The city of Bengaluru is the most happening city, and this is a city to live in and experience the best in academics and industry. We are committed to making your stay at the hostels a comfortable one and a memorable experience for you as a student of MAHE, Bengaluru.

MAHE hostels have a happy mix of Quadruple, Triple, Double and Single occupancy rooms to suit the varying requirements of the students. The MAHE hostels spread across the campus and outside are governed by the same rules and regulations which are aligned to promote conducive learning environment and overall development of the students. However, allotment for the first-year students is done based on preference and availability on a first come first serve basis, as per the institute-wise allocation pattern. Allocation for the subsequent years, additionally considers student academic performance and track record at the hostels. There is a dedicated team of officials and workers to make the stay of students comfortable and provide an ambience of 'home away from home.' We follow the dictum of 'Pursuit of Excellence' in managing our hostels to make the stay memorable for our students. The Hostel Management Committee headed by the Chief Student Officer looks into the day-to-day functioning of the hostel management. Each hostel has a warden and other hostel staff who take care of the requirements of the hostel and students, maintaining discipline of students, maintenance of the buildings and other facilities in the Hostels. The rules contained in this book are for the betterment of the hostels and for creating a clean and secure atmosphere for the academic advancement of the students. All students are expected to extend full cooperation to implement these rules. This will help the Management to make the stay of students in MAHE, Bengaluru hostels as comfortable and enjoyable as possible. These rules are by no means comprehensive and are subject to revision as per the need of the times.
