2. PROGRAM EDUCATION OBJECTIVES (PEOs)

The overall objective of the learning outcome-based curriculum framework (LOCF) for Psychology Program are as follows:

PEO No.	Education Objective
PEO 1	Students will be able to use their fundamental knowledge and technical skills of basic psychological concepts and methods and develop an ability to appreciate the challenges in field settings required to achieve professional excellence.
PEO 2	Students will demonstrate strong and well defined practical skills in conducting psychological experiments and understand the scientific and humanistic complexities of the human mind and behaviour.
PEO 3	Students will be able to use their cognitive, behavioural, and affective skills to display an ethical attitude, strong communication skills, and effective interpersonal skills to become psychology professionals.
PEO 4	Students will be able to use interpersonal and collaborative skills in major areas of application such as psychological testing, experimentation, counselling, interviewing, and developing psychological tools, behaviour modification, data analysis and report writing.
PEO 5	Students will be able to imbibe the culture of research, innovation, entrepreneurship, and incubation.
PEO 6	Students will be able to participate in a lifelong learning process for a highly productive career and will be able to relate the concepts of psychology towards serving the cause of society.

3. PROGRAM OUTCOMES (POs)

After successful completion of BSc Psychology program students will be able to:

PO No.	Attribute	Competency
PO 1	**Professional knowledge**	Possess and acquire **scientific knowledge** to pursue higher education in diverse fields of study.
PO 2	**Practical skills**	Demonstrate and possess **practical skills** in psychological testing, assessment and training module development.
PO 3	**Teamwork**	Demonstrate **teamwork skills** to support shared goals and work through collaboration and cooperation to analyze social problems and understand social dynamics.
