program can find placements in:

- Intensive care units
- Industrial Medical Facilities
- Educational Institutions
- Home care facilities
- Sleep Medicine clinics
- Lung function labs
- Research Units
- Simulation Labs
- Emergency neonatal resuscitation units

M.Sc. Audiology

Offered at Manipal and Mangaluru Campuses

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The Master degree program aims to enhance the theoretical, clinical, and research knowledge with state of art technology in the area of Audiology

Focus

The program pertains to the deeper understanding of identification, functional diagnosis/assessment, and non-medical treatment/management of auditory and vestibular related impairments.

The student gains knowledge and skill in routine services (Pure Tone Audiometry, Speech Audiometry, Middle Ear Analysis, Auditory Training, Counselling and Hearing Aid Prescription, New born hearing screening, Ear mold lab services) and advanced procedures (Brainstem Evoked Response Audiometry -BERA, Oto Acoustic Emission Testing, Standardized objective calibration of audiological equipments, Objective verification of hearing aid fitting & evaluation, Cochlear implant assessment and rehabilitation, Tinnitus evaluation and management, Standardized noise measurements, Advanced cognitive research using Neuroscan).

Career Prospects

The trained professionals have an excellent opportunity to work in a variety of set-ups such as hospitals, rehabilitation centres, polyclinics, industries, training institutions, research labs, various state agencies, home health, school systems and in private practice.

M.Sc. Cardiac Catheterization & Intervention Technology

Offered at Manipal and Bengaluru Campuses

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

M.Sc. Cardiac Catheterization and Interventional Technology course offers training with a wide spectrum of knowledge in cardiovascular diseases and its diagnostic tests and therapeutic procedures. Every candidate will be trained in understanding the basic techniques of intervention in the field of cardiac catheterization also they will be trained to obtain extreme knowledge in handling various hardware and equipment's.

Focus

Students are trained to work in operating rooms of cardiac catheterizations, non - invasive analysis and reporting in cardiac device implanted patients, also handling and operating various imaging equipment's in the Cath lab setup as a part of invasive cardiac catheterization procedures. Training will be provided for noninvasive tests like pacemaker/device analysis and programming and to operate/handle various cardiac imaging modalities and cardiac assist devices.

Career Prospects

Graduates of this program can find placements in:

- Multi Speciality hospitals
- Application specialist and trainer
- Administrative and planning sectors
- Manufacturing industries/ companies (Devices, Implants, Stents, Balloons and Catheters)
- Industrial Medical facilities
- Educational Institutions

M.Sc. Clinical Psychology

Offered at Manipal and Mangaluru Campuses

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.03.2021

Commencement of Classes:

03.08.2021

Program Description

First of its kind postgraduate program in Clinical Psychology in a hospital setting in India. Allows the student to observe clients with various mental health concerns and ensures simultaneous transfer of theoretical knowledge to real life clinical scenario throughout the two years.

Focus

Demonstrate a broad and coherent knowledge of core topics and skills in the discipline of clinical psychology, their applications, and behaviour in research and professional contexts.

Career Prospects

The course prepares the candidate to be competent to work in:

- Hospital setting as Psychologists
- School and Educational centers as Counsellors
- Community mental health centers
- Rehabilitation Centers
- Assisting Clinical Psychologists and Psychiatrists in psychometric evaluation
- Faculty for UG and PG psychology programs
- Research assistants in projects
- Pursue higher education

M.Sc. Echocardiography

Offered at Manipal and Bengaluru Campuses

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

M.Sc. Echocardiography course offers extensive clinical knowledge on non-invasive diagnosis of cardiovascular diseases. Students will be trained and exposed to various advance imaging modalities including 2DE echocardiography (both adult and pediatrics), 3D echocardiography, Trans esophageal echocardiography, Dobutamine stress test and speckle tracking echocardiography. Candidates will have hands on training on performing echocardiography independently in the diagnosis of various cardiovascular diseases.

Focus

Students are trained to diagnose cardiac diseases by echocardiography and to report individually in the cardiac non-invasive lab, bedside and critical care unit. The students will be continuously involved in learning new technologies and disease processes to uplift the reporting. They are also trained in research methodologies to carry research in Cardiology.

Career Prospects

Post Graduates of this program can find placements in:

- Multi Speciality hospitals
- Application specialist and trainer
- Administrative and planning sectors
- Educational Institutions
- Manufacturing industries/ companies (Devices, Implants, Stents, Balloons and Catheters)
- Industrial Medical facilities

M.Sc. Exercise & Sports Sciences

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The Masters in Exercise and Sports Science course is designed to cater to the need of exercise and sports science professionals. The program offers unparalleled sports infrastructure and externship with India's renowned sporting Organizations.

Focus

Students are trained to assess and evaluate the fitness, performance, and injury risk of athletes and other individuals. The students also learn interventions to train individuals to enhance performance and prevent injuries. The curriculum includes the applications of the principles of biomechanics, exercise physiology, nutrition, psychology, and strength and conditioning to meet the goals of the clients. The students are provided with par excellence training with world class amenities such as 3-D Motion Analysis lab, exercise physiology labs harbouring ergometers and calorimeters (K5, Cosmed), field-based opportunities with schools and sporting teams

Career Prospects

Post Graduates of this program can find placements in:

- Sport Academies
- Fitness Centers and Studios
- High Performance Centers
- Biomechanics and Exercise Physiology Labs
- Sport Clubs and Teams
- Exercise and Fitness Counselling in Hospitals and Wellness Centers
- Research and Doctoral Opportunities

M.Sc. Health Informatics (Healthcare IT Management)

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

M.Sc. Health Informatics program provides scientific education to compliment the theoretical foundation by enhancing specialized knowledge of health informatics and equipping students with practical skills and analytical approaches to identify and deliver healthcare IT needs.

This program also has a provision of providing an opportunity to eligible candidates on completing the first year at MCHP, MAHE can pursue their M.S. Degree in Health Informatics at School of Informatics and Computing at Indiana University Purdue University (IUPUI), Indianapolis, USA.

Focus

The intensive training and industry based curriculum enable the students to become an efficient and constructive Health Informatics Specialist to design, develop, and deploy the high-end health information system based on national and international standard for real time communication in achieving quality health outcome.

Career Prospects

Health Informatics Graduate works in variety of healthcare and IT settings, such as:

- Hospitals and Clinics
- Healthcare IT firms
- Freelancer
- Governmental Health Agencies
- Consulting Firms
- Educational Institute
- Research Organization
- NGOs
- International Health Agencies

M.Sc. Health Information Management

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

M.Sc. Health Information Management is a post graduate program is designed to equip students interested to pursue a career in health care management industry to take up independent managerial positions, interacting with all levels of healthcare organization; in management, use and interpretation of all patient and health data for decision making and everyday operations; implementing health information systems; implementation of quality management processes and also for managing level health information research activities.

Focus

The intensive training and industry based curriculum enable the students to conceptualize, organize, analyze and manage the content, integrity, accessibility, use, and protection of information resources in compliance with national and regional standards to improve health care delivery process and outcome.

Career Prospects

Health Information Management Graduate works in variety of settings, such as:

- Government and Private Hospitals
- Health Insurance Firms
- Accreditation Agencies
- Educational Institute
- Community Health Service
- Business/Knowledge Process Outsourcing
- Medical Transcription Firms
- Medical Coding and Billing Firms
- Research Organization
- NGOs

M.Sc. Medical Imaging Technology

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

This program is designed to upgrade Medical Imaging Technologist in advanced medical imaging procedures to work as Radiology Managers and actively participate in research activities in the dynamic field of Medical Imaging.

Focus

The program train the students to become a competent imaging technologist and enable them to independently manage all the equipment's available in the field of radio-diagnosis and imaging and assist the medical practitioners in the proper diagnosis of diseases, with minimum radiation hazards and quality patient care.

Career Prospects

Graduates of this program can find placements as:

- Radiation safety officer
- Application Specialist
- Clinical sales specialist
- Technical supervisor
- Academics/Research

M.Sc. Medical Radiation Physics

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The Medical Radiation Physics Programme offers specialized training to become Medical Physicist

Focus

The M.Sc. program in Medical Radiation Physics provides candidates with the knowledge required to enter into the field of medical physics. The program relies on a strong fundamental science background and clinical practice through hands-on instructions with equipment used routinely in the hospital setting, including CT facilities, medical linear accelerators, QA equipments and brachytherapy which prepares a student for research or clinical training in this rapidly changing field and also gets trained in computer-based modelling, research methodology and the ethical dimensions associated with medical research

Career Prospects

Graduates of Medical Radiation Physics program can start their career as a Medical Physicist or Radiological Safety Officers in:

- Educational Institutions
- Research-oriented hospital settings
- Radiotherapy, Nuclear Medicine and Diagnostic Radiology departments in Private or government hospitals
- Radiation protection in industrial and scientific facilities
- Research, development and commercialization of radiation medical instrumentation
- Clinical application specialists

M.Sc. Nuclear Medicine Technology

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The program is designed to provide professional expertise in nuclear medicine technology by enhancing theoretical, clinical and research knowledge of students in nuclear medicine science. This will help them to contribute to the medical as well as research needs of fast growing nuclear medicine field.

Focus

This program focusses on Radiation Safety and Regulations, Imaging Physics and Dosimetry, Advanced Biostatistics and Research Methodology, Pre-clinical Studies in Nuclear Medicine, Radiopharmacy and Radiopharmaceuticals, Nuclear Medicine Procedures, Quality Assurance in Nuclear Medicine, Ethics and Pedagogy, Health information management in Nuclear Medicine, Research Project, field training and Hands on learning experience.

Career Prospects

Graduates of this program can find placements as:

- Nuclear Medicine Physicist
- Radiological Safety Officer
- Academic positions
- Research professionals
- Entrepreneurs

M.Sc. Perfusion Technology

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

To train postgraduates who will practice the art and science of Perfusion efficiently and effectively, backed by scientific knowledge and skill. Continue to evince keen interest in professional development whether in teaching or Clinical Practice.

Focus

The students are trained in the fundamentals and advances of Perfusion technology, Research Methodology including Biostatistics. They learn to manage the physiological and metabolic needs of the cardiac surgical patient and are trained to utilize technology such as Heart-Lung machines, ventricular assist devices and artificial hearts, as well as pharmacological interventions to maintain the patient during the period of circulatory support.

Career Prospects

Graduates of this program can find placements as:

- Perfusionist in any cardiac surgical setup
- Faculty positions in academic institutions/Research Units
- Clinical specialist in industry

M.Sc. Renal Replacement Therapy & Dialysis Technology

Offered at Manipal and Bangalore campuses

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The M.Sc Renal Replacement Therapy and Dialysis Technology is a post graduate program provides the specialized training in dialysis and other extra corporeal procedures. Students are also trained in renal transplantation counselling field.

Focus

Students are trained to conduct dialysis and special extra corporeal procedures like continuous renal replacement therapy, plasmapheresis and hemadsorption. They get exposure to various types of renal cases posted for dialysis.

Career Prospects

After the completion of this program students can get placements in:

- Healthcare setup: As a clinical instructor, Dialysis unit incharge/ manager
- Faculty positions in academia Research units

M.Sc. Speech Language Pathology

Offered at Manipal and Mangaluru Campuses

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The Master degree program aims to enhance the theoretical, clinical, and research knowledge with state of art technology in the area of Speech-Language Pathology

Focus

The student gains knowledge and skill in comprehensive evaluation of speech and language in children, adults and elderly, Instrumental analysis of speech and language assessment, Speech and language therapy services, Laryngectomy rehabilitation, Assessment and management of swallowing disorders (Dysphagia) and Neurogenic Communication Disorders.

Career Prospects

The trained professionals have an excellent opportunity to work in a variety of set-ups such as hospitals, rehabilitation centres, polyclinics, industries, training institutions, research labs, various state agencies, home health, school systems and in private practice.

Master of Optometry - M.Optom

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

This course aims to train post-graduates of high standards in academics & research, who are equipped with appropriate clinical skills to meet the challenges and problems of different specialties in eye care.

Focus

Students are trained with advance contact lens fitting skills, advance binocular vision therapy and best evidence-based practice management skills. Students will work with the multidisciplinary research team for their master's research dissertation.

Career Prospects

Graduates of this program can find placements in

- Academia
- Tertiary eye care Hospitals
- Optical and Contact lens industries
- R&D
- Private Practice
- NGOs

MOT Developmental Disabilities

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The MOT (Developmental Disabilities) is a post-graduate program for students interested in working with children and their families.

Focus

Students are trained to work with individuals and their families to ensure their participation in occupations to promote health, well-being and inclusion. Some of the common diagnoses that are focused on include developmental conditions like cerebral palsy, autism spectrum disorders, specific learning disabilities, attention deficit hyperactivity disorders etc. A primary focus of this program is on early intervention and family-centred care.

Career Prospects

Graduates of this program can find placements in:

- Hospitals, rehabilitation centres
- Special schools
- Neonatal Intensive Care Units
- Educational Institutions
- Private Practice
- Non-traditional areas (example: NGOs, Community centres)

MOT Hand & Musculoskeletal Conditions

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The MOT (Hand and Musculoskeletal Conditions) is a post-graduate program for students interested in working with individuals with musculoskeletal conditions.

Focus

Students are trained to work with individuals with musculoskeletal conditions such as fractures, hand injuries, nerve injuries, and spinal cord injuries among others to ensure their participation in occupations. A specific focus of this program is on hand splints and adaptive devices.

Career Prospects

Graduates of this program can find placements in:

- Hospitals, rehabilitation centres
- Private Practice
- Industrial facilities
- Educational Institutions
- Non-traditional areas (example: NGOs)

MOT Mental Health & Psychosocial Rehabilitation

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The MOT (Mental Health and Psychosocial Rehabilitation) is a post-graduate program for students interested in working with individuals with mental health conditions.

Focus

Students are trained to work with individuals with mental health conditions such as Schizophrenia, Mood Disorders, Neurotic conditions, and adjustment difficulties among others to ensure their participation in occupations to promote health and well-being.

Career Prospects

Graduates of this program can find placements in:

- Hospitals, rehabilitation centres
- De-addiction centres
- Private Practice
- Educational Institutions
- Non-traditional areas (example: NGOs, Community Centres)

MOT Neuro Rehabilitation

Offered at Manipal Campus

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The MOT (Neuro-rehabilitation) is a post-graduate program for students interested in working with individuals with neurological conditions.

Focus

Students are trained to work with individuals with neurological conditions including stroke, head injury, neurodegenerative conditions, and aging among others. to ensure their participation in occupations to promote health and well-being.

Career Prospects

Graduates of this program can find placements in:

- Hospitals, rehabilitation centres
- Geriatric centres
- Private Practice
- Educational Institutions
- Non-traditional areas (example: NGOs)

MPT Cardiopulmonary Sciences

Offered at Manipal, Mangaluru and Bengaluru Campuses

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The MPT (Cardiopulmonary Sciences) is a post-graduate program for students interested in working on patients with cardiopulmonary conditions and surgeries.

Electives Offered

- Cardiopulmonary Rehabilitation
- Critical Care Physiotherapy
- Health Promotion and Fitness

Focus

Students' education and training focuses on rehabilitation of patients with cardiopulmonary conditions and surgeries with the overall goal of maximizing functional abilities and improve the quality of life of patients.

Career Prospects

Graduates of this program can find placements in:

- Hospitals, Clinics, Nursing Homes
- Private Practice
- Specialized Hospitals / Health facilities
- Health promotion centers
- Academics

MPT Community Physiotherapy

Offered at Manipal and Mangaluru Campuses

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The MPT (Community Physiotherapy) is a post-graduate program for students interested in working with patients and families including stakeholders at community level.

Electives Offered

- Occupational Health and Ergonomics

Focus

Students' education and training focuses on rehabilitation of patients at the community level, with the overall goal of maximizing functional abilities and improve the quality of life of patients.

Career Prospects

Graduates of this program can find placements in:

- Hospitals, Clinics, Nursing Homes
- Rehabilitation Centres
- Private Practice
- Specialized Community Centre
- Non-Governmental Organisations
- Academics

MPT Geriatrics

Offered at Manipal and Mangaluru Campuses

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The MPT (Geriatrics) is a post-graduate program for students interested in working with old age patients in hospitals and at community level.

Electives Offered

- Aging and Disease
- Health Aging (Not offered at Mangaluru Campus)

Focus

Students' education and training focuses on rehabilitation of old age patients with complications related to aging and to foster health aging with the overall goal of maximizing functional abilities and improve the quality of life of patients.

Career Prospects

Graduates of this program can find placements in:

- Hospitals, Clinics, Nursing Homes
- Rehabilitation Centres
- Private Practice
- Specialized Community Centre
- Non-Governmental Organisations
- Academics

MPT Neurosciences

Offered at Manipal, Mangaluru and Bengaluru Campuses

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The MPT (Neurosciences) is a post-graduate program for students interested in working on patients with neurological conditions and surgeries.

Electives Offered

- Neurological Physiotherapy
- Neurosurgical Physiotherapy (Not offered at Mangaluru Campus)

Focus

Students' education and training focuses on rehabilitation of patients with neurological conditions and surgeries with the overall goal of maximizing functional abilities and improve the quality of life of patients.

Career Prospects

Graduates of this program can find placements in:

- Hospitals, Clinics, Nursing Homes
- Private Practice
- Specialized Hospitals / Health facilities
- Academics
- Non Governmental Organizations
- Rehabilitation centers

MPT Obstetrics & Gynaecology

Offered at Manipal and Mangaluru Campuses

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The MPT (Obstetrics & Gynecology) is a post-graduate program for students interested in working with health and well-being of women across lifespan.

Electives Offered

- Obstetric Physiotherapy (Not offered at Mangaluru Campus)
- Gynecological Physiotherapy

Focus

Students' education and training focuses on treatment of specific conditions and health promotion of women with the overall goal of maximizing functional abilities and improve the quality of life of patients.

Career Prospects

Graduates of this program can find placements in:

- Hospitals
- Maternity Clinics
- Nursing Homes
- Rehabilitation Centres
- Private Practice
- Specialized Community Centre
- Non-Governmental Organisations
- Academics

MPT Musculoskeletal Sciences

Offered at Manipal, Mangaluru and Bengaluru Campuses

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The MPT (Musculoskeletal Sciences) is a post-graduate program for students interested in working on patients with musculoskeletal conditions and surgeries including trauma and sports rehabilitation.

Electives Offered

- Manual Therapy
- Sports Physiotherapy
- Hand Rehabilitation

Focus

Student's education and training focuses on thorough evaluation methods with sound clinical reasoning for decision making and planning rehabilitation of patients with musculoskeletal conditions and surgeries, for trauma and sports injuries, with the overall goal of maximizing functional abilities and improve the quality of life of patients.

Career Prospects

Graduates of this program can find placements in:

- Hospitals, Clinics, Nursing Homes
- Private Practice
- Specialized Hospitals / Health facilities
- Sports academies and Integrated sports teaching and learning facilities
- Health promotion centers
- Biomechanics and Exercise physiology labs
- Specialized Pain rehabilitation centers
- Academics

MPT Paediatrics

Offered at Manipal, Mangaluru and Bengaluru Campuses

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

03.08.2021

Program Description

The MPT (Paediatrics) is a post-graduate program for students interested in working with new born and children with developmental delay and disabilities.

Electives Offered

- Pediatric Neurology
- Neonatal & Pediatric Respiratory Care*

Focus

Students' education and training focuses on rehabilitation of new born and children with developmental delay and disabilities with the overall goal of maximizing functional abilities and improve the quality of life of patients.

Career Prospects

Graduates of this program can find placements in:

- Hospitals, Clinics, Nursing Homes
- Rehabilitation Centres
- Child Developmental Centres
- Private Practice
- Specialized Community Centre
- Non-Governmental Organisations
- Academics

*Subject offered at Manipal and Mangaluru Campuses only

M.Phil Clinical Psychology

Offered at Manipal Campus

Duration

2 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

02.08.2021

Program Description

This super speciality program offers both academic and clinical expertise to enhance the quality of mental and physical health service delivery, at both the clinical and the community level. Successful completion of this course enables the student to legally practice in India as a clinical Psychologist

Focus

The program provides advanced clinical training in diagnosing psychopathology, administering psychological assessments, counselling and psychotherapeutic modalities for both children and adults with mental health concerns. In addition, trainees will develop demonstrable research and clinical skills.

Career Prospects

The course prepares the candidate to be competent to work as an RCI registered clinical psychologist in:

- Hospitals
- Private Clinics
- Rehabilitation centers
- Corporate sector
- Member of various government bodies / agencies working in the area mental health / rehabilitation
- Faculty for UG, PG and MPhil programs
- Research assistants in projects
- Pursue higher education

	Internship Eligibility Requirement	Duration of Additional Internship/ Clinical Experience in the respective field
PG Programs		
M.Sc. RT / M.Sc. CVT / M.Sc. MLT / M.Sc. MIT / M.Sc. PFT / M.Sc. RRT & DT / MSc. NMT	4 years inclusive of one year of internship	Not required
	4 years without internship	Minimum 6months internship/ Clinical Experience is required after graduation
	3.5 years inclusive of 6 months of internship	Minimum 6 months of Internship/ Clinical Experience is required after graduation.
	3 Years	Minimum one year of Internship/Clinical Experience is required after graduation
MPT/MOT	4.5 years inclusive of six months of internship	Not required

> MANIPAL SCHOOL OF LIFE SCIENCES [MSLS]

Manipal School of Life Sciences is home to path-breaking research studies in the field of life sciences. Nurturing students to pursue productive careers in biotechnology and bioinformatics, the School provides a conducive academic environment for those interested in life sciences research. Since its inception in 2006, the School has trained researchers and practitioners who are making a positive difference in the community globally. "The School is ISO 9001:2015 and ISO 14001:2015 certified".

Manipal School of Life Sciences (MSLS), Manipal conducts B.Sc. programs in Biotechnology, Food & Nutrition, and Forensic Science and seven M.Sc. programs in Medical Biotechnology, Molecular Biology & Human Genetics, Bioinformatics, Systems Biology, Genome Engineering, Tissue Engineering and M.Sc. by Research in Life Sciences. The School offers a Postgraduate Diploma in Cellular & Molecular Diagnostics and an active PhD program. A certificate course in Bioinformatics is also offered twice a year. The general aim of the programs is to provide the atmosphere and opportunities for students and researchers to train in biotechnology, molecular biology, genetics, bioinformatics, systems biology, genome engineering and tissue engineering, and equip them with knowledge, competence and commitment to be self-directed individuals and responsible citizens.

MSLS also has following departments:

- Department of Ageing Research
- Department of Bioinformatics
- Department of Biophysics
- Department of Biotechnology
- Department of Cell and Molecular Biology
- Department of Plant Sciences
- Department of Public Health and Genomics
- Department of Radiation Biology and Toxicology

The Department of Biotechnology performs state-of-the-art research and developmental activities in the area of human health. The Department of Cell and Molecular Biology performs basic and advanced biomedical research aimed at genetic and molecular diagnosis of human diseases. The Department of Radiation Biology and Toxicology examines the chemo prevention and reduction of the toxic effects of radiation; while the Department of Biophysics tests lasers for applications such as diagnosis of cancer. The Department of Ageing Research looks at DNA repair mechanisms and their alterations on age related human diseases. The focus of research at Department of Plant Sciences is to translate research

outcome on economically important plants for human health. The big data acquired from genomics, proteomics and metabolomics research programs related to human health are dealt with by the department of Bioinformatics. The Department of Public Health and Genomics is dedicated to train students in the area of public health with multidisciplinary approaches.

▀ Highlights

The School was established in order to develop a scientific research hub for multi-disciplinary research related to human health.

- Identified as TIFAC-CORE (Technology Information, Forecasting & Assessment Council - Centres of Relevance & Excellence of DST, Government of India) in the area of Pharmacogenomics and Translational Research with program support from Department of Biotechnology, Government of India
- State-of-the-art research infrastructure, well qualified researchers, faculties and nationally and internationally acclaimed research and translational programs related to human health
- Centres for Biomedical Research (DAILAB@MAHE), Ayurveda Biology and Genome Instability
- Supported by DST-FIST, Government of India
- Program supports from Department of Biotechnology, Government of India for DBT-ILSPARE and translational research
- Supported by K-FIST programme, Government of Karnataka
- Recognized as Biotechnology Finishing School by Government of Karnataka
- Recognized for Biotechnology Skill Enhancement Programme (BiSEP), Government of Karnataka

▀ Collaborations and Partnerships

Institutional Collaborations

CCMB (Hyderabad), IGIB (New Delhi), Indian Institute of Science (Bengaluru), JIPMER (Puducherry), Mangalore University (Mangaluru), NIMHANS (Bengaluru), Sri Ramachandra Institute of Higher Education and Research

(SRIHER) Chennai, SP Pune University (Pune) among others.

International Collaborations

Collaborations for research and academics with:

Deakin University (Australia), Edinburgh Napier University (Scotland), Flinders University (Australia), Helmholtz Research Center - Munich (Germany), Lancaster University (United Kingdom), Maastricht University (The Netherlands), Max Planck Institute (Germany), National Institute of Advanced Industrial Science and Technology (Japan), Queensland University of Technology (Australia), Sao Paulo State University (Brazil), Stellenbosch University (South Africa), The Wistar Institute (USA), University of Aberdeen (Scotland), University of Alabama (USA), University of Grenoble-Alpes (France), University of Lille (France), University of Miami (USA), University of Nottingham (United Kingdom), University of Queensland (Australia), University of Sheffield (UK) and University of Sydney (Australia)

Industry Collaborations

Achira Labs, Advinus Pharma, Bhat Biotech, Bosch, Cipla, Himalaya India, Johnson & Johnson, Juggat Pharma, Lupin, Natural Remedies, Panacea Biotech, Philips, Stempeutics, Tata Consultancy Pvt Ltd, Dr. Reddy's Institute of Life Sciences.

▀ Recognitions / Accreditations

- University Grants Commission (UGC)
- National Accreditation Board for Testing and Calibration Laboratories (NABL)
- Life Sciences Sector Skill Development Council (LSSSDC)

Research Excellence in Numbers

For the last 5 years	
Patents Filed	15
International Conferences	12
Symposia and workshop	34
Publications in Journals & Books	216

▶ Research Activities

- Autofluorescence and biophotonics in biomedical research
- Behavioural and molecular neuroscience
- Breeding for enhanced agronomic traits
- Cancer epigenetics and signalling
- Cancer genetics and genomics
- Drug resistance mechanisms
- Environmental toxicology
- Epigenetics of human diseases
- Exocytosis in cancer
- Exosome biology in cancer
- Functional and integrative biology
- Fungal endophytes and secondary metabolites
- Genetics and molecular genetics of human diseases
- Immuno-metabolic axis and its implications to metabolic disorders
- Infection, inflammation and cancer
- Infectious diseases and host response
- Laser-assisted breeding
- Machine learning for tissue characterization
- Mechanisms of plant defence
- Mechanisms of plant-microbe interactions
- Molecular basis of DNA damage response in cancer and aging
- Molecular basis of traditional Ayurveda knowledge
- Neurodegenerative disorders – dementia and movement disorders
- Neurophysiology
- Neutrophil extracellular traps in health and diseases
- Nonlinear optics
- Pharmacogenomics and Pharmacoeepigenomics
- Photoacoustic imaging
- Regulation of seed development
- Stokes-Mueller based polarization microscopy
- Traditional medicines in Alzheimer's disease

▶ International Students Exchange Programs

The Manipal School of Life Sciences, through research and academic collaborations, has signed Memorandums of Understanding with several universities and institutions of repute to promote research, education and human resource development activities. Meritorious students of MSLS, at both undergraduate and post-graduate levels, are provided with opportunities to undergo training and education at institutions abroad for specific periods of time (semester/year). These are perfect opportunities for students to broaden their horizons, interact with an international community and learn skills from some of the experts in a field. It also enables them to appreciate differences in culture and help their development to compete internationally with a scientific bent of mind. The school has collaborations with, among others,

- Australian National University (Australia)
- Edinburgh-Napier University (UK)
- Flinders University (Australia)
- Lancaster University (UK)
- Maastricht University (the Netherlands)
- Queensland University of Technology (Australia)
- University of Grenoble-Alpes (France)
- University of Miami (USA)
- University of Nottingham (UK)
- University of Queensland (Australia)
- Utrecht University (The Netherlands)

▶ Placements

Almost 90% of the post-graduate students from MSLS are currently employed in relevant industries or are pursuing their PhD. Some of the companies where the students have been employed in India are - Advinus, Astra Zeneca, Biocon India, Enzene, Himalaya Healthcare, Natural Remedies, Serum Institute, Syngene, Thermo Fisher Scientific among many others.

Countries where the students have been registered for PhD are Australia, Canada, Germany, Italy, The Netherlands, Spain, Switzerland, UK and USA, among others.

In India, a number of top research Institutes and Universities have accepted our graduating students for PhD programmes and research positions.

B.Sc. Biotechnology and B.Sc. Biotechnology (Hons.)

Duration

B.Sc. - 3 Years (6 Semesters)

B.Sc. (Hons.) - 4 Years (8 Semesters)

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 15.05.2021

Commencement of Classes:

16.07.2021

Program Description

An undergraduate program covering the broad aspects of various areas of biotechnology to help choose a promising career in life sciences

Focus

Thorough understanding of basic knowledge in biotechnology, through lectures and hands-on training, culminating in a research project work. Courses covered include different areas of biotechnology including genetics, molecular biology, cell biology, bioinformatics, biophysics and business studies.

Career Prospects

Meritorious graduates gain post-graduate admissions in various fields in life sciences, health sciences, business administration, bioinformatics, systems biology and such, in India and abroad.

Postgraduate degree helps in better career prospects

M.Sc. Medical Biotechnology

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 15.05.2021

Commencement of Classes:

06.08.2021

Program Description

A graduate program providing knowledge and skills in different fields of biotechnology, with major focus on human health-related aspects

Focus

Gaining knowledge and advanced understanding of the way biotechnology can be applied in innovation and problem solving through practical learning, hands-on research skills and research project

Career Prospects

Meritorious graduates interested in research gain PhD positions at reputed universities in India and abroad, while those opting to work gain employment in biotech and pharmaceutical industries

M.Sc. Molecular Biology and Human Genetics

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 15.05.2021

Commencement of Classes:

06.08.2021

Program Description

This graduate program provides knowledge and skills in areas related to human health and healthcare

Focus

Gain scientific knowledge, hands-on skills in advanced technology and techniques to inculcate research temper, to understand and solve healthcare issues such as cancer, hereditary and metabolic disorders

Career Prospects

Meritorious and interested graduates gain PhD positions at renowned universities abroad and in India. Those seeking employment join industries and institutions working in the areas of biotechnology, pharmaceuticals, clinical research and such

M.Sc. Bioinformatics

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

06.08.2021

▶ Program Description

This program provides knowledge and skills to become trained bioinformaticians

▶ Focus

The graduates will gain knowledge and learn skills and training in bioinformatics and related areas. Programming and computational biology, biostatistics, image processing are some of the skills to be gained.

▶ Career Prospects

Successful graduates of this program can either opt for a higher degree through research or join companies that are related to biological and clinical data analysis

M.Sc. Systems Biology

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

06.08.2021

▶ Program Description

This program provides knowledge and skills in the area of systems biology that combines biological big data analysis with computational skills

▶ Focus

Graduates of this program will acquire knowledge and skills in the related domains of biology and computational biology. This learning will help in advanced areas such as big data analysis, artificial intelligence etc.

▶ Career Prospects

With the advent of big data, institutions and industries are eager to appoint skilled personnel trained in big data analysis with a background in life sciences and knowledge in bioinformatics

M.Sc. Genome Engineering

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

06.08.2021

▶ Program Description

This program provides skills and knowledge in the area of genome engineering and its applications in life sciences.

▶ Focus

The graduates will gain advanced knowledge, skills and training that can be applied in the areas of genome engineering with implications in the field of human health and related areas in life sciences.

▶ Career Prospects

Meritorious and successful graduates of this program can pursue higher degree through research or join companies that are related to biological and clinical data analysis

M.Sc. Tissue Engineering

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

06.08.2021

Program Description

This program provides skills and knowledge in the area of Tissue Engineering technology and its applications in Medicine, and other areas of technology and Life Sciences

Focus

The graduates will gain advanced knowledge and learn skills and training that can be applied in the areas of tissue engineering with implications in the field of human health and related areas in Life Sciences

Career Prospects

Meritorious and successful graduates of this program can pursue higher degree through research or join academic institutions/companies that are related to biotechnology, tissue engineering and health care

M.Sc. by Research in Life Sciences

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

06.08.2021

Program Description

A graduate program with the primary aim of developing research skills in life sciences, with more than 75% of the time (3 out of 4 semesters) allotted to research

Focus

The main thrust of the program is to provide research opportunities to the students, to hone their knowledge and improve their technical skills on the bench, to get trained on writing research articles and such, while accumulating knowledge towards gaining higher degree through research.

Career Prospects

Graduates of this program, with their experience in research environment, could opt to pursue their research interests by registering for a higher degree in India or abroad.

Post Graduate Diploma in Cellular and Molecular Diagnostics

Duration

1 year (2 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

announced by Government of Karnataka

Commencement of Classes:

announced by Government of Karnataka

Program Description

Biotechnology Skill Enhancement Program (BiSEP) is an initiative of the Department of Biotechnology, Government of India, Department of IT & BT Government of Karnataka, in Collaboration with LSSSDC, CSIR-IICT and ABLE. The School offers a PG Diploma in Cellular and Molecular Diagnostics program, with a semester of course work followed by a semester of industrial internship.

> MANIPAL COLLEGE OF NURSING Manipal [MCON]

Since its inception in 1990, MCON has progressively grown in its strength and scope. MCON is one of the best nursing colleges in India. The college has highly qualified and experienced faculty, excellent infrastructure and teaching hospitals of MAHE, which provide wholesome experience in nursing education.

Singapore has recognized nursing degrees awarded by seven Nursing Colleges in India, one of that is MCON Manipal as mentioned in MRA Pact

The institution is certified as ISO 9001: 2015, ISO 14001 : 2015, ISO 50001 : 2011.

MCON is recognized by the Karnataka State Nursing Council (KSNC) and Indian Nursing Council (INC).

▶ Student/Faculty Exchange programs

- Al Salam Hospital, Kuwait
- MGH Institute of Health Professions, Boston, USA
- University of Miami, USA

▶ Government Tie-ups

- Indigenizing Evidence Synthesis and Systematic Reviews for International Development and Global Challenges - Fund Rs.63,52,6300 in 2019 by SPARC (Scheme for Promotion of Academic and Research Collaboration)
- Improving Clinical Care : Education and Collaboration in the health professions - United States - India Educational Foundation.
- Effectiveness of First Aid Care Package (FACP) on knowledge and quality of first responders care provided by auto rickshaw drivers on Road Traffic Accident victims-Fund Rs 615,580 by ICMR
- Impact of customized nutritional package on macro and micro nutrients(MAMN) in wound management among patients of Kasturba Hospital-Fund Rs.1,467,241 by ICMR

- Effectiveness Of Peanut Ball Device During Labour On Maternal & Neonatal Outcomes And Stress Level In Low-Risk Primigravid Women - A Randomized Controlled Trial.-Fund Rs 4,354,888 by ICMR
- Structure, Staffing and factors affecting (SSF) Infection Control Nurses (ICNs): National Based Hospital Study-Fund Rs.2,200,000 from ICMR
- Effectiveness Of Nursing Intervention Module On Knowledge, Adherence, Complications And Quality Of Life Of Persons Receiving Anticoagulation Therapy - A Randomized Controlled Trial. Fund Rs.1,635,304.40 by ICMR

▸ Placements

BSc Nursing and PBBS Nursing graduates are offered placements in associated teaching hospitals of Manipal Academy of Higher Education based on their merit (academic and non-academic records) subject to vacancies in the respective hospitals.

MCON graduates are also placed in many other hospitals in the country and abroad.

▸ Research Excellence

As part of enabling students to prepare for successful careers in nursing, MCON encourages its students to participate in various research activities. Numerous seminars, conferences and research projects are undertaken by the students and faculty members at MCON campus.

Research Excellence in Numbers

B.Sc. Nursing

Duration

4 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

02.08.2021

▸ Program Description

Program includes classroom learning and practical sessions. Clinical experience is provided under the guidance of faculty in various clinical and community settings. University examinations are held annually.

▸ Focus

Preparing students to graduate as qualified nurses, who are self directed professionals and responsible citizens who can render comprehensive nursing care to the needy and also assume first level positions in all health care agencies.

▸ Career Prospects

On completion of BSc Nursing the graduates can opt to work in the hospitals as staff nurses, pursue higher education like MSc Nursing, Nurse Practitioners, Masters in Public Health, MBA in Healthcare Management etc. They can be clinical nurses, nurse educators and Nurse administrators.

Post Basic B.Sc. Nursing

Duration

2 Years

Eligibility Criteria & Admission Process

Refer Section 2

Commencement of Classes:

02.08.2021

▸ Program Description

During the two years' program, advanced knowledge is rendered through classroom & clinical teachings and educational visits. University examinations are held annually.

▸ Focus

To develop professional nurses, with a strong basis of principles of health sciences, clear role identity and ability to carry out rational interventions, independently in a variety of health care settings.

▸ Career Prospects

On completion of Post Basic BSc Nursing the graduates can opt to work in the hospitals as staff nurses, pursue higher education like MSc Nursing, Nurse practitioners, Masters in public health, MBA in Health care Management. They can be clinical nurses, nurse educators and Nurse administrators

M.Sc. in Child Health (Paediatric) Nursing

Duration

2 Years

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 15.04.2021

Commencement of Classes:

02.08.2021

Program Description

Program is delivered in M.Sc. Child Health (Paediatric) Nursing Speciality. Teaching is incorporated with clinical experience in the respective speciality. As partial fulfillment of the program, students should submit a dissertation. Experience of organizing workshop and conference with the support of faculty members is imparted to the students. University examinations are held annually.

Focus

To prepare nurses who will function as leaders in nursing practice, education, administration, nursing service and research in the field of pediatric nursing. As pediatric nurse specialists they will improve the nursing care and endeavor to enhance professional credibility.

Career Prospects

On completion of Masters in Child Health (Paediatric) Nursing they can pursue higher studies and complete their PhD. They can also work in the Hospitals as nurse administrators or in supervisory roles. They can join academic programs and work as lecturers and progress to be professors.

M.Sc. in Community Health Nursing

Duration

2 Years

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 15.04.2021

Commencement of Classes:

02.08.2021

Program Description

Program is delivered in M.Sc. Community Health Nursing Speciality. Teaching is incorporated with community experience. As partial fulfillment of the program, students should submit a dissertation. Experience of organizing workshop and conference with the support of faculty members is imparted to the students. University examinations are held annually.

Focus

To prepare nurses who will function as leaders in nursing practice, education, administration, nursing service and research in field of community health specialist. As community health nurses they will improve the nursing care and endeavor to enhance professional credibility.

Career Prospects

On completion of Masters in Community Health Nursing they can pursue higher studies and complete their PhD. They can also work in the Hospitals as nurse administrators or in supervisory roles. They can join academic programs and work as lecturers and progress to be professors.

M.Sc. in Medical Surgical Nursing

Duration

2 Years

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 15.04.2021

Commencement of Classes:

02.08.2021

Program Description

Program is delivered in medical surgical nursing under super specialties (Critical care/ Neuro/ Cardiovascular/ Oncology/Emergency/ Renal/ Orthopedics/Gastroenology). Teaching is incorporated with clinical experience in the respective specialties. As partial fulfillment of the program, students should submit a dissertation. Experience of organizing workshop and conference with the support of faculty members is imparted to the students. University examinations are held annually.

Focus

To prepare nurses who will function as leaders in nursing practice, education, administration, nursing service and research in the field of medical surgical nursing under respective super specialties. As medical surgical super specialists they will improve the nursing care and endeavor to enhance professional credibility.

Career Prospects

On completion of Masters in Medical Surgical Nursing in various super specializations they can pursue higher studies and complete their PhD. They can also work in the hospitals as nurse administrators or in supervisory roles. They can join academic programs and work as lecturers and progress to be professors.

M.Sc. in Obstetrics & Gynaecology Nursing

Duration

2 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.04.2021

Commencement of Classes:

02.08.2021

Program Description

Program is delivered in Obstetrics & Gynaecology Nursing Speciality. Teaching is incorporated with clinical experience in the respective speciality. As partial fulfillment of the program, students should submit a dissertation. Experience of organizing workshop and conference with the support of faculty members is imparted to the students. University examinations are held annually.

Focus

To prepare nurses who will function as leaders in nursing practice, education, administration, nursing service and research in the field of Obstetrics & Gynaecological Nursing. As independent midwifery practitioners they will improve the nursing care and endeavor to enhance professional credibility.

Career Prospects

On completion of Masters in Obstetrics & Gynaecology Nursing they can pursue higher studies and complete their PhD. They can also work in the hospitals as nurse administrators or in supervisory roles. They can join academic programs and work as lecturers and progress to be professors.

M.Sc. in Psychiatric (Mental Health) Nursing

Duration

2 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.04.2021

Commencement of Classes:

02.08.2021

Program Description

Program is delivered in M.Sc. Psychiatric (Mental Health) Nursing speciality. Teaching is incorporated with clinical experience in the respective speciality. As partial fulfillment of the program, students should submit a dissertation. Experience of organizing workshop and conference with the support of faculty members is imparted to the students. University examinations are held annually.

Focus

To prepare nurses who will function as leaders in nursing practice, education, administration, nursing service and researcher and counselor in the field of mental health nursing. As mental health nurses they will improve the nursing care and endeavor to enhance professional credibility.

Career Prospects

On completion of Masters in Psychiatric (Mental Health) Nursing they can pursue higher studies and complete their PhD. They can also work in the Hospitals as nurse administrators or in supervisory roles. They can join academic programs and work as lecturers and progress to be professors.

Nurse Practitioner in Critical Care PG Residency Program

Duration

2 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.06.2021

Commencement of Classes:

02.08.2021

Program Description

Nurse Practitioner in Critical Care is a Postgraduate Residency Program of two years duration with competency based training. The core courses of the program include health assessment, advanced leadership and management, research and evidence based practice, advanced practice and clinical courses. It is an annual program with university examinations at the end of each year.

Focus

To prepare BSc nursing and P.B.Bsc nursing graduates for advance practice roles as critical care nurse practitioners, and critical care nurse managers. As leaders they will improve the nursing practice by performing advanced roles in critical care/emergency care units.

Career Prospects

On completion of Nurse Practitioner in Critical Care Post Graduate Residency Program the candidates can work in the critical units/emergency units as critical care nurse practitioners or nurse managers.

> PRASANNA SCHOOL OF PUBLIC HEALTH [PSPH]

Prasanna School of Public Health under Manipal Academy of Higher Education, offers MPH, MSW, MHA and MSc in Data Science & MSc in Biostatistics programs. The school is fully equipped with well qualified and experienced faculty members. The school has established association with a number of universities in India and abroad and built strong linkages between public, private and governmental institutions.

Details regarding MPH, MSW, MHA, M.Sc in Biostatistics and M.Sc in Data Science Programs:
Focus:

- To develop a cadre of skilled and component professionals in the field of Public Health, Social Work, Hospital Administration and Data Science.
- To provide training on conceptual understanding along with practical skills to address the emerging challenges.

Research Excellence in Numbers

For the last 5 years	
Research Papers	601
Workshops / Symposiums Conferences / Resource Sessions Conducted	121
Ongoing Funded Research Projects	16
Research Projects Completed	41
Future Research Projects	02
Chapters in books published by faculty	10
Student research published	98
Citations	889

Advantages

- The Prasanna School of Public Health was set up with the singular objective of training public health Professionals for the country as well as the region and place them in roles contributing to education, practice and research in Public Health. The curriculum for Masters in Public Health (MPH) was developed with assistance from the School of Public Health, University of Alabama in Birmingham, USA. Subsequently MSW and MHA programs were initiated. The School of Public Health has excellent working relations with WHO, UNICEF, industries and other international organizations.
- MAHE is equipped with world class infrastructure, facilities and dedicated faculty for teaching and research. All the programs in Public Health were introduced at an appropriate time when the whole world has been looking for trained Public Health professionals to tackle the emerging challenges. The larger objective of the course is to build capacity in Public Health, Social Work and Hospital Administration both at National and International levels.
- MPH students get an opportunity to study for a semester at Maastricht University, The Netherlands for an academic exposure with international faculty.

- The school also houses various centres related to infectious diseases, clinical epidemiology, Public Health Evidence South Asia, Health Literacy and Health technology and One Health.

Recognitions or Accreditations, if any

MPH, MSW, MHA, MSc in Biostatistics and MSc in Data Science Programs is one of the UGC specified Degrees under Section 22 of the UGC Act, 1956 and the program has been approved by the Academic Senate of Manipal Academy of Higher Education, Manipal.

Collaborations & Partnerships

- Ahfad University Sudan
- Asian Health Literacy Association, Geneva Office
- Centre for North East Studies and Policy Research, New Delhi
- Deakin University Australia
- Griffith University, Australia
- Hasselt University Belgium
- James Cook University Australia
- Maastricht University, The Netherlands
- Manasa Rehabilitation Centre, Pamboor, Udupi.
- McMaster University, Canada
- ICMR-National Institute for Research in Environmental Health, Bhopal
- Robert Bosch Engineering Solutions Pvt Ltd (RBEI), Bengaluru
- TAKE Solutions Pvt Ltd
- Tampere University Finland
- UNICEF India (Hyderabad, Karnataka, Telangana)
- University of Groningen, Netherlands
- University of Maryland, USA
- University of New South Wales, Australia
- University of South Australia
- University of Sydney, Australia
- Utrecht University, Netherlands
- WHO (World Health Organization)

Student Exchange Programs

Prasanna School of Public Health, Manipal Academy of Higher Education in collaboration with Maastricht University, The Netherlands, has designed a programme, where MPH/MSW students can optionally choose to spend a semester at Maastricht University, The Netherlands. This unique exposure prepares students to deal with global health problems, work in multi-cultural settings and helps to build collaborations/networks with international faculty.

Special Features of the course

- Modular Teaching
- Outcome Based Education
- Competency driven curriculum
- Participatory teaching-learning experience
- Experienced faculty members
- Multi-disciplinary campus
- Students exchange programme
- Good job

MPH Epidemiology

Duration

2 Years

- 1st Year - Academic Teaching.
- 2nd Year - Research Project and Internship.

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 15.07.2021

Commencement of Classes:
02.08.2021

Program Description

The Epidemiology track is designed with a perfect blend of both theoretical and practical exposure for the students to give them first hand on experience with the key concepts in epidemiology, understanding the trends of the diseases, epidemiological methods, outbreak investigation and determinants of Health.

Focus

Infectious diseases, Chronic diseases
Outbreak investigation, Surveillance,
Clinical Research & Ethics, Nutritional
Epidemiology.

MPH Maternal & Child Health

Duration

2 Years

- 1st Year - Academic Teaching.
- 2nd Year - Research Project and Internship.

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 15.07.2021

Commencement of Classes:
02.08.2021

Program Description

The concept of a healthy mother and healthy baby is an essential aspect of reproductive health care program. In a developing country like India, poverty, illiteracy, and multiple pregnancies take their toll of mother's health and that of the breastfed infant. The focus of this program is building a cadre of maternal and child specialist in the developing world

Focus

Safe delivery practices, Mother and Child Health programs, Prevention of maternal and infant death

MPH Environment and Occupational Health

Duration

2 Years

- 1st Year - Academic Teaching.
- 2nd Year - Research Project and Internship.

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 15.07.2021

Commencement of Classes:
02.08.2021

Program Description

Environmental and occupational health track includes a basic understanding of the twin disciplines of Environmental and Occupational Health. Various angles of environmental sciences, including physical, chemical, and biological, is covered in the module. There is a specific focus on approaches for assessing, preventing and controlling environmental hazards that pose risks to human health and safety

Focus

Environmental hazards, Ergonomics,
Toxicity, Safe environmental practices

MPH Global Health

Duration

2 Years

- 1st Year - Academic Teaching.
- 2nd Year - Research Project and Internship.

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 15.07.2021

Commencement of Classes:

02.08.2021

Program Description

This course will have six core subjects, Global health policy analysis, Global health management, Global health economics, Global health epidemiology, Global health and Anthropology, Global Public health in emergencies, The students get an opportunity to spend a semester in Maastricht University, The Netherlands for some of the electives to provide them an international exposure of training in public health.

The average cost of boarding and accommodation at Maastricht will be around 4000 Euros subject to currency value.

Focus

Global Public Health in emergencies, Medical Anthropology, Contemporary Global Public Health issues, Evaluation research

MPH Health Policy

Duration

2 Years

- 1st Year - Academic Teaching.
- 2nd Year - Research Project and Internship.

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 15.07.2021

Commencement of Classes:

02.08.2021

Program Description

Health policy track is designed for those who are passionate about developing long-term solutions to healthcare challenges. Students will develop a robust understanding of healthcare systems, quality improvement, and legislative procedures as they relate it to continuously evolving healthcare policy.

Focus

Contemporary health policies, Health policies, Healthcare leadership, Healthcare innovations

Placements

Graduates are working in various Governmental and Non-Governmental organizations like UNICEF, WHO, PHFI, PATH, Jhpiego, Medicines Sans Frontiers, District Epidemiologists, Government of India, National institutes like: National Institute for Research in TB, Chennai, Cochrane collaborations, and in various academic institutions as research associates, MAHAN Trust, Maharashtra, Decision Resources Group, Bangalore, Tata Trust, Mumbai, Aga Khan Foundation, Mumbai, Institute of Public Health, Bengaluru, Ayushman Bharat, Indian Institute of Population Studies, Mumbai, Karuna Trust, Bengaluru, Campbell Foundation, Delhi, George Institute of Global Health, Delhi, CARE India, Central Leprosy Division, Delhi, IHAT, Digital Health Associates, EKAM

Foundation, PGIMER Chandigarh, AIIMS, IIT Chennai, SAHAS Udupi, Ashraya Social Welfare Foundation, Mumbai. SAATHI Kolkata, IMPACT India Foundation, INCLIN, NICED, Kolkata

Internship

MPH students also get an opportunity for observational and academic oriented internships in various organisations across the country. This is a part of the curriculum and will be for a period of 4 weeks. This gives an opportunity for the MPH students to network and establish rapport with the organisations which can provide them job opportunities on completion of the course. Course credits will be provided for the internship activity. The various organisations where our students have completed their internships so far are as below: Mahan Trust, SOCHARA, Chennai, SAATHI, Kolkata, National Health Programme Offices – NVBDCP, IDSP, Endosulfan, SEARCH, Gadchiroli, SAIL, Gujarat, Cadbury Industry, Bangalore, United Way, Mumbai, Cashew Factory, Fish canning factory, Lifeline Express, IIMR, Blore, EKAM Foundation, ASHWINI, Health Action by People.

Research in the MPH Programme

MPH Programme of Prasanna School of Public Health, over the years, has signed memorandum of understanding (MOU) with many National and International Academic, Governmental, Non-governmental and Industries engaged in health. Department conducts national and international level Conferences and Seminars. Conduct workshops and symposium on topics of public health and research importance to students and faculties. The faculty members in Public health are involved in various National and International collaborative and funded research projects. Prasanna School of Public Health already has functional centres engaged in research in Infectious Diseases, Clinical Epidemiology, Public Health Evidence South Asia, Health Literacy, and Health technology assessments, Regulatory Affairs, Demography.

▶ Career Prospects

MPH graduates are placed as evidence synthesis specialists, research officers, associate epidemiologists, project lead, scientific officer, program officer in Indian and international non-governmental organization working towards research and innovation in public health. They have also chosen a career path in various capacities in World Health Organization, UNICEF and national health programs. Following the pandemic we foresee an increased demand for public health professionals in governmental organizations for various research projects. Doctoral research opportunities at MAHE and abroad are also available upon completion of MPH.

▶ Foundation course as a preparation to Global Health Symposium

Global Health Symposium is an annual event of MPH Programme of Prasanna School of Public Health which is jointly organised by Manipal Academy of Higher Education, Manipal, Maastricht University, The Netherlands, and McMaster University, Canada. Over 300 students from more than 30 nationalities participate in the event at Manipal. As a preparation for the Symposium, we have the Foundation course for the MPH students. Foundation course is a perfect amalgamation for the students from Maastricht, McMaster and Manipal to work together for a common goal towards global health. Now with Ahfad University for Women, Sudan & Thamassat University, Thailand, University of Southeast Norway on board this program has provided an unique opportunity first of its kind for students across the globe to develop research proposal for the relevant topics in the current scenario and debate around for the same. The program not only inculcate hands on experience on proposal writing on relevant topics pertaining to global health in a diverse setting but it also helps to prepare themselves to work in a very versatile environment which will equip them with all necessary skills to be a global public health leader in the coming years.

MSW Community Development

Duration

2 Years

- 1st Year - Academic Teaching and Internship
- 2nd Year - Academic Teaching, Internship and Research Project

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.06.2021

Commencement of Classes: 02.08.2021

▶ Program Description

MSW Program in Community Development enable the graduates to think globally and act locally with strong theoretical foundations and community embedded practicum, The program spreads over the four semesters and provide ample opportunities for initiation, ideation, integration and implementation of sustainable social innovation through structured academic inputs on and off the field.

▶ Focus

The Community Development Program focuses on building capacities to design, deliver and evaluate projects and programs that aim to meet the SDGs.

▶ Career Prospects

The students specializing in community development are placed in Non Governmental Organizations /Governmental Organizations, Community Health Centres both in rural and urban, CSR Projects. There is scope for them in the area of research, teaching and to grow as a social entrepreneur in their area of interest.

MSW Human Resource Management and Industrial Relations

Duration

2 Years

- 1st Year - Academic Teaching and Internship
- 2nd Year - Academic Teaching, Internship and Research Project

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.06.2021

Commencement of Classes: 02.08.2021

▶ Program Description

With a year of strong foundation in core social work courses, the program builds on developing graduates' capacities to be competent HR professionals. Adding to their academic curriculum, students acquire hands-on training and develop their professional networks through internships.

▶ Focus

The program focuses on emerging trends in the area of Labour Legislations, Industrial Relations and wellbeing embeded with structured practical exposure develop skills required for corporate requirements.

▶ Career Prospects

The HR specialized students are placed in corporate sectors, manufacturing sectors, hospitals and hospitality sectors handling various human resource functions, managing CSR programs. Our alumni have initiated their own ventures including consultancies.

MSW Medical and Psychiatric Social Work

Duration

2 Years

- 1st Year - Academic Teaching and Internship
- 2nd Year - Academic Teaching, Internship and Research Project

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 30.06.2021

Commencement of Classes:
02.08.2021

Program Description

Two years Medical & Psychiatric Social Work program has got a finest curriculum in the country attracts international students also for electives. With regular academic sessions from multi-disciplinary professionals, graduates are placed for practical training at health care facilities of national repute. Mandatory research adds value to the program.

Focus

The program prepares students to understand the complexities in causation of various health issues due to socio-cultural, behavioral, environmental and occupational factors. The focus also includes promotive, preventive and curative approaches to public health and mental health from a psychosocial perspective.

Career Prospects

Students of Medical and Psychiatric Social Work are placed in schools, mental health settings, public health programs, GOs, NGOs and tertiary care hospitals and NGOs in India and overseas. They have scope to work as program officers in national health programs, counsellors and social workers in schools and hospitals, as researchers and also in academics. Recently, there is increasing demand for social workers in public health programs and research projects.

Placements

Excellent track record of job placements. Our students have been recruited in various Governmental, Non-Governmental Organizations and Corporate sectors.

Academic Partners

Master of Hospital Administration

Duration

2 Years

- 1st Year - Academic Teaching.
- 2nd Year - Research Project and Internship.

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 30.06.2021

Commencement of Classes:

02.08.2021

Program Description

The MHA program is a full-time program extending for a total duration of 2 years. The program is delivered in the modular form over six block periods extending over one year followed by internship & project work for one year and governance to name a few.

The MHA Electives (Closed Electives) are:

- Financial Management in Healthcare
- Branding & Customer Relationship Management
- Health Services Administration
- Healthcare data analytics
- Health technology assessment
- Health policy and governance to name a few

Focus

The program focus is to prepare young knowledgeable, ethical and innovative administrators for the healthcare market who can contribute positively for the betterment of the healthcare domain.

Career Prospects

MHA graduates get the opportunity to work in hospitals and healthcare institutions as administrative in charges/heads. Apart from healthcare sectors, they get the opportunity for continuing their academic programs in the form of PhD and research

activities. The Insurance sector is another domain in which MHA graduates are having promising opportunities. In the era of quality patient care graduates from this field are absorbed into implementing and assessing Quality and accreditation standards (mainly NABH) across hospitals and healthcare chains. Healthcare IT is another domain in which MHA graduates get to work. Apart from these opportunities, MHA graduates can also be part of Health policy initiatives by the government as they progress in their careers.

Placements

Students graduating from the MHA program get placed in leading public and private industries across India and abroad. Most of our alumni are placed in key positions in well-known corporate and teaching hospital groups like Manipal group of hospitals (both teaching and non-teaching hospitals), Fortis group, Global hospitals group, Apollo Hospitals, Sakra Group of Hospitals, Narayana Health(NH) to name a few. Quite a number of our alumni have opted to continue their higher studies, doctoral /graduate studies in India and abroad. Few students have had excellent placement opportunities in healthcare insurance sector (Mediassist Pvt Ltd., ICICI Lombard, Reliance Insurance, etc.), a few in IT Enabled Health Services sectors (Dell, Health Assist etc.) Students are prepared for mock interviews during their final semester, before entering the job market.

Internship

MHA students have an opportunity for observational and academic oriented internships in healthcare organizations across the country. This gives ample opportunity to MHA students to network and establish rapport with organizations and their key personnel. This generally leads them to accessing job opportunities in the organizations on completion of the course work.

Students have done internship in few healthcare facilities like:

Apollo hospitals, Banergatta Bangalore; Fortis Hospital Delhi; Narayana Health, Bangalore, ASTER group of hospitals to name a few.

Research in the MHA Programme

MHA Programme under Prasanna School of Public Health (PSPH), over the years, through its faculty has been engaged in many National and International Academic, Governmental, Non-governmental Industries engaged in healthcare delivery. The department conducts national and international level conferences/ workshops and seminars in the field of modern management, healthcare IT and Quality and sustainability in healthcare. The faculty members are associated with several intramural research activities conducted in Kasturba Hospitals. Few of the faculty are also involved in Health Literacy and Health technology assessment activities.

Leadership in Public Health

Duration

One year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.06.2021

Commencement of Classes:

02.08.2021

Course Overview

The Leadership in Public Health certificate course is a collaborative effort by national and international public health and management leaders from Prasanna School of Public Health, Manipal Academy of Higher Education and The George Institute for Global Health (www.georgeinstitute.org.in), New Delhi

The course curriculum integrates and illustrate both theories and practices through hands on activities and a dedicated mentoring plan to enable future leaders looking to take the next step in the healthcare delivery, to contribute positively and spearhead programmes to improve health of the population.

By the end of the course, students will have their own personal development plan to leap ahead in leadership career in Public Health

Course Objectives

- Understand adaptive leadership models and skills to survive and grow in your career path.
- Experience first-hand peer mentorship from health leaders and create your own development plan
- Use tools to strategize decision making in health, impacting different cultures and changing regulatory environments.
- Examine different practices in health to manage large programmes involving multiple stakeholders.
- Develop skills in effective communication.

Program Description

The duration of the course is one year. The course involves two face to face sessions at Manipal Academy of Higher Education, each session is for a week. Rest of the course will be delivered using online platform

Key themes

- Public Health systems, operations and strategic leadership tools.
- Leadership and effective communication.
- Leadership in health systems policy and setting health agenda.
- Management skills in leadership.

Course assessment

- Successful defense of project work and submission of a personal development plan.
- 100% attendance in face to face session.
- Participation in online sessions.

Career Prospects

- Advancement in current position/role
- Building and leading interdisciplinary teams
- Expand professional networks; build cross sector partnerships/ collaborations and relationships
- Identify leadership style and customize personal development plans
- Become dynamic and effective public health professional/leader

> DEPARTMENT OF DATA SCIENCE [DoDS]

Formerly known as the Department of Statistics, it was established as the first teaching department of MAHE in the year 2006.

▶ Programmes Offered

Department of Data Science under the Prasanna School of Public Health envisions excellence in teaching and research in different areas of applied statistics. This department aims to provide superior academic ambience and support to faculty members to work in frontier areas of research in both theoretical and experimental statistics. It also imparts analytical knowledge through rigorous and well planned MSc programmes aimed to nurture the recipients develop strong methodological foundations in applied statistics. The department offers three post-graduate programmes namely; MSc Biostatistics (since 2007), and MSc Data Science (since 2019) and MSc Digital Epidemiology (2021 onwards). It also offers a doctoral (PhD) programme apart from statistical consultancy services for the academia and industry. Further, it supports course delivery of research methodology, biostatistics and big data analytics offered by other constituent units of MAHE. The department offers a Certificate Program in Biostatistics, Research Methodology and Epidemiology. It also regularly organizes training programmes/ workshops/ seminars on various topics in Statistics and data analysis using statistical software. With a long history in teaching and research, the department has well established collaborations with organizations of national and international repute.

▶ Infrastructure

The department has state of the art computational facilities for training and research with the aid of SAS, STATA, SYSTAT, SPSS, R, Python, Hadoop, Spark, EpiInfo, Review Manager, Latex and EndNote.

▶ Curriculum Highlights

- Curriculum incorporates the needs of the industry and research facilities at the global front
- The department has incorporated the newly introduced outcome based education and learning paradigm into its curriculum
- As per the National Education Policy 2020, the department has initiated modular teaching for all the post-graduate programmes w.e.f. the academic year 2021-22. This will prepare students to shine in any career of their choice
- Strengthened student-industry interaction during the programme will enhance student employability
- Opportunities through statistical consultancy services offered by the Department enables the student to understand, analyse and interpret real data
- Opportunities for internship/ placement in academic/research institutions through collaborations at the department level
- Assistance is provided to students to attend workshops, conferences and competitions along with encouragement to participate in extracurricular activities

▶ Faculty Competency

The department has eleven teaching faculty with multidisciplinary expertise. Eight of the faculty have completed their doctorate, and the remaining three are pursuing PhD. The faculty are active members in editorial boards, curriculum committees and assessment committees of reputed institutions. All the faculty handle statistical consultations and provide analytical guidance for projects.

▶ Internships and Placements

Placement assistance is provided for successful students in multi-national corporates and academic/ research institutions of high repute at the national and international level. Our alumni work as Biostatistician/ SAS Programmer/ Data Scientist in renowned industries and medical colleges. We are proud to have an excellent alumni network and placement record. Following are a few organizations in which our alumni are employed.

Academic Institutions

Collaborations

- The department trains the associates of Novartis Health Care Pvt. Ltd., Hyderabad. Five batches of associates from Novartis have been trained since 2011
- The department started Ph.D. programme in collaboration with Novartis Health Care Pvt. Ltd., Hyderabad and Glaxo Smith Kline Pharmaceuticals Ltd, Bengaluru
- The department has collaboration with various national and international organizations namely, Indian Statistical Institute, New Delhi; School of Population Health, University of Melbourne, Australia; Robert Gordon University, Scotland; Madras Diabetes Research Foundation, Chennai; Indian Institute of Public Health, Gandhinagar; Public Health Foundation of India, New Delhi; University of Groningen, The Netherlands and Tata Institute of Social Sciences, Mumbai

Research

In last fourteen years, the department attracted funding of more than ₹40 million independently and ₹100 million in association with other departments from agencies like Indian Council of Social Science Research, Baba Atomic Research Centre, Indian Council of Medical Research, Department of Science and Technology, Department of Biotechnology, World Health Organization, International Clinical Epidemiology Network, and Department for International Development.

The department faculty contributed in publishing books and are members in editorial boards of various national and international journals. The faculty and research scholars of the department have published over 400 journal articles and 4 books.

Research Excellence in Numbers

Since 2014	
Journal & Publications	294
Books Published	03
Conferences Paper	03
Workshops/Seminars Participations	220
Workshops organised by the Department	18
Ongoing Research Projects	07
Student Projects	108
Ph.D. Completed	11

Alumni advancement towards doctoral education

Few of our distinguished alumni are currently pursuing their doctoral studies in reputed international and national universities.

Statistical Consultancy

Department of Data Science offers statistical consultancy services to the faculty, researchers and students of different constituent units of MAHE and other institutions including the industry. As part of the curriculum, students under the guidance of faculty are trained to cater to various aspects of the research process.

This will enable the student to develop:

- an awareness on the statistical consultation process and the associated problem-solving methodology on real data
- oral and written skills to communicate research findings.
- skills for research dissemination

MSc Biostatistics

Duration

2 Years

- 1st Year - Academic Teaching.
- 2nd Year - Research Project and Internship

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 30.06.2021

Commencement of Classes:

02.08.2021

Program Description

This programme emphasizes on a variety of statistical and computational methods for application in medicine, health sciences, life sciences, public health apart from pharmaceutical industry. To familiarize the student with real life situations, tutorials and self-learning exercises are included in the theory courses. The practical courses help students apply their acquired analytical knowledge with hands on experience in statistical software such as R/SAS/STATA/SPSS/Epiinfo.

The program involves one year of regular classes under the modular teaching paradigm wherein the students get an opportunity to gain expertise in 20 different industry-relevant courses. The second year is devoted to internships and strengthening research along with data-centric problem solving capabilities.

The second year of the program will thus, enable the student to gain expertise in independently tackling practical problems related to collection, design, analysis and interpretation of data.

Seminar and Journal Presentation

With an intention to motivate research aptitude, update on recent advances, pedagogy and communication skills, students present specific topics and journal articles frequently under the guidance of faculty for which they will earn credits.

► **Focus**

The aim of the programme is to foster an interest in biostatistics and nurture students to emerge as professional biostatisticians as required by government/private sector research, health care settings and industry. The programme is also aimed to nurture students develop into skilled professionals who can apply statistical principles, processes and analytical methods to design, implement and analyze health related studies including both experimental (clinical trials) and observational (epidemiological) studies.

► **Career Prospects**

With over a decade-long history in the academia, this Department has always been working closely with the industry and research institutions. Through a great range of employability initiatives including internship collaborations and unlimited access to MOOCs, we ensure that our degrees are in toe with the dynamic needs of the industry as well as academia. We are dedicated to making our students employable without compromise on strengthening their conceptual knowledge; both of which play a significant role in careers in research and industry. We are proud of our Alumni who have weaved success stories in renowned industries and research institutes much in line with our belief: "World Wide Manipal."

MSc Data Science

Duration

2 Years

- 1st Year - Academic Teaching.
- 2nd Year - Research Project and Internship

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 30.06.2021

Commencement of Classes:
02.08.2021

► **Program Description**

This programme emphasizes on practical techniques for working with large-scale data. Specific topics covered include statistical modeling and machine learning, programming languages such as SAS, R, Python, Hadoop, Spark along with real world topics and case studies. The theory courses are delivered through classroom teachings, tutorials, and self-learning, whereas practical courses are with computer exercises.

The program involves one year of regular classes under the modular teaching paradigm wherein the students get an opportunity to gain expertise in 20 different industry-relevant courses. The second year is devoted to internships and strengthening research along with data-centric problem solving capabilities.

The second year of the program will thus, enable the student to gain expertise in independently tackling practical problems related to collection, design, management, exploration, analysis and interpretation of data/big data.

► **Seminar and Journal Presentation**

With an intention to motivate research aptitude, update on recent advances, pedagogy and communication skills, students present specific topics and journal articles frequently under the guidance of faculty for which they will earn credits.

► **Focus**

The M.Sc. Data Science programme is devoted to the specialized training in analytical statistics as applied to computational and biological sciences. It aims to nurture the recipients develop as statistical programmers with productive careers in corporate sector through

- strong methodological foundations in analytical statistics
- versatile training in handling statistical consultations
- competency in the usage of appropriate techniques, skills, and tools necessary for data science

► **Career Prospects**

The Department of Data Science has always walked ahead of times with a keen eye on the dynamic nature of developments in biological and decision sciences. The MSc Programme in Data Science offered at the department is a perfect blend of machine learning, big data analytics, statistics and the biological sciences. This offers inter-disciplinary expertise leading to abundant opportunities across various facets of the corporate sector as well as the academia. With growing demand for inter-disciplinary research, our students who are well-equipped with theoretic and practical knowledge will shine with success stories at the academic and non-academic front across the globe.

MSc Digital Epidemiology

Duration

2 Years

- 1st Year - Academic Teaching.
- 2nd Year - Research Project and Internship.

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 30.06.2021

Commencement of Classes:

02.08.2021

Program Description

This programme emphasizes on practical techniques for working with large-scale epidemiological data. Specific topics covered will include data management, digital infrastructure, communication and monitoring with focus on statistical modelling and machine learning, programming languages such as R, Python, Hadoop, Spark along with real world topics and case studies.

The program involves one year of regular classes under the modular teaching paradigm wherein the students get an opportunity to gain expertise in 20 different industry-relevant courses. The second year is devoted to internships and strengthening research along with data-centric problem solving capabilities.

The second year of the program will thus, enable the student to gain expertise in independently tackling practical problems related to collection, design, management, exploration, analysis and interpretation of data/big data.

Seminar and Journal Presentation

With an intention to motivate research aptitude, update on recent advances, pedagogy and communication skills, students present specific topics and journal articles frequently under the guidance of faculty for which they will earn credits.

Focus

The MSc Programme in Digital Epidemiology offered at the Department of Data Science aims to build competencies in designing efficient and scalable algorithms for processing, mining and analyzing dynamic and large-scale epidemiologic/non-epidemiologic data. The programme aspires to achieve data-driven, evidence informed policy impacts for the benefit of the global community by nurturing the students with inter-disciplinary expertise through

- Methodological expertise in big data analysis and its applications
- Strong methodological foundations in multi-disciplinary facets of epidemiology
- Data driven evidence based research and development using advanced computational capabilities

Career Prospects

The Department of Data Science has always walked ahead of times with a keen eye on the changing dynamics of multi-disciplinary research and expertise. The MSc Programme in Digital Epidemiology introduced in this academic year offers a flavour of multi-disciplinary proficiencies leading to abundant opportunities in the domains of healthcare technology, e-health governance, policy think tanks along with research and academia. Our students who are well-equipped with theoretic and practical knowledge will shine with success stories at the academic and non-academic front across the globe.

> MANIPAL INSTITUTE OF VIROLOGY

[MIV]

Manipal Institute of Virology (MIV), erstwhile known as Department of Virus Research or Manipal Centre for Virus Research, Manipal Academy of Higher Education was established on 1st May 2010 by upgrading the virology laboratory of the Department of Microbiology, Kasturba Medical College, Manipal into a university department.

MIV received the NABL accreditation status on January 5, 2021, signifying quality and competence in medical testing facilities in accordance with the standard ISO 15189:2012. It is the one and only virus diagnostic laboratory in India with thirty tests (serological and molecular) included in its scope for medical testing.

Currently, MIV houses the IDSP-Regional Reference Laboratory For Influenza Virus and is also the NVBDCP Apex Referral Laboratory for Dengue, Japanese Encephalitis and Chikungunya; all of which are Ministry of Health and Family Welfare (MoHFW), Government of India (GoI), - supported programmes.

MIV has a biosafety level 2 (BSL-2) laboratory with the state-of-the-art infectious disease diagnostic facility, a blend of classical and advanced methods, that provides the capability to detect forty plus (40+) viruses through a spectrum of serological (ELISA), molecular (Real Time PCR) and antigen detection assays.

The institute enjoys excellent working relationship with national, state and district public health services across the country. MIV also has strong collaborations with international institutions. MIV has the uniqueness of hosting a public service programme on a private platform and in a short span of time it has proven to be one of the best public private partnership towards the development of public health infrastructure in the country.

MIV also houses a Bio Resource Centre, which provides offline as well as online access to books, journals and other scientific study materials in microbiology, virology, public health, biosafety and biosecurity, etc.

► Infrastructure and Facilities

MIV is primarily a Biosafety level 2 laboratory and research centre. The laboratory has been constructed by strictly adhering to the biosafety level norms outlined by the Indian Council of Medical Research (ICMR) and Department of Biotechnology (DBT), Govt. Being actively involved in diagnostic virology and research, MIV has the state of the art laboratory facilities. MIV provides support to the health departments of several Indian states with viral disease diagnosis, surveillance and outbreak investigation through its various projects.

► Research Excellence (for last five years):

MIV, as one of the best virology institutes in India, has the platform for cross-cutting, in-depth research in the field of Influenza viruses, Herpes simplex viruses, Enteroviruses, Human Papilloma Viruses, Dengue viruses and Chikungunya viruses. MIV undertakes research in thrust areas targeting improvement in clinical diagnosis of diseases, infectious

disease surveillance and epidemiology including molecular epidemiology of emerging and re-emerging viral diseases, developing various strategies for newer and alternative treatment modalities, platforms for testing antivirals, immunological profiling of viral diseases and development of diagnostic kits and vaccines. Research on advanced molecular diagnostics and pathogen discovery employ advanced techniques such as sequencing, Next Generation Sequencing (NGS), and Luminex multiplex serology. Disease awareness and community-based studies such as outbreak investigations, in coordination with the government public health departments, are some of the other key activities that extend ample research opportunities.

Projects Completed: 20

Projects Ongoing: 5

Publications: 80 publications in reputed journals

► Recognitions or Accreditations

- IDSP-Regional Reference Laboratory For Influenza Virus (MoHFW, Govt. of India)
- NVBDCP Apex Referral Laboratory for Dengue, Japanese Encephalitis, and Chikungunya (MoHFW, Govt. of India)

► Collaborations & Partnership

National

- All India Institute of Medical Sciences (AIIMS) Bhubaneswar (MoHFW, Govt. of India)
- Christian Medical College (CMC), Vellore
- Indian Council of Medical Research (ICMR) (MoHFW, Govt. of India)
- Institute of Life Sciences, Bhubaneswar, Odisha
- Institute of Nuclear Medicine & Allied Sciences (INMAS), Defence Research and Development Organisation (DRDO), New Delhi
- Integrated Disease Surveillance Programme (IDSP), (MoHFW, Govt. of India)

- International Centre for Genetic Engineering and Biotechnology (ICGEB), New Delhi
- National Institute of Immunology (NII), New Delhi
- National Centre for Disease Control (NCDC) (MoHFW, Govt. of India)
- National Institute of Mental Health and Neuro-Sciences (NIMHANS), Bangalore
- Indian Institute of Technology, Mumbai
- National Vector Borne Disease Control Programme (MoHFW, Govt. of India)
- Postgraduate Institute of Medical Education and Research (PGIMER), Chandigarh
- All India Institute of Medical Sciences, New Delhi
- Topiwala National Medical College (TNMC), Mumbai
- Translational Health Science and Technology Institute, Gurgaon

International

- The Wistar Institute, University City, Philadelphia, Pennsylvania, USA
- University of Minnesota, Minneapolis, USA
- University of Lille 2, Lille, France
- University of Pittsburgh, Pennsylvania, USA
- WHO Collaborating Centre for Influenza Reference and Research at the Victorian Infectious Diseases Reference Laboratory (VIDRL), Melbourne, Australia
- World Health Organization (WHO)-India Office

Industry

- Molbio Diagnostics Pvt. Ltd. Goa
- Cosara Diagnostics Pvt. Ltd. Vadodara

▶ Student Exchange Programs

- Australian National University, Canberra, Australia
- University of Lille 2, Lille, France

▶ Placements

Fifty six students have successfully completed the MSc Clinical Virology program and forty five have been recruited by different health and research organizations of national and international repute.

▶ Highlights of the MSc Clinical Virology Program

The unique features of the MSc Clinical Virology program include:

- Competency-based curriculum
- Credit-based system at par with international universities
- Extensive practical and field exercises
- State of the art virological techniques
- Syndromic approach to diagnostic virology
- Epidemiology and public health orientation
- Strong research-based approach
- Clinical and laboratory rotation
- Institutional and industrial rotation
- Opportunities to pursue PhD from foreign universities

Master of Science M.Sc. (Clinical Virology)

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

▶ Program Description

M.Sc. Clinical Virology is a two-year full time postgraduate programme designed with a public health orientation and involves extensive laboratory, and classroom teaching besides field visits for disease outbreak investigations and epidemiological studies.

▶ Focus

The programme aims at practical training of students in latest and technologically advanced instruments for diagnostic and research work useful in health, diagnostics, industrial, and academic sectors. Concepts of biosafety practices, outbreak investigations, clinical virology, etc., are also introduced, updated and strengthened through this programme. Observation, communication, analysing information, problem-solving, critical thinking, logical reasoning, and perseverance are a few skills inculcated in the students during the programme.

▶ Career Prospects

MIV graduates have been employed in various reputed research centres, medical colleges, and diagnostic laboratories across the country and abroad. Career options for higher research are also promising as reflected from the number of alumni enrolled for PhD programmes in international institutes such as Institute of Clinical Research of Montreal, Canada; Nagasaki Wesleyan University, Japan; Queensland Institute of Medical Research, Australia; United Arab Emirates University, UAE; University of Nebraska Medical Centre, Nebraska, United States University of Turin, Italy, etc.

> FACULTY OF SCIENCE, TECHNOLOGY & MANAGEMENT

> MANIPAL INSTITUTE OF TECHNOLOGY [MIT]

One of the top ranked engineering institutions in the country, MIT stands true to its legacy of excellence in research and innovation.

▶ About the Institute

Manipal Institute of Technology (MIT), Manipal was established in the year 1957 as one of the first pioneering self-financing engineering colleges in the country. With a total student intake of about 2000 per year, and around 10,000 students, over 638 faculty members, over 1000 supporting staff, over 30,000 alumni, the institute provides the right ambience and platform for the students' all round development. MIT has 18 Under Graduate programs, 26 Masters programs and Doctoral programs in all streams of Engineering and Science under 18 departments. To promote innovation, incubation and entrepreneurship, the Innovation Center at MIT houses Manipal Universal Technology Business Incubator (MUTBI) and Central Instrumentation Facility (CIF).

▶ Advantage MIT

- Multicultural Campus with student representation from every state of India
- Flexible curriculum with opportunity for B.Tech. Honours, and Minor Specialization
- Large basket of Open Electives to cater the wide interest of students
- Major student projects to address experiential learning
- Innovation Center to nurture student Innovation
- Manipal Universal Technology Business Incubator to support student entrepreneurship
- Prospect to work on funded research projects and support for student publication
- Opportunity for study abroad (few months, a semester, or a year)

▶ Recognitions

- Approved by All India Council for Technical Education (AICTE)
- Approved QIP Center for M.Tech./ PhD programs

▶ International Partner Universities

- Aarhus University, Denmark
- University of Antwerp, Belgium
- ESME SUDRIA, Paris, France
- Deakin University, Australia
- ESIGELEC – EcoleSuperieured'Ingenieurs, France
- ESTACA, France
- FONTYS University of Applied Sciences, Netherland
- Hochschule Bremen, City University of Applied Sciences, Germany
- Istanbul Sehir University, Turkey
- Queensland University of Technology, Australia
- Katholieke Universiteit Leuven, Belgium
- LEIBNIZ University, Hannover, Germany
- EFREI, France
- SUP'BIOTECH PARIS, College of Biotechnology, France
- Tel-Aviv University, Israel
- The University of Western Australia, Australia
- University of Dayton, USA
- University of Hannover, Germany
- University of Melbourne, Australia
- Umea University, Sweden

▶ Industry/Govt. Partnerships

- NOVOTON Technology Corporation, Taiwan
- Atmel CORPORATION USA (India University program), USA
- Freescale Semiconductors, USA (India University program), USA
- GE Global research JFWTC, Bangalore
- Schneider Electric in the area of Energy Management
- Bosch Rexroth, Bangalore
- EMC for Storage Area Network 2
- TCS "SANGAM" Collaborative Program
- Infosys "Campus Connect" Program
- Intel Technology India Pvt. Ltd., Bangalore
- IBM for University Program
- National Instruments, Labview Academy
- CISCO for Network Academy Program
- Microsoft University Relations Program, Academic Developer program
- KarMic Design Private Limited, Manipal
- BECKHOFF Automation Pvt. Ltd., Pune
- Texas Instruments India University Program
- CONTACT Software GmbH, Bremen, Germany
- ESKO, Bangalore
- Udayavani, Manipal
- Manipal Technologies Ltd., Manipal

▶ Partner Universities for Student Exchange

Students of MIT, Manipal participate in International student exchange programs in both technical and cultural fields. The exchange programs range from doing a technical internship in a partner university, and an exposure to industrial knowhow to being cultural ambassadors across the globe. The internship period varies between 1 month & 6 months.

MIT also facilitates Semester Abroad Program (SAP) for UG and Year Abroad Program (YAP) for PG students with International Scholarships (for PG

only). UG students have options to apply for scholarships under DAAD, DAAD (WISE,) Raman - Charpak, ERASMUS etc

The Institute has significant presence of international student chapters of IAESTE, an International NGO and AISEC. Students of MIT, Manipal have successfully completed traineeships abroad in firms like Alstom, ABB, Schlumberger, Robert Boch, Airbus and many others. A number of students have secured summer internships in Universities across the world such as Purdue University, Carnegie Mellon University, Imperial College, London and others.

- Arkansas State University, USA
- Botho College, Botswana
- California State University, USA
- Cranfield University, UK
- EFREI Engineering School of Information & Digital Technology, France
- ENSAI, France
- ESIGELEC, France
- ESIGELEC ROUEN, France
- ISEP, France
- Jeju National University, South Korea
- Kent State University, USA
- Kumamoto University, Japan
- Kyushu Institute of Technology, Japan
- Lancaster, UK
- Milwaukee School of Engineering, USA
- Network "n+I" of Engineering Institutes, France
- Royal Melbourne Institute of Technology, Australia
- Southern Illinois University, USA
- The OHIO State University, USA
- University of Antwerp, Belgium
- University of Nottingham, UK
- University of Strathclyde, Germany
- Wright State University, USA

▶ Research

Manipal Institute of Technology (MIT), Manipal encourages research, innovation, research publication, patent filing and technology commercialization at undergraduate and postgraduate level.

MIT has collaborative and interdisciplinary research programs in association with premier research laboratories and has secured research grants from government (both state and central), industries and international funding agencies. The faculty members are working on multiple research projects supported by a number of funding agencies such as Department of Science and Technology (New Delhi), Ministry of Environment and Forests (New Delhi), Department of Atomic Energy, AICTE (New Delhi), Vision Group on Science and Technology (VGST) Karnataka, Department of Biotechnology (New Delhi), Defence Research and Development Organization (New Delhi), Industries and MAHE.

Research Output

No. of PhDs Awarded (after 2005)	228
No. of Research Scholars (ongoing)	299
No. of PhD guides / Co-guides	268
Sponsored Research projects (ongoing)	38
Research Grant (till date)	25 crores
No. of Patents Filed (after 2009)	38
No. of Patents Granted	10
Total No. of Publications - Journal and Conference papers	5735

B.Tech. in Aeronautical Engineering

Duration

4 Years (8 Semesters)

Eligibility Criteria & Admission Process Refer Section 2

Course Fees, Hostel Fees, Refund Rules Refer Section 3

Last date to apply: 31.03.2021

Commencement of Classes:
16.08.2021 (tentative)

▶ Program Description

B. Tech. in Aeronautical Engineering at Manipal Institute of Technology. Started in year 2008 with a vision to impart quality technical education and nurture innovation and creativity in the field of Aeronautical Engineering.

▶ Focus

The Department promotes overall development of students in academics, research and extra-curricular activities. Students are actively involved in running different clubs, such as, Thrust-MIT, IE Aerospace, Aero-MIT, Dronaid etc. Through these clubs students participate in several competitions and win awards. During the engineering curriculum, students have to undergo internship at industry. This help to train students' in-line with the industry requirements. Students have flexibility to choose courses of their interests among four open electives and seven program electives.

▶ Career Prospects

After graduation, students will have an opportunity to work in esteemed organizations, namely, General Electric, Airbus, Boeing, QuEST Global, ANSYS, Siemens etc. along with the Government organizations, NAL, HAL, ISRO, DRDO to name a few.

B.Tech. in Automobile Engineering

Duration

4 Years (8 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.03.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

B. Tech. in Automobile Engineering envisions a concrete foundation in students seeking a career in the automotive industry, through customized curriculum spanning courses on combustion technology, drive trains, alternate fuels, materials, autotronics, electric & hybrid vehicles.

Focus

The value based education will enable the students to envisage, design, develop and fabricate automobiles. The department boasts well experienced faculty and staff, with advanced lab facilities. Newly formed state of the art Electric and Hybrid Electric vehicle lab, Toyota power train lab will act as torch bearers for the budding Automotive engineers. Aspiring students can visit foreign partner universities, which are available all across the world, for a part of their academic requirements. Students from the department can be a part of major projects such as Formula Manipal racing car, Team Manipal Racing- Off Road vehicle, solar mobile car, Autonomous car etc.

Career Prospects

Graduates would be employable in the OEMs as well as the suppliers in the automotive industry. In addition, they can pursue their higher education/ research in the advanced automotive technology at national or international universities. The students go to leading industries like Toyota Kirloskar, Autoliv, TVS, Isuzu, Continental, Altair, IFB, Daimler Benz, Maruti Suzuki, Mercedes Benz, Eicher, Royal Enfield etc for internship during the final year which gives them proper industrial training and exposure. Based on the performance, the internships have also been converted into placements. Leading automobile companies visit every year for the campus placements.

B.Tech. in Biomedical Engineering

Duration

4 Years (8 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.03.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

B. Tech. in Biomedical (BME) Engineering aims at providing a strong foundation for the students aspiring a career in the field of signal and image processing, instrumentation and medical devices, microcontroller and embedded systems, biomaterials and biomedical nanotechnology by imparting curriculum spanning subjects such as basics of electronics, Biomedical instrumentation, signal and image processing, Machine learning, Biomaterials, Biomechanics and artificial intelligence.

Focus

This field involves an application of quantitative, analytical and integrative methods from the molecular level to that of the whole organism to facilitate a better understanding of the basic physiological processes and the development of innovative approaches for the preventive, diagnosis and treatment of various diseases.

Career Prospects

The students would be in a position to serve humanity, work with living systems and apply advanced technology to address complex problems in health care. They would be employable in companies pertained to Embedded system design, Medical software, Sensor technology, Machine vision, Artificial intelligence, Medical devices, and many more. In addition, they can pursue their higher education/research in the above areas at national or international universities.

B.Tech. in Biotechnology

Duration

4 Years (8 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.03.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

B. Tech. in Biotechnology was initiated in the year 2005 with an aim to impart a rigorous academic curriculum for the students aspiring a career in the field of biotechnology.

Focus

At the end of the course, the students will be able to independently demonstrate and apply their knowledge of biochemistry, microbiology, cell biology, genetic engineering, computational biology and molecular biology to solve the problems related to the field of biological sciences. They would also be trained efficiently to apply the principles of bioprocess engineering in the design, analysis, optimization and simulation of bioprocess operations.

Career Prospects

Upon successful completion of the course, undergraduate students would have developed the skills required for career in industries pertaining to pharmaceutical biotechnology, environmental bioprocesses, food and agricultural processing and other biotechnological organizations. In addition, they will be able to pursue post-graduation and doctoral studies in India and abroad.

B.Tech. in Chemical Engineering

Duration

4 Years (8 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.03.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

B. Tech. in Chemical Engineering was started in the year 1969 with an aim to impart a rigorous academic curriculum for the students aspiring a career in the field of chemical engineering. The course is a field of applied science that employs physical, chemical and biochemical rate processes.

Focus

The course curriculum is intended to impart the principles of mass, momentum, heat transfer to design the process equipment. At the end of the course, students will be able to develop, model, simulate and optimize the chemical process systems; recommend sustainable solutions for environmental and energy engineering related challenges.

Career Prospects

Upon successful completion of the course, undergraduate students would have developed the skills required for career in industries pertaining to petrochemical, biochemical, materials processing, fertilizers, Energy, pharmaceuticals, Nano-technology, and environmental engineering & pollution control. Around 15% students will be opting for higher studies/ research at national or international universities.

B.Tech. in Civil Engineering

Duration

4 Years (8 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.03.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

B.Tech in Civil Engineering course aims to provide the students a strong theoretical foundations and practical skills to design and develop solutions for civil engineering problems considering the safety, public health, societal and environmental needs. In addition it also caters the ever expanding demands of research organisations and industry by continuous interaction with all stakeholders

Focus

At the end of the course, the students will be able to apply the knowledge for the analysis and design of civil engineering structures, planning, design and management of water resource systems, waste water and solid waste treatment plants, air and noise pollution control systems, planning and design of transportation and traffic systems, planning and monitoring of construction projects.

Career Prospects

Upon successful completion of the course, students are employable in private, public and government construction projects, sewage and water treatment plants, transportation and traffic management systems. In addition the course structure also facilitates the students to acquire higher education in the field of structural engineering, building construction and management, environmental engineering, geotechnical engineering, transportation engineering and water resources engineering

B.Tech. in Computer and Communication Engineering

Program Description

B. Tech. in Computer and Communication Engineering aims at providing strong foundation for the students aspiring for a career requiring skills from computer science and computer communications with emphasis on communication and computing

Focus

The course focuses on core subjects in computer science, communication networks, cloud computing, and big data analytics

Career Prospects

Students would be employable in companies related to software development, computer communication related industry, IOT based application industry, Sensor technology, machine learning, artificial intelligence, big data analysis, networking and many more. In addition, they can pursue their higher education/research in the above areas at national or international universities.

Program Description

B.Tech. in Computer Science & Engineering (CSE) involves the science and technology to design and develop systems as well as applications. Emphasis is given to apply mathematics and principles of computing to solve engineering problems.

Focus

The curriculum offers subjects such as big data analytics, machine learning, cryptography, artificial intelligence, internet of things, and high performance computing to keep them in sync with advances in technology, and prepare them for lifelong learning. The curriculum is designed to provide flexibility for students to opt for minor specialization offered by the department and online courses by reputed international universities. CSE graduates cater to the needs of most industries, including software, healthcare, communications, manufacturing, automobile to name a few.

Career Prospects

Students have been recruited by reputed industries like Microsoft, Amazon, SAP Labs, Goldman Sachs, Morgan Stanley, Cisco, Intel, Deloitte, Oracle, Samsung, HPE, etc. In addition, they can pursue higher education and research at premium national or international universities.

B.Tech. in Computer Science and Engineering (Artificial Intelligence and Machine Learning)

Program Description

B. Tech in CSE (AI&ML) offered by the Computer Science and Engineering Department provides the budding engineers with a spectacular array of courses dedicated to frontiers in the field of Artificial Intelligence and Machine Learning (AI&ML) with a foundation of Computer Science & Engg. The 4-year full-time program presents exposure to hands-on technologies to create applications and solutions for the world that we live in.

Focus

The curriculum focuses on foundations of Computational Mathematics, core areas of Computer Science, along with the latest advancements in Artificial Intelligence and Machine Learning. Core courses in Computer Science help students to drive them through the ever-changing IT requirements. The specialized areas of AI&ML are offered as minor specializations which include courses related to AI in Healthcare, Applications of Machine Learning in Computer Vision, Applied Natural Language Processing, Internet of Things, Cyber Security, and Business Intelligence. Each of these minor specializations provides students with an opportunity to dive deeper into the intricacies of the domain. Thus, students can view a bigger picture of developments in AI&ML with an option to explore deeper into thrust areas.

▶ Career Prospects

With a huge explosion in data and its applications, a career in the field of AI&ML can be very promising as Big Data Engineer, Business Intelligence Developer, Data Scientist, Machine Learning Engineer, Research Scientist, AI Data Analyst, AI Engineer, Robotics Scientist, etc. With a specific job description on AI&ML, students have been recruited by reputed industries like Microsoft, Amazon, Goldman Sachs, Oracle GBU, Cisco, Dell Technologies, Accenture, among others. The future roles are many with AI&ML as the foundation. The graduates of the program can pursue higher education and research at premier national or international universities with a great future in research.

B.Tech. Data Science & Engineering

Duration

4 Years (8 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.03.2021

Commencement of Classes:

16.08.2021 (tentative)

▶ Program Description

The B.Tech program in Data Science & Engineering trains engineering graduates to be skilled Data Scientists. The emphasis is on core data science subjects along with the related computational mathematics, statistics, and computer science subjects. The program introduces students to the various application domains like finance, business, and healthcare wherein data science can be used to make informed decisions. The course is a multi-campus model and promotes one-semester student mobility in 4/5/6th semester, between the MAHE Manipal, Manipal University Jaipur, and Sikkim Manipal Institute of Technology campuses.

▶ Focus

Data Science is a unique multidisciplinary confluence of Computer Science, Computational Mathematics, Statistics and Management. Data engineering involves data collection methods, designing enterprise data storage and retrieval. The core data science subjects focus on data analytics, visualization, predictive modeling and analytics for data-driven decision making. Knowledge representation, machine learning, artificial intelligence, deep learning will be taught with relevant case studies. The students can study industry-specific, custom-designed program electives on blockchain technologies, quantum computing, data forensics, data privacy, algorithmic trading, and

data security. Students can also opt for a minor specialization in either business, finance or healthcare analytics.

▶ Career Prospects

The Institution's placement cell, industry collaborators, and alumni network will facilitate placement and internships as data scientists, data analysts, and data engineers. The course targets placements and internships in top data science companies and in domains such as finance, business, economics, and healthcare. The Institution has also tied up with foreign universities and promotes a semester abroad. On completion of three years of the B.Tech course, students can opt for an integrated Master's program in a partner university abroad.

B.Tech. in Electrical and Electronics Engineering

Duration

4 Years (8 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.03.2021

Program Description

B.Tech in Electrical and Electronics Engineering aims at providing a strong foundation for the students aspiring a career in the field of Electrical Engineering, Electronics Engineering, Control Engineering, Signal processing, VLSI, Embedded systems etc. supported by the practical courses in the field.

Focus

By imparting curriculum spanning subjects such as Electrical machines, Power systems, control systems communication systems, Electronics and provision in the curriculum to opt for the minor specialisations such as power and energy systems, Computational Intelligence, Embedded systems, Signal processing, and business management etc., students will be able to design, research and develop technologies related to these areas.

Career Prospects

After successfully completing the programme, the students would be employable in organisations pertained to core electrical, electronics, software, embedded system design, and many more. In addition, they can pursue their higher education/research in the above areas at national or International universities.

16.08.2021 (tentative)

Program Description

B. Tech. in Electronics and Communication Engineering (ECE) aims at providing a strong foundation for the students aspiring a career in electronics and communication industries as well as industries which apply these technologies.

Focus

By imparting curriculum spanning subjects such as electronic circuit design, signal processing, communication engineering, digital system design, and computational intelligence, students will be able to design and develop technologies related to these areas

Career Prospects

Electronics and Communication Engineering graduates are one of the most sought after by the Industries due to our insatiable desire for smaller, more power efficient, and smarter multifunctional gadgets. Since Electronics is the platform on which modern day Artificial Intelligence is running, Electronics and Communication Engineers with good knowledge of Artificial Intelligence are in high demand.

B.Tech. in Electronics and Instrumentation

Duration

4 Years (8 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.03.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

B. Tech. in Electronics and Instrumentation (EI) Engineering aims at providing a strong foundation for the students aspiring a career in the field of automation, sensor technology, IOT, signal processing, embedded systems, microelectronics and allied disciplines

Focus

By imparting curriculum spanning subjects such as electronics, instrumentation, control systems, digital system design, virtual instrumentation, and artificial intelligence students will be able to design, develop, install and automate engineering processes

Career Prospects

Graduates have potential to be employable in companies working on embedded system design, IOT based automation, Sensor technology, machine vision, Artificial intelligence, big data analysis, process control and many more. In addition, they have scope to pursue higher education/research in these domains at national or international institutes.

B.Tech. in Industrial and Production Engineering

Duration

4 Years (8 Semesters)

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 31.03.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

B. Tech. in Industrial and Production (IP) Engineering aims at providing a strong foundation for the students aspiring a career in the field of production automation, layout designing, simulation of work systems, decision making and operations management, by imparting curriculum spanning subjects such as Facility Planning and Design, Manufacturing Automation, Operations Research, Simulation Modelling and Analysis, Total Quality Management, Operations and Supply Chain Management.

Focus

Students will be able to design, develop innovative technologies and systems to create safe and sophisticated environment for the society with ethical uprightness and socio-economic concerns.

Career Prospects

They would be employable not only in any private and government companies pertaining to production(manufacturing), or service industry but also in civil services. In addition, they can pursue their higher education/research in the above areas at national or international universities.

B.Tech. in Information Technology

Duration

4 Years (8 Semesters)

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 31.03.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

B. Tech. in Information Technology aims at providing a strong foundation for the students aspiring a career in the field of software industry and IT enabled service industry

Focus

The course content focuses on the complete Software Development Life Cycle, Database System, Knowledge Discovery and Application Development in Internet Technologies with judicious blend of technical skills

Career Prospects

Students would be employable in companies related to software development, embedded system design, IOT based application industry, Sensor technology, machine learning, artificial intelligence, big data analysis, networking and many more. In addition, they can pursue their higher education/research in the above areas at national or international universities.

B.Tech. in Mechanical Engineering

Duration

4 Years (8 Semesters)

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 31.03.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

B. Tech. in Mechanical Engineering targets to strengthen and enhance the students' knowledge acquired from basics of Science and Mathematics to Materials, Solid Mechanics, Thermodynamics, Heat Transfer, Product Design, Mechanism of Machineries and Manufacturing Processes. Students of Mechanical Engineering will also acquire knowledge about designing of automobiles and aircrafts, electric motors and other heavy vehicles.

Focus

Courses on business and other social-sciences along with the technical subjects are designed to groom students with well-rounded perspectives, as well as the ability and flexibility to work in a variety of industrial settings. Practical learning is integrated into the curriculum through B.Tech. practice school projects. The students are provided with an opportunity for summer internship with industry to solve engineering and scientific problems.

Career Prospects

The Mechanical Engineering graduates can shape their professional careers in Automotive, Biomechanics, Computer, Construction, Energy, Electronics, Robotics, Aerospace and Entertainment to name a few. In addition, they can track their higher education/research in the above areas at national or international universities.

B.Tech. in Mechatronics

Duration

4 Years (8 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.03.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

B. Tech. in Mechatronics aims at providing rich knowledge of engineering such as mechanical, electrical, electronics, computer science, with a strong foundation for the students aspiring a career in the field of automation, robotics, hybrid vehicles, industrial IoT, sensor technology, signal processing and embedded systems, robotic vision and machine learning by designing a curriculum covering subjects with opportunities for industrial experience and hands on learning through modern software and tools and latest industrial equipments.

Focus

Students will be able to design, develop, install and automate engineering processes; create safe and sophisticated environment for the society with ethical uprightness and socio-economic concerns. They involve in recent research areas and nurture entrepreneurship skills.

Career Prospects

Students would be employable in companies pertaining to robotics and industry automation, embedded system design, IoT based automation, Machine vision and Artificial intelligence. Further, they can pursue their higher education/research in the above areas at national or international Universities. In addition, they can be entrepreneurs in the area of robotics, automation by offering employment to society.

B.Tech. in Media Technology

Duration

4 Years (8 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.03.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

B. Tech. in Media Technology is a multidisciplinary course covering facets of Print Media and Electronic Media.

Focus

This course aims at providing a strong theoretical foundation and robust hands on training for the students aspiring a career in the field of Media Production, Sound Engineering, Audio and Video Production, Animation, Advertising Solutions, Digital Photography, Digital Graphic Design, Commercial Printing, Security Printing, Digital Printing, Publishing and e-publishing, Print Finishing and Converting, and Packaging Solutions to name a few. Along with the B. Tech in Media Technology, students can also be entitled to a minor specialization in Packaging Technology, Film Production or Business Management. Department Media Studio give students abundant opportunities to excel with their creativity. Students have added advantage of getting Advanced Protocol training at MTL hands on training & exposure on state of the art equipment in Manipal Technologies Limited, Manipal one of the leading Print and Media Organizations in the world.

Career Prospects

Upon completion of the course, students will be able to conceptualize, design, develop and implement print and electronic media products and contribute towards the evolution of novel processes, products and services. Students would be employable by all top global commercial printers, security presses, newspapers and magazines publishers, advertising agencies, media production houses and allied industries/corporates. Abundant opportunities are available in both public and private sectors. In addition, student can become an entrepreneur in the emerging print and electronic media sector or can also pursue their higher education/research in the above areas at national or international universities.

Bachelor of Technology - Lateral Entry

Duration

3 Years (6 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.03.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

Bachelor of Technology / B.Tech - Lateral Entry course is offered by Manipal Institute of Technology, Manipal. The B.Tech - Lateral Entry course enables students to get a lateral entry in B. Tech after diploma and gain quality learning experience that will shape their success in chosen fields. The course is designed for candidates with a 3-year diploma in engineering or an equivalent degree to get direct admission to 2nd year (3rd semester). Students will get an enhanced learning experience through MIT's unique pedagogy that combines classroom sessions with experiential learning. MIT is a renowned name in engineering education and consistently ranks among the top engineering institutes in the country.

M.Tech. Eligibility

Qualification: The candidates must have passed the following courses with a minimum of 50%marks in aggregate:

Aerospace Engineering: BE / BTech in Aeronautical Engineering / Mechatronics / Electrical Sciences - Electrical Electronics / Instrumentation.

Automobile Engineering: BE / BTech in Automobile Engineering/ Mechanical Engineering / Industrial & Production Engineering / Manufacturing Engineering / Mechatronics.

Avionics: BE / BTech in Aeronautical Engineering / Electrical & Electronics/ Electronics & Communication / Instrumentation and Control / Computer Science / Computer and Communication / Mechanical / Mechatronics.

Biomedical Engineering: BE / BTech or equivalent in Biomedical Engineering / Medical Electronics/ Electrical Sciences- Electrical / Electronics / Instrumentation.

Chemical Engineering: BE / BTech or equivalent in Chemical Engineering / Biochemical Engineering / Petroleum Engineering/ Bioprocess Engineering / Biotechnology /Pharmaceutical Technology / Polymer Technology.

Computer Aided Analysis and Design: BE / BTech or equivalent in Mechanical Engineering/ Industrial and Production Engineering / Mechatronics / Manufacturing

Engineering / Automobile Engineering/ Aeronautical Engineering.

Computer Networking and Engineering: BE / BTech or equivalent in Computer Science / Electronics and Communication / Information Technology / Information Science and Engineering/ Computer and Communication Engineering.

Computer Science & Engineering: BE / BTech or equivalent in Computer Science / Electronics and Communication / Information Technology / Information Science and Engineering.

Computer Science & Information Security: BE / BTech or equivalent in Computer Science / Electronics and Communication / Information Technology / Information Science and Engineering.

Construction Engineering & Management: BE/BTech or equivalent in Civil Engineering or Architecture.

Control Systems: BE/BTech or equivalent in Electrical Sciences or Electronics or Instrumentation or Mechatronics.

Digital Electronics and Communication Engineering: BE/ BTech or equivalent in Electronics and Communication/ Telecommunication Engineering.

Energy Systems and Management: BE/BTech or equivalent in Electrical & Electronics or Electronics & Communication or Instrumentation.

Engineering Management: BE/BTech in any branch of Engineering.

Environmental Engineering: BE/ BTech in Civil /Chemical Engineering/ Ceramic Technology/ Mechanical / Metallurgy / Mining/ Environmental / Biochemical Engineering / Biotechnology.

Industrial Automation and Robotics: BE / BTech or equivalent in Mechanical / Industrial and Production Engineering / Automobile Engineering/ Aeronautical Engineering / Mechatronics / Electrical & Electronics/ Electronics Communication / Instrumentation Control.

Industrial Biotechnology: BE/BTech or equivalent in Biotechnology or Chemical Engineering or Pharmaceutical Technology or Biochemical Engineering or Bioprocess Engineering.

Manufacturing Engineering: BE/ BTech or equivalent in Mechanical Engineering/ Industrial and Production Engineering/ Mechatronics / Manufacturing Engineering / Automobile Engineering/ Aeronautical Engineering / Material and Metallurgy.

Microelectronics: BE/BTech or equivalent in Electrical& Electronics/ Electronics & Communication / Electronics &Telecommunication / Instrumentation Control.

Power Electronics and Drives: BE/ BTech or equivalent in Electrical & Electronics or Electronics & Communication or Instrumentation Control.

Print & Media Technology: BE/ BTech or equivalent in any branch of Engineering.

Software Engineering: BE/BTech or equivalent in Computer Science and Engineering/ Information Technology/ Information Science and Engineering/ Computer and Communication Engineering.

Structural Engineering: BE/BTech or equivalent in Civil Engineering.

Thermal Sciences and Energy Systems: BE / BTech or equivalent in Mechanical Engineering/Industrial and Production Engineering/Manufacturing Engineering/Automobile Engineering / Aeronautical Engineering.

Tribology & Maintenance: BE/ BTech or equivalent in Mechanical Engineering / Industrial and Production Engineering / Mechatronics/ Manufacturing Engineering /Automobile Engineering / Aeronautical Engineering / Chemical / Marine Engineering.

M.Tech. in Aerospace Engineering

Duration
2 Years (4 Semesters)

Eligibility Criteria & Admission Process
Refer Section 2

Course Fees, Hostel Fees, Refund Rules
Refer Section 3

Last date to apply: 15.05.2021
Commencement of Classes:
16.08.2021 (tentative)

Program Description

M. Tech. in Aerospace engineering engages graduates in Modeling, dynamics analysis, control of aerospace vehicles, and the tools used for design and analysis of space applications.

Focus

The course embraces the subjects like aerospace system modelling, orbital and flight mechanics, navigation guidance and control for aerospace vehicles, spacecraft dynamics and control to prepare the graduates in relevant domains.

Career Prospects

Students would be able to apply the knowledge of aerospace engineering to solve problems of social relevance and pursue multi-disciplinary research. They would be employable in Aerospace industries. In addition, they are eligible for Public Sector Units like ISRO labs, DRDO, ADA, HAL, NAL etc. They are suitable for undertaking research in India and abroad.

M.Tech. in Automobile Engineering

Duration
2 Years (4 Semesters)

Eligibility Criteria & Admission Process
Refer Section 2

Course Fees, Hostel Fees, Refund Rules
Refer Section 3

Last date to apply: 15.05.2021
Commencement of Classes:
16.08.2021 (tentative)

Program Description

M. Tech. in Automobile Engineering imparts the advanced know-how of combustion science, crashworthiness and safety, electronics in automobiles, control systems, modelling and analysis of complex automotive sub-systems.

Focus

The program looks at maximizing the skill sets of undergraduates fine-tuned to the needs of research in the automotive industry. The department has well equipped laboratories like NVH lab in which the students can get the hands-on experience on handling instruments like accelerometers and Impedance tube to find the acoustic properties of a given material. They are also exposed to basics of LabVIEW which is leading software in instrumentation and data acquisition.

Career Prospects

The students can aspire for jobs in the automotive industry with demand for improvised skill levels and innovation. The students go to leading industries like Toyota Kirloskar, Autoliv, TVS, Isuzu, Continental, Altair, IFB, Benz etc for internship during the second year which gives them proper industrial training and exposure. More than 90% of our previous batch students have secured internship projects during the second year. Based on the performance, the internships have also been converted into jobs.

M.Tech. in Avionics

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M. Tech in Avionics is two years post graduate programme in engineering, offered by the department of Aeronautical and Automobile Engineering. The program is spread over 4 semesters with last two semesters being dedicated to project work. A graduate in Aeronautical, electrical, Electronics, Instrumentation & Control, Computer Science, Information Technology, Computers & Communication, Mechatronics and Mechanical Engineering are eligible to undertake this program.

Focus

The course is designed to explore in depth knowledge in the field of avionics with aircraft instrumentations & control, navigation & guidance, UAVs, Software Safety and Security, Embedded system, Communication, Software Simulation, Sensors and Antenna Design as their core courses and program elective.

Career Prospects

At the end of the course, the candidates will have acquired a good understanding of the major airborne avionic functions and systems and will be able to select appropriate technologies and products for a broad range of functional requirements including communication, navigation and data systems in various airplanes.

M.Tech. in Biomedical Engineering

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M. Tech. in Biomedical Engineering provides fundamental and advanced knowledge in advanced areas of instrumentation, medical devices, signal processing, image processing, biomaterials and nanotechnology by applying theory to practice for meeting the expectations of the health care industry.

Focus

Students will demonstrate proficiency in various fields namely Signal and Image processing and analysis, Instrumentation and medical devices, biomechanics and biomaterials. Exposure to Courses on advanced sensor technology, artificial intelligence will give a flavour of industry related experience, which enables multi-disciplinary research with socio-economic concerns.

Career Prospects

They would be employable in core biomedical industries, medical devices industry, and public sector institutes like DRDO, INMAS, CSIR and DEBEL. In addition, they are eligible for research in the area of biomedical at multinational research labs in India and abroad.

M.Tech. in Chemical Engineering

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M. Tech. in Chemical Engineering was commenced in the year 2009 with a view to provide advancements in chemical engineering for chemical, material, and biotechnology engineering graduates.

Focus

The students are exposed to advanced courses of chemical engineering such as advanced transport phenomena, optimization of chemical processes, process modelling, analysis and simulation, and related courses to meet the industry expectations. Students gain the practical experience by performing the experiments related to analytical techniques, process control, and process simulation. Exposure to these courses will enable them to carry out projects in the fields of chemical engineering and interdisciplinary fields during the second year.

Career Prospects

Students can pursue research in various competent core areas such as catalysis and nanotechnology, energy, process modelling & simulation, environmental pollution control. They will also be able to pursue doctoral studies in chemical engineering and allied fields.

M.Tech. in Computer Aided Analysis and Design

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M.Tech in Computer Aided Analysis and Design (CAAD) aims to provide post-graduation level education to students of Mechanical Engineering stream on Design and Analysis of Mechanical features of components/ products/ system, and to meet the requirements of industries/research organizations/ academia in the area of Mechanical Design and Analysis.

Focus

In the first year the students are well-ground with the concepts of Applied Numerical Methods, Solid Mechanics, Geometric Modelling for CAD, Fatigue of Materials, Advanced Mechanical Vibrations, Research Methodology and Technical Communication, Lubrication of Bearings, Finite Element Methods through class-room sessions. The students are also introduced to practical aspects of Design Engineering as well as modelling and analysis software like CATIA and ANSYS through the practical sessions in the laboratory courses. They are encouraged to work on other software facilities like Hypermesh, Abacus, MATLAB, etc. The students have an option of choosing from a range of elective courses. Students are also involved in research work under the mentorship of faculty members and publish articles in renowned journals. In the second year, the students carry out a project work of 8 to 12 months-duration either at MIT or at an industry.

Career Prospects

Every year most of the students carry out their project work at industries, wherein they are jointly mentored by experts from industry and faculty members from MIT. Many such students have ample opportunities of recruitment. More than 230 alumni of M.Tech (CAAD) are working for various industries/organizations like Philips, GE, Wipro, Bosch, Altair, etc. Some alumnae of this program are also serving various universities/ organizations as faculty members or researchers.

M.Tech. in Computer Networking and Engineering

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M. Tech. in Computer Networking & Engineering provides graduate the necessary skills to design and deploy computer networks, tools and applications in communication networks

Focus

The course focuses on subjects like network protocols and programming, information security, software engineering, advanced operating systems, and mobile computing in addition to that they have a wide range of electives related to their domain to prepare the graduates in relevant domains.

Career Prospects

Students would be able to apply the knowledge of computer networking to solve problems of both wired and wireless communication network and pursue multi-disciplinary research. They would be employable in software development and computer networking industry. In addition, they are eligible for Public Sector Units like ISRO labs, DRDO, ADA, HAL, NAL etc. They are suitable for undertaking research in India and abroad.

M.Tech. Computer Science and Engineering

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

The department of Computer Science and Engineering is a pioneering academic department for higher education, research, innovation and teamwork in key areas of computer science.

Focus

The M.Tech programme in computer science and engineering provides a comprehensive study of the recent developments in the emerging technologies. In addition to the core subjects like high performance computing systems, advanced computer networks, advanced data structure and algorithms, quantum computing, industry expected courses such as natural language processing, machine learning, web services are also sheltered. Exposure to research methodology will enable the students to pursue the research in right direction with socio-economic concerns.

Career Prospects

Opportunity to work on various advanced and multi-disciplinary research projects in the industry will prepare them for highly sought-after industry jobs and research.

M.Tech. Computer Science and Information Security

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M.Tech. in Computer Science & Information Security (CSIS) is aimed at producing the much needed highly skilled computer science security professionals who can safeguard the information, networks, communications, and storage from the ever-evolving security threats.

Focus

The prime objective of the program is to create professionals trained in both computer science and information security. It provides a good blend of theoretical concepts and practical training in various courses such as advanced data structures & algorithms, advanced computer networks, machine learning, cryptology, system & network security, and IoT security. The department has a centre for cryptography through which various activities are being conducted in association with government and industry organizations.

Career Prospects

The program prepares the students to be suitable for various challenging roles in industry such as network security engineers, security architects, disaster recovery managers, information systems security officer etc. as well as carry out research.

M.Tech. in Construction Engineering and Management

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M. Tech. in Construction Engineering & Management course is designed to provide knowledge of specialized managements essential for modern day Construction Project Management

Focus

Students will gain proficiency in Construction Project related managements namely- Construction Safety management, Equipment management, Contract management, Materials management, Quality management, Risk management, Information management, Finance management, Supply chain management and Maintenance & Rehabilitation. Curriculum includes dedicated practical session to expose students to Construction Project practices and Information Technology applications in the field of Project management to motivate candidates to face challenges in Construction site.

Career Prospects

They would be employable in Construction Organizations, Project Management Consultancy Services, Sustainable and Green Technology research institutes & organizations and Smart Construction Projects.

M.Tech. in Control Systems

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M. Tech. in control systems provides fundamental knowledge in advanced control theory by applying theory to practice for meeting the expectations of the industry

Focus

Students will demonstrate proficiency in various fields namely Process automation, embedded control, system identification, space dynamics, and control. Exposure to Courses on advanced sensor technology, artificial intelligence will give a flavour of industry related experience, which enables multi-disciplinary research with socio-economic concerns

Career Prospects

They would be employable in process industries, Automation industries, automotive industries and public sector companies like ISRO labs, DRDO, ADA, HAL and NAL. In addition, they are eligible for research in control domain in Public Sector Units, multinational research labs in India and abroad.

M.Tech. in Digital Electronics and Communication Engineering

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M Tech program in Digital Electronics and Communication Engineering emphasizes on subjects such as Wireless Communication, Communication Networks and VLSI techniques. Students are oriented towards research through research methodology theory and practical sessions.

Focus

Students will demonstrate proficiency in various fields namely Wireless and wired communication systems and VLSI design. Minor projects spread over two semesters help the students to hone their ability to apply known ideas to solve engineering problems

Career Prospects

There will be ample opportunities to carry out final year projects through internship in well-established core engineering companies which exposes the students to the state-of-the-art Industry standards. These internships easily get converted to full time job opportunities.

M.Tech. in Energy Systems and Management

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M.Tech in Energy Systems and Management provides additional knowledge in the fields of Power & Energy Systems, Control System design, Energy Management and illumination Engg. fields by applying theory to practice for meeting the expectations of the industry & research.

Focus

Students will undergo extensive hands-on & industrial training in these fields and demonstrates proficiency in various fields like lighting design, energy auditing, power system operation & control and power quality management. They will also be exposed to electric vehicle technology & distributed energy systems during the programme.

Career Prospects

They would be employable as energy managers to take care of energy efficient process industries. They are also trained to take care of design, R&D and manufacturing areas of lighting products and power quality management. They are eligible for research in Government and public sector units, multinational research labs in India and abroad.

M.Tech. in Engineering Management

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

Engineering Management course offers a perfect blend of advanced engineering concepts with management theories.

Focus

Students are introduced to the concepts of engineering and management through courses like Operations Research, Production & Operations Management, Finance, System Dynamics, Technology Management, to name a few. This is a unique course which will make students capable of analysing and assessing operations of an organization and transforms them to become future industry leaders. The students are equipped with managerial skills such as Data Analysis, Modelling & Simulation, and Project Management. The course facilitates students to undertake industry relevant projects during their internship.

Career Prospects

The program enables students to find career opportunities in various segments of industry and academia, in managerial and research positions.

M.Tech. in Environmental Engineering

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M. Tech. in Environmental engineering is designed to impart specialized and advanced knowledge in various fields of Environmental Engineering.

Focus

The students will acquire advanced knowledge in subjects like waste water treatment, industrial waste management, air and noise pollution, environmental impact assessment and solid and hazardous waste management. They will also enhance their research and analytical skills in advanced environmental engineering laboratory equipped with sophisticated equipment.

Career Prospects

This program enables students to explore career opportunities as Environmental Engineers for the control of pollution in various manufacturing industries and to take up their own environmental engineering and management consultancy services. The training also equips the students to serve as the officer/ consultant to pollution control boards as well as private engineering consultancies, to carry out R&D works in academic, public and private organizations.

M.Tech. in Industrial Automation and Robotics

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M.Tech. in Industrial Automation and Robotics is offered by the department of Mechatronics to provide the students with appropriate theoretical inputs and opportunities for hands-on training. The state-of-the-art infrastructure in various laboratories such as Robotics, Hydraulics and Pneumatics, PLCs, Sensors and Actuators, Microcontroller, and Industrial IoT facilitates in effective learning. In addition, students exposed to recent research and areas & acquire management skill to function as effective team leader.

Focus

Student will be work in different disciplines, which is aligned with current trends in robotics & automation industries

Career Prospects

Students will be expertise in the fields of industry automation, robotics which helps to pursue professional careers in the prominent global automation industries and public sector companies. In addition, Student can opt for higher education in National & International Universities. They can take up industry projects or become successful entrepreneurs.

M.Tech. in Industrial Biotechnology

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M. Tech. in Industrial Biotechnology was commenced in the year 2009 with a view to provide specialization in industrial biotechnology for biotechnology as well as chemical engineering graduates.

Focus

The curriculum includes variety of theory and practical courses in the fields of bioprocess engineering, bioreactor design, modelling and simulation, computational biology, and cell culture techniques. Exposure to these courses will enable them to carry out projects in the fields of biotechnology and interdisciplinary fields during the second year.

Career Prospects

After successful completion of the course, they will be able to pursue career in pharmaceutical, environmental, medical and agriculture based biotechnological industries. They will also be able to pursue doctoral studies in biotechnology.

M.Tech. in Manufacturing Engineering

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M. Tech. in Manufacturing Engineering aim to develop and enhance students' knowledge in improving the quality and efficiency of Manufacturing Systems. The course focusses on Design and Development of Mechanical Systems, Automated Systems, Manufacturing Processes, Machines, Tools and Equipment.

Students are also focused towards research through the study of systematic research practices.

Focus

The course will provide the student with a detailed understanding of each level of the manufacturing process, combining skills in mathematics, to develop innovative ways of designing manufacturing systems and processes. The course is designed to disperse domain-specific skills and knowledge to the PG level students so as to equip them to take challenges that would come in their professional career at the industry level.

Career Prospects

Manufacturing Engineering postgraduates have a wide range of job opportunities like Production Engineer, Mechanical Analyst, Project in Charge, Researcher etc. After completion of post-graduation, students may pursue higher studies like Ph.D. in the said subject or may take up job opportunities associated.

M.Tech. in Microelectronics

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M Tech program in Microelectronics emphasizes on subjects such as Analog and Mixed Signal Design, Low Power VLSI and Processor Architecture. Students are oriented towards research through research methodology theory and practical sessions.

Focus

Students will demonstrate proficiency in various fields namely Analog and Digital VLSI design, Processor architectures and so on. Minor projects spread over two semesters help the students to hone their ability to apply known ideas to solve engineering problems.

Career Prospects

There will be ample opportunities to carry out final year projects through internship in well-established core engineering companies which exposes the students to the state-of-the-art Industry standards. These internships easily get converted to full time job opportunities.

M.Tech. in Power Electronics and Drives

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M.Tech in Power Electronics and Drives emphasizes on advanced topics in Power Electronics specialization such as Power Electronic Converters, Electrical drives, Embedded systems in Power Electronics, Application of Power Electronics and Power System, Control System design. Laboratory assisted theory courses help the students to get practical knowledge about the theoretical concepts.

Focus

Students will get extensive hands-on & industrial training in the fields of Power Electronics, Drives, Embedded systems, Electric vehicles and demonstrate proficiency. They are exposed to best practices and recent developments in Power Electronics industry and research.

Career Prospects

Students with Power Electronics and Drives specialization will have very good opportunities in industries in the field of Power Electronic converters, Electric vehicles, Battery management, Solid state lighting, and Electric Power sector. They can pursue higher studies leading to Ph. D in reputed universities in India and abroad

M.Tech. in Print and Media Technology

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M. Tech. in Print and Media Technology is an applied engineering course that deals with the comprehensive study of fundamental and advanced concepts to apply in industrial practices.

Focus

Students will demonstrate proficiency in various fields namely Printing Material Science, Print Finishing and Converting, Quality Control and Standardization in Printing, Color Management Systems, Advances in Specialty Printing, Environment Management for Printing Industry, Electronic Publishing Technology and Print Logistics Management. The course enables multi-disciplinary research with socio-economic concerns.

Career Prospects

They would be employable in all top global commercial printers, security presses, newspapers and magazines publishers and R&D centers, in both private and public sectors in India and abroad.

M.Tech. in Software Engineering

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M. Tech. in Software Engineering provides graduate the necessary skills to design and development of software systems, tools and applications in software domain

Focus

The course focuses on subjects like mathematical logic, advanced data structures and algorithms, software architecting, advance database system, cloud computing, software testing, and machine learning to prepare the graduates in relevant domains.

Career Prospects

Students would be able to apply the knowledge of software development life cycle to solve problems of social relevance and pursue multi-disciplinary research. They would be employable in software development industry. In addition, they are eligible for Public Sector Units like ISRO labs, DRDO, ADA, HAL, NAL etc. They are suitable for undertaking research in India and abroad.

M.Tech. in Structural Engineering

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M. Tech. in Structural engineering course is designed to provide knowledge in advanced Structural engineering subjects to meet the contemporary structural engineering projects.

Focus

The course embraces the subjects like Advanced Strength of Materials, Finite Element Analysis, Structural Dynamics, Reinforced and Pre-Stressed Concrete, Steel Structures, Design for Earthquake, Tall Buildings and Towers, Computer applications in Structural Engineering, Offshore structural engineering, Professional practices in structural engineering etc. Curriculum includes dedicated practical session to expose the students to Structural engineering practices and computer applications in the field of Structural engineering. Students will be able to design civil engineering structures and will be employable in structural engineering industry or research institutes. Final year of the curriculum is dedicated for Project work with flexibility to carry out the project work in Institute/ industry/ research centre to develop research competency in students for benefit of stakeholders

Career Prospects

The students on completion of course would be employable in Structural engineering consultancy firms/ Industries, construction engineering industries, Research centres and Institutes.

M.Tech. in Thermal Sciences and Energy Systems

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M. Tech in Thermal Sciences and Energy Systems is designed to impart necessary skills for engineers with specific focus on thermal power and renewable energy systems.

Focus

The course embraces the subjects like Design of Thermal Systems, Advanced Fluid Dynamics, Solar Thermal Energy Systems, Energy Conservation and Management, Finite Elements methods for Heat and Fluid flow, Applied Numerical Analysis, Computational Fluid Dynamics, Design of Heat Exchangers, Measurements in Thermal Engineering, Steam and Gas Turbines, Refrigeration and Cryogenics. Further, they will undergo practical courses viz. Thermal laboratory and Renewable Energy laboratory as well as training in the usage of ANSYS – APDL and FLUENT. Students would be able to apply the knowledge of thermal engineering to solve problems of social relevance and pursue multi-disciplinary research.

Career Prospects

They would be employable in Energy and Automobile industries. Also, they are eligible for public sector units like BARC, DRDO, IGCAR, NAL etc. In addition, they can pursue higher studies in the above areas at national/ international laboratories/ universities.

M.Tech. in Tribology and Maintenance

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

M. Tech. in Tribology and Maintenance is a unique course, designed to cater research and industry needs. Tribology is the science and technology of interacting surfaces in relative motion. Maintenance is properly interfaced with production and material management, achieves optimum utilization of existing resources and improves the availability of the critical equipment's of the plant. With the advancements in science and technology, it is important to understand the interaction of the surface with its environment in order to control and maintain the performance during its operational lifetime.

Focus

The course offers two important benefits 1. Professional knowledge of Tribology and Maintenance and its application to engineering and bio systems, which includes an advanced understanding of friction and wear of Engineering. 2. This Master's program also provides an academically challenging and in depth exposure to recent developments and traditional concepts of lubrication, friction and wear. In addition, they can pursue their higher education/ research in the above areas at national or international universities/ institutes

Career Prospects

They would be employable in bearing, lubrication, oil industries and public sector units.

Master of Computer Applications (MCA)

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

16.08.2021 (tentative)

Program Description

Master of Computer Applications is designed to meet the demand of the constantly evolving IT industry requirements of a software engineer. The program is designed as a 80- credit post-graduate degree programme, requiring 3 semester engagement in college and the last semester for internship in a company.

Focus

The program focuses on ensuring that the students would be able to study, plan, design, develop and maintain domain specific software applications along with imparting knowledge in areas such as internet of things, computational intelligence, cyber forensics, game programming and ethical hacking.

Career Prospects

The employment profiles for a graduating student would include Software engineers, Business Analysts, Technology Analysts, Data analysts, Product Engineers, web designers and mobile app developers They would be employable in companies such as Amazon, GSK, Directi, MAQ, Manch, Plavaga, Amitech, HacherEarth, Cerner Healthcare to name a few. In addition, they are eligible for research in R & D division of the IT sector in India and abroad.

> MANIPAL SCHOOL OF INFORMATION SCIENCES [MSIS]

Manipal School of Information Sciences (MSIS), an industry driven state-of-the-art institute of excellence was set up in the year 1998. Since its inception, the Institute has been continuously striving for excellence in education, training and research with a mission of offering "Value Based Education".

MSIS has been conducting post graduate programs in the highly specialized areas like Embedded Systems, VLSI Design, Big Data Analytics, Cloud Computing, Artificial Intelligence and Machine Learning. The institute is working in close association with industry giants like Philips, Applied Cognition Systems (APCOG), Mirafra Technologies and Manipal Dot Net (MDN) for its PG programs. At MSIS, we create a vibrant environment where creativity and discipline strike a balance.

MSIS provides an ideal place for creative thinking and hard working. Students studying here are well accepted in premier industries. The industry linkages and practical oriented curriculum provide our graduates a great breakthrough in their career. The infrastructure, teaching and the placement makes it an ideal destination for postgraduate studies. The program and subjects are updated very frequently based on industry feedbacks.

The institute primarily facilitates students for project-work placement in premier industries to do a project in the second year. Institute is ISO 9001:2015, 14001:2015 & 50001:2011 certified.

▶ Research Excellence

- There are 14 part-time and 3 full time research scholars carrying out their research in MSIS
- More than 90 International indexed journal papers published
- Indian Patents applied: 7
- Patents obtained: 2

▶ Research Projects

Image Analysis

- Bone mineral density evaluation
- Telemedicine application for Malaria detection
- Cervical cancer screening system
- Decision support system for Leukaemia detection
- Multimodal image registration and fusion

Hardware

- Miniaturized self-activated electrolytic
- Predictive labour progress model

ICT

- Adaption of information and communication technology platform to enhance the agricultural productivity
- Strategic E-commerce model for rural market, a study with reference to agro products in coastal region
- M-commerce business model for fishing industry of coastal Karnataka

Data Mining

- Knowledge based information system for rural healthcare data sets using data mining techniques
- Design of an efficient parallel framework for transactional and analytical queries
- Efficient algorithms for discovering rare itemsets and their occurrence behaviour in data streams

Others

- Design of low power-delay product multiplier and divider units
- Design and implementation of energy efficient and Quality of Service (QoS) aware protocols for wireless sensor networks

▶ Advantages in MSIS

- All courses are industry relevant
- Well organized support for project-work placement to do project in the industry
- Project work placement training by alumni working in industries
- Technical talks and workshops from Industry Experts
- Curriculum that encourages learning-by-doing

- Scholars and Achiever scholarships for eligible students
- Well-equipped industry standard hardware and software laboratories for training
- Industry sponsored labs such as Applied Cognition Systems Lab, and Centre for Software Development (CSD) Lab
- Opportunity to study abroad
- Access to labs beyond working hours
- The labs are equipped with hardware like ARM Microcontroller Development Boards, Raspberry Pi Boards, Arduino Boards, Xilinx Boards, Altera Boards and software tools like DICOM Suite, Cadence full suite, Linux Device Driver Development, Microsoft Toolset, QUALNET
- Opportunities to work on industry defined mini-projects during their academics. Industries that participate in offering mini-projects are APCOG, CSD, Philips, Volmo, MIRS, alumni working in Industries and Mirafra Technologies.
- Centre for Software Development (CSD) – MSIS has an in-house software development facility – CSD. Goal of this centre is to develop software required for MAHE and its constituent units. It has developed and deployed more than 20 software and has expanded to provide software solutions to other educational institutions. Students will have opportunity to work on industry standard live projects on various technologies like Android, Java and Dot net.
- Medical Imaging Research Suite (MIRS) – Activities involving investigation of new protocol in the area of Musculoskeletal Imaging. Facilitates student and faculty to carry out research to bring out publications, patents and products. Seeks Industry support for collaborative research.

▶ Inbound Study Abroad Program with Efrei, France

- Efrei, France has identified Manipal Academy of Higher Education (MAHE), Manipal along with universities from US, UK, Malaysia etc. for their Study Abroad Program (SAP)
- Efrei, France will send TWO batches of students every year (spring and fall) to study SIX modules in MSIS for a duration of 16 weeks. So far 243 students have completed this program since March 2015

▶ Scholarships to MSIS students

- MSIS has instituted Scholar and Achiever scholarship in the form of 20% course fee waiver based on Manipal Entrance Test. A total of 233 scholarships have been awarded since 2010. These scholarships will be awarded as per the MAHE guidelines.
- Other MAHE Scholarships for the eligible students

▶ Achievements and Recognitions

- Institute is ISO 9001:2015, 14001:2015 & 50001:2011 certified
- Interview of our 2018 batch of Embedded Systems students who had participated in Smart India Hackathon – 2019 competition was telecast in Chandana channel on Aug 14, 2019
- Our faculty got a Mentor Certification for his exceptional contribution as a Mentor in Smart India Hackathon – 2019 competition
- The investigators from MSIS institute have won CAMTech innovation award (2015): The proposal submitted as part of the CAMTech Innovation Challenge, titled “Development of ECO (Easy Cervico Optimizer) - A Novel Device to Facilitate Cervix Cancer Screening” has won an award of US\$50,000 from the United States Agency for International Development, organized by Massachusetts General Hospital, USA.

- MSIS Students Gayathri N.R and Vatsal Patel of Embedded Systems, bagged the 2nd prize and a cash award of INR 50,000 for their project titled “Tracking Controller For The Parabolic Reflector with Static Focus” organized by IESA (India Electronics & Semiconductor Association), organized a Super Project Contest in the year 2014. The project has been carried out at World Renewal Spiritual Trust, Bangalore. This tracking system is currently being used by the NGO World Renewal Spiritual Trust India, at their Mount Abu Solar Plant.
- All India Paper Presentation Contest–Nov2014, organized by Infineon Technologies, Bengaluru. There were 80 papers for the presentation from all over India. Our students bagged TWO Prizes.
- Students from Embedded Systems (Second Place): Ms. Anjana Joshi, Ms. Ankitha K. A. and Ms. Manasa B. N for their paper on Intelligent Vehicle using Electric IMP. Prize money INR 40,000
- Students from VLSI (Third Place): Ms. Dhanya Hegde and Mr. Pradeep V for their paper on Low Power consumption concept. Prize money INR 30,000

Engineering Companies that Offered Students Project Work in 2019

Intel	Dell	Nvidia	Xilinx	VMware
Cadence	Infineon	NXP Semiconductor	Ensilics	CEAT
Synopsys	IBM	Whirlpool	Meddiff	FireEye
Philips	KPIT	DSP Group	Selekt	Gigsky
Samsung	Reliance Industries	Marvel	Spirent	Mcafee
Paypal	Continental	Microchip	NetApp	Schneider Electric
Analog Devices	Oracle	Consilient Tech	Synconext	MAST
Cypress	Robert Bosch	Arris	Embitel	Alog
Erricson	Cerner	Avin Systems	Sabic	L&T
ST Microelectronics	Beckman	Data Team	Sentienz	GE Healthcare

► Industry / Organization Partnership

► Industry Engineers Graduated on Part Time Basis from MSIS

- Zeta Infotech: 05
- Robosoft: 11
- Manipal Dot Net: 06
- APCOGSYS: 03

► Placement Advantages

- MSIS students were selected for Project work with a stipend ranging from Rs. 5,000 to Rs. 50,000 per month.
- Most of the students get project work in domain Specific /core companies
- Generally most of the companies will convert these students to a full time employee after successful completion of the project work

- Most of the times companies visit campus to select students for the project work. However in some cases students have to visit the companies if the number of students for the selection process is very small
- MSIS has signed MoU with Manipal Dot Net (MDN), Applied Cognition Systems (APCOGSYS) for the student project works
- MSIS has in house software development company, Centre for Software Development (CSD) where students have opportunity to carry out live projects
- Collaboration with Mirafra Technologies in the form of training and teaching by their Engineers.

► Lab facilities in MSIS

- MSIS has VLSI Lab, Data Science Lab, Imaging Lab, Embedded Systems Lab. It also has Industry Sponsored labs – APCOGSYS Lab, and Centre for Software Development (CSD) Lab. Students can do their assignments and projects in these labs
- Students have the privilege of working with industry standard software tools like Cadence, Altera, Xilinx, Matlab, Qualnet, Nucleus RTOS, Code Composer and Microcontroller kits like Intel 8051, Motorola 68HC11, PIC16F877, ARM Cortex, and many more. Students have worked on these software tools and hardware boards and are working in the leading industries across the globe.

(ME) Eligibility

Qualification: For those seeking admission to ME Programs (**VLSI Design, Embedded Systems**) courses - Pass in the following from a recognized university with a minimum of 50%.

BE/B. Tech graduates with the following engineering branches:

Electronics and Communication / Computer Science / Information Science / Electrical and Electronics / Telecommunications / Biomedical Engineering / Medical Electronics / Instrumentation Engineering or equivalent.

For those seeking admission to **ME (Big Data Analytics and Artificial Intelligence and Machine Learning)** course –

Pass in the following from a recognized university with a minimum of 50%.

BE/B. Tech graduates with the following engineering branches:

Computer Science / Information Science / Information Technology / Electrical and Electronics / Electronics and Communication / Instrumentation Engineering / Biomedical or Biotechnology or equivalent
Candidates with M.Sc. degree in Mathematics / Statistics / Computer Science / Information Science / Information Technology.

For those seeking admission to **ME (Cloud Computing)** course –

Pass in the following from a recognized university with a minimum of 50%

BE/B. Tech graduates with the following engineering branches:

Electronics & Communications / Computer Science / Information Science / Electrical & Electronics / Telecommunications / Biomedical Engineering, Medical Electronics / Instrumentation Engineering or
Candidates with M.Sc. degree in Computer Science or Information Science.

ME (VLSI Design)

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

22.07.2021

Program Description

This program aims at imparting the knowledge and enhancing the skill sets required to work in the rapidly growing “Electronic Design Automation” (EDA) and VLSI Design industry. Students are trained in the usage of industry standard EDA tools from Cadence, XILINX, MENTOR GRAPHICS, and Altera etc. to design, verify and test efficient integrated circuits meeting specified design constraints and specifications.

Focus/Career Prospects

Adequate knowledge is given to design and develop both digital and analog ICs which are optimized for low power. Students are made to use Data structures, efficient algorithms, and various CAD methods in the development and enhancement of EDA tools. This makes them equally competent for both VLSI Design and EDA industries. Extensive training is also provided in the area of VLSI design verification to enable the students to easily enter into ample verification job market. Interested students can also do research

ME (Embedded Systems)

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

22.07.2021

Program Description

Embedded systems program balances between the treatment of high-level electronics systems design and the engineering of subsystem components. It is all about “designing the product in a constrained environment”.

Focus

The students are trained in theory & practical equipping them well to face the industry requirements. Extensive training is given in the area of RTOS, Device Drivers, designing with various popular microcontrollers and other important areas.

Career Prospects

This program will pave path for the engineers to work as an Embedded system designers, Architects, Security Analysts, Embedded application Developers and Embedded software developers. Interested students can also do research

ME (Big Data Analytics)

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

22.07.2021

Program Description

Big Data and Data Analytics are playing an important role in business, government, healthcare and education. More and more organizations these days use their data a decision supporting tool and to build data-intensive products and services. Data Analytics combines principles and techniques from mathematics, computer science and machine learning for offering predictive and prescriptive solutions. This program will cover the basic concepts of big data, methodologies for analysing structured and unstructured data with emphasis on the relationship between the Data Scientist and the business needs.

Focus

Students are trained on Hadoop and ecosystem, Spark, Applied statistics, Machine learning, Data Visualization and Data Analytics

Career Prospects

This program will pave path for the engineers to work as Data Scientists, Business analysts, Data Analysts and Big Data Developers. Interested students can also do research

ME (Cloud Computing)

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

22.07.2021

▮ Program Description

As more and more IT industry are moving their infrastructure towards the cloud, there is a huge demand for cloud architects and engineers. Cloud computing also being the trending technology which enables the handling of Big Data. The demand in the research and job market, motivate to have an exclusive program on the Cloud computing

▮ Focus

Students are trained on how to work, manage, and deploy the cloud based on current standards, protocols, and best practices. Students will understand the infrastructure, security issues and handling Big Data on the cloud, automate software product life cycle, automate Cloud infrastructure development for web applications and provide end-end cloud business solutions.

▮ Career Prospects

The program offers wide range of excellent career opportunities as Cloud systems engineers, Cloud Software Application Engineers, Cloud Architects, Cloud Consultants, Cloud Security Experts, Business Analysts and Software Developers. Interested students can also do research

ME (Artificial Intelligence and Machine Learning)

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply:

15.05.2021

Commencement of Classes:

22.07.2021

▮ Program Description

Artificial Intelligence and Machine Learning are shaping the world around us and will play a ubiquitous role in diverse fields in the future. There is an ever-increasing industrial demand for professionals equipped with solid mathematical, computational, and coding skills who can play an integral role in applying Machine Learning skills to real-life problems. The ME in Machine Learning Program is a post-graduate program aimed at producing highly skilled Machine Learning Engineers who can adapt to the rapidly advancing field. The Program has a comprehensive mix of fundamental mathematical and practical skills that offer the graduates highly rewarding career opportunities.

▮ Focus

Students will acquire solid mathematical and computational skills essential for understanding, applying, and developing modern machine learning algorithms. They will be able to identify appropriate and efficient algorithmic approaches for solving real-life problems using machine learning principles and state of the art software prevalent in industry and academia. Through ethical practices, teamwork, and leadership skills, students will use machine learning skills to address problems of social importance for sustainable societal development.

▮ Career Prospects

The program creates the opportunity to work as Data Scientist, Machine Learning Engineer, Data Engineer, Software Developer, and Entrepreneurs.

MSc. Information Science

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

22.07.2021

▮ Program Description

Curriculum of this program is developed to meet the industry requirements. The program provides a strong focus on Programming Skills, Project management and Soft skills. The program emphasis on the latest technology with more practical emphasis. There are opportunities to interact with / learn from Master of Engineering students in the institute.

▮ Focus

Program imparts knowledge on advanced programming concepts using latest tool sets, provides hands-on experience through projects and assignments. Provides opportunity to work on industry defined projects. Provides opportunity to work closely with incubated company

▮ Career Prospects

Graduates will have opportunities to work in premier industries like Oracle, Philips, Applied Cognition Systems and many more as Software Developers, Software Verification Engineers and Software Testing Engineers. They can work as faculty members in degree colleges, Interested students can also do research

> DEPARTMENT OF SCIENCES

[DSc]

Department of Science was established in the year 2009 as Department of applied science and renamed as Department of Sciences in 2011. It comes under Manipal Academy of Higher Education Teaching Department and functions at MIT. It offers M.Sc and Ph.D programs in physics, Chemistry, Mathematics and Geology. The principal objective of the department is to excel in different areas of science. The Department of Science is one of the resourceful academic departments in Manipal Academy of Higher Education with highly qualified, experienced and motivated faculty members from the parent institution MIT who are committed towards teaching and research. The commitment to postgraduate teaching with emphasis on professionalism and research orientation is reflected by large number of publications by the faculty members.

The department of Chemistry has excellent research facilities. They get hands on experience in handling UV Visible spectrophotometer, FTIR, electrochemical workstation, TGA/DTA/DSC, Optical Polarizing Microscope, Gouy Magnetic Susceptibility Apparatus etc., In addition to this instruments like, SEM-EDX, XRD, AFM, NMR etc which are available as central facility helps to enhance the research activities. In the last five years the faculty members have published around 140 research papers and presented about 100 research papers in both National and international conferences. Most of the students with M.Sc Chemistry are well placed in leading industries in India and abroad. (Diageo, Syngene, MRPL, MCF, Anthem bioscience, LCGC, Sequent, Eurofins Advinus Merck, Shell, ArkGen, ITC). Some are pursuing their Ph.D degree at leading institutes (UK, Hungary, Italy, South Korea, Czech, Thailand), NCL Pune, NITK and Students have cleared the competitive exams such as CSIR-UGC-JRF, GATE and KSET.

Department of Physics, known for its excellence in teaching and research, provides an excellent atmosphere for any student aspiring to build his/her career in Physics. The department has well equipped laboratories where students, in addition to regular classroom based teaching, are given hands on exercises in general physics, condensed matter physics, electronics, optics, optoelectronics and nuclear physics. Various students who have obtained their M.Sc. (Physics) degree are pursuing/have completed their doctoral studies (Ph.D.) from reputed institutes in India (like IIT, NIT, IGCAR, CeNS, etc.) and abroad (Adam Mickiewicz University (Poland), Center for Nano Science and Technology (Italy), National Tsing Hua University (Taiwan), Clemson University (USA), DESY (Germany), University of Cologne (Germany)). Some of our students are placed in reputed companies like Accenture, Wipro, Federal Bank, Syndicate Bank, Bharath Bank, etc. Apart from teaching, the faculties of the Department are actively engaged in research. Main research focus areas are: Condensed Matter Physics,

Radiation and Nuclear Physics, Nano-materials, Thin film based devices, Solar cells, Spectroscopy, Non-linear optics and High Energy Physics. The departmental research laboratories are equipped with sophisticated instruments like vacuum coating unit (PVD and Sputtering), SILAR, spin coating unit, crystal growth unit, Optical closed cycle variable temperature cryogenic system, CW He-Ne laser, Z-Scan System, XRD, UV-Visible spectrophotometer, Keithley source/multi-meters and particle detector. Department has obtained funding for projects from various national agencies like DST, SERB, BRNS, FIST, CSR, VGST, etc. and has completed 9 funded research projects and 21 are ongoing. Department also organizes various conferences/workshops/lectures from time to time.

Students who pursue M.Sc in Mathematics are able to study mathematics (pure/applied) with experience in Lab ('C' Language/MAT lab / Data structure) and get good exposure in research through project work. They are well placed in academia and industry. Faculty members of the department have produced more than 90 papers in national and international journals in last five years.

The Masters programme in Geology, under the Department of Sciences is getting facilities from the department of civil engineering (MIT) which has a state-of-the-art geochemistry laboratory with instruments like ion chromatograph, anodic stripping voltammetry, microwave digester, UV-visible spectrometer, TOC analyser, ICP-OES, AAS, autotitrator etc. The microscope laboratory is strengthened with the procurement of high-end microscopes for petrological and micropaleontological studies, remote sensing and GIS equipment and geological field kits. The department has well qualified faculty in geology with 20-30 years of experience in teaching and research. Students who qualify Masters of Science in geology are accepted as geologists in GSI, ONGC, several mining and petroleum exploration companies and remote sensing and GIS establishments. Besides, students are also trained to prepare and qualify competitive exams such as CSIR-UGC-JRF and GATE that can help them to secure admissions to Ph D course in prestigious national research laboratories. Students are also encouraged to secure Ph D scholarships in foreign universities.

Our Pride

- Ms. Vidya Marina, (Geology) 2017 passed out batch is pursuing her Ph D in Slovak Academy of Sciences, Slovakia, with Scholarship.
- Mr. Shibashis Guru, (Geology) 2019 passed out batch qualified the CSIR-JRF test and is pursuing his Ph D at the CSIR-National Geophysical Research Institute, Hyderabad.
- Mr. H M Devaraj (MSc. Physics, 2010-12 Batch) has completed his Ph.D. from Manipal Centre for Natural Sciences (MCNS), Manipal. He has participated in experimental work along with GSI-Giessen, Germany and have discovered four exotic atomic nuclei to be added to the chart of the nuclides.
- Ms. Rakala Nandini, (Mathematics) 2015 passed out batch is pursuing her Ph.D in Florida Institute of Technology, Melbourne with Scholarship.
- Mr. Manjunath Bhat (MSc Physics, 2010-2012 Batch) has completed his PhD from Adam Mickiewicz University, Poland.
Ms. Subhashini (MSc Physics, 2010-2012 Batch) has completed her PhD from NITK, Karnataka.
- Mr. Prashanth Nayak (MSc Physics, 2012-2014 Batch) is pursuing his PhD at Centre for Nano & Soft Matter Sciences, Bangalore.
- Ms. Anupama Anna Thomas (MSc Physics, 2013-2015 Batch) is pursuing her PhD at Center for Nano Science and Technology, Italy.
- Ms. Meenakshi Rajagopal (MSc Physics, 2014-2016 Batch) is pursuing her PhD at Clemson University, USA.
- Ms. Anjana Uday (MSc Physics, 2015-2017 Batch) is pursuing her PhD at University of Cologne Germany
- Ms. Sriyashri Acharya (MSc Physics, 2014-2016 Batch) is pursuing her PhD at IIT Indore.
- Ms. Hrudya Radhakrishnan (MSc Physics, 2014-2016 Batch) is pursuing her PhD at IGCAR, Kalpakkam.
- Mr. Anand S Hegde (MSc Physics, 2014-2016 Batch) is pursuing his PhD in National Tsing Hua University Taiwan.
- Dr. Kavitha Sanjeev (MSc Chemistry, 2011-13) obtained her PhD from Politecnico di Milano, Italy in the year 2017
- Mr. Sandesh Nayak, (MSc Chemistry, 2014-16) is a PhD Student at KIST, South Korea
- Ms. Preeti W (MSc Chemistry, 2015-17) is a PhD Student at Thammasat University, Thailand
- Mr. Vignesh (MSc Chemistry, 2015-17) is a PhD Student at Eötvös Loránd University, Budapest, Hungary
- Ms. Ayushi tripathi (MSc Chemistry, 2016-18) is a PhD Student at Korea University, South Korea
- Mr. Amir Mohammad (MSc Chemistry, 2016-18) is a PhD Student at University of Manchester, UK
- Ms. Angelia Alfred (MSc Chemistry, 2016-18) is a PhD Student at Charles University, Czech
- Ms. Angelia Alfred (MSc Chemistry, 2017-19) Summer Internship at NUS, Singapore (2018) Cleared CSIR UGC-NET exam (December 2019) and GATE exam (February 2020)
- Ms. Swarna Gowri, (MSc Chemistry, 2015-17) is an INSPIRE fellow at MAHE, India

M.Sc Physics

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:
22.07.2021

Program Description

The course focuses on the subjects like condensed matter physics, classical and quantum physics, electromagnetic theory, spectroscopy, nuclear and particle physics, statistical mechanics, computational physics, experimental methods, general relativity, and electronics. Students will get hands-on experience in laboratory classes in these subjects as well. Course also offers number of program electives and open electives to get up-to date knowledge in other branches of Physics like nonlinear optics, thin films, superconductivity, quantum field theory, etc. In addition to this there will be a project work in fourth semester where students get hands-on experience to recent research activities.

Focus

To update students with latest development in different disciplines of the subject keeping syllabus as recommended by UGC. Impart strong foundations on fundamentals. Provide experiential learning.

Career Prospects

Research and teaching career in institutions of high repute. Well placed in various industries and labs.

M.Sc Chemistry

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

22.07.2021

Program Description

Major focus of the M.Sc Chemistry course is on Organic and Applied chemistry. Over four semesters, both theory and laboratory courses are taught at an advanced level. In addition to this, course offers subjects like inorganic, analytical and Physical chemistry. Organic spectroscopy is one of the important subjects offered in two semesters. In addition to this there will be program electives and open electives on subjects like Industrial chemistry, Bioorganic & medicinal chemistry, Green chemistry, Polymer chemistry etc. Fourth semester mainly involves project work

Focus

To update students with latest development in different disciplines of the subject keeping syllabus as recommended by UGC. Impart strong foundations on fundamentals. Provide experiential learning.

Career Prospects

Research and teaching career in institutions of high repute. Well placed in various companies, labs and Industries.

M.Sc Applied Mathematics and Computing

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

22.07.2021

Program Description

Course mainly focuses on subjects like Differential equations, complex analysis, Real analysis, Linear algebra, Graph theory, Stochastic process. C programming. Subjects like lattice theory, mathematical modelling, advanced numerical analysis, energy of graphs, cryptography are offered in the form of program electives and open electives. Laboratory course mainly involves Computer application lab, Mathematical software lab, data structure lab. Final semester mainly involves project work.

Focus

To update students with latest development in different disciplines of the subject keeping syllabus as recommended by UGC. Impart strong foundations on fundamentals. Provide experiential learning.

Career Prospects

Research and teaching career in institutions of high repute. Well placed in various companies and Industries.

M.Sc Geology

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

22.07.2021

Program Description

The course comprises mainly subjects like Crystallography, Physical geology, Meteorology & Geomorphology, Palaeontology, Sedimentary petrology, Metamorphic petrology, Hydrology, Photo geology, RS & GIS. Subjects like Geochemistry, Geophysics, Oceanography and Gemmology are offered as program electives and open electives. Students are also prepared to take up research as a career by teaching them Research Methodology & Technical Communication course. Students will have field trips and training programmes organised by the Geological Survey of India, visit to mines and research laboratories, oceanographic cruises, and internship programs. Fourth semester is mainly devoted to project work.

Focus

To update students with latest development in different disciplines of the subject keeping syllabus as recommended by UGC/UPSC/GATE. Impart strong foundations on fundamental knowledge. Provide experiential learning by giving mini research projects.

Career Prospects

Research and teaching career in institutions of high repute. Well placed in various companies and Industries.

> MANIPAL SCHOOL OF ARCHITECTURE AND PLANNING [MSAP]

Manipal School of Architecture and Planning (MSAP) provides the best quality design programs in the domains of architecture and design in the country. Established in 1978, the school has a pioneering legacy of more than 40 years. MSAP fosters a creative, innovative and intellectually vibrant learning environment with a global outlook. It strives to establish academic and professional excellence in architecture and design.

MSAP is an elite institution with state-of-the-art facilities and infrastructure. It includes the design studios, computer lab with latest design software, various supporting labs and library with latest editions of architecture/technology/interior design/fashion design books and journals. Dedicated and experienced faculty members encourage student centric practices in theoretical as well as practical problem-solving, and hone their design thinking. Apart from the classroom teaching the program involves site studies, case studies, public participation, on site analysis and research targets which makes each subject a practically relevant/ experimental and explorative application of design concepts and theories. Preparing students for timeless success in the profession of architecture and design while building their professional career is the primary goal of the academic systems at MSAP

#2

Ranked 2nd in India's Top Private Institutes for Architecture
Source: Outlook ICARE Professional College Rankings 2020.

#7

Ranked Number 7 amongst Top Architecture colleges in India
Source: India Today MDRA Best Colleges Ranking 2020

#12

Ranked 12th In Architecture Category
Source: National Institutional Ranking Framework India Ranking 2020

Our Vision

Excellence in design education, enable sustainable endeavors for societal well-being.

Our Mission

- Develop core competencies of design and professionalism to address societal and environmental concerns.
- Enable experiential learning and community engagement to create inclusive and sustainable design.
- Provide international platform for interdisciplinary learning and collaborative research.

Advantage

- International standard Infrastructure
- 80+ experienced in-house and visiting faculty from all across the country, graduated from prestigious national and international institutions with diverse fields of expertise.
- 1000+ finest array and quality of students from all across the country with balanced diversity between inter-state, intra-state and abroad.
- Evolving network of 2700+ established and successful Alumni placed all around the world.
- 50+ publications of faculty in national and international journals and several ongoing research projects.
- Several workshops and conferences conducted by the institution
- Tie-ups and Collaborations with several notable International Universities on research, student exchange programs and joint studios.
- Award winning students at national and international level.

- Robust and continuously evolving syllabi
- Large number of students selected for higher studies
- Quality placements in top companies
- Practice school to provide hands on industry exposure
- State-of-the-art technology labs and teaching infrastructure

Recognitions

- Council of Architecture (CoA), New Delhi
- University Grants Commission, New Delhi

Affiliations

Institutional Member, Indian National Trust for Art and Cultural Heritage (INTACH), New Delhi

Accreditations

National Assessment and Accreditation Council (NAAC)

Practical Exposure

Inputs for additional applied knowledge is given prime importance at MSAP. Research projects, faculty & student exchange and academic engagements for enhancement of architectural knowledge beyond the classroom and syllabus are intensely encouraged.

Students are inspired to make use of opportunities and can undertake academic enrichment in any other related Institute and/or organizations in India or abroad.

Additional to classroom learning, several case studies, field trips and workshops are part of the curriculums. Some of the latest Conferences and Workshops conducted in recent times:

- International Conference SHAAPED 2019 conducted by the institution with 4 prominent keynote speakers and 36 delegates from across the world.
- Intercultural Dialogue through Design (iDiDe) 2019, a joint design studio with students from International Universities conducted at MSAP in the last academic year
- Two days Workshop on Kaavi Art by Janardhana Rao Havanje at MSAP (January 2020)
- Workshop on "Design Material Exploration Application of clay in 3D model making" by Satish Heroor at MSAP (January 2020)
- Workshop on "Color Techniques Application of Acrylics" by Satish Chandra at MSAP (Feb 2020)
- Mannu Shilpa A hands on mud architecture workshop for 1st, 2nd, 3rd year B.Arch students by experts Ar. Kaushik Uppoor and Ar. Gaurav Agrawal (Feb 2020)
- Two day Lighting workshop & Light Exhibition conducted by IALD (International Association of Lighting Designers) at MSAP (Feb 2020)
- SHAAPED 2020 (Studies In Habitat With Academic Alliance In Planning Environment And Design) International Conference on "Design for Health Wellbeing" organized at MSAP (March 2020)

Collaborations & Partnerships

MSAP collaborates fruitfully with various partner universities and research organizations are established for additional quality enrichment of the Institute. A few of the valued collaborations and partnerships are -

- HU University of Applied Sciences, Netherlands
- King Mongkut's University of Technology Thonburi, Bangkok, Thailand
- Fontys University of Applied Sciences, Netherlands
- The Universidade Estadual de Campinas (UNICAMP), Brazil
- Karabuk University, Turkey
- The University of Sidney, Australia
- Royal Melbourne Institute of Technology, Australia
- Deakin University, Australia
- Umea University, Sweden
- Hochschule Bremen, City University of Applied Sciences, Germany
- University of Cincinnati, USA
- Universal College of Learning, New Zealand
- Unitec Institute of Technology Auckland, New Zealand
- Royal Melbourne Institute of Technology (RMIT) Australia
- The University of New South Wales (UNSW), Australia
- The Aga Khan Trust for Culture, Switzerland
- Universiti Teknologi Malaysia
- UCSI, Malaysia
- Queensland University of Technology, Australia
- IDIDE (Intercultural Dialogue through Design)
- Nirmiti Kendra

Ongoing Research Projects

Project Name	Funding Agencies
Gram Panchayat spatial development Plan - Uppunda and Shankarnarayana in Udupi District	Ministry of Panchayati Raj, Govt of India
Effect and Impact of Changing Climate trends on Built Heritage of Madikeri	INTACH (Indian National trust for Art and Cultural Heritage) Research Scholarship 2020
Improving Women's Safety in Public Spaces	MAHE UNSW Collaborative Research seed funding scheme 2019
Navigation and Wayfinding systems for Kasturba Hospital, Manipal	Kasturba Hospital, Manipal, Karnataka

Research Excellence

- Urban Design & Built Environment Management
- Urban Sociology & Health Care
- Sustainable Built Environment
- Heritage Conservation & Management
- Behaviour Psychology in Built-Environment & Participatory Design
- Research grants and consultancy reports for the Government of Karnataka
- Centre for sustainable built environment
- Centre for urban studies

Laboratories and Workshop

- State-of-the-art computer lab with state of the art facilities with 50 high-end workstations, printers, plotters, scanners with advanced CAD software
- Virtual Reality Lab
- Model making Lab with Laser cutting machine and 3D printer
- Climatology Laboratory with computerized weather station, wind tunnel, solar scope and a range of scientific instruments to measure lighting, acoustic and thermal performance
- Documentation Centre with audio-visual facilities
- Exhibition Hall with display of students works
- Department Library for quick and spot referencing. It has design books, magazines, conference proceedings, and thesis/project work of the alumni, audio-visual facilities
- Building Materials Museum with wide collection of materials used in construction

▶ Student Achievements

- 12 students from VI Semester B.Arch. represented FOA, MAHE at the iDiDe studio in collaboration with Deakin University,
- Australia and Moratuwa University, Colombo, from 10th January to 30th January 2017, at Ampara, Sri Lanka. The outcomes of the studio included the successful adoption of a design proposal with environmentally appropriate construction techniques by our students under the Community leadership group.
- Shivangini Singh, a ninth semester, B. Arch student bagged the National Award for Excellence in Architectural Thesis 2016 and JK AYA best architecture student of the year award. The competition, organized by the Council of Architecture (COA) and conducted by the National Institute for Advanced Studies in Architecture (NIASA) is for students from across all architecture colleges in the country. It is an annual event held to identify the best thesis projects in India.
- Sourabh Maheshwari, Student of 7th semester Architecture, was awarded with the best proposal for Smart Campus at the annual Tech Fest of BITS, Goa, 2016. He successfully completed 7 week internship with SECMOL NGO (Students' Educational and Cultural Movement of Ladakh) Leh, Ladakh. During his internship he was involved with several community participation activities starting from designing of toilets to volunteer teaching school children.
- Vinod Thomas of X Semester B. Arch. Bagged 2nd position in the National level competition (2015 16) organized by RDSO for odorless and waterless toilet design for Indian Railways.
- Vishnu Priya V of VI Semester B. Arch. bagged 1ST Position in the 18th annual Berkeley prize essay competition under the "International undergraduate prize for architectural design excellence" (2016) endorsed by Department of Architecture, University of California, Berkeley, USA
- Sourabh Maheshwari, V Semester B. Arch Anubhuthi Jain, VII Semester B. Arch. students, won 2nd position in Autodesk BIM Revit challenge from Karnataka State in October 2015. The competition was organized in 7 states all over India. The design was a multi storey residential building, based on green and sustainable design techniques using Autodesk Revit Software.
- Sourabh Maheshwari, in his 2nd year, won the First Prize for his Paper on Green Innovation at Quark Techfest at BITS Goa in 2015.
- Nehal Shukla best Paper in ICHTR conference, Manipal 2018
- Pooja Mishra, clinched the second position for UG Thesis in STAR STUDENT AWARD 2019 (National Level Competition for Academic Project) for "Nehamrit Farms: An agro tourism resort
- Neha Mary Bobby, 5 th Year, B. Arch Best Paper Presentation Award UG Category for paper titled 'Investigating the Viability of Implementation of Vertical Gardens in Indian Context' in 1st International Conference on Advancements in Science and Technology (ICOST2020 Online) held at Coimbatore during 25 26 July, 2020.
- Ipsitaa Priyadarsini Das, 3 rd year, Exe. M. Arch. Best Paper Presentation Award PG Category for paper titled 'A study on the necessity of "positive Cyclone Portable Relief Shelter" A case of Odisha' in 1st International Conference on Advancements in Science and Technology (ICOST2020 Online) held at Coimbatore during 25 26 July, 2020.
- Sucharita Hazra, (Batch of 2003 2008, B Arch) won 'Citation Award' for the poem "The essential architect" in Annual Competition -- 'Architectural Poetry' ('Open' Category) July August 2020 and won Honourable Mention for the poem "A tale for a builder" in Annual Competition -- 'Architectural Poetry' ('Open' Category) July August 2020 organised by Architectural Journalism & Criticism Organization, India
- Dhanya Suresh and Hatim Cyclewala, B.Arch Students participated in an International competition called Master Studio held by Archmello, the topic was to design an co working space for architects. They secured the second place in the competition.
- Pranav Nireshwalia, S Radhakrishna Pai and Sanjana, B.Arch Students received "Special Recognition Award" at the Southern Regional Bound of Transparency 14.0 organized by Saint Gobain held on 22.01.2020
- Sysha Shetty awarded first prize in Inter College Design Fest 2020, WOW Fest Clustered Clouds conducted on 5 th Feb 2020 organised by Indian Design School, Mangalore University
- B. Arch. alumni Lakshmi Mohanbabu's Micro sculpture was selected by the European space agency to be sent to the Moon on the ESA Moon lander to be exhibited permanently on the Moon. (On the ESA Moon Lander 2022).

▶ Internship and Placements

Students from MSAP get opportunities of internship with leading design professionals and firms in India and abroad. All students also get placed as soon as they graduate. Reputed designs firms in India and abroad give preference to MSAP graduates for Internship and placements. Some of leading firms are -

- ACDS Architecture • Advani & Associates • Agarwal & Agarwal Architects • Atkins • Atto Atelier
- Design Forum International
- Gayathri and Namith Associates
- Gensler Architecture • Good Earth Architect • Edifice Architects and Interior Designers • Hafeez Contractors • Jaisim- Fountainhead Architects
- Kamal S.Malik Architects
- Mistry Architects • Qatar Design Consortium Architects • Rathii Associates
- RSP Design Consultants • Sangath
- Stapati Architecture
- Total Environment • Venkatramana Associates • Vikas Dilawari Architects

▶ Student Exchange Programs

- IAESTE, International Association for the Exchange of Students for Technical Experience has India's largest Chapter at MIT, Manipal Academy of Higher Education. It provides opportunities for students to carry out their internships across the world. Best students are nominated for internship to foreign countries through IAESTE.
- AIESEC, MAHE is also a student body which facilitates international internship.
- Student exchange programs being established with all partner universities and research organizations across India and abroad.
- 30+ MSAP students have been part of student exchange programmes with Universities such as Umea University, Sweden, Deakin University, Australia and RMIT, Australia from last four years
- 30+ MSAP students have participated in iDide 2019 and 2020 (Joint studio between Deakin University, Australia and MSAP)

Bachelor of Architecture (BArch)

Duration

5 years (10 semesters) including 6 months Internship

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes: 24.07.2021

▶ Program Description

Design is an act of making an environment where we shape and develop our surrounding to suit our physical and psychological needs. Today design thinking is used in all profession as a verb or skill to develop solutions suited to the context and person/ people. The role of the designer is being acknowledged in various disciplines to improve and impart better living conditions as well as sense of wellbeing. Architecture from being associated with building construction has become a noun to describe integration of multiple fields/ aspects and making a system of operation and function.

So the course of Bachelor of Architecture is now a multi-disciplinary education to handle issues relating to humanities, technology, computation, information, marketing etc. Our training includes integrated basics of this multi-faceted profession in first three years and allowing students to explore various disciplines of their choice and integrating them to give site specific solutions suited to the needs of society and environment.

▶ Focus

The focus of B.Arch. (Architecture)

is to provide holistic education addressing analytical, technical and communication skills of the students along with their creativity and imagination relevant to the field of architectural design. The design studio being the primary course of study explores current trends in the industry by bringing in live projects, field trips, case studies, brainstorming strategies and developments of design that are sustainable and user centric.

▶ Career Prospects

- Architects can work with government organizations, private design firms, real estate development firms or contractor firms dealing with fields such as Housing design, Interior design, Landscape design, Hospitality design, Spiritual space design, Product design etc.
- They can also be employed by educational institutions as academicians and researchers.
- After graduation, students can also pursue higher education in India and abroad in varied fields of specializations such as Urban Planning, Urban Design, Digital Design, Conservation, Sustainable Design, etc.
- They can also establish their own private practice or work as freelance designers.

Master of Architecture (Urban Design & Development) MArch (UDD)

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process
Refer Section 2

Course Fees, Hostel Fees, Refund Rules
Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:
24.07.2021

Program Description

This program aims at training architects and designers in theoretical as well as practical problem-solving skills in issues associated with designs at the urban scale. It follows comprehensive urban design education through research, consultancy and academics. Started in the year 2014, this program offers new openings for its students to follow their creative pursuits while building their professional careers under the guidance of highly experienced faculty.

Focus

The focus of M.Arch (Urban Design & Development) is to educate the prime concerns and understandings of areas at an urban level. Students are exposed to various scales of urban level design projects to address the issues reality to policies/ design/ environment/ sustainability etc, which enable them to give comprehensive solutions contextually.

Career Prospects

Building a career as an Urban Designer both in government and non-government organization which is in prime demand. Opportunities include enhanced career prospects for urban design and related professions and potential for further research to a PhD programme and academics.

M. Des. Sustainable Design

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process
Refer Section 2

Course Fees, Hostel Fees, Refund Rules
Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:
24.07.2021

Program Description

Sustainable design today has become an integral part of not only built environment but also a part of business and community. This course addresses features that are part of the sustainable development goal set by United Nations (SDGs 3, 4, 6, 7, 8, 9, 11, 12, & 13). We need to approach the design holistically, from aspects linked to place, people and natural resources, responding towards climate change. India has already started developing new policies and codes such as Energy Conservation Building Code (ECBC). GRIHA rating and Green building rating systems for different typology of building has become a trend in the society.

This course develops specialist who could enable computation and evidence based performance modelling of proposed design, as well as assess performance of the built design. A truly sustainable design would address continuously in a self-sufficient manner, the needs of changing time as well as resources management.

Initially the course addresses the fundamentals of good built environment in terms of energy flow, environment science and green building design. Further the student would be trained in skills of computation, simulation and design guidelines for a sustainable built environment. This is unique multi-disciplinary course combining science of environment, mechanical and electrical engineering and architecture to fulfill the needs of the society.

Focus

This program aims to provide capacity to the building professionals for looking in to scientific & functional requirements of building in terms of economics of the Architecture Engineering & Construction market and building policies of the place. It aims to prepare building professionals towards the challenges of computational design and Evidence based design and to produce the next generation building professionals who can target the optimum solution approach over the heuristic design.

Career Prospects

Work with Government or Private Organizations as Building Energy analysts, simulation experts, sustainable design consultants, green building architects, etc. Work with educational institutions as academicians in sustainability and related fields, acquiring doctorate in related fields and work as researcher, private practice as consultant.

> DEPARTMENT OF DESIGN [DOD]

The Department of Design, a University Teaching Department, Manipal Academy of Higher Education was established in 2012 offering programs in the domains of Interiors and Fashion. These programs offered under UGC regulations are designed to foster creativity in young aspirants turning them into industry ready design professionals. At our institution, we strive at inducing the concept of sustainability and use of indigenous materials in designing the interior and fashion products for contemporary use. Design understanding is encouraged through individual projects where students would explore the rich heritage of textiles, crafts, and clothing development of our country from a range of varied topics spanning time and regions in the world. The department focuses on interdisciplinary research with innovative programs at different levels making Department of Design one of the most desirable places for design education.

▶ Four - Point Philosophy

- Sustainable & sensitive practices in Design
- 'Regional Values' & 'Global Essence'
- People-Centric Design
- Profession Oriented Design Education in Training

▶ Key Features

- Best-in-class Infrastructure
- Tie-up with International Design Colleges
- Design Collections/Portfolios evaluated by Industry professionals
- Design process carried out with sensitization towards ecology, green fashion and ergonomics.

▶ Laboratories and Workshops

- Design Studios
- Model Making Lab
- Laser Cutting Machines
- Textile Lab for dyeing and printing
- Pattern Making and Sewing Lab
- Draping Lab with mannequins
- Promostyl Fashion Forecast Database

▶ Shared Facilities

- Computer lab with State of the Art facilities with 50 high-end workstations, printers, plotters, scanners with advanced CAD software
- Virtual Reality Lab
- 3D Printer

▶ Research Excellence

- Behavioral Psychology in Built Environment
- Hospital Interiors
- Heritage Conservation
- Furniture Design
- Sustainable Textiles
- Sustainable Design
- Fashion Entrepreneurship

Ongoing Research Projects

Project Title	Sanctioned Agency	Sanctioned Amount	Status
Value addition of plantain waste biomass to fabric grade banana fiber an experimental study on processing, weaving, and designing contemporary fashions in Coastal Karnataka'	DST, Govt. of India	Rs. 23,57,740	Ongoing
Circular Economy and Collaborative Consumption: Exploring New Business Collaborative Research Models to Achieve Sustainability Seed Grant within the Apparel Industry	UNSW-MAHE	Rs. 10,00,000	Ongoing
Designing and Production of Convocation Gowns for Dignitaries and Students of MAHE – 2015 onwards	In support with MAHE	--	Ongoing
Balancing Function, Modesty, and Aesthetics in Designing Patients Gowns	Directorate of Technical Research, MAHE	Rs. 25,000	Completed
Developing Protective Facemask -2020	In support with MAHE	--	Completed

Ongoing Consultancy Projects

Consultancy Project Title	Status
Systems Design – Way-finding and Navigation for Kasturba Medical College, MAHE, Manipal. Pilot Space: Out-Patient Department in collaboration with MSAP.	Ongoing
ASARE Kiosk at KMC – Women and Child Ward – 2019	Completed
Proposal Animation School – 2017	Completed
M V Kamath Library - 2015	Completed

▶ Students Achievements

- Sharon Deena D'souza and Zinan Ashraf, 3rd year B.Des. Fashion Design students, were selected for showcasing their designs at Beena Kannan Fashion Show Seematti, Kochi in October 2015.
- Mr. Nilesh Krishna, 2nd year Interior Design student had global exposure of one semester at UNITEC, New Zealand through Study - Abroad Program in the academic year 2016-2017.
- INSIG - Unveil the Unexpressed, designed and organized by students of Interior Design and Fashion Design in connection to Autism Awareness Week observed from 2nd to 8th April, 2016.
- Four-member design team, Ms. Shalini Moorthy, Ms. Aparna Govind, Ms. Ayesha Shaima, Ms. Neha, 2nd and 3rd year Fashion Design won Best Design award and also overall Second prize in India's largest college fashion show – Mood Indigo's Vogue, IIT Mumbai.
- Ms. Harini Theranikal, 2nd year Fashion Design won the Mannequin Styling Contest organized by Mangalore Central Mall.
- Ms. Neha Dsouza, 2nd year Fashion Design student availed RMIT, Australia scholarship for undergoing one-year study through Student Exchange Program in the academic year 2017-2018.

- Mr. Anu Uttej Doki, 3rd year Interior Design availed scholarship for completing Yacht Design Master's program at ISAD, Milan during the academic year 2017-2018.
- Three -member design team, Ms. Harini Theranikal, Ms. Lipika PB, Ms. Kavya Vemulapalli, 2nd and 3rd year students, secured award for Best Design Team in India's largest college fashion show – Mood Indigo's Vogue, IIT Mumbai.
- The 4th year Fashion Design and Interior Design students designed (set and venue design) and organized the event AVANT, 2018 showcasing the Graduation Collection of Fashion Design students. The event was graced by ace fashion designer Mr. Wendell Rodricks.
- Four-member design team, Ms. Tanya Rodrigues, Ms. Advika, Ms. Unnati Patel, and Ms. Fiona Rhea Crasta, 2nd and 3rd year students of Fashion Design won Best Design award and also Best Team in India's largest college fashion show – Mood Indigo's Vogue, IIT Mumbai.
- Akshita Aurora, IV year B. Des. (Fashion Design), DOD MSAP, is one of the top five winners of the online Style your WORK FROM HOME contest organised by London School of Trends in the month of June 2020.
- The 4th year Fashion Design and Interior Design students designed (set and venue design) and organized the event AVANT, 2019 showcasing the Graduation Collection of Fashion Design students.

Internship and Placements

Students from the Dept. of Design have had the opportunity to intern with leading design professionals and at firms in India and abroad. Students have been placed through successful internships and through offers from the industry upon graduating. Some of the leading firms are -

Interior Design

- Kuvio Studio, Bengaluru
- Vinyasa Architects, Bengaluru
- P & T Architects and Engineers, Oman
- Rathi Associates, Bengaluru
- Design Qube Architects, Bengaluru
- Studio 8 Designs, Bengaluru
- ULCCS Ltd., Kozhikode, Kerala
- FRDC, Bengaluru
- August Architects, Bengaluru
- Creative Clinic, Dubai, UAE
- The Space Factor, Mangalore
- Livspace, Bengaluru
- Design DNA, Chennai
- JSH Architects, Mumbai
- Norr Group International Limited, UAE

Student Exchange

- IAESTE, International Association for the Exchange of Students for Technical Experience has India's largest Chapter at MIT, Manipal Academy of Higher Education. It provides opportunities for students to carry out their internships across the world. Best students are nominated for internship to foreign countries through IAESTE.
- AIESEC, MAHE is also a student body which facilitates international internship abroad.
- Student exchange programs being established with all partner universities and research organizations across India and abroad.

B.Des. (Interior Design)

Duration

4 Years (8 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.03.2021

Commencement of Classes:

24.07.2021

Program Description

Buildings are a combination of spaces. Spaces evoke feelings, emotions and memories. Creating spaces that are integral to the building's fabric whilst encouraging movement in, around and through individual spaces, to create a lasting impression is a challenge for an interior designer. The Interior Design Programme is about creating beyond decoration which combine practicality, sustainability and beauty to achieve the specific aims of a project. Interior design is an exciting, growing field where creative individuals with an eye for detail can influence human interaction and improve quality of life in the built environment.

Focus

The focus of B.Des. (Interior Design) is to provide holistic education addressing the cognitive competencies (to think), experiential competences (to explore), and technical competencies (to build). The live projects brought into the studios help the students to explore the problems of the industry, brainstorm different strategies for addressing the problem, and adhere the strategies in developing designs that are sustainable and customer-centric.

Career Prospects

The important areas of career includes Interior and spatial designer (Residential designer, Corporate designer, Health care designer, Kitchen & Bath designer, Sustainable designers, Universal designers), Exhibition designers, Set Designers, Visual merchandisers

B.Des. (Fashion Design)

Duration

4 Years (8 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.03.2021

Commencement of Classes:

24.07.2021

Program Description

"It's exciting to take something traditional and do something completely unexpected with it"

-Donna Karan

With this philosophy, the four-year B.Des. (Fashion Design) program is aimed at imparting professional fashion education bridging the idealism with reality by focusing on innovation for the sustainability of economical, ecological, and social values.

Focus

The focus of B.Des. (Fashion Design) is to provide holistic education addressing the core competencies, which involves an integration of cognitive competencies (to think), experiential competencies (to explore), and technical competencies (to build). The students through different projects aim at understanding the requirements of the project, brainstorm the design strategies for addressing the requirements, and develop the projects which are experimental yet realistic.

Career Prospects

The globalization of the Indian apparel and fashion industry and the growing domestic sector opens up a large number of avenues for the graduated fashion designers. The important areas are as Fashion designers, Design managers and consultants, Production managers, Fashion stylist, Freelance designers, Visual merchandisers

M.Des. (Interior Design)

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

24.07.2021

Program Description

The M.Des. (ID) Program is a step towards exploring and understanding the contemporary interior design environment of the region through research, theory, design education and practice. The program offers a creative buffer where candidates develop and contribute to the varied design possibilities and approaches of interior design. The core of the program is design research and practice.

Focus

The program is focused on the principles of academic - industry interface wherein the students learn the design approaches at the campus in the first year and apply the same working in the industry during the second year.

Career Prospects

The career prospects include Interior Designer (Residential / Commercial), Furniture Designer (As per electives chosen), Entrepreneur, Design Journalist

MA (Fashion Management)

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

24.07.2021

Program Description

Fashion Design has evolved beyond Experimenting and Making of apparel into a multidimensional approach of management. Masters of Arts (Fashion Management) is designed with an aim of evolving a design entrepreneur with a focus on creativity for commercial gain. The program deals with understanding and interpreting the fashion systems towards an effective management of creative sector that balances artistic ambitions and creative goals.

Focus

The program as an amalgamation of management principles oriented towards fashion business including luxury fashion segments help a student balance creativity with management. The program is carefully drafted to meet the requirement of students of non-design background and design background.

Career Prospects

The career prospects include Visual merchandisers, Fashion and luxury merchandising, Fashion marketing, Retail/sales

> DEPARTMENT OF ATOMIC AND MOLECULAR PHYSICS [DAMP]

The Department of Atomic and Molecular Physics, Manipal Academy of Higher Education is dedicated for advanced research and teaching. The department has already established itself as a leading centre for research in a vast area of atomic and molecular physics consisting of ultra-fast phenomena in atoms and molecules, Laser Induced Breakdown Spectroscopy of materials of all kinds, Optical Tweezers combined with Raman Spectroscopy for single live cell spectroscopy, Proteomics technique for early detection of cancer, optics and photonics, condensed matter physics, optofluidics, nanophotonics and biophysics.

The department offers two post graduate programmes – M.Sc. Photonics and M.Sc. Nanoscience and Technology. These courses aim at meeting the national and international needs of expertise in these specialised fields of knowledge which define the science and technology of the future. The course curriculum is so designed to complement the needs of research and industry sectors thereby equipping students with the required skill and expertise for a rewarding career in rapidly emerging fields of laser spectroscopy, Nanoscience and technology, ultrafast photonics and nanobiophotonics. The centre also conducts certificate courses in Laser Application in Biology and Medicine and in Nanoscience and Technology. Short courses of this kind which are application-oriented will be conducted regularly round the year.

▶ Research Activities

Research and development in the area of Laser Spectroscopy for biomedical applications and nano-bio-photonics have been gaining momentum in this department (former CLS) ever since the day of its inception.

The center is actively pursuing research in the following areas:

- Applications of femto second pulses in micro-fabrication of photonics devices and white light generation.
- Development of nano-bio-imaging technique for the detection and surgical demarcation of cancers.
- Spectroscopy of biological systems at cellular level using Optical Tweezers combined with Raman Spectroscopy.
- Trace Elemental Analysis of Biological and Environmental samples using Laser Induced Breakdown Spectroscopy (LIBS).
- Protein profile analysis of clinical samples for early detection of cancer using High Performance Liquid Chromatography – Laser Induced Fluorescence Technique.
- Laser Induced Fluorescence studies of soft condensed matter.
- Development of laser spectroscopy based cancer screening devices.

- Crystallographic and spectroscopic studies of human arsenate reductases.
- Development of Surface Plasmon Resonance (SPR) based sensors.

▶ Collaborations with Researchers at

- Bhabha Atomic Research Centre, Mumbai
- UM-DAE Centre for Excellence in Basic Sciences, Mumbai University, Mumbai
- Raman Research Institute, Bangalore
- University of Texas, San Antonio, USA
- Stevens Institute of Technology, NJ, USA
- Rice University, USA
- Leibniz University of Hannover, Germany
- University of Kassel, Germany
- National Chiao Tung University, Taiwan
- Nanyang Technological University, Singapore

▶ Attractions

We encourage our students for off-campus project training in premier institutions like Tata Institute of Fundamental Research (TIFR), Mumbai, Raja Ramanna Centre for Advanced Technology (RRCAT), Indore, Raman Research Institute (RRI), Bangalore, Indian Institute of Technologies (IITs), Bhabha Atomic Research Centre (BARC), Mumbai and Defense Research & Development Organization (DRDO) Laboratories.

The rich research ambience is the greatest highlight of the post graduate programmes in the Department of Atomic and Molecular Physics. We frequently organize symposia and workshop round the year so that our students will be aware of the latest developments in the field and will get opportunity to interact with eminent scientists in the field.

We have frequent visit of renowned physicists working in various disciplines. Prof. Douglas D. Osheroff, Nobel Laureate, Prof. Sumio Iijima, inventor of carbon nanotube, Prof. Eva Lindroth, Stockholm University and Dr. Anil Kakodkar, Former Director BARC and Chairman, Atomic Energy Commission, are few among them.

Research Excellence in Numbers

For the last 5 years	
Journal Publications	122
Books Published	01
Conference and Presentations	110
Completed Funded Research Projects	8
Research Grants	32 Million (INR)
PhD Awardees	12
Students projects	19
Workshops and Seminars	30
Ongoing Research Projects	10

▸ Placements

Graduated students are well placed in research laboratories –both in India and abroad as well as in industry.

Our students are placed as follows

Doctoral Positions at:

- RRI, Bangalore
- BITS, Pilani
- IIT Madras
- CeNS, Bengaluru
- DAMP, MAHE
- Tata Institute of Fundamental Research, Mumbai
- Heriot-Watt University, Edinburgh, Scotland, UK
- National University of Ireland, Ireland, UK
- National University of Singapore, Singapore
- University of Southampton, Southampton, UK
- Swinburn University, Australia
- Cork Institute of Technology, Ireland
- Extreme Light Infrastructure, Hungary
- Jean Monnet University, France
- Ludwig Maximilian University of Munich
- Institute of Biophotonics, (NYCU) National Yang-Ming Chiao-Tung University, Taiwan
- ITME, Warsaw, Poland
- National Chiao Tung University, Taiwan
- University of Canterbury, New Zealand.

Industry Placements at:

- Special Instruments
- SAMEER –IIT Mumbai
- Hind High Vacuum
- Optics and Allied Engineering Private Limited, Bengaluru
- Aimil Limited
- Varroc Group
- New Age Instruments and Materials Pvt. Ltd.
- ACG Inspection Systems

M.Sc. (Photonics)

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.05.2021

Commencement of Classes:

05.08.2021

▸ Program Description

A Masters programme of four semesters in the field of Photonics, laser spectroscopy and their applications.

▸ Focus

To impart sound knowledge on the concepts of optics, photonics, laser technology, laser spectroscopy and their various applications with stress on both theoretical knowledge as well as hands on practical experience.

To foster the research aptitude in the student by providing the rich ambience of research by means of research-oriented curriculum, hands on experiences in the research laboratories, dedicated final semester research project, exposure to the cutting edge scientific developments through conferences, seminars, invited talks by experts etc.

▸ Career Prospects

Research Careers in the field of photonics, energy conservation, smart lighting, biophotonics, nanophotonics, photonic materials, spectroscopy etc in National and International Laboratories, Research and Development Wings of industries working in the manufacture of optical instruments and devices, Academics, Science Journalism.

M.Sc. (Nanoscience and Technology)

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.05.2021

Commencement of Classes:

05.08.2021

▸ Program Description

A Masters programme of four semesters in the field of Nanoscience and Technology, Nanomaterials, their synthesis, characterisation and applications

▸ Focus

To impart sound knowledge on the concepts of Nanoscience, nanomaterials and their properties, synthesis and characterisation of nanomaterials, and their various applications with stress on both theoretical knowledge as well as hands on practical experience.

To foster the research aptitude in the student by providing the rich ambience of research by means of research-oriented curriculum, hands on experiences in the research laboratories, dedicated final semester research project, exposure to the cutting edge scientific developments through conferences, seminars, invited talks by experts etc

▸ Career Prospects

Research Careers in the field of Nanoscience and technology, Nanomaterial synthesis and characterisation and interdisciplinary applications in National and International Laboratories, Research and Development Wings of Industries, Academics, Science Journalism.

> MANIPAL INSTITUTE OF MANAGEMENT [MIM]

Manipal Institute of Management (MIM) was established in the year 1999. Since its inception, it has been educating and training competent, socially responsible and ethically oriented management postgraduates, meeting the needs of business administrators in service and manufacturing sectors.

In MIM, we have been periodically revising and updating our curriculum so that our students' knowledge and skills are industry relevant. Continuous improvements in teaching and learning has enhanced the personal effectiveness of our students.

MIM uses digital educational resources in variety of ways to support teaching and learning such as Digital Learning Platforms, Business Analytics and Simulation Software, Research Databases and e-books for facilitating effective learning.

The institute draws its strength from our team of dedicated and experienced faculty members and industry experts. Many of them bring along rich and varied industry experience. They are engaged in cutting edge research, knowledge dissemination, and publication.

The institute is a member of the All India Management Association (AIMA) and the Association of Management Development Institutions of South Asia (AMDISA).

▶ Key features of our MBA programs

- Choice based credit system (CBCS)
- Semester Scheme
- Doctoral and post doctoral qualifications held by more than 80% of our faculty members
- Student managed clubs for co-and extracurricular activities
- Entrepreneurial and innovative culture supported by 5 research centers
- E- pad exams
- Internationally oriented syllabi bench marked to those of World class Universities
- 20% of lectures delivered by senior managers and leading scholars
- Excellent Industry–Academia interface programs

▶ Quality Assurance

Certified with

- ISO 9001:2015 • ISO 14001:2015

#1

Ranked 1st among the Outstanding B-Schools of Excellence in India
Source: Competition Success Review
CSR-GHRDC India's Best B-School Survey 2020

#5

Ranked 5th among the top 20 B-Schools in south zone (Overall Ranking)
Source: Chronicle
Chronicle All India B-School Survey 2019

#16

Ranked 16th in the IIRF-2020 Best B-Schools Survey.
Source: Indian Institutional Ranking Framework 2020

Ranked in the band of 76-100

in MHRD's National Institutional Ranking Framework 2020

▶ International Engagements

MIM has active collaborations, partnerships and/or student exchange programs with the following overseas universities:

- Lancaster University, UK
- University of Groningen
- University of Bremen, Germany
- Southern Illinois University, Carbondale
- University of Pecs, Hungary
- The Australian National University
- Hamburg University of Technology, Germany
- The University of South Florida, USA
- Wright State University, USA
- Rennes School of Business, France
- Florida International University, USA
- Hochschule Bremen City University & Applied Sciences, Germany
- Kumamoto University, Japan
- Hiroshima University, Japan
- University of Melbourne, Australia
- Deakin University, Australia
- Massey University, New Zealand
- Edge Hill University, UK
- University of Newcastle, Australia

Our students are the beneficiaries of our international engagements, providing them global mindset. International engagement will provide global learning experience and deepens the knowledge and skills of students required for global markets.

▶ Placement at a Glance

MIM has maintained good industry relations for placement of its students. Industry has been offering managerial jobs with diverse profiles to our students. We groom our students with soft skills through pre-placement and soft skill development talks and workshops so they are well prepared for the corporate world by the time they leave the portals of the Institute.

We are encouraged to see several firms returning year after year to our Institute for recruitment. This reinforces our belief in the effectiveness of our curriculum and its relevance to the changing corporate world.

We have a dedicated Placement Cell to manage our placement activities. The objectives of the Placement Cell are to:

- Facilitate the students in the placement process and to achieve 100% placement for the eligible students.
- Guide the students in developing skills and job-search strategies required to achieve their career objectives.
- Identify suitable potential employers and help them achieve their hiring goal.

Companies that visited and hired MIM students in the previous years

Amazon	Hyundai Construction
Deloitte Consulting India Pvt Ltd	Ernst & Young
ITC Ltd	People Gamut
Infinity Research Market Solutions	Thomson Reuters
Decathlon Sports	HDFC Bank
Ample Technologies	Federal Bank
KEF Infrastructure	Karvy Stock Broking
Cult.Fit	Coffee Day Group
myGate	Edureka
Manjushree Technopack Limited	Thomson Reuters
Apollo Munich	Manipal Technologies
OG Healthcare	99 Games
ORACLE Financial Services	Manipal Education and Medical Group
Cerner	Philips Innovation
YoActive	Robosoft Technologies
Vissskan Aviation Pvt Ltd	Ivalue

Research Excellence

- The doctoral programs at MIM prepares our research scholars to be successful researchers and to advance in their chosen careers. The research scholars are supported by scholarships.
- Key research databases such as Emerald, EBSCO, Economic Outlook, Springer Link, Web of Science and Scopus are available to our students and faculty members.

- Management Development Programs (MDPs), Executive Development Programs (EDPs), and International Conferences and workshops are regularly conducted.
- Faculty and student research is published in Scopus and Web of Science indexed national and international journals.

Master of Business Administration (MBA)

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer **Section 2**

Course Fees, Hostel Fees, Refund Rules

Refer **Section 3**

Last date to apply: 31.05.2021

Commencement of Classes:
02.08.2021

Program Description

MBA program prepares the students to tackle challenges, devise solutions, drive progress and unite the human capital to achieve the common business objectives.

Focus

MBA is a flagship program of the institute, designed to prepare the students to face the challenges of VUCA environment. The program provides them work integrated learning opportunities, focus on strong technical and soft skills which makes them ready to face the challenges of new work environment.

Career Prospects

The interdisciplinary nature of the program enables students to take up leadership roles in their career. Every year students are absorbed by companies in diversified industries like, financial services, banking, insurance, FMCG, and investment banking.

> DEPARTMENT OF COMMERCE [DOC]

Department of Commerce was established in the year 2007 with the launch of its flagship undergraduate business management program specializing in e-Banking & Finance.

Over the last decade, the department has grown exponentially and reached a student strength of more than 1500 students, studying various undergraduate and postgraduate programs in Commerce, Management and multi-disciplinary programs in Economics, Business Analytics and Digital Marketing.

The department provides multi-disciplinary interactive environment where the future leaders of business and society are groomed to lead and deliver.

► Infrastructure

- Department has a well-equipped computer lab with 60 systems and subscribes to a host of online databases including Ebsco, Springer, Prowess, Taylor & Francis and Web of Science. Various statistical packages including SPSS and E-Views have also been subscribed by the department and are available for use by the students.
- The classrooms are air conditioned with facilities such as LCD projectors, audio visual equipment and smart projector facility.
- The department also has a well stacked library with adequate books, magazines and journals.

► Curriculum Highlights

The department believes in constantly upgrading its curriculum and pedagogy to meet the changing needs of the industry. It enables the candidates to carve-out a meaningful and niche career and find relatable responses to multi-dimensional professional questions. The unique curriculum encompasses a symbiotic relationship between regular academics and professional qualifications viz., CIMA, CFA, CA, CPA, ACCA, CMA etc. in India and abroad.

At Department of Commerce, syllabus updating and upgrading is a continuous process keeping in mind the ever changing industry dynamics. Open electives, unique specializations, Massive Open Online Courses (MOOCs) are few of the innovative methodologies of knowledge dissemination for all the courses offered at DoC.

Our academic collaborations with leading foreign universities facilitate the students to explore student exchange/credit transfer/semester abroad options.

► Faculty competency

The department has a strength of 50 full time faculty and a number of guest and adjunct faculty from the industry. While the department has 23 Ph.D holders, 8 qualified Ph.D guides, 23 Faculties have registered for Ph.D. The faculty are drawn from diverse backgrounds and experience, both from industry and academia, with rich experience that is passed on to the students in the process of learning.

► Research Excellence

A key objective is to ameliorate students' skills and improve their capability to carry-out research. A unique and exclusive DoC Student Research Forum with more than 1500 student members enables participation of students in Conferences, Workshops and Research publications. Augmenting this, MAHE has rolled-out "Publication and Research Award Incentive for Students to Excel" (PRAISE) policy which encourages students to participate in research activities, awards incentives for all student members who participate in research activities and publish their output in Scholarly Journals Indexed in Scopus/ Web of Science.

One of the core objectives of our Department is excellence in research. We have a heterogeneous blend of faculty with ample experience in industry and academia who carryout research in various thrust areas in financial markets, economics, banking, logistics, hospitality, entrepreneurship, HR and marketing. The department boasts of research blended curriculum in all its programs, with students carrying out research work under the guidance of faculty members.

The department has subscribed to various databases and software that assist the researchers such as CIME databases, EBSCO, E-Views and SPSS. The output of the research work carried out by the students and faculty members of our department are published in scholarly journals with international editorial board and worldwide acceptance in terms of quality. The department periodically organizes research workshops and

conferences in association with our international partner universities to give boost to its research activities.

► Advantage DoC

- Unique specializations
- Diverse faculty profile
- Diversity in student profile
- Internship opportunities in leading MNC's
- Study abroad / Semester abroad programs with partner universities
- Credit Transfer arrangements with foreign partner universities for selected programs
- Open electives, certificate courses and MOOCs
- Placement Assistance

Possible opportunities for collaborations/research:

The department has set up six Centres of Excellence related to diverse fields of study in the commerce and management streams. These centers have been set up in tune with its vision: "To develop into a world class center of excellence in education, training & research"

The Centres of Excellence:

- Center for Supply Chain Education & Research
- Center for Advanced Learning in Finance and Accounting
- Center for Managing Family Business
- Center for Business Analytics
- Center for Consultancy, Training and Corporate Interface
- International Center for Business Studies

Offerings from the Centers of Excellence:

- Joint Educational Programs
- Certification courses
- Research Projects
- Faculty Exchange
- Sharing of Resources / Facilities
- Short Term Courses, Seminars, Conference & Mega Events
- Knowledge sharing

The three year BBA course is spread over six semesters. This program is designed to equip students with the domain knowledge and business skills required to develop comparative advantage and excel in competitive business environment. At the end of the course, the students will be industry ready to take up jobs in the area of administration and commerce or choose to pursue their Master's program in leading Universities, in India or abroad. In this course, students are offered a range of open electives, skill enhancement courses and specialization based elective courses which they can opt based on their interest. Regular interactions with industry experts and guest lectures are arranged to know contemporary topics. Exposure to students is provided using real-life case studies, industry visits and projects. Placements and internships assistance with leading corporations is provided. This exposure enables the students to carve out a meaningful career in the field of various functional areas of management which includes Finance, Marketing, HR, Logistics, Family Business, Banking, Insurance, Financial Market, Business Analytics, and Economics. The specialization subjects are offered in the final year of BBA. This program also facilitates student transfers for higher studies abroad routed through International collaborations with partner Universities.

► Highlights

BBA (Banking)

Integrates basic concepts of management with specialized training in Banking, Treasury Operations, Risk Management, Investment Banking.

BBA (Business Analytics)

Acquire experience and knowledge of various analytical tools, statistical analysis and data mining, data visualization and business metrics.

BBA (Economic Studies)

This specialization focuses on updating students with some of the major aspects of business economics such as Financial Accounting, Business Statistics, Business Analysis, Business

Environment, Microeconomics, Macroeconomics and International Business.

BBA (Financial Markets)

Meets the growing demand for qualified professionals in the financial market and enables the students to acquire higher qualification such as AMFI, NCCMP, NISM and CISI certifications.

BBA (Professional)

The subjects in this specialization are designed as per the requirements of a professional certification: CIMA, UK

BBA (Logistics & Supply Chain Management)

This Specialization focuses on familiarising the students with concepts and processes involved in Logistics and Supply Chain domain.

BBA (Human Resource Management)

This specialization provides students knowledge in HR domain and also helps them understand various human resource initiatives which helps them explore their potential in the field of HR.

BBA (Marketing Management)

This specialisation details the concepts of marketing and helps students to enhance their business skills, negotiation skills which are key for a marketing professional.

BBA (Insurance)

Prepare students for a promising career in the Insurance sector such as life, property, automobile, and medical insurance.

BBA (Family Business Management)

This specialization highlights the best management practices adopted by family businesses across the globe to build scions and develop a leadership pipeline that is capable of running businesses in the most efficient manner. The course content is conceptualized to the needs of family businesses. It helps families to understand their business better and prepares them to sustain it through

phases of transition.

B.Com (Professional)

This program focuses on developing proficiency in accountancy, taxation and auditing. The subjects in this program are designed as per the requirements of ACCA (Association of Chartered Certified Accountants, UK) qualification. The students opting for this program are benefited with ACCA subject exemptions in accordance with the agreement with ACCA.

B.Com (Business Process Services)

This program is a result of an academic industry collaboration with Tata Consultancy Services (TCS), designed with the aim of bringing Business Process Services (BPS) as a specialization in undergraduate curriculum. The Program has been launched with the intention of leveraging the huge employment opportunities available in the BPS space.

Integrated Program in Management (BA Foundations in Management + MBA) (IPM)

This program aims to identify and amplify the leadership potential of young students and prepare them to shoulder challenging managerial and administrative responsibilities in global societal context with Comprehensive curriculum focusing on Skills, Knowledge, Leadership development and Physical fitness. The program bridges the gap between campus and corporate with excellent internship, industry visits and placement opportunities.

M.Com (Logistics & Supply Chain)

Understanding of the supply chain, material information and capital flows gives a holistic perspective to students pursuing commerce education. By applying principles of logistics, students are exposed to the dynamics of this function which enables them to understand the current challenges faced by supply chain professionals and provides a basis for arriving at optimal solutions. The program also offers opportunities to pursue

additional certification programs and workshops related to logistics and supply chain. Candidates have opportunities to pursue career both in India and abroad.

M.Com (Professional)

This program focuses on developing proficiency in accountancy, taxation and auditing. The subjects are mapped to the subjects of ACCA (Association of Chartered Certified Accountants, UK). The students opting for this program are benefitted with subject exemptions if they register for ACCA.

M.Com (Banking Technology)

The program was introduced keeping in mind the changing landscape in the banking sector and to meet the growing trained manpower needs of this sector. All key features of present day banking including the basic banking operations, credit management, risk management, international banking, legal aspects are part of the curriculum.

M.Sc (Financial Economics)

This program aims to facilitate students to bridge the gap between economic theory and practical aspects of finance. It was developed to meet the increasing demand for specialists in finance and economics by imparting rigorous training in economics, finance, statistics and mathematics. Globally financial sector has experienced phenomenal growth, witnessing drastic changes in range and sophistication of operations, resulting in higher demand for financial practitioners. This program also helps students to develop analytical skills, preparing them for wide range career options in economics and finance.

M.Sc. (Health Economics)

The program contributes to development of the health professionals and economists who aspire to mark their presence in the highly promising field of Health Economics. The demand for skilled health economists is enormous in various fields of healthcare industry. In India, the course is the first of its kind comprehensive program offered at master's level with two-year duration.

The course is offered in collaboration with other departments (Public health, Bio-statistics, and Pharmacology) of MAHE. Also, the department has partnered with select reputed universities in Europe and Australia for credit transfer/ study abroad/ internship opportunities. The course will enable the candidates to be an effective decision-maker in the domain of Health Economics and its allied functional areas.

Note: Department will organize Bridge Course for students admitted to M.Sc. (Health Economics) to prepare them for undergoing the program. Bridge course is mandatory for all the students admitted to the program and will consist of two subjects viz. Fundamentals of Economics and Introduction to Public Health (40 hours each). The bridge course will not be considered for credits.

M.Sc. (Business Analytics)

The programme aims to develop business analytics professionals who aspire to make their presence in the highly promising field of analytics and data science industry. The demand for skilled analysts is enormous across business domains as well as industries. Recent reports have projected a CAGR of 33.5% for the analytics industry in India with an estimate of over \$3 billion revenue annually. The program is interdisciplinary and application oriented, designed based on industry inputs and aimed at preparing the candidates to apply analytics in functional areas of business including Finance, Operations, Human Resources and Marketing.

M A (Digital & Creative Marketing)

This unique program is designed to emphasize on providing managerial skills, marketing insights, and Hands-on Digital Media Marketing skills. With rich academic delivery and industry interactions the course also provides professional digital media certification courses from the industry giants through modules like Social Media Marketing, Search Engine Optimization, Online Advertising,

Marketing Analytics, Content Marketing, website designing and web-based application designing.

Post Graduate Diploma (Logistics & Supply Chain)

This one year Post graduate diploma program has been introduced to develop trained manpower for Logistics and Supply chain functions. The course content has been developed as per the industry requirements. The program also offers opportunities to pursue additional certification programs that adds value to a candidate's career. This program enables to pursue higher studies abroad.

► Placements

The department has an active placement and internship cell engaged in providing internship and placements. The aim of the placement Cell is to invite Companies with high employer reputation to the College campus.

Placement Record

Academic Collaboration for credit transfers, Exchange programs and Internship

The department has academic collaboration with 21 leading universities/institutions across the globe for student exchange /credit transfer arrangements, Listed below are few of the leading universities/ institutions.

► Partnership with leading Universities across continents

Europe & UK

- Academia College, Slovenia.
- American Business School, France
- Hogeschool Utrecht (University of Applied Sciences, Utrecht), the Netherlands.
- Rennes School of Business, Rennes, France.
- Varna University of Management, Varna, Bulgaria

Australia & New Zealand

- The University of Queensland, Australia
- University of New South Wales (UNSW)
- Deakin University, Australia.
- RMIT University, Australia
- University of Waikato, New Zealand
- University of Newcastle, Australia.

North America & South America

- University of Kentucky, USA.
- Wright State University, USA.
- University of South Florida, USA
- University of Cincinnati, USA
- Florida International University, USA.
- The University of Arizona, USA.

International collaborations – Study Abroad Opportunities

BBA (Banking)

Duration

3 Years (6 Semesters)

Source: India Today- MDRA Best Colleges Ranking 2020

#1

No. 1 among the India's Top Hotel Management Colleges (Private)
Source: Outlook- India's Top Professional College Rankings 2020

Welcomgroup Graduate School of Hotel Administration (WGSHA) is a constituent unit of Manipal Academy of Higher Education, Manipal, and was established in 1986 as a unit of Dr TMA Pai Foundation in partnership with the Hotels Division of ITC Ltd. Today, WGSHA is India's premier hotel management institute, ranked 29th among the Best 50 Hospitality and Hotel Management Schools in the world 2019, by CEOWORLD Magazine.

An institute with excellent brand image, three decades of history, highly successful alumni base, supportive staff and welcoming atmosphere, it has been ranked No. 1 as 'Supreme Hotel Management Institute of India' by Global Human Resource Development Centre Pvt. Ltd. consecutively for the last eleven years. It has also been ranked No. 2 among Top 50 Colleges in Hotel Management in India by The Week – Hansa Research - Best Colleges Survey 2019, No. 2 among the Top 10 Hotel Management Colleges in India in Outlook- Drshiti India's Top Professional College Rankings 2019 and No. 2 among the Top 10 Hotel Management Colleges by India Today- MDRA Best Colleges Ranking 2019.

Built and operated within the university campus, the college's highlights and best practices include:

1. College is partnered with ITC Hotels which supports the institute by lending its expertise in conducting

the courses, continuous update of curriculum, assisting in admissions and provides other support from its hotels

2. Accredited by Indian Federation of Culinary Associations (IFCA)
3. Accredited by World Association of Chefs Societies (WACS)
4. Certified by Food Safety and Standards Authority of India (FSSAI), as a licensed food business operator
5. Accredited by 'Hotel Schools of Distinction', USA. WGSHA is the first and only hospitality school in Asia-Pacific region to be accredited by HSD
3. Tie-up with annexed hotel Fortune Inn Valley View, member, ITC's Hotel Group for hands-on training and real-time exposure to the hospitality industry
4. International collaborations and flexible pathway options for students. The institute has academic partnerships and collaborations with colleges in Canada, Bulgaria, Italy, and Indonesia
5. The only institute to offer professional wine appreciation programme
6. Public Private Partnership - Student and Faculty Mobility Program with National Council for Hotel Management and Catering Technology (NCHMCT)

7. Curriculum Conclaves are held with all stakeholders - Industry, Alumni, Students, Faculty and Parents and new Outcome Based Education (OBE) curriculum has been implemented
8. Maximum number of recruiters among the top brands in India and overseas, including Fortune 500 companies, visiting the campus. Our industry partnerships facilitate internships and placements
9. WGSHA has launched Industry-Academia Interface Sessions with industry stalwarts from the top hotel brands and our faculty members to share their views and concerns
10. Welcomgroup Entrepreneurial Development Cell (WEDC) has been established in the college to promote entrepreneurship among the students
11. Extensive Alumni Engagement and Worldwide Networking. We connect our successful alumni globally with our students via Virtual Lecture Series and hold Alumni Meets regularly in campus and major cities in India.
12. WGSHA Alumni are continuously associated with the college conducting workshops, being speakers in seminars and by taking guest lectures. Celebrity Chef Vikas Khanna, 'Distinguished Alumnus', WGSHA and 6-time Michelin Starred Indian Chef, has donated

a Culinary Museum displaying antique utensils and tools worth \$ 2 million.

13. Simulations, Culinary Boot Camps, Food Enthusiasts Programmes, Wine Appreciation Programmes, Expert Sessions, Food Festivals, Hostel festivals etc. are conducted frequently to add to the students' learning and exposure.
14. To strengthen our students' skill sets, the college has created a student-run restaurant 'Classic Café, a student-run pastry shop 'Ministry of Bakery' (MOB), and a Gourmet Store of food products in campus.
15. Several clubs like Gastronomy Club, Mad Over Baking Club, Cultural Club (music, dance, dramatics), Digital and Social Media Club, Literary Club, Sports Club, Tourism and Cultural Heritage Club, Adventure Club, Wine and Spirits Club, Volunteer Service Organization (VSO) etc. have been instituted to facilitate students' co-curricular and extra-curricular activities.
16. Experienced full-time faculty in all departments provide contemporary education. In addition, Adjunct faculty members, working in many international universities of repute, have been appointed to share their expertise and provide their valued inputs to our students
17. Faculty and students are continuously engaged in publishing and research work, which is supported by large collection of digital learning resources
18. Paperless e-pad examination has been implemented in which students write exams on a tab provided to them

▶ Student Exchange Programs

- International Association for the Exchange of Technical Expertise (IAESTE)

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.05.2021

Commencement of Classes:

15.09.2021

Program Description

This program is designed to enhance knowledge and skills of those who wish to expand their understanding of human and clinical nutrition and develop critical evaluation skills through an integration of nutrition, dietetics (therapeutic nutrition) and research. The course enables students to get hands on training in the hospital and community in close association with dietitians, clinicians and grass root level workers.

Focus

Clinical Exposure, Hands on Training, Advanced Diet Therapy, interaction with medical and paramedical personnel involved in patient care will be our focus. Apart from these, the students will also be encouraged to involve in research of their interest, participate in symposiums and conferences both inside and outside the university, be innovative in their thoughts and actions pertaining to nutrition & dietetics and thereby help build the department and the university at large.

Career Prospects

Community health programs/centers; Government Schemes and Missions (like ICDS, NRHM, etc.); Government Organizations (like FSSAI, FNB, ICMR, Public Health Foundation etc.); Government R&D units; etc. The Private sector gives opportunities to work in specialist clinics, hospitals, NGOs; Nutraceutical firms (like Nestle, Hindustan UniLever, Britannia); Private R&D units /Nutrition Education Institutes; Health Clubs and Wellness Resorts; Sports Academies / Centres; International organizations such as WHO, FAO, UNICEF, FNB; etc.

> MANIPAL CENTRE FOR NATURAL SCIENCES

[MCNS] Centre of Excellence

The Manipal Centre for Natural Sciences (MCNS) was created in 2012 under the Manipal Advanced Research Group (MARG) to nurture fundamental research in the Natural Sciences and grow into a hub of excellence within Manipal Academy of Higher Education. A year later, the fledgling MCNS came into its own as a Centre of Excellence under Manipal Academy of Higher Education. It is one of the first dedicated “all-research” Centres to be started within a University. The MCNS-Annexe commenced operations in November 2019 and serves as a second campus for the Centre.

From its inception, a unique and vibrant academic program has been initiated and integrated with existing research at partner institutions in India and abroad. Building on its core strength in physics, MCNS has been expanding to other disciplines including, chemistry, computational sciences, pure mathematics, earth and planetary sciences as part of an ambitious mandate.

The Centre of Excellence wishes to initiate and promote pure research in forefront areas by encouraging independent and creative thought essential to scientific leadership in the pure sciences.

► Infrastructure

High Performance Computer Cluster "Shakti"

A dedicated high-performance computer cluster "Shakti" with fully parallel architecture is in use by faculty and advanced students in the diverse fields and disciplines represented at MCNS. Computing power and performance are upgraded as required.

Library and video conferencing

The Centre has a dedicated full-service library to support education and research in the natural sciences.

Situated in the right wing of the Dr. T. M. A. Pai Planetarium building, the library was opened to researchers in 2013 and is growing at a fast pace. It currently offers a wide range of e- resources and services to assist fundamental research in physical and earth sciences with digital access available to over 400+ full text journals and selected archives.

There are currently four sections: periodicals (both physical journals and digital subscriptions), reference, textbooks and multimedia. Library management is fully computerized using the KOHA library software and Turnitin, an internet-based Plagiarism- prevention service created by iParadigms, LLC. It is a member of the Developing Library Network (DELNET) service. Electronic public access catalog (EPAC) facility is available for the users on intranet.

Video conferencing is available at a 30 seater seminar room and a classroom area embedded within the PG Lab at the Centre, a 15 seater meeting room and a WiFi enabled lecture hall at the Annexe.

Laboratories

Since the creation of MCNS in 2012, laboratory facilities for research and teaching have been added every year. MCNS currently has 7 research and 2 teaching laboratories. Research laboratories include Physics (3), Chemistry (2-in-1), Earth Sciences (2) and a Computing lab. Beginning with neutron physics, gamma spectroscopy (2013-2014) and a computer lab networked with two mini servers for scientific computing (2014-2016), current facilities include chemistry (2015), evolutionary biology (2016) and paleontology (2014-2017). The teaching laboratories include an astrophysics set-up with a 12-inch telescope and peripherals (2014) and a unique multi-disciplinary post-graduate teaching facility for training students across the various fields comprising the natural sciences, Experimental and computational skills are integrated into the Master of Science by Research and PhD coursework. An indigenously designed and fabricated table-top accelerator is operational (2018) at the Centre for teaching and research. This equipment was designed and built in technical collaboration with the Inter University Accelerator Centre (IUAC), New Delhi.

Nuclear and Atomic Data Group

Scientists in the data group participate in evaluating and recommending the most precise nuclear and atomic data as part of international networks under the auspices of the International Atomic Energy Agency, Vienna, Austria. The availability of a local repository of the best and most authoritative data provides the edge to researchers by improving the accuracy of calculations and is invaluable to the design and planning of new experiments and facilities. Data work includes nuclear structure evaluations for super heavy elements, theoretical reactor modelling and the measurement of experimental cross- sections with neutron induced reactions.

Dr. T. M. A. Pai Planetarium at Manipal

The Dr T. M. A. Pai Planetarium is located on the banks of the beautiful Manipal Lake. This distinctively designed four level building is also home to MCNS. Daily shows at the 70 seater Sky Theatre and special events held at the exhibit lobby are conducted on a not-for-profit basis. The Planetarium is a vital part of the Manipal Centre for Natural Sciences and the integration of Planetarium activities with advanced research provides an exclusive focal point for science outreach at the forefront of contemporary science. The Carl Zeiss sky telescope within the Sky Theatre provides a year-round live sky experience to budding astronomers of all ages. It is also used as a teaching aid and astronomy lab for students and lifelong learners, this is the only Planetarium in the country to co-exist within a research Centre at a prominent university and the benefits are many. The 12-inch telescope equipped with a diffraction grating and a high end camera is ideal for astro-photography, Two 3 inch telescopes and a few binoculars aid sky watchers as well as birders and naturalists. Apart from astronomy and birding, outreach activities in natural history, biodiversity, conservation of the Western Ghats and appreciation of our rich natural heritage are encouraged. Students at MCNS participate in a host of extracurricular scientific and academic activities.

Three student clubs for Nature studies, Movie and Reading meet monthly and are entirely managed by research scholars to convey the excitement of new ideas and discoveries while stimulating scientific debate and discussion. An eclectic selection of scientific resources including books, journals and DVDs are accessible to school students and a lay audience. The Planetarium also organises a variety of special interest events to mark important scientific occasions including new discoveries.

Auditorium

A 100+ seater auditorium with audio-visual infrastructure is available for special events, talks and seminars.

Academics and Research

MCNS offers a variety of carefully crafted courses at the beginning and advanced post graduate levels intended to provide world class training towards advanced degrees. In addition to the successful Ph. D. program in Physics, two new programs in the form of Master of Science by Research (Natural Sciences) and Integrated PhD (Natural Sciences) are being offered. Coursework at all levels is tightly integrated with computation, laboratory and field work. Specialised lab stations to aid concept-based learning have been created for this purpose. Invited seminars and talks by national and international experts and pioneers in their fields are regular events at the Centre. Student participation in on-going research activities in an individualized environment promotes the learning of a broad range of practical skills. The availability of high- performance parallel computing facilities in-house, provides a state-of-the-art environment for modeling the most complex and challenging natural systems.

Discovery

Researchers working in nuclear physics at MCNS have co-discovered 5 new isotopes while the observational astrophysics group has found new celestial objects. Paleontologists at MCNS have found unique micro-fossils and co-discovered a Jurassic era fossilized Ichthyosaur.

Advantages

Research at MCNS is highly competitive and at par with the best academic institutions. Research topics pursued in niche, emerging and inter-disciplinary areas, are at the forefront of contemporary fundamental research world-wide making the Centre a unique research destination in the country. The Post- Doctoral program, a first at the Manipal Academy of Higher Education, is specially structured to nurture independence and creativity in research and compares favourably with similar programs abroad to encourage exchange and mobility. Course-work at the M. Sc. By Research and PhD level is created by experts in

Research Excellence in Numbers

each subject to aid the development of strong research and analytical skills. A variety of electives are offered and course work incorporates inter-disciplinary elements to facilitate the learning of a variety of skills and encourage cross-pollination of ideas and concepts. Laboratory experiments are unique to MCNS and are devised to enhance concept based learning required for a strong foundation in science.

MCNS provides a stimulating environment for future scientific leadership in emerging fields by encouraging blue sky research in subject areas pursued for the first time within the country or abroad. MCNS is also recognised as one of the Inter-University Centre for Astronomy and Astrophysics (IUCAA) for Astronomy Research and Development. Students pursuing physics would have an opportunity to participate in research at the upcoming FAIR facility at GSI, Germany.

Collaborations & Partnerships

Researchers at MCNS benefit from a wide scientific network of national and international experts and leaders in their fields. Active formal and informal collaborations with well-known and renowned academicians provide exceptional opportunities to explore new research directions and unique thesis topics at the forefront of the subject for students pursuing a degree. MoU's with international institutions include:

- Helmholtzzentrum für Schwerionenforschung GmbH (GSI), Germany
- University of Giessen, Germany
- Extreme Light Infrastructure - Nuclear Physics (ELI-NP), Romania
- Joint Institute for Nuclear Research, Dubna, Russia

Ph.D. (Natural Sciences)

Duration

5-6 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.05.2021

Commencement of Classes:

16.08.2021 (Third Monday in August)

Program Description

The Academic program aims to attract highly meritorious and motivated students to a career in fundamental research in the Natural Sciences such as physics, chemistry, earth and planetary sciences, evolutionary and developmental biology.

Focus

For the current academic year, the focus is on Physics, with a choice of specialization in one of the following areas- Nuclear Physics / Accelerator Physics / Astronomy and Astrophysics / Theoretical Physics. The thrust of the program is to provide an opportunity for students to strengthen their conceptual understanding and develop strong experimental, analytical, modeling and computational skills to aid the exploration and understanding of complex natural phenomena. The aim is to expand the knowledge base and develop scientific leadership while pursuing a higher degree.

Career Prospects

Students will be well prepared to address specialised and challenging research questions and have a competitive edge while seeking an academic position or employment as a professional researcher in a reputed institution in India or abroad.

M.Sc. by Research (Natural Sciences)

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 31.05.2021

Commencement of Classes:

16.08.2021 (Third Monday in August)

Program Description

The Academic program is designed to ensure that the majority of the time is spent on pure research. The student will acquire a broad range of foundational skills necessary for professional research. Students are guided towards publishing their results in the top peer reviewed journals in the field.

Focus

For the current academic year, the focus is on Physics, with a choice of specialization in one of the following areas - Nuclear Physics / Accelerator Physics / Astronomy and Astrophysics / Theoretical Physics.

The aim is to provide a firm foundation to enable the student to tackle challenging research questions.

Emphasis is given to developing a well rounded background including experimental, analytical, modeling and computational skills. The student will be prepared to pursue either a higher degree or professional research.

Career Prospects

The students will be well equipped to undertake doctoral research or seek a job in a reputed institution in India or abroad. The wide range of skills learned will provide an excellent competitive advantage in the chosen field.

Integrated Ph. D. (Natural Sciences)

Duration

5-6 Years

Eligibility Criteria & Admission Process

▶ **Collaborations**

> FACULTY OF HUMANITIES, LIBERAL ARTS & SOCIAL SCIENCES

> MANIPAL INSTITUTE OF COMMUNICATION [MIC]

Established in 1997, Manipal Institute of Communication is one of India's premier mass communication colleges.

1

Ranked 1st among Top
Communication Colleges in India
Source: Outlook-ICARE survey

MIC offers graduate, post graduate, and PhD degree programs in media and communication including animation. The college also offers post-graduate diploma programs in Corporate Communication and Sports Communication. Every course's curriculum offers a wide spread of subjects combined with a plethora of electives to choose from.

▶ Advantage

Pursuing your graduate, post-graduate, or doctoral degree at Manipal Institute of Communication puts one in the rare company of students studying a professional course from one of India's top 10 journalism, media and communication colleges. A strong curriculum, expert professors, and contemporary infrastructure are the bedrock of this institution.

▶ Media Education at MIC

Pedagogic approach at MIC involves intensive training with the right blend of theory and practical application. Here, the emphasis is on skill building rather than mere knowledge accumulation. In line with this philosophy, the courses offered at MIC enable students to not just become knowledgeable individuals with the latest know-how of media industry activities but also to blossom into strong, steady individuals who are creative, think critically, write convincingly, speak clearly, work collaboratively, and are caring about other individuals around them.

▶ Special Features

Environment that fosters creative thinking

MIC encourages creative ideas and creative individuals. All activities – academic as well as non-academic are crafted to bring out the best creative expression and stimulate further creative thinking.

Interdisciplinary research

At Manipal Institute of Communication, Manipal, research is a key activity. The college houses a Media Research Centre as well as Student Research Forum. Through this, the college develops and supports critical inquiry of issue related to media.

Pedagogy rooted in learning by doing

All the programs in MIC have a large component of practical project-based activities (individual and group) which students have to think, plan, and successfully complete to earn the necessary subject credits. In doing so, students learn to apply classroom learnings to real-time projects, develop their own creative portfolios, and pick up essential life skills.

▶ International Collaborations

MIC has a very active international collaboration program with MAHE's partner universities across the globe. In tune with this program every year students from MIC go to partner universities and MIC hosts foreign students for a semester.

▶ Research Excellence (Last Five Years)

- 21 journal publications in 2019-20
- Global Media Journal, Indian edition is published from MIC
- Faculty Research project, Status of Electronic Media Women Journalists in Karnataka was funded by National Commission of Women, New Delhi
- Faculty Research projects, 'Women's Reproductive Health' as well as 'Awareness of Road Safety' was funded by ICMR
- MIC's faculty members have authored books and book chapters on media topics

- MIC's faculty member received the ERASMUS+ scholarship for PhD
- MIC's faculty members have received research travel grant for International Communication Association's annual conference in Prague in 2018 and Association of Development Communication, India's research travel grant for International Association for Media and Communication Research annual conference in Madrid in 2019
- MIC's faculty are invited for presentations top global conferences for Media and Communication's including the ICA, IAMCR, and AMIC.
- Six doctoral students received their PhD degrees
- 15 doctoral studies are currently underway in MIC

▶ Industry Affiliation

The Animation department at MIC is an Autodesk authorized certification centre. Other industry partnerships include student training and internships, industry research projects in collaboration with and for industry players and knowledge sharing by media and entertainment industry experts.

▶ Internships and Placements

MIC's internship and placements cell offers assistance to students to ready themselves for a corporate internship and placement opportunity. MICians receive national and international internships opportunities from media and communication organisations. The college has an active placements cell that facilitates placements for both graduate and post-graduate programs.

▶ Student Clubs and Committees

• YELL CLUB

The debate and discussions club of the college. The club also hosts the annual national level debate competition, Pro. Verb. The aim of the club is to provide a platform for students to engage in intellectually stimulating debates and discussions.

• **KALAMANCH**

The dramatics club. Members of the club, popularly known as Kalamanch ke Kalakaar regularly script, produce and perform plays in Hindi and English for theatre fans in Manipal and nearby places.

• **NEEM**

This is the environment club of MIC. The aim of the club is to raise awareness about environmental issues.

• **PALETTE OF DESIGN (POD)**

The art, craft, and graphic design club where students display their creativity through myriad art forms from painting to clay modeling and poster designing to collage making and more.

• **VOLUNTARY SERVICE ORGANISATION (VSO)**

The VSO is responsible for initiating social change activities within in Manipal and beyond.

• **MANIPAL FILM STUDY CENTRE (MFSC)**

MFSC is the official film appreciation club of the college.

• **FESTS**

Article 19 – the country’s oldest national-level media fest

Artifex – national level animation fest

Pro.Verb – national level British parliamentary style debate competition

M V Kamath Endowment Lecture – annual lecture series by exemplary media professionals

BA Media and Communication (BAMC)

Duration

3 years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.03.2021

Commencement of Classes:

15.07.2021

▴ **Program Description**

This is a three-year graduate degree program that familiarizes students with different media and gives hands-on experience of various media production techniques and multimedia content creation.

▴ **Focus**

Equip students with the necessary knowledge and skills required to become an expert media professional ready to take on the challenges of the industry through universal understanding of Media and Entertainment industry’s functions and processes.

▴ **Career Prospects**

Journalists – news, lifestyle, sports correspondents for TV, Newspaper, Magazines and Digital Platforms, Advertising and PR executives, creative content producers in TV, radio, music, digital content hubs, copywriters, social media managers, graphic designers, film editors, assistants to film directors etc.

BSc Animation

Duration

3 years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.03.2021

Commencement of Classes:

15.07.2021

▴ **Program Description**

This is a three-year graduate degree program that enables students to become competent creative animators with comprehensive knowledge of all aspects of animation production.

▴ **Focus**

Equipping students with industry-ready skills through foundational and advanced elements of animation including drawing and sketching, storyboarding, scripting, pre-production, 2D animation, 3D animation, Lighting, rendering, rigging, compositing, color correction and more.

▴ **Career Prospects**

Animation, gaming, VFX, and creative design fields, movie production, VFX, advertising, gaming, publishing, e-learning, digital marketing, broadcasting, product design, architecture, archeology, medical sciences, and defense organizations among others.

B.VOC in Graphics and Digital Media

Duration

3 years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 01.06.2021

Commencement of Classes:

15.07.2021

Program Description

This is a three-year graduate degree program with multiple exit and entry options. It enables students to become competent content creators with comprehensive knowledge of digital media.

Focus

B. Voc in Graphics and Digital Media is a three-years undergraduate course that is heavily skill-based program powered by the Media and Entertainment Skills Council of India which has been promoted by Federation of Indian Chamber of Commerce and Industry (FICCI) with the support from National Skill Development Corporation (NSDC). The course covers areas ranging from brand communications to digital marketing and branding. Some of the multi-dimensional aspects of the course fundamentals of effective communications, design communications including sketching, graphic design, typography and type design, photography, illustration, user interface/ user experience design, packaging design, corporate identity design, copywriting and brand storytelling, branding and brand marketing and more.

Career Prospects

successful candidates of the B. Voc course could look for jobs in social media/ digital marketing agencies, Public Relations/ advertising agencies, animation studios and e-learning production houses, marketing and communication departments of MNCs, visual design firms, product design organisations, website/ app development companies, media and entertainment companies among other. Additionally, one could also start freelancing or set up one's own business.

MA Media and Communication

Duration

2 years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.03.2021

Commencement of Classes:

15.07.2021

Program Description

The two-year postgraduate degree program exposes students to theoretical, aesthetic, critical and technological processes involved in various stages of media production.

Focus

An intensive program equips students with theoretical, aesthetic, critical and technological knowledge of every stage of media production. Students have the option of availing the 1+1 program in collaboration with Deakin University, Australia (one year at MIC, Manipal and the other year at Deakin University, Australia).

Career Prospects

Corporate communication executives, creative producers in TV and radio, music managers, program executives, advertising account executives, client-servicing executives, brand associates, copywriters, journalists, business correspondents, news correspondents, graphic designers, independent film makers, script-writers among others.

MA Film Arts (MAFA)

Duration

2 years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.03.2021

Commencement of Classes:

15.07.2021

Program Description

MA in Film Arts (MAFA) program is a dual-degree master's program in Film Making. This program is jointly offered by Manipal Institute of Communication, MAHE and EICAR – the International Film and Television School, Paris (EICAR). The course is speared over two years wherein enrolled students will spend the first year at MIC and continue the second year at EICAR. On completion of the program, successful students will be awarded the degree of Master of Arts in Film Art by Manipal Academy of Higher Education and Master of Fine Arts in Filmmaking accredited by the European Accreditation Board of Higher Education Schools (EABHES).

Focus

The program will train students in the complete process of film making including screen writing, cinematography, directing, editing as well as help them develop an understanding of the social, cultural, economic perspectives of the medium.

Career Prospects

Assistant director, scriptwriters, cinematographer, videographer, editor and more in film production houses, work with independent film and documentary makers, digital content production houses, advertising agencies, start their own film making ventures or find specialized employment as film critic, film analyst, film educator and more.

Post Graduate Diploma in Corporate Communications (PGDCC)

Duration

1 year (2 semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.03.2021

Commencement of Classes:
15.07.2021

Program Description

The Post Graduate Diploma in Corporate Communications (PGDCC) is one-year specialized, intensive program that enables students to become competent corporate communication practitioners

Focus

Empowering students with the right tools and understanding of professional communication practices in the corporate world.

Career Prospects

Corporate Communication departments of MNCs or be part of specialist teams handling Media Relations, Investor Relations, Public Relations, Customer Engagement, Public Affairs among others or even branch out to become expert Brand Communicators, Image Consultants, Crisis and Issue Managers among others.

Post Graduate Diploma in Sports Communication (PGDSC)

Duration

1 year (2 semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.03.2021

Commencement of Classes:
15.07.2021

Program Description

One-year intensive course that trains students in a high-demand, niche field of sports communication.

Focus

Train students in every key aspects of sports communication from sports reporting to sports AV content production to sports event management and sports promotions and marketing.

Career Prospects

Media Relation Specialists in sports clubs, Spokespersons for national and international sporting teams, Communication Managers, Media and PR Managers, Event Coordinators.

Certificate Course in Animation Technology

Duration

6 months, part-time.

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.06.2021

Commencement of Classes:
15.07.2021

Program Description

An immersive, highly practical course that offers students a basic introduction to 3D animation.

Focus

The course consists of practical, learning-by-doing assignments that culminate in student portfolio.

Career Prospects

Animation artists in the following industry: gaming, movie production, education, science and technology, medicine, education, defense among others.

> MANIPAL CENTRE FOR HUMANITIES

[MCH]

The Manipal Centre for Humanities (MCH), a Centre for Excellence at Manipal Academy of Higher Education, was founded in 2010 as a premier institution for teaching and research in the humanities and social sciences. One of the most exciting academic experiments in higher education in India, MCH fosters a culture of innovative and reflexive pedagogy, intellectual freedom, student initiatives, and new directions in scholarship.

The Centre offers undergraduate, graduate and doctoral degrees in the humanities in line with best international research and pedagogy practices. It also conducts workshops, internships, national and international conferences, summer schools, writing courses, cultural events, and guest lectures by renowned scholars and artists. Additionally, the presence of a dynamic full-time PhD program at MCH exposes students to a high-quality research environment.

MCH students come from many of India's premier schools and undergraduate colleges. They are trained to be proactive participants in whichever profession they choose to pursue. Many MCH alumni have gone on to have successful careers in media, publishing, education, NGOs, arts management, and doctoral programs in prestigious international universities.

▶ Collaboration and Outreach

MCH has collaborated with several national and international institutions over the past decade. These include -

International

- University of Chicago (2016 -)
- Università di Napoli L'Orientale, Italy (2015 - 2017)
- National University of Singapore (2013 - 2015)
- Sutasoma Trust, UK (2012 - 2015)
- Dalhousie University, Canada (2013 - 2015)
- Princeton University (2012)
- University of Saskatchewan (2018)
- European Council of Research (2019)
- University of the District of Columbia, USA, (2020)

National

- Tata Institute of Social Sciences, Mumbai
- Indian Council of Social Science Research (ICSSR)
- TAPMI, Manipal (2010 -)
- Indian Council of Philosophical Research (ICPR)
- National Commission for Women

▶ MCH Advantages

Highly Qualified Faculty: Faculty at MCH have trained at some of the leading universities in India and abroad. Engaged in pioneering research, which contributes to their teaching, MCH faculty have published extensively, both nationally and internationally.

Innovative Pedagogy: Inspired by international liberal arts programs, all courses at MCH encourage original thinking, engaging with latest scholarship and developing writing & communication skills. In line with the UGC Guidelines, MCH also follows the outcome based education module in their syllabus.

International Recognition: MCH is regularly visited by nationally and internationally renowned scholars and artists.

Placements: MCH Alumni have gone on to have successful careers in media, publishing, education, NGOs, arts management, and doctoral programs in prestigious international and Ivy-league universities.

Student Activities: MCH has a diverse student population from some of the best colleges across the country. International students have come from countries such as USA, France, Iran, Peru, Australia, Czech Republic, Denmark, Italy and Thailand. The student community at MCH have formed several vibrant forums - Film Club, Literary Club, Sports Club, Theatre Club, Literary Journal.

Academic Events: MCH hosts several national and international workshops/conferences/seminars/symposiums. Students get an opportunity to listen to and interact with top scholars in their field.

Campus: MCH is a beautiful lake-view campus with technologically equipped classrooms, an open grassy central courtyard, a wood-paneled state-of-the-art Auditorium, an exclusive Art Gallery, a lakeside pavilion, and a very extensive Humanities Library.

▶ Faculty

All faculty at MCH are reputed scholars in their respective fields and hold PhD degrees from top-tier universities such as University of California-Berkeley (USA), University of Nebraska-Lincoln (USA), University of Nottingham (UK), English and Foreign Languages University, IIT Bombay, Jawaharlal Nehru University, Delhi University, Tata Institute of Social Sciences Mumbai and IIT Gandhinagar.

▶ Overview

- International reputation in Humanities scholarship
- Research focus training in critical thinking, academic writing, independent archival and empirical research projects
- Faculty actively engaged in latest scholarship and high student-teacher ratio
- Graduates accepted in doctoral programs of top universities in the world. Many also take up jobs in publishing industry, media, education, social sector and corporate sector
- Dynamic syllabi and pedagogy that seeks to cater to evolving global realities and higher education needs of young people engaged in the Humanities
- Opportunities to meet and interact with reputed scholars, researchers, artists, writers, professionals in the field
- Active student community and activities, including literary club, theatre club, film club, sports club

▶ USPs for BA/MA programs (Integrated), MCH

- Strong emphasis on research, writing and communication skills.
- Small class room with low student-faculty ratio.
- One-to-one mentoring during project and thesis writing.
- Holistic training in Humanities and social science with strong emphasis on interdisciplinarity and social and academic relevance.
- Academic events and the pedagogy cater to UN Sustainable Goals.
- Highly accomplished faculty, with doctorate degrees from highly reputed national and international universities.
- Alumnae are spread across the fields of publishing, media, thinktanks, national and international NGOs, and higher research in top national and international universities.
- Opportunities to harness extracurricular aptitudes through Literary, Theater, Film and Social Service clubs—these are coordinated by students.

BA (Humanities)

Optional Major in English/ History/ Sociology

Duration

26.07.2021

▶ Program Description

BA (Humanities) program at MCH has been designed as a curated program in the liberal arts tradition that fosters a well-rounded undergraduate education, with a strong foundation in disciplines such as Literature, History, Sociology, Philosophy, Film Studies and Gender Studies.

▶ Focus

MCH Alumni have gone on to have successful careers in media, publishing, education, NGOs, arts management, and doctoral programs in prestigious international and Ivy-league universities.

▶ Career Prospects

MCH Alumni have gone on to have successful careers in media, publishing, education, NGOs, arts management, and doctoral programs in prestigious international and Ivy-league universities.

MA (English)

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.04.2021

Commencement of Classes:

26.07.2021

Program Description

The English program at MCH is distinctive for its emphasis on developing nuanced and mature literary sensibilities by employing the most contemporary scholarship. The MA (English) program offers innovative and challenging courses on Indian Literature, Modern International Literature, as well as emerging areas such as Film Studies, Medical Humanities, and Gender Studies.

Focus

The program prides itself on re-imagining scholastic and creative engagement with literatures – pre modern, modernist, contemporary, and in translation – in a wide spectrum that inspires students to discover and refine their particular interests.

Career Prospects

MCH Alumni have gone on to have successful careers in media, publishing, education, NGOs, arts management, and doctoral programs in prestigious international and Ivy-league universities.

MA (Sociology)

Duration

2 Years (4 Semesters)

Commencement of Classes:

26.07.2021

Program Description

The Master's program in History will train students to engage with regional, national and global histories through multiple frames and perspectives. It offers research based and innovative courses that deal with multidisciplinary approaches of social history, medical history, development studies, gender studies, caste studies, and contemporary history.

Focus

The focus of the MA History program in the Manipal Centre for Humanities is to develop intellectual breadth and deepen the analytical skills of the students. The program would equip students with the necessary skills of critical analysis to comprehensively understand the subject.

Career Prospects

MCH Alumni have gone on to have successful careers in media, publishing, education, NGOs, arts management, and doctoral programs in prestigious international and Ivy-league universities.

> MANIPAL CENTRE FOR EUROPEAN STUDIES

[MCES] Jean Monnet Centre of Excellence

The Manipal Centre for European Studies (MCES) is a multidisciplinary platform that has enabled study programs and research projects unique to both India and Europe and their relations.

Funded by the Delegation of the European Union to India, the Centre was established in 2009 with the vision of fostering India-EU educational connect by enhancing knowledge sharing across disciplines and geographical boundaries. The award and recognition by the European Union as a Jean Monnet Centre of Excellence in India-EU Interdisciplinary Studies - Culture, Literature, Education and Society, marks a major milestone in the Centre's journey towards fulfilling its mission of being the preferred destination of students and faculty.

The unique design of programs at the Centre allows students from diverse academic backgrounds to integrate their interests within the topical field of European Studies. The vibrant learning environment, with its emphasis on creative pedagogy and internationality, provides students unique pathways to shape their careers and further learning. The Memoranda of Understanding (MoU) signed with several partner universities have continually facilitated student and staff mobility to Europe over the last years, contributing to academically and culturally enriching experiences.

Study Program

▶ MA European Studies

MA European Studies is a sui-generis master's program tailored to provide a holistic view of Europe and European Union institutions from political, economic, cultural, social and linguistic perspectives. It aims to equip learners with a wide-range of critical skills to study the growing relevance of Europe and European Union institutions in the wider world. With an opportunity to learn a European language- European language - French and German and the possibility of exchange semesters in European partner universities with scholarships and fee waivers, the program opens up several domains where these skills can be put to use.

▶ Program educational objectives

- To engage critically in debates and discussions on Europe multidisciplinary perspective and foster India-EU educational connect
- To conduct research in the interdisciplinary field of European Studies with a special focus on European politics, business, culture, literature, and education
- To pursue higher studies and prospective career in international institutions
- To employ intercultural competences and work collaboratively in a multicultural environment

▶ Highlights of the Program

- Possibility to study a part of the Program in Europe with scholarships or fee waivers
- Visiting faculty from European universities
- Special Lectures and Seminars by delegates of EU and other international organizations
- Hands-on intercultural training and acquisition of one of the three international languages: French/ German/Spanish
- Course structure, credits and academic calendars harmonized with European higher education standards

MA European Studies offers four specialisation tracks:

- Economics, Business and Management
- Culture and Literary Studies
- Education, Policy and Management
- Politics and International Relations

► Career Prospects

- EU Institutions and International organizations such as the UN
- Industries and NGOs originating or operating in Europe
- Embassies and ministries all over the world
- Cultural institutions
- Education and Research institutions
- Translation and interpretation industry
- Political parties, foundations and associations
- Media, journalism and publication fields

► Our Centres

Centre for Intercultural Studies and Dialogue organizes workshops, seminars, and international summer schools that contribute towards enhancing intercultural understanding both academically and through facilitating interaction and exchange of ideas with international students and faculty members.

Erasmus Information Office (EIO) is the result of MCES' decade long successful experience with many European Union funding programs. With the establishment of EIO, the Centre hopes to share best practices and encourages prospective students and staff to explore the different opportunity that could help in enhancing their skills and unleashing their academic potential.

Erasmus Manipal Network (EMN) consists of beneficiaries of Erasmus mundus scholarship, Erasmus+ credit mobility, and other EU funded scholarship program, from Manipal. The network includes students and faculty members from Manipal who have had the opportunity to be a recipient of Erasmus scholarships. The network aims to provide information as well as support to the aspiring beneficiaries of Erasmus program from Manipal.

MA European Studies

Duration

2 Years (4 Semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

30.08.2021

► Program Description

MA European Studies is a two-year graduate program tailored to offer a broad conceptual understanding of EU institutions and economic, political, and socio-cultural dimensions of Europe. It aims to equip learners with a wide range of critical skills to study the growing relevance of Europe and European Union institutions in the wider world.

► Focus

This program is designed to foster the understanding of various aspects of European studies, centred around four specialization tracks: Economics, Business and Management, education, policy and management, politics and international relations, culture and literary studies.

► Career Prospects

MA European Studies program prepares students to undertake career opportunities in the various institutions of European Union and other International organisations such as UN, cultural institutions, education and research institutions, and media organization.

> DEPARTMENT OF PHILOSOPHY [DoP]

The Department of Philosophy (DoP) is resolved to create an academic platform for philosophical exchange by nurturing the intellectual climate rooted in classical and contemporary traditions; in a diverse academic and professional environment whilst embracing a trans-disciplinary perspective.

► Overview

The Department of Philosophy is a constituent of the Faculty of Liberal Arts - Humanities and Social Sciences. It incorporates teaching and research activities in the areas of Humanities and Social Sciences through academic programs, projects, publications, and events. The Department of Philosophy complements to the Humanities discourses on scientific investigation of the aspects of human nature, existence and experience; and presents a systematic enquiry into the interaction between self and the world, while elaborating the knowledge-making process itself. At the Department, we engage with interdisciplinary approaches, which integrate historical elements in advancing intellectual discourses.

The Department has brought out several scholarly translations and publications and is conducting interdisciplinary research in the areas of philosophy, literature, digital humanities and computational linguistics. With a team of young faculty members - who are the beneficiaries of prestigious Erasmus Plus teaching mobility and Raman Charpak research fellowships at European universities, it offers two Master's programs in Indian Philosophy and Sanskrit Studies.

It also offers a variety of elective/certificate courses in the areas of Humanities such as European philosophy, Indian philosophy, Ethics and epics, Bhagavadgita, Sanskrit language, Comparative linguistics, etc., at other MAHE constituent units.

Established as the Dvaita Philosophy Resource Centre (DPRC) in 2010, it has been a part of the Jean Monnet Centre of Excellence – Manipal Centre for European Studies (MCES), with the funding from the Delegation of the European Union to India. The Centre has been effectuating knowledge sharing experiences between Europe and India and creating an international platform for Indian intellectual traditions; the Centre attained the recognition as the Department in 2019.

► Department Objectives

- To develop intellectual resources through interdisciplinary studies and research
- To promote dialogue between philosophy and other scientific disciplines
- To create an interface between Indian and western knowledge systems
- To collaborate and foster academic exchanges with international institutions
- To foster ethical and intellectual openness through philosophical practices

► Programs' Highlights

- Research oriented focus on epistemology, ontology, axiology and philology
- Acquisition and proficiency in Sanskrit language
- Integrating traditional and modern pedagogy
- Interactions with scholars of international repute
- International collaborations for study/research opportunities
- Year exit option with Postgraduate Diploma

MA Indian Philosophy

Duration

2 years (4 semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 19.04.2021

Commencement of Classes:
02.08.2021

► Program Description

The Philosophy program, offered at MAHE, involves careful reading, analysis and interpretation of philosophical discourses, and introduces philosophising as a skill set which students can incorporate in their approach (further studies/research) to other academic fields, as an acquired life skill, and as a professional competence necessary for diverse professional pursuits. This program offers an intensive course of study which allows students to engage and employ theoretical and practical facets of philosophy and liberal arts.

With a special focus on Indian Philosophy, the program promotes a dialogue between the subfields of Western and Non-western Philosophies and other disciplines. A combination of Sanskrit and English language-based teaching method equips the students with the knowledge and reflective tools necessary for autonomous engagements with complex textual and philosophical language, while bringing into question the nature and scope of these reflective capacities.

Focus

Additionally, this Program aims to represent a reciprocal correspondence between classical and contemporary philosophy - drawing on history of philosophy for insights into contemporary debates and extending the present philosophical apparatus to understand the classics. The program has been designed to accommodate students from diverse academic backgrounds and offer ample exposure to variety of philosophical subjects such as epistemology, metaphysics, ethics, aesthetics, linguistics and comparative studies. With a structured curriculum which gradually proceeds from beginners to advance levels of study, it prepares the students to specialize in the subjects which best serve their intellectual growth.

Career Prospects

- Teaching, research, translation and publication
- Digital humanities and computational linguistics
- NGOs, art and cultural organisations

MA Sanskrit Studies

Duration

2 years (4 semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 19.04.2021

Commencement of Classes:
02.08.2021

Program Description

The Master's Program in Sanskrit Studies offers text-based engagements with major forms of Indian intellectual thought in Sanskrit, such as literature, aesthetics, hermeneutics and advances a historical, cultural and linguistic study of Sanskrit language and literature. The course presents a text-critical and exegetical analysis and examines the intertextual links between literary texts. While studying the historical development of Sanskrit literature, this course also explores the continuities and discontinuities between the Sanskrit traditions of classical India and prevailing modes of enquiry in the Sanskrit literary canon.

Focus

The program is designed to equip learners with the interpretive and discursive techniques to engage with Sanskrit literatures within the framework of comparative studies. Drawing upon these literatures, it examines how Indian intellectual traditions have shaped societies, cultures, and civilizations. It is aimed at creating a brand of educators and researchers in Sanskrit language and literary studies competent in traditional and modern research methodology. On one hand, this would encourage newfound engagements with classical literatures; on the other, it aids the development of a refined pedagogy for the teaching of Sanskrit language and literature.

Career Prospects

- Teaching, research, translation and publication
- Digital humanities and computational linguistics
- NGOs, art and cultural organisations

PG Diploma in Sanskrit Studies

Duration

1 year (2 semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.06.2021

Commencement of Classes:

02.08.2021

Program Description

The PG Diploma in Indian Philosophy postulates the adequate knowledge of the philosophical language and conceptual understanding presented in the dialectic traditions. The Program endeavours to examine the meaning and implication of contemporary philosophical problems along with their historical antecedents by building an interface between conceptual analysis and textual interpretation in commitment to philosophical rigour.

Focus

The one-year PG Diploma Program equips one with the required skillsets to continue further studies/research in areas related to philosophy, linguistics and literature, thereby enabling the learner to access seminal texts in Indian philosophy. The Modules like Language & Linguistics, Epistemology: Logic & Ethics, Metaphysics: Ontology, Literary Studies: Philology proceeds by adopting a trans-disciplinary approach.

Career Prospects

- Teaching, research, translation and publication
- Digital humanities and computational linguistics
- NGOs, art and cultural organisations

> DEPARTMENT OF LANGUAGES

[DoL]

The Department of Languages (formerly Centre for Languages) specializes in developing innovative academic programs and knowledge pathways in the domain of languages and culture studies. Today, the increasing international character of the social, political or economic spheres of daily life provide exciting opportunities for study and work across sectors such as travel and tourism, diplomatic services, education, corporate world, entertainment, and communications, to name a few. Keeping this in mind, the study of foreign languages and cultural mediation are focus areas at our institution. These studies are infused with the objectives of creating the required academic capital for facilitating a deeper engagement of India with the wider world and expanding learning and career avenues for students.

The Department of Languages shares its history with both Manipal Centre for European Studies and the Alliance Française de Bangalore – Manipal Chapter, which were pioneering initiatives by MAHE in 2009 to further the cause of international higher education. The Centre for (Foreign) Languages was established in 2016 to accentuate already ongoing endeavors by the Centre for European Studies in the field of languages and India-Europe higher education collaborations.

More than 5000 students have benefitted from language classes through the Centre and its institutional partners over the years. In April 2019, the Centre was reconstituted as a Department and as a specialized academic unit to further enhance the scope of foreign language and cultural mediation studies in India.

The Department's study modules revolve around six interlinked clusters:

The languages that form part of the course offerings at the Department, both as full-time and certificate courses, comprise French, German, Spanish, Italian, Polish, Sanskrit, Kannada, and Hindi.

► Our Study Programs

Undergraduate: BA Foreign Languages and Intercultural Studies, with specialisation in French, German, Spanish, and Polish.

Certificate Course: Beginner to advanced levels of learning in French, German, Spanish, Italian, Polish, Sanskrit, Kannada, and Hindi.

► Institutional partners

Alliance Française de Bangalore; Polish Institute, New Delhi; British Council Examinations and English Services India Pvt Ltd., Instituto Cervantes, New Delhi

► International Collaborations

- University of Bremen, Germany
- Metropolitan University Prague, Czech Republic
- University of Latvia, Latvia
- University of Milano, Italy
- University of Castilla-La Mancha (UCLM), Spain
- University of Groningen, The Netherlands
- Aix-Marseille University, France
- Adam Mickiewicz University, Poznań, Poland

BA Foreign Languages and Intercultural Studies

Duration

3 years (6 semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.06.2021

Commencement of Classes:

09.08.2021

► Program Description

BA FLIS aims at transforming your passion for learning new languages and discovering diverse cultures into graduate attributes that have a wide scope of application for both further studies and professional enhancement. The innovative and interdisciplinary curriculum of the program include specialization tracks in French, German, Spanish, and Polish which creatively intersect with studies in cultural mediation, history, literature, diplomacy, and other topical subjects in the liberal arts and humanities. This original approach within foreign language studies programs in India allows you to acquire knowledge and skills to engage meaningfully with the global processes of today.

► Focus

The focus of the BA FLIS program rests on the integration of internationally recognised CEFR-aligned foreign language studies with thematic domains of literature, history, intercultural mediation, cultural heritage and creative projects

► Career Prospects

BA FLIS opens up future pathways spanning a wide range of domains requiring foreign language and intercultural mediation in fields with strong international dimension to their work:

- multinational companies: liaison officer, translation services, cultural mediator, trainer
- international organisations: embassies, cultural institutes, foreign services
- cultural industry: museums, travel & tourism, writing, cultural projects
- education: foreign language teaching international education services
- entrepreneurship: freelance teaching, translation, interpretation, creative projects & related work on digital platforms
- higher studies in arts, humanities & social sciences internationally & nationally

> DEPARTMENT OF GEOPOLITICS & INTERNATIONAL RELATIONS [DGIR]

The Department of Geopolitics & International Relations offers a two year Post Graduate programme in Geopolitics and International Relations. The MA programme has been introduced in addition to its ongoing policy and academic research on themes relating to national and international security issues. Besides research and teaching, the department has also initiated a number of track two dialogues on international security issues with the USA, China, Israel, and Iran.

▶ Research Excellence (for last five years)

- Geopolitics of West Asia
- India's Foreign Policy
- Defence and Intelligence Studies
- Strategic Capabilities of China and Pakistan
- Role of Technology in India's National Security
- China's Strategic Rise and Its Implications
- Strategic Watch on Outer Space Matters
- Maritime Security
- Counter Terrorism and Asymmetric Conflicts
- India and the United States
- Environmental Security and Climate Change
- Indo-Pacific Security Architecture

▶ Advantages

- It helps students become a policy analyst on strategic matters impacting international security and India's national security.
- The course provides a holistic understanding of the international security issues from India's perspective.
- The students get a broad based exposure and highly enriching experience in the Strategic Studies domain.
- The students are trained in academic and policy paper writing on geopolitical and strategic issues.

▶ Collaborations & Partnerships

The Department has initiated collaboration with a number of major think tanks and risk firms, including MP-IDSA, NIAS, CAPS, CLAWS, NMF, COVINTS, and MitKat among others, working on national security issues and international relations. The students of the Department are provided internship opportunities in these think tanks and a number of other prominent institutes for a broad based exposure.

▶ Student Exchange Programs

The Department of Geopolitics and International Relations has evolved partnership with a number of universities including

University of Warsaw; Taras Shevchenko National University of Kyiv, Ukraine; Jagiellonian University, Krakow; and Aarhus University, Denmark among others.

MA Geopolitics and International Relations

Duration

2 years (4 semesters)

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.07.2021

Commencement of Classes:

▶ Program Description

The Department of Geopolitics & International Relations offers a two year Post Graduate programme in Geopolitics and International Relations. The MA programme has been designed keeping the contemporary geopolitical environment in mind. The two year programme also makes a modest attempt at evolving India's perspective on global security issues.

▶ Focus

The Department undertakes teaching and research primarily on Strategic Capabilities of China and Pakistan, Role of Technology in India's National Security, China's Strategic Rise and Its Implications, Strategic Watch on Outer Space Matters, Maritime Security, Counter Terrorism and Asymmetric Conflicts, India and the United States, Environmental Security and Climate Change, Technologies for Intelligence Information Gathering, Indo-Pacific Security Architecture, Theoretical Approaches to International Relations, Understanding Geopolitics, International and Regional Organisations and Strategy and Negotiations in International Treaties among other topics.

▶ Career Prospects

The students after completing M.A. programme in Geopolitics and International Relations have been offered jobs at MP-IDSA, CAPS, NIAS, NMF, Janes and those who wanted to pursue Higher Studies have joined Jawaharlal Nehu University, New Delhi; South Asian University, New Delhi; Central University of Gujrat; University of Mumbai and Jamia Millia Islamia, New Delhi among others.

> GANDHIAN CENTRE FOR PHILOSOPHICAL ARTS AND SCIENCES [GCPAS]

Gandhian Centre for Philosophical Arts and Sciences is a department which engages with interdisciplinary teaching and research with a view to developing alternative knowledge systems to deal with contemporary crises.

From Director's Desk

Prof Varadesh Hiregange

World today is passing through a crisis of violence, of every kind – violence connected to region, religion, caste, class, nature, culture, science, gender, economy, ecology, nation and development. Education needs to respond to the rising challenges and hence, Gandhian Centre for Philosophical Arts and Sciences (GCPAS), MAHE is offering its first-of-their-kind post-graduate programmes – MA in Ecosophical Aesthetics and MA in Art and Peace Studies, and an undergraduate programme BA in Aesthetics and Peace Studies.

In fact, there is a whole gamut of arts, sciences and social sciences which impart meaning to life and hold insight into the resolution of the crisis; philosophical exploration is the basic bedrock of such a search and media play a major role. The GCPAS

adopts this kind of an inter-disciplinary and trans-disciplinary approach, envisioning a peaceful, just, aesthetic and ecosophically sustainable present and future.

The Centre engages with intersectionality of aesthetics, philosophy, ecology, journalism, Gandhian and peace studies.

The Centre offers

- BA in Aesthetics and Peace Studies
- MA in Ecosophical Aesthetics
- MA in Art and Peace Studies.

While different arts and philosophy are a common thread in both the PG programmes, Ecosophical Aesthetics primarily deals with contemporary ecological crises while the Art and Peace Studies deals with social and international crises.

The courses explore the 'root' of different contemporary crises and the way out/way forward/way within. With this basis, both programmes prepare students for a life of writing - journalism, media and communication.

The undergraduate programme in Aesthetics and Peace Studies combines humanities and social sciences with a focus in research. This is also in tune with National Education Policy-2020

The Centre also conducts a certificate programmes in Gandhian Studies, Art Appreciation and Yakshagana Appreciation and also offers PhD programme.

Bachelor of Arts in Aesthetics and Peace Studies

Duration

4 years (8 semesters) with multiple exit points*

Eligibility Criteria & Admission Process

10+2

Written Test and Interview

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.07.2021

Commencement of Classes: 02.08.2021

Exit Options:

Degree: Three years

Degree with Research (Honours): Four years

Diploma: Two years

Certificate: One year

After four years of degree with research (Honours), there will be a provision to go to the final year of one of the postgraduate (MA) programmes being offered in the department.

Program Description

The undergraduate program covers a wide ranging areas of liberal arts/ humanities and social sciences with a broad framework of Aesthetics and Peace Studies catering to a variety of interests and honing certain specific skills. With this background the students should be able to work in media and art organisations.

Focus

The students will be grounded in Aesthetics and Peace Studies so that they are prepared for art and media organisations.

Career Prospects

1. Journalism, Media and Communication
2. Socio-cultural and environmental (national/international) sector
3. Academics and Research
4. Policy Research Organisations
5. International Relations agencies
6. Publishing

MA in Ecosophical Aesthetics

Duration

2 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.05.2021

Commencement of Classes:

02-08-2021

Program Description

First of its kind anywhere, is a two-year programme to fulfill the need for 'art writers'. It is essentially 'art journalism from ecosophical perspective'.

Ecosophy combines ecology and philosophy. The programme includes a philosophical appreciation of all art forms – music, dance, literature, theatre, cinema, painting etc with a focus on writing and ecosophy is the connecting thread. Anyone with graduation or equivalent degree can take up this programme.

MA in Art and Peace Studies

Duration

2 Years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 30.05.2021

Commencement of Classes:

02-08-2021

Program Description

MA in Art and Peace Studies is an innovative post-graduate programme which attempts to connect art and peace studies from a philosophical perspective. Peace - personal, social, ecological and international - is a final purpose of life which is also very much in need and art adds flavor and meaning to life. The programme intends to achieve peace of every kind through art. It includes areas such as society, polity, development studies, gender studies, Gandhian studies, journalism, media and international peace and different forms of art such as music, dance, theatre, visual arts and cinema.

The professional possibilities include

1. Journalism, Media and Communication
2. Socio-cultural and environmental(national/ international) sector
3. Academics and Research
4. Policy Research Organisations
5. International Relations agencies
6. Publishing

> DEPARTMENT OF LIBRARY & INFORMATION SCIENCE [DLIS]

The Department of Library and Information Science was established on 1st August 2011. The department is situated at the Health Sciences Library of Manipal Academy of Higher Education, Manipal. Apart from the classroom learning, students are also given practical exposure. Manipal Academy of Higher Education libraries will be 'working laboratories' through which students are able to apply class room concepts through hands-on-training.

► Highlights

- Updated and employable curriculum
- Practice-led teaching and practice-supported learning
- Hands-on-training through online and offline resources
- Exposure to the advanced techniques in the field of librarianship
- Computing, internet and library software training facilities
- Library practicing in world-class MAHE Libraries
- All faculty members with Ph.D. qualification
- There are opportunities for Library and Information Science professionals to work in in School, College, University, Public & Special libraries They are now becoming indispensable in Industry, Publishing Companies, IT, R&D, Media and everywhere the information is needed.

► Vision

The department aspires to provide outstanding education in library and information science.

► Mission

To educate the students in the philosophy of librarianship, basic principles, fundamental laws and professional ethics.

- To train the students in the skills of information organization, processing and retrieval.
- To train the students in the management of Library and Information Centres.
- To provide the students thorough understanding of applications of information and communication technology in library and information centres.

► Program Description

The M.Lib.I.Sc. (Maser of Library and Information Science) is a two years Master programme comprising four semesters and is committed to develop an efficient and flexible system with emphasis on quality teaching-learning process.

► Focus

Department has developed updated and employable curriculum. Emphasis has been given for practice-led teaching, practice-supported learning and hands-on-training through online and offline resources.

Students will be given exposure to the advanced techniques in the field of librarianship including Computing, internet and library software training facilities.

► Career Prospects

There are opportunities for Library and Information Science professionals to work in organizations of every kind. They work in School, College, University, Public & Special libraries. They are now becoming indispensable in Industry, Publishing Companies, IT, R&D, Media and everywhere the information is needed.

> MANIPAL INSTITUTE OF REGENERATIVE MEDICINE Bengaluru [MIRM]

Manipal Institute of Regenerative Medicine (MIRM) is a pioneering stem cell research institution in India. Manipal Institute of Regenerative Medicine (MIRM) is one of the well-established pioneer stem cell institutes in our country. The two major flagships of this institute lies in teaching and research.

Since its inception the institute has generated high quality students with advanced theoretical and practical knowledge field of Stem Cell Technology and Regenerative Biology. Student alumni from MIRM have crossed the border and have made this institute proud by their performance across the country. In the research front, our institute has outpaced the past performance and has made immense contribution to the scientific community. MIRM boasts of being first in Asia to have a joint academic and research program in Stem Cell Technology and Regenerative Biology. MIRM has firmly established itself in producing skilled personnels and enthusiastic researchers who could spear head novel clinically relevant programs focusing on applications of stem cells for regenerative therapy. The aim of the institute is to foster advancement in stem cell biology towards finding possible therapeutic solutions to several degenerative diseases through establishment of a strong research base and quality education in this newly emerging field. Along with this, research scientists pursuing their PhD degree have brought home many recognizable awards like young scientist award from prestigious “KV Rao scientific research unit” and XXXV All India Cell Biology Conference. This clearly reflects the quality of research training that is undertaken in our institute. Scientific arena of this institute has significantly elevated MIRMs austerly in the scientific community across the world, which in turn have bestowed larger expectations on the research unit of MIRM in the coming year.

MIRM has produced 14 PhD graduates in last 5 years.

MIRM has attracted research funding from all Government agencies like DBT, DST ICMR, DAE, SERB, DRDO and private Stem Cell companies like STEMADE, STEMPEUTICS, CRYO-SAVE, in addition to SERB and Dr Reddy’s Institute of Life Sciences.

MIRM has collaborations with NIN, Hyderabad, MSU Baroda, Curtin University Australia, NCBS, IISc.

MIRM has organized 15 seminars on Stem Cells and Hands on training workshop on Stem Cells.

MIRM also succeeded in recruiting DST Woman Scientist.

▶ Research Excellence

The Institute received a research grant of over 6 crores INR in last 5 years. MIRM has already been granted a patent in stem cell research (Patent No. 1588/ CHE/2006).

Research Excellence in Numbers

For the last 5 years	
Research Papers	78
Conference Presentations	42
Workshops/Seminars	15
Ongoing Research Projects	10
Papers Published in International Journals	45

MIRM has developed a good infrastructure for advanced research in the field using funds from Manipal Academy of Higher Education and research funding from national agencies, international collaborations and industry sponsored research. MIRM has revised the syllabus for post graduate students and the new course is project oriented and focuses on training students in the upcoming areas of stem cell research. The faculty members in MIRM have broad interdisciplinary expertise in Developmental Biology, Human Disease Modeling, Neurobiology, Cancer Biology, Immunology and Tissue Engineering. Post graduate students are mentored by the faculty members to either take up a challenging job in the healthcare sector or pursue further research interests within MIRM (Dr. TMA Pai Fellowship PhD Program) or other institutes of national and international repute. Curriculum and grading system is recognized by most reputed universities across the globe.

▶ Collaborations

University Tie-ups

Berlin Brandenburg School of Regenerative Therapies, Berlin, Germany (PhD) & University of Leuven, Belgium, University of Newcastle, Australia,

University of New South Wales, Australia, King Abdul Aziz University, Saudi Arabia, Linkoping University, Sweden and National University of Singapore.

Our National and International research collaborators include Indian Institute of Science, Bangalore, JNCASR, Bangalore, In Stem, Bangalore, Roswell Park Comprehensive Cancer Center, USA and Amnis Imagestream, Luminex Corporation, USA.

Industry and Government Tie-ups

Stempeutics Research Private Limited, Bangalore, ICMR, DST, DBT, DRDO, CSIR, NCBS and IISc. Recently MIRM has obtained Funding for Improvement of S&T Infrastructure in Universities and Higher Educational Institutions (FIST) Program from Department of Science & Technology, Ministry of Science and Technology, Government of India under the facilities and infrastructure project in the year 2019-20.

▶ Placements

Students passing out from Manipal Institute of Regenerative Medicine are being placed in leading academic and research institutions as well as topmost stem cell companies in India and abroad. Since the course offers, a challenging research environment and a course structure, which lays equal emphasis on both theoretical and practical training most of the students opt for and qualify for doctoral programs in premiere institutes both in India and abroad like Indian Institute of Science (Bangalore), NCBS (Bangalore), Stempeutics Research Pvt Ltd (Bangalore), National Institute of Immunology (New Delhi), Berlin Brandenburg School of Regenerative Therapies (Germany), AstraZeneca (Bangalore), Indiana Purdue University (USA), Stem Cell Institute (Leuven, Belgium) etc. Leading stem cell companies are looking for potential employees from Manipal Institute of Regenerative Medicine, as the Institute is the only organization in India offering training in stem cells from post-graduate to doctoral levels.

Master of Science M.Sc. (Stem Cell Technology and Regenerative Biology)

Duration

2 years

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

09.08.2021

▮ Program Description

The program is conducted over 4 semesters, Semester 1 & 2 comprise of theory and practical teaching of key fundamental concepts of stem cell technology and regenerative biology. In semesters 3 & 4 the students will be trained in advanced elective projects.

Advanced Post Graduate Diploma in Stem Cell Technology and Regenerative Biology

Duration

1 Year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

09.08.2021

▮ Program Description

The Advanced Post Graduate Diploma in Stem Cell and Regenerative Biology is offered by the Manipal Institute of Regenerative Medicine, which includes mini projects for 3 months.

MPhil Stem Cell Technology and Regenerative Biology

Duration

1 Year

Eligibility Criteria & Admission Process

Refer Section 2

Course Fees, Hostel Fees, Refund Rules

Refer Section 3

Last date to apply: 15.05.2021

Commencement of Classes:

09.08.2021

▮ Program Description

MPhil is a 12-15 months course comprising 15 credits (Theory 9 credits and Practical 6 credits) which is followed by project work which is 25 credits. Students learn basic principles of Stem Cell Technology and their practical applications.

▮ Focus

Students get trained on how to organize, complete and write a research project and plan a career in research and/or teaching.

▮ Career Prospects

There are bright prospects for MIRM students to get positions in National and International institutions for completing PhD and/or getting a job.

> MANIPAL ACADEMY OF HIGHER EDUCATION, DUBAI CAMPUS

Manipal Academy of Higher Education (MAHE), Dubai Campus is a 5-Star Rated University as per the Knowledge and Human Development Authority (KHDA), Dubai Higher Education Classification (HEC) Rating 2020. It secured the Highest Overall Rating Score of 836 with a perfect 5-star rating in seven out of eight categories stipulated for the assessment, which include Teaching, Programme Strength, Employability, Internationalization, Research, Facilities, Arts & Culture, and Happiness & Well-being.

MAHE Dubai is the branch campus of MAHE, India - an Institution of Eminence – recognized by the Hon'ble Ministry of Human Resource and Development (MHRD), Government of India. MAHE commenced its journey towards excellence in Dubai, UAE in the year 2000. It has since grown into a leading multi-disciplinary university in the Middle East, attracting students from across the globe. At present, MAHE Dubai enrolls over 2200 students from 40 countries. Soon completing two decades in the UAE, MAHE Dubai boasts of a robust network of over 6200 alumni.

MAHE, Dubai Campus is also a proud recipient of the Forbes Middle East Higher Education Award for 'Outstanding Support for Students', 2019 establishing its name among the best Universities in the Middle East region.

▶ Vision

Exemplary and renowned leadership in education.

▶ Mission

To be the leading university in the UAE dedicated to the pursuit of academic excellence by fostering, disseminating and applying knowledge and intellectual values to ensure an enriching future for the student community and preparing them for the ever-changing global economy.

▶ Academic Excellence across Disciplines

MAHE Dubai Campus is an embodiment of the academic excellence of MAHE India, which has evolved into a multi-campus, multi-disciplinary university over the years, spreading quality education worldwide. Set up with the objective of providing the same enriching educational experience for students from the UAE and neighboring countries, MAHE Dubai is proud to have grown into a renowned and leading multi-disciplinary university in the UAE.

▶ Multi-disciplinary Offerings

Following the footsteps of its multi-disciplinary home campus, MAHE Dubai offers students a variety of diverse disciplines to pursue their undergraduate and postgraduate studies, ranging from laboratory & workshop intensive courses to creative and new-age disciplines like:

- Arts & Humanities
- Business
- Design & Architecture
- Engineering & IT
- Life Sciences
- Media & Communication

MAHE Dubai Snapshot

Excellence in Academia. Eminence in Education.

05 Schools | 07 Disciplines | 40+ Programs | 2000+ Students
6000+ Alumni | 40+ Nationalities represented | AED 5 Million worth Scholarship
AED 500,000+ Research Grant earned the previous year
20+ Academic & Industry Partners | 25+ Professional Societies
5 Annual International Research Conferences | 100+ Recruiters in past one year
750,000 Sq. ft. Campus | 45+ Labs & Laboratories

▶ Decorated academicians

The university offers expert, hands-on, industry relevant programs taught by academicians with years of professional experience in their fields, thereby enhancing the learning process, both at the undergraduate as well as at the postgraduate level. MAHE Dubai's Faculty boast of:

- Decades of industry experience
- Accolades across government and industry bodies, including the United Nations
- Active involvement in research and representation in global conferences
- Active involvement in social and environmental initiatives

▶ Successful Alumni

Over the years MAHE Dubai has Built a thriving alumni base of over 6000+ Alumni. While many of them have gone on to pursue further studies at leading and reputed universities across the world, others have joined the industries of their interest in UAE as well as abroad, and have paved their own way to make a positive impact at their work place and to the society at large.

▶ State-of-the-art Campus

MAHE Dubai's iconic purpose-built University campus is spread over 750,000 square feet in the Dubai International Academic City, including the student housing complex called YoHo (Youth Hostels). The sprawling campus can accommodate over 4,000 students and YoHo can reside over 400 students.

▶ Smart Infrastructure

MAHE Dubai campus keeps upgrading its infrastructure to meet the requirements of the students and the industry alike. It thrives to give its student a simulated experience throughout their course so that they are industry-ready from the word go. The campus houses:

- fully equipped laboratories with cutting edge technology
- hi-tech labs developed in partnership with industry experts
- industry standard studios and workshops for hands-on learning
- smart classrooms enabled with touch-enabled audio-visual facilities

▶ Learning at your fingertips

To further the learning process and in keeping with the times of technological advancement, MAHE Dubai offers a digital learning portal to enable app-based learning at the convenience of the students. The Learning Management System (LMS) allows students to access all coursework in a single window. The LMS keeps getting periodically uploaded with relevant lessons and assignments, allowing the students to access their topics anytime anywhere.

► Connectivity within campus and beyond

To cater to the convenience of our tech-savvy students and in line with our future-ready campus, MAHE Dubai also offers a unique mobile-based app – CollPoll. The app keeps the students updated on campus news and events and:

- enables communication and collaboration
- gives platform for academic and peer discussions
- and fosters a well-knit community

► Facilities to further your learning

The WiFi-enabled campus of MAHE Dubai houses

- a digitally powered library with access to academic as well as non-academic books, ebooks and research repository
- a cafeteria serving throughout the day for all types of taste buds
- a state-of-the-art gym and fitness center
- a multi-purpose indoor sports hall and an outdoor sports facility
- a dedicated music room and a creatively curated dance room
- as well as a recreation center among other facilities

► Student Housing

MAHE Dubai offers its students on-campus residential facilities. As a secure and holistic environment, the facilities allow for convenience and proximity to the university that promotes learning, as well as a safe and stimulating environment that encourages students to socialize and pursue extracurricular activities and interests.

MAHE Dubai Hostels offer

- secure living environment with CCTV Surveillance
- diverse cuisines in its dedicated hostel cafeteria
- free gym access
- complimentary laundry services
- airport drop and pick up for residents
- weekly visits to Dubai's landmarks and malls
- and 24/7 high-speed WiFi

► Student Life at MAHE Dubai

Students of MAHE Dubai hone the extra-curricular side of their personality with several student clubs and sports organizations that they could be a part of. These clubs and sports activities help them explore the soft skills and develop a confident personality to become a leader in life. We assure you, it will be these activities wherein you will find friends from all walks of life, for the rest of your life. Very proud to mention that not only do the MAHE Dubai teams participate in various cultural and sports activities across Dubai but have also placed themselves as the leaders in several tournaments conducted year-round - the MAHE Dubai teams walk away as winner hands down!

Students of the university volunteer at various philanthropic and community related events in Dubai. Students also get involved in various initiatives like seminars, workshops, competitive events and festivals, all leading to the holistic development of the individual. The university has developed deep industry collaborations with various organizations for internships and projects.

Manipal Academy of Higher Education Dubai has a dedicated Career Services department that aims at providing job placement as well as internship opportunities to all students and graduates.

The university has a vibrant Students Council and several active student clubs which promote extra-curricular pursuits including music, dance, literature, sports and philanthropic activities.

> ELIGIBILITY CRITERIA & ADMISSION PROCESS

Qualification and Admission Process for General / Foreign / NRI Admissions

Manipal Academy of Higher Education (MAHE) admits candidates from India & abroad with the qualifications obtained from Indian / Foreign Board / University, to its Under Graduate (UG), Post Graduate (PG) and Super Specialty (SS) programs in Health Sciences, Technology, Management, Humanities, Liberal Arts and Social Sciences, in addition to meeting the various eligibility requirements as stipulated by the regulatory bodies.

1 Introduction

MAHE admits candidates under General or Foreign / NRI category, on fulfilling the eligibility requirements. All admissions are on the basis of merit. Foreign / NRI category seats are only available for foreign nationals / candidates with NRI status or those sponsored by relatives with NRI status. Foreign / NRI category seats are NOT equivalent to payment / management / reserved seats.

1.1 General Category

MAHE admits Indian Nationals / Overseas Citizen of India (OCI) / Person of Indian Origin (PIO) under the general category, subject to eligibility and equivalency. All admissions to UG & PG programs (other than those listed in the note below) under General Category, will be on a merit basis as specified in the Eligibility Criteria & Admission Process of the respective programs.

1.2 Foreign / NRI Category

15 % intake of every program is allocated for Foreign / NRI category. This includes Foreign citizens, Person of Indian Origin (PIO) Card Holders, Overseas Citizen of India (OCI), Non-Resident Indian (NRI) and NRI-sponsored candidates (sponsored by NRI parents OR brother / sister of parents* OR brother / sister of the candidate* OR grandparents of the candidate* OR spouse of the candidate*). **The sponsorer must be a foreign national or hold NRI status.**

All admissions to UG & PG programs (other than those listed in the note below) under Foreign / NRI category, will be on a first-cum-first-serve merit basis, subject to the candidate's performance in the 10+2 (for UG programs) / Bachelor Degree (for PG programs) of India or equivalent examination in addition to meeting the various eligibility requirements of respective programs as stipulated by the regulatory bodies. There will be NO entrance examinations.

Candidates who have confirmed their admission under the Foreign / NRI / NRI Sponsored category, by paying the full first year program fee CANNOT take an admission under the General category.

2. Qualifications

Candidates seeking admissions to Under Graduate (UG) / Post Graduate (PG) / Super Specialty (SS) should have obtained their qualifications from a recognized Board / University. For PG programs, the candidates MUST have a Bachelor's degree of minimum 3 years' duration from a recognized University as per program requirement.

Candidates with Foreign qualifications must submit equivalency certificate from the Association of Indian Universities (AIU), New Delhi, as per program requirements. Refer www.aiu.ac.in for more details.

2.1 Under Graduate (UG) Admission

MAHE considers candidates with the following Boards / qualifications

- 10+2 of India obtained from recognized Central (CBSE / ISC) or State Boards
- GCE 'A' Levels
- International Baccalaureate (IB)
- Others like 12 Year High School Diploma from accredited Schools of USA; with relevant subjects between Grade 11 & 12; 12 years General Secondary Education Certificate of the Ministry of Education Bahrain, Egypt, Jordan, Kuwait, Oman, Saudi Arabia, United Arab Emirates and other Gulf countries; Intermediate / Senior Secondary / Higher Secondary examinations of the approved Boards in Bangladesh, Bhutan and Nepal etc.

2.1.1 Indian Boards

The certificate issuing board must be established / recognized by

- An Act of Central / State Government
- A Gazette notification of Central / State Government
- Executive orders issued by Central / State Government

2.1.2 International Boards

- The eligibility is based on the qualifications recognized by the Association of Indian Universities (AIU), New Delhi. Refer www.aiu.ac.in for full list of foreign qualifications, as equivalent to the Pre-University or 12th Grade qualification of India, for the purposes of admission in Indian Universities

2.1.2.1 University of Cambridge GCE 'A' Levels / Edexcel GCE 'A' Levels / British Examining Bodies

- International General Certificate of Secondary Education (IGCSE) or General Certificate of Secondary Education (GCSE) or GCE 'O' Levels (11 years of schooling): Equated to 10th grade of an Indian Board
- Advanced Subsidiary (AS) Level (12 years of schooling): Equated to 11th grade of an Indian Board
- GCE 'A' Levels (13 years of schooling): Equated to 12th grade of an Indian Board

Candidate seeking admission to the Undergraduate (UG) programs offered by MAHE should have completed

- Minimum 5 (Five) passes at IGCSE/GCSE/GCE 'O' Levels including English
- Minimum 2/3 (Two/Three) passes at GCE Advanced Level ('A' Levels), depending on the program requirement
- Average of 'D' grade in 2/3 subjects at GCE Advanced Level ('A' Levels), depending on the program requirement
- Should meet subject-wise eligibility as laid down by the respective statutory bodies/council/university

2.1.2.2 International Baccalaureate (IB) Diploma

- IB Diploma candidate should take 3 subjects at HL and 3 subjects at SL
- Candidate should have secured a minimum of 3 points in a subject
- Candidate should have secured an overall minimum of 24 points
- Should meet the subject-wise eligibility as laid down by the respective statutory bodies / council / university

2.1.2.3 International Baccalaureate (IB) Certificate

- Candidate should have taken minimum 3 subjects in HL and 3 subjects in SL
- Candidate should have secured a minimum of 3 points in a subject
- Candidate should have secured an overall minimum of 24 points
- Should meet the subject-wise eligibility as laid down by the respective statutory bodies/council/university

2.2 Post Graduate (PG) Admission

Candidate shall be eligible for admission to a Master's degree program on successfully completing the prescribed UnderGraduate (UG) program of minimum three years' duration from a recognized University and is eligible for the award of degree.

Note

- All General / Foreign / NRI admissions to UG (MBBS / BDS) and PG (MD / MS / MDS / PG Diploma) programs will be based on the rank obtained in National Eligibility Cum Entrance Test (NEET) and online counseling & seat allotment by Directorate General of Health Services (DGHS) / Medical Counseling Committee (MCC). For more details refer <https://www.nta.ac.in/medicaalexam>
- All General / Foreign / NRI Candidates seeking admission to Bachelor of Architecture (BArch) MUST qualify through a recognized aptitude test in Architecture i.e. NATA (National Aptitude Test in Architecture) conducted by Council of Architecture (COA). * There are NO NRI sponsored seats (sponsored by NRI relatives as mentioned above).
- All General / Foreign / NRI admissions to M.Sc. Clinical Psychology, M.Phil. Clinical Psychology, M.Sc. Clinical Embryology and M.Sc. Genetic Counseling, is through the Manipal Entrance Test (MET)/ Department Test (DT) (as applicable) conducted by MAHE.
- Eligibility and Admission Process is subject to change, as per the guidelines received from the concerned statutory body / MHRD / MCI / DCI / PCI / AICTE or any of the courts.
- All admissions are subject to fulfillment of all eligibility conditions by the candidate. If it is found at a later stage, during active verification, that the candidate has given false information/certificate(s) / eligibility documents from non-recognized Board / University or is found to have concealed some Information, his/her admission will be cancelled without any notice and the fee paid by the candidate shall be forfeited. It is the responsibility of the candidate to ensure that they fulfill all the eligibility requirements for the program applied.

5	Manipal College of Health Professions (MCHP), Manipal										
	Under Graduate Programs (18)										
5.01	Bachelor in Audiology & Speech Language Pathology - B,ASLP	3	5,300	200	5,500	5,300	5,300	5,300	-	16,100	
5.02	Bachelor of Occupational Therapy - BOT	4	5,300	200	5,500	5,300	5,300	5,300	5,300	21,400	
5.03	Bachelor of Optometry - B.Optom	3	5,300	200	5,500	5,300	5,300	5,300	-	16,100	
5.04	Bachelor of Physiotherapy - BPT	4	5,300	200	5,500	5,300	5,300	5,300	5,300	21,400	
5.05	B.Sc. (Anaesthesia & Operation Theatre Technology)	3	5,300	200	5,500	5,300	5,300	5,300	-	16,100	
5.06	B.Sc. (Cardiovascular Technology)	3	5,300	200	5,500	5,300	5,300	5,300	-	16,100	
5.07	B.Sc. (Clinical Nutrition & Dietetics)	3	5,300	200	5,500	5,300	5,300	5,300	-	16,100	
5.08	B.Sc. (Emergency Medical Technology)	3	5,300	200	5,500	5,300	5,300	5,300	-	16,100	
5.09	B.Sc. (Exercise and Sports Sciences)	3	5,300	200	5,500	5,300	5,300	5,300	-	16,100	
5.09	B.Sc. Exercise & Sports Science Honours	4	5,300	200	5,500	5,300	5,300	5,300	5,300	21,400	
5.10	B.Sc. (Health Information Management)	3	5,300	200	5,500	5,300	5,300	5,300	-	16,100	
5.11	B.Sc. (Medical Imaging Technology)	3	5,300	200	5,500	5,300	5,300	5,300	-	16,100	
5.12	B.Sc. (Medical Laboratory Technology)	3	5,300	200	5,500	5,300	5,300	5,300	-	16,100	
5.13	B.Sc. (Nuclear Medicine Technology)	3	5,300	200	5,500	5,300	5,300	5,300	-	16,100	
5.14	B.Sc. (Perfusion Technology)	3	5,300	200	5,500	5,300	5,300	5,300	-	16,100	
5.15	B.Sc. Psychology	3	5,300	200	5,500	5,300	5,300	5,300	-	16,100	
5.15	B.Sc. Psychology (Honours)	4	5,300	200	5,500	5,300	5,300	5,300	5,300	21,400	
5.16	B.Sc. (Radiotherapy Technology)	3	5,300	200	5,500	5,300	5,300	5,300	-	16,100	
5.17	B.Sc. (Renal Replacement Therapy & Dialysis Technology)	3	5,300	200	5,500	5,300	5,300	5,300	-	16,100	
5.18	B.Sc. (Respiratory Therapy)	3	5,300	200	5,500	5,300	5,300	5,300	-	16,100	

COURSE FEES For Candidates from Afghanistan, Angola, Bangladesh, Cambodia, Ethiopia, Eritrea, Ghana, Iraq, Indonesia, Kenya, Laos, Lesotho, Maldives, Myanmar, Nigeria, Philippines, Rwanda, Somalia, Sri Lanka, Syria, Sudan, Tanzania, Uganda, Vietnam, Yemen, Zambia and Zimbabwe

The Program Fee given is tentative. The final fee will be determined on the basis of recommendation of a committee of experts. The Course Fees and Caution Deposit should be paid by the payment mode as communicated by the University.

FEE REMITTANCE

General Category Students: The program fee at the time of admission must be paid in Indian Rupees (INR) via a Demand Draft (DD) in the name of "Manipal Academy of Higher Education", payable at Manipal or Udupi. The program fee for the subsequent years, must be paid online, on or before the due date notified by the university.

Foreign / NRI category students: The program fee at the time of admission must be paid in US Dollars (USD) by Wire Transfer. The program fee for the subsequent years, must be paid on or before the due date notified by the university.

All candidates must pay the fees at the time of counselling/admission. Failure to pay the fees on or before the date(s) specified will result in the instantaneous forfeiture of the seat as well as any fees already paid.

EXPENSES FOR CLINICAL TRAINING, FIELD WORK & THESIS WORK

As part of curriculum, MPT, MOT, MSc in Audiology, MSc in Speech Language Pathology, MSc MIT, MSc NMT, MOptom, MSc Echocardiography, MSc CCIT and Nursing programs involve extensive community/field work outside Manipal. In addition, all MPT/MOT/ MSc in Audiology / MSc in Speech Language Pathology/MSc MIT/MSc NMT/ MOptom/MSc Echocardiography / MSc CCIT candidates will be posted to Manipal Academy of Higher Education's associated hospitals and other specialized hospitals outside of Manipal for clinical training. All the expenses related to such training and work must be borne by the candidates.

TRAVEL GRANTS

Students of MSc (Medical) Clinical Embryology course can avail a travel grant not exceeding Rs. 1,10,000 for undergoing training abroad as approved by the University. Expenditure excluding this amount must be borne by the student. The travel grant is restricted to maximum of 4 students in an academic year during their 2nd year. Students shall be selected based on their performance in the 1st and 2nd semester examinations.

SCHOLARSHIPS OFFERED

For more information, visit www.manipal.edu/scholarships

REFUND RULES

Manipal Academy of Higher Education (MAHE) follows the UG guidelines on Program fee refunds. If the student chooses to withdraw from the program of studies in which he/she is enrolled, the refund of the fees will be made as per the following UGC guidelines

No	Percentage of Refund of Aggregate fees *	Point of time when notice of withdrawal of admission is submitted to the University
1	100 % **	15 days or more, before the formally-notified last date of admission
2	90 %	less than 15 days before the formally-notified last date of admission
3	80 %	15 days or less, after the formally notified last date of admission
4	50 %	30 days or less, after the formally notified last date of admission
5	0 %	More than 30 days after the formally notified last date of admission

* (Inclusive of course fees but exclusive of caution deposit)

**

- In case of (1) in the table above, the University shall deduct 5 % of the aggregate fee or Rs. 5000 (whichever is lower), as processing charges from the refundable amount.
- Any student who withdraws from the course as mentioned in S.No.4 and thereafter will be required to remit to the University, in addition to the amount already forfeited, the course fee payable for the remaining period of the course
- In case of Foreign/NRI candidates, the refund will be made in accordance with RBI/foreign exchange regulations
- All refunds will be processed by the Student Finance Office of the University upon receiving the approval from the Registrar based on the recommendation of the Director (Admissions). Requests for withdrawals should be made in the prescribed application available at the Admissions Office. Refund will be made only after the candidate has surrendered the ID card, original fee receipt and the dues clearance certificate.
- Application and Entrance Test fees, wherever applicable, once remitted shall not be refunded under any circumstances
- Formally Notified last date of admission is the day prior to the class commencement date

The refund information given above is indicative only and Manipal Academy of Higher Education (MAHE) reserves the right to make changes as per the notifications received from the concerned statutory/regulatory authorities from time to time. Any changes in the above will be updated at www.manipal.edu/fees

SYSTEM OF APPLICATION & PAYMENT

- After successful admission, students are required to send their application to the Dean, SORM, Bangalore (Email: office.mirm@manipal.edu).
- Hostel occupants are required to pay the electricity and water charges separately.
- Revision in fees if any will be intimated during the admission.
- Accommodation may be provided as per availability.
- Hostel fee may be remitted by RTGS/NEFT.

Revision in fees if any will be intimated at the time of admission

HOSTEL INFORMATION

The hostel provides a cot, a mattress, a study table, a chair and a cupboard for each student. Every hostel has uninterrupted electricity, Wi-fi facility, solar/electric heated water facility, water cooler with aquaguard filters, common telephone, common TV room, common reading room etc. Food Court offers a variety of food to suit all tastes.

First year UG students will be provided double/triple rooms only.

Complete safety and security is ensured by the Block Supervisors, Warden and Chief Warden (inside the Hostels) and by the Security Staff and Chief Security Officer (in and on the Campus).

NOTE: It is desirable that students stay in the University Hostels. It is MANDATORY for all first year UG students to reside in the Hostels. However, first year UG students desirous of staying outside under own arrangements must submit a consent letter from their parents duly recommended by their HOI and forward it to Director, Student Affairs for necessary permission. These students must also give their local address, contact/mobile number and subsequent changes if any to their College Office and Director, Student Affairs without fail.

PG students will be provided accommodation only if available.

Hostels for students of WGSHA and students enrolled in the Department of Culinary Arts & Department of Allied Hospitality Studies at Manipal

Hostel residency (A.C. and Non A.C.) on single and twin sharing basis with attached bathroom is available separately for boys and girls. **The number of air-conditioned rooms in both boys and girls hostel blocks are limited and would be allotted on first-come-first-serve basis.**

Essential furniture such as bed, mattress, study table, chair and cupboard are provided for each student. Facilities provided in the hostels include uninterrupted power supply, common TV room, treated and chilled drinking water, indoor games facility, reading room, Wi-Fi, Internet cafe, washing machines, volley ball and basketball courts.

Marena - Manipal Indoor Sports Arena is situated adjacent to the Hostel blocks and students are encouraged to be member of Marena for various sports activities.

Hostel residency and food service from the Hostel is mandatory for all students of WGSHA and the students enrolled in the Culinary Arts & Allied Hospitality Studies.

The first year undergraduate students of WGSHA, Department of Culinary Arts and Department of Allied Hospitality Studies allotments of both AC and NON-AC rooms are done online while paying through Fee Kart in Students Portal, as and when blocked by parents from the inventory.

ALLOTMENT OF ROOMS

1. All students are required to bring 3 passport size photographs for hostel admission at the time of counselling.
2. The hostel facilities fee, deposit and mess advance may be paid at the time of counselling or registration/admission.
3. Every attempt will be made to provide hostel accommodation to all students.

4. It is MANDATORY for all first year UG students to stay in the hostels and be a member of the mess on the campus. In exceptional cases permission may be granted by the Dean/Director to stay out before joining the hostel. However, when a first year student vacates the hostel, his/her hostel facilities fee paid for the year will be forfeited.
5. Students must occupy rooms specifically allotted to them. They are not allowed to change rooms except with the written permission of the Warden/Chief Warden. However, students can by mutual consent pair up with a student of their choice within the first few days. They may contact their Hostel Warden for this purpose.
6. Change of accommodation from one hostel to another during a term is generally not permitted.
7. Allotment made to a student is subject to cancellation if he/she fails to occupy the room in the prescribed time. Students will also forfeit their rooms if they fail to clear all their dues to the hostel by the appointed day. In such cases, they may be asked to vacate the hostel.
8. Hostel accommodation is allotted purely at the discretion of the Chief Warden and on condition that the student agrees to abide by all the rules and regulations of the hostel. The Chief Warden may refuse hostel facilities without assigning any reason or remove a student from the hostel at any time on disciplinary grounds.
9. The Chief Warden reserves the right to break open rooms in case of any violation of hostel rules, suspected unlawful activities or on the basis of security risk perceived.
10. Once a student vacates the hostel, he/she will not be reallocated hostel accommodation for a minimum period of six months.

HOSTEL FACILITIES FEE AND DEPOSIT

1. The hostel facilities fee is collected on an annual basis. It is compulsory for all the students (except local residents and postgraduate students) to reside in the hostel for the first year. The fee varies with each category of accommodation. The hostel facilities fee will be collected at the commencement of each academic year as per the schedule notified by the University or by the hostel accounting office. Delayed payments will attract a fine of 12% per annum computed for each default day. Hostel facilities fee for each academic year will be published on the hostel notice board. No individual intimation will be given to the students parents/guardian. Every student is expected to ascertain this from the notice board.
2. Every student admitted to the hostel is required to make a Hostel Deposit. The deposit will be refunded when the student vacates the hostel on production of a 'Dues Clearance Certificate'. The amount of hostel deposit is published along with the schedule of hostel facilities fee.
3. Hostel Facilities Fee for Casual Students: Students who do not complete their studies within the regular period stipulated for the course have to vacate their hostel rooms. However they may be allotted alternate accommodation as per availability for a further term(s) on non-priority basis subject to the following: 50% of the annual hostel facilities fee will be charged to such students for a term

not exceeding six months. The student will have to pay the hostel fee for the entire year for retaining accommodation beyond a period of six months.

4. Payment of Hostel Facilities Fee & Deposit: The hostel facilities fee/deposit may be remitted by RTGS or NEFT and can be paid at the time of counselling or registration/admission:

For Manipal Campus Health Science Hostels, Payment by cash/cheque/DD is not acceptable.

A. General Category Students:

- 'MAHE HOSTELS' made payable at Manipal/Udupi for Manipal Academy of Higher Education hostels/ MIT hostels/WGSHA hostels
- 'MAHE HOSTELS' made payable at Mangalore for Mangalore hostels

B. Foreign NRI Category Students:

- By Wire transfer

For details on Hostel Facilities Fee Refund, Utility charges, Hostel Mess and Cafeteria and Rules for change of rooms, please visit www.manipal.edu

HOSTEL DISCIPLINE

NO STUDENT SHOULD STAY AWAY FROM HIS/HER ROOM DURING THE NIGHT EXCEPT WITH PRIOR WRITTEN PERMISSION OF THE WARDEN. ANY FIRST YEAR UG STUDENT, WHO WISHES TO LEAVE THE CAMPUS TEMPORARILY OR OTHERWISE, SHOULD OBTAIN THE PERMISSION OF HIS DEAN/TEACHER GUARDIAN, WARDEN AND CHIEF WARDEN IN WRITING. THOSE APPLYING FOR PERMISSION MUST STATE THE DATE AND TIME OF HIS/HER INTENDED DEPARTURE AND RETURN AS WELL AS THE DESTINATION AND ENTER ALL THESE DETAILS IN THE IN-OUT REGISTER MAINTAINED IN EVERY HOSTEL.

STUDENTS ARE REQUESTED TO AVOID SINGING ALOUD, SHOUTING OR MAKING ANY TYPE OF NOISES WHICH ARE LIKELY TO DISTRACT THE ATTENTION OF THOSE WHO MAY BE STUDYING IN THEIR ROOMS OR HOSTEL LIBRARIES.

PETS OF ALL KINDS ARE PROHIBITED INSIDE THE HOSTEL. FEEDING STRAY DOGS OR CATS IN THE HOSTEL PREMISES IS NOT PERMITTED.

RAGGING IN ANY FORM IS BANNED INSIDE AND OUTSIDE THE CAMPUS.

THE STUDENTS ARE ADVISED NOT TO KEEP LARGE AMOUNT OF CASH OR VALUABLES IN THE ROOM. THE STUDENT IS RESPONSIBLE FOR THE SAFETY OF HIS/HER BELONGINGS INSIDE THE ROOM.

ALL VISITORS INCLUDING PARENTS/ GUARDIANS MUST BE ENTERTAINED ONLY IN THE VISITORS LOUNGE AND DURING VISITING HOURS ONLY. A VISITORS PASS WILL BE OBTAINED FROM THE OFFICE OF THE CHIEF WARDEN, WELL IN ADVANCE BY THE CONCERNED STUDENT.

ANY DAMAGE /BREAKAGE TO HOSTEL PROPERTY WILL BE CHARGED TO THE OCCUPANTS OF THE ROOM/BLOCK WITH A FINE. DISCIPLINARY ACTION WILL ALSO BE INITIATED.

COOKING IN HOSTEL ROOMS IS NOT PERMITTED.

HOSTEL MESS AND CAFETERIA

Manipal Health Sciences Campus:

All members of the hostel will automatically be the members of the mess. Mess charges will be collected annually along with hostel fee and utility charges. In view of Health/Safety concerns and Security reasons, all the students staying in the Hostels are required to dine in one of the Messes located within the campus that is either Food Court Mess or Sodexo Food Solutions Mess. Students, are required to pay annual mess advance of Rs 46,000 along with the hostel fees.

Note: Students are advised to check the messing facilities and join/pay accordingly, after they come to Manipal.

Mess Charges for other Campus:

All members of the hostel will automatically be the members of the mess. Mess charges will be collected annually along with hostel fee and utility charges.

Messes at MIT campus ₹ 46,000

Messes at Mangalore campus ₹ 46,000

Mess at WGSHA ₹ 46,000

The actual mess bill will be announced every month and would be appropriated against the advance collected. Students are required to pay any increase in the actual charges as compared to the amount collected in advance. The amount collected if found in excess after ascertaining in the actual bill will be adjusted against the charges for the subsequent period or refunded. Delayed payment will attract a fine @ 12% per annum computed for each default day. The fine will be calculated from the day following the last date for payment of the bills.

Important Notice

The number of candidates included in the merit list and also those called for the counselling will be more than the total number of seats available in the constituent colleges. This is to take care of any dropouts at the counselling stage. Mere inclusion in the merit list and call for counselling does not guarantee admission to a course. This will exclusively depend on the candidates All India rank, the number of candidates attending the counselling, their choice of course/institution and the number of seats available.

All admissions are subject to fulfillment of all the eligibility conditions by the candidate. If it is found at a later stage, during active verification, that the candidate has given false information/certificate or is found to have concealed some information his/her admission will be cancelled without any notice and the fee paid by the candidate (if any) shall be forfeited. It is the responsibility of the candidates to ensure that they understand and fulfill all the eligibility requirements for the course applied.

Candidates with foreign qualification will have to obtain the 'Equivalence Certificate' from Association of Indian Universities (AIU), New Delhi (www.aiu.ac.in) who will equate their qualifications as equivalent to the 10+2 or bachelor degree in India.

No student shall be eligible for admission to a Master's degree programme, unless he/she has successfully completed undergraduate program of minimum three years duration and is eligible for the award of degree or as prescribed by the eligibility criteria for the program.

The prospectus provides guidelines and information about our courses and institutions. Whilst every effort has been made to ensure the accuracy of content at the time of publication, Manipal Academy of Higher Education (MAHE) reserves the right to amend or alter information without notice. No liability can be accepted by the university in connection with any such alterations or amendments.

Manipal Academy of Higher Education (MAHE) reserves the right to change the curriculum, course structure and the rules relating to admissions, examinations, fee structure, refunds, scholarships etc. The updates, if any will be notified in the University website (www.manipal.edu) and no individual communication will be sent to the candidates. All differences and disputes arising in the interpretation and implementation of the sections in this prospectus will be referred to the Registrar and his decision shall be final and binding.

Jurisdiction for all Disputes (if any) relating to the University is Udupi, Karnataka, India only.

Ban on Ragging:

Ragging is a Criminal Offence as per Hon'ble Supreme Court of India and Karnataka Educational Act 1983. Manipal Academy of Higher Education (MAHE) ensures Strict Compliance on the Prevention of Ragging of in any Form.

Definition:

Ragging is any disorderly conduct whether by words spoken or written or by an act which has the effect of teasing, treating or handling with rudeness to any student, indulging in rowdy or undisciplined activities which cause or likely to cause annoyance, hardship or psychological harm or to raise fear or apprehension thereof in a fresher or a junior student and which has the effect of causing or generating a sense of shame or embarrassment so as to adversely affect the psyche of a fresher or a junior student. Supreme Court of India has defined ragging as a criminal offence.

Penalty for Ragging

No person who is a student of an educational institution shall commit ragging. Supreme Court of India has ordered that "if any incident of ragging comes to the notice of the authority, the concerned student shall be given liberty to explain and if his/her explanation is not found satisfactory, the authority would expel him/her from the institution".

Compliance to Anti-Ragging Regulations of Regulatory Bodies

1. Manipal Academy of Higher Education complies with the regulations prescribed in the AICTE notification F.No.37-3/Legal/ AICTE/2009 dated 01/07/2009 related to Prevention and prohibition of Ragging in technical Institutions, Universities including Deemed to be Universities imparting technical education.
2. Manipal Academy of Higher Education complies with the regulations prescribed in the MCI notification No. MCI-34(1)/2009-Med./ 25453 dated 03/08/2009
3. Manipal Academy of Higher Education complies with the regulations prescribed in the DCI notification No DE-167-2008 dated 31/07/2009
4. Manipal Academy of Higher Education complies with the regulations prescribed in the PCI notification No.14-1/11-PCI-Pt-I dated May 2012

Warning

No leniency will be shown to the offenders involved in ragging. All students are requested to note and co-operate in keeping our university and its constituent colleges free from Ragging. Names of the officials with photograph and telephone number to be contacted in case of emergency and regulations are printed in the orientation handbook given by the institution.

As per the statutory requirement candidate/parent has to submit the anti-ragging affidavit/undertaking at the time of admission/counselling. Visit www.manipal.edu/antiragging to download the Anti - ragging affidavit format.

ADVISORY

Manipal Academy of Higher Education (MAHE) (Formerly known as Manipal University) accepts applications from thousands of students for the various Under Graduate (UG), Post Graduate (PG), Super Speciality (SS), Doctoral Studies (PhD), Integrated Program, Lateral Entry Admissions, Certificate, Post Graduate (PG) Certificate, Diploma, Post Basic (PB) Diploma, Post Graduate (PG) Diploma, Advanced Post Graduate (PG) Diploma, Fellowship etc.

There are NO payment seats / management seats / reserved seats and **Director (Admissions), MAHE is the single point of contact (SPOC) for all admissions & related matters.**

MAHE Manipal has NOT authorised any agents / middlemen / admission consultants / counseling centres or any such persons, for any admission activities on behalf of MAHE Manipal. Knowingly or unknowingly, if any prospective students or their parents get involved in such unauthorized transactions, you are doing so at your own risk, and MAHE Manipal nor any of its authorities / units **CANNOT** be held responsible for any of the consequences, that arises out of your involvement.

If you are approached individually or through misleading / false claims / advertising, please report the same to **complaints@manipal.edu**, with all details, for us to initiate legal proceedings / action on the same. We also request you to volunteer, in helping us identify such fake representatives / websites / emailers / sms / whatsapp alerts etc

- Check for Eligibility & Admission process for Indian & International students before applying to the various MAHE programs
- All Medical & Dental (Under Graduate (UG), Post Graduate (PG), Post Graduate (PG) Diploma & Super Speciality (SS)) admissions are through NEET examinations with Registration for counseling, Online Counseling & Seat Allotment through All India Counseling (DGHS / MCC) / Karnataka Examinations Authority (KEA) / Jharkhand State Counseling (JCECEB)
- **www.manipal.edu** is the official website for all authentic information about Manipal Academy of Higher Education (MAHE) and its constituent institutions / departments.

Please email **admissions@manipal.edu** for any clarifications

OMBUDSMAN, MAHE Manipal

For any complaints relating to Irregularities in admission, Failure to return academic certificates of students, Demanding excess fee / money, Delays in conducting examinations, Delays in declaring results and Sexual harassment cases, please contact The Ombudsman, Manipal Academy of Higher Education (MAHE) Manipal 576 104

HOW TO REACH

Manipal is well connected by road, rail and air. There are two main cities close to Manipal that serve as entry points - Udupi and Mangalore. Udupi is 5 km from Manipal and Mangalore is 65 kms away.

Flying in

Manipal is connected to the rest of the world through the international airport in Mangalore, which takes an hour and half to travel to by road. There are regular flights from Mumbai, Hyderabad, Chennai and Bangalore. Besides, most countries in the Gulf have direct flights to Mangalore. Those that do not have direct flights are connected otherwise. Pre-paid taxis are available at Mangalore airport.

By road

Manipal is well connected with all the major cities in Karnataka, Kerala, Goa etc. Buses run between Mangalore and Manipal frequently. Direct buses are also available from Bangalore, Goa, Hyderabad, Mumbai and other cities.

By train

- The closest railway stations are Udupi and Mangalore
- These railway stations lie on the Konkan route connecting the North and the South along the west coast
- Delhi and Mumbai (to the north) and Ernakulam (to the south) are linked to Udupi station
- Mangalore station is connected to Bangalore, Chennai, Delhi, Goa, Calicut, Cochin, Trivandrum, Mumbai and other major cities
- Those travelling from Kolkata can travel via Chennai/ Mumbai/Bangalore/Goa and then take a connecting train to Mangalore
- There is also a train operating from Jammu to Mangalore once a week
